V. New Business

a. Certification of Election Results and Seat Representatives for the East Kern and North Kern Low-Income Sector Board Seats – Pritika Ram, Chief Business Development Officer - **Action Item**

Pritika Ram provided a summary of the recruitment and election process for both the North Kern and East Kern Low-Income Representative Seats. The election by mail-in ballots concluded on June 5, 2026 and ballots were counted on June 11, 2026, in the presence of ad-hoc committee members, Denise Boshers and Gema Perez. The official tally sheets are included in the agenda packet, which identify that Victoria Davis won the election for the East Kern District, and will complete the term of former Board Member, Yolanda Ochoa. Victoria's term date will commence on July 1, 2026, and end on July 31, 2030. The North Kern District winner was Geovanny Lizarraga and his 5-year term will commence on July 1, 2026 and end on July 31, 2031.

Motion was made and seconded to certify the election results and approve the seating of Low-Income Board Members Victoria Davis and Geovany Lizarraga. Carried by unanimous vote (Parlier/Martinez).

- b. Appointment to the Board of Directors Private Sector Veteran Seat – Pritika Ram, Chief Business Development Officer – **Action Item**

Pritika Ram summarized the recruitment process and reported that only one qualified application was received for the vacated seat. Manuel Vieyra is a former homeless Veteran who brings a distinctive and compelling combination of lived experience and professional expertise to this seat. Mr. Vieyra is currently serving as the Director of Programs at Flood Ministries.

Motion was made and seconded to approve the appointment of Manuel Vieyra to the Board of Directors under Category III: Private Sector Veteran Seat to complete the vacated term, commencing July 1, 2026 to June 30, 2030. Carried by unanimous vote (Martinez/Vigil).

- c. Financial Reports for April 2026 – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster presented the April 2026 Financial Statements and provided key highlights to the Board and noted that it was not necessary to draw from the line of credit in the month of April.

Reports were reviewed in detail at the Budget & Finance Committee meeting on June 17th and showcased the status of CAPK's unrestricted cash reserve and other notable items in the financial reports.

Fred Plane asked about the current status of the line of credit as he was asked to approve a transfer of funds recently. Tracy Webster said the State is behind on their payments to CAPK and as a precaution, we drew down the line of credit to ensure we pay our vendors on time.

Motion was made and seconded to approve the Financial Reports for March 2026. Carried unanimous vote (Plane/Vigil).

- d. Workers Compensation Insurance Renewal – Luis Barron, Safety Manager – **Action Item**

Luis Barron reported that it is time for the annual renewal of the Workers Compensation Insurance Policy. The policy premium increase last year was 12%, with anticipated increases this year, partially due to the increase of staff and elevated x-mod but also noted that CAPK's losses have declined since 2022. Luis introduced Jeremy Hearn from Insurica who reviewed the options with the Board. Insurica feels the best option is for CAPK to renew with the current carrier, Berkshire Hathaway in the amount of \$1,725,464.

Maritza Jimenez asked about the x-mod and Luis said some things are out of our control as some former employees are filing Cumulative Trauma (CT) claims. Luis said that CT claims are on the rise with CAPK and in California as a whole.

Jeremy H. from Insurica provided a snapshot of what is happening in the marketplace in California, calling for a 10.4% increase. All business owners and nonprofits will see an increase due to the rate hikes implemented in California. The CT claims have risen dramatically over the past 5 years and the litigation rate is higher, increasing the cost of the claims. In addition to CT Claims, we are seeing a rise in Stress Claims and those are hard to predict and hard to mitigate. Every business is seeing a greater influx in these claims.

The thing to keep in mind is that all employers in California are realizing an increase in rates, and it has nothing to do with CAPK, but rather state implemented rate increases.

Denise Boshers asked if the 7% rate increase includes the California rate increase. Jeremy H. from Insurica said he thinks it is factored into this year's rate increase but will check. Denise also asked if we have seen a rise in ergonomic claims. Jeremy said that there are numerous ergonomic claims and an ergonomic evaluation was suggested to staff. If we can identify departments that have a lot of claims, it would be helpful to mitigate damages early.

Maritza Jimenez noted that the Berkshire Hathaway quote is a bit higher than another carrier and asked about the benefit of staying with Berkshire. Jeremy H. said that with the volume of claims and claims handling history with Berkshire, it is a better option to stay with this group.

Motion was made and seconded to approve staff's recommendations. Carried by unanimous vote (Plane/Martinez).

VI. CAPK Foundation Report

a. Foundation Board Report by Catherine Anspach, Director of Development – *Action Item*

Catherine Anspach provided a summary report from the Foundation Board and said that staff will provide ongoing education to Board by providing program presentations, highlighting what they do and how donations can supplement grant awards to keep the programs going. Catherine highlighted some of the recent donations received through the foundation and an update on the Gourmet for Good event that was held on June 6. Staff are still finalizing the income and expenses but some of the preliminary numbers include \$160,000 in sponsorships, an increase in funds received for the silent auction and raffle, which was doubled our income from last year. A live auction also brought in \$19,000 and the Fund a Need received \$22,600 and it proved to be successful by announcing what each donation amount covers. Catherine also shared upcoming events for summer and fall.

At the end of her presentation, Catherine shared a video about CAPK, and Jeremy Tobias said the video was shared with the National CAP and it was included in their newsletter so the video has been widely circulated.

Maritza Jimenez said she attended the Gourmet for Good event and said she liked how the Fund the Need was broken down by program and defined how the funds will be used. Maritza also expressed gratitude to the planners and said it was a great sold-out event.

Motion was made and seconded to approve the Foundation Board Report and all items. Carried by unanimous vote (Martinez/Banke).

VII. Advisory Board Reports

a. Head Start Policy Council Report – Lisa Gonzales, Governance Coordinator – *Action Item*

Lisa Gonzales presented the above action item on behalf of Maria Reyes and provided updates from the Policy Council Report for June and the minutes from the April 28, 2026, Policy Council meeting.

Motion was made and seconded to approve the Policy Council Report from June 2026, and all items. Carried by unanimous vote (Munoz/Vigil).

VIII. Chief Executive Officer Report

a. Update on the Employee Wage COLA – *Info Item*

Jeremy Tobias reported that the Board approved the 1% COLA in May, and the increase will show up on employee payroll checks this Friday, retroactive to March 1, 2026.

b. Office of Management & Budget (OMB) Proposed Rule Change to the Uniform Guidance – ***Info Item***

Jeremy Tobias reported that a few weeks ago, the Office of Management & Budget (OMB) proposed significant changes to the Uniform Guidance. Tracy Webster presented a summary draft response for the Board's review and requested that members provide their feedback to be included in CAPK's official response, due on July 13th.

Tracy said that the proposed OMB changes will have an impact on every agency receiving federal funds. The first component is the regulatory guidance. A lot of agencies have not implemented these regulations, but CAPK has. There is a component of DEI prohibitions which does impact CAPK as we serve the underserved population. There is a major change to conference attendance for staff and board members for professional development and how we serve our clients. The way the guidelines are stated, we must request approval to attend conferences in the funding application and we will be prohibited by this funding component from using Indirect Funds for professional development travel. This component has a far reaching impact on our agency as we place a high value on professional development. Another component of concern is lobbying and advocacy as part of the CSBG act requires agencies to advocate for those in poverty and advocate for changing conditions to lift people out of poverty. The proposed change will only allow CAPK to provide advocacy based on how it relates to program goals and all advocacy efforts must be tied directly to the contract that is being operated. This change will cause audit and funding allocation issues.

Tracy encouraged the members of the Board to read the letter that outlines CAPK's response and provide input by July 8th to be included in the official response by CAPK and also noted that there has already been a very robust response in opposition to the proposed changes.

Jeremy Tobias emphasized that if the proposed OMB changes go through as written, we would need to modify how we are funding specific aspects of our business operations and programs. Maritza Jimenez agreed that this is very concerning and asked staff to keep the Board informed.

IX. Board Member Comments

Ana Vigil thanked Jeremy Tobias for being a great CEO, and all staff and board members. She will continue to attend events and see everyone out in the community.

Maritza Jimenez said she received Annual Report electronically and also asked for printed copies when it becomes available.

Maritza Jimenez also recognized Savannah Oates for receiving the Young Professional Award at the recent Beautiful Bakersfield Award ceremony.

4. New Business

- a. Predevelopment Contract with City of Bakersfield for the Ramkabar Housing Project Located at 901 Union Avenue, Bakersfield, CA – Emilio Wagner, Chief Facilities & Technology Officer – **Action Item**

Emilio Wagner provided a summary of the status of the Ramkabar Housing Project and the Predevelopment activities under agreement with the city. He stated that there are two, time-critical actions that require authorization from the Board today. This first item will authorize the CEO to execute the City Predevelopment Contract that will provide CAPK with the remaining \$647,656 to complete the predevelopment work.

The Board has approved prior actions as part of a joint application for a Homekey+ grant with the City of Bakersfield to convert an abandoned motel owned by the City, to permanent supportive housing. Phase I of architectural design has been completed, and we received plan review feedback on the plans. The City wants us to proceed with the predevelopment work, carrying out the remaining aspects of the predevelopment activities which include the re-engagement with the architect, responding to comments, and securing permits. The urgency is due to the Homekey+ rigid construction schedule that will require completion of the project within 12 months.

Jeremy Tobias added that this would normally be an amendment to the original predevelopment contract with the city, but since the term has expired, the city recommends we execute a new agreement to finish off the predevelopment activities.

Fred Plane asked about the high cost of the units and feels that it might be a higher cost than other options. Emilio explained that the cost is an estimate, it must be bid, but also there is a lot of work to be done on the property as there is fire damage, etc. Jeremy added that it is a city owned project, and the Homekey+ provides specific requirements that can cause costs to be higher such as prevailing wage requirements. Also, due to strict schedule requirements, to protect CAPK there will be liquidated damages included in the construction contract for schedule overruns, and this could drive the costs up as well. The state awarded this as a remodel type project, which doesn't allow us to tear down and build from scratch. Jeremy reiterated that we have a construction estimate at this point, the public bidding will control the final cost from the private sector construction contract.

Tracy Webster added that part of the total award includes funding for ongoing supportive services. Fred Plane said CAPK needs to be prepared to address media comments about the cost of the project. Tracy reemphasized that the funding requirement is that the project must be completed in 12 months, if we fail to get done in 12 months from the time we obtain the permit, we are obligated to pay hotel fees for the residents and there will be liquidated damages applied to the contractor if they exceed the 12-month hard stop date.

Motion was made and seconded to approve staff's recommendations. Carried by unanimous vote (Plane/Boshers).

- b. Amendment to the Architectural Services Contract with Skarphol/Frank Associates – Emilio Wagner, Chief Facilities & Technology Officer – **Action Item**

Emilio Wagner presented the above action item as the second part of the time critical components to the Ramkabar project. This item will allow continued services by our contracted architect on multiple projects for CAPK, including the Ramkabar Housing project. Emilio requested approval for the CEO to execute an amendment to the original contract with Skaraphol/Frank Associates to increase the expenditure limitation to \$1,200,000.

Motion was made and seconded to approve staff's recommendation. Carried by unanimous vote (Boshers/Plane).

MEMORANDUM

To: Executive Committee

From: Emilio G. Wagner – Chief Facilities & Technology Officer

Date: July 8, 2026

Subject: *Agenda Item IV(a):* Predevelopment Contract with City of Bakersfield for the Ramkabar Housing Project Located at 901 Union Avenue, Bakersfield, CA – **Action Item**

Background

CAPK, in partnership with the City of Bakersfield, submitted a joint application for state funding to convert the former Ramkabar motel at 901 Union Avenue into thirty units of permanent supportive housing. The city serves as lead applicant and CAPK as co-applicant and Developer under the State of California Homekey+ program administered by California Department of Housing and Community Development (HCD). The CAPK Board previously authorized CAPK's participation in the joint application and approved an agreement with the city for pre-award design activities led by CAPK. In preparation for the award of project funds, CAPK must be positioned to proceed without loss of time. The award of funding will include stringent timelines that require speedy construction and implementation of the grant.

Prior Agreement with City

On Mar 26, 2025 the City of Bakersfield awarded a \$500,000 agreement to cover predevelopment cost associated with the design development of the permanent supportive housing project. This covered conceptual design, design development and construction document development. The funding allowed CAPK to engage with its established architect Skarphol/Frank and Associates (SFA) to accomplish as much as possible to prepare for an award by HCD. As a result, a full set of construction documents were developed and submitted to the City of Bakersfield for review. At this point the full award amount was exhausted preventing SFA from responding to plan review comments.

Current Status and Need for Action

Two time-critical actions require authorization:

- **City HHAP Matching-Funds Contract.** The City intends to issue a new contract to CAPK providing the remaining \$647,656 in Homeless Housing, Assistance, and Prevention (HHAP) Program funds committed as match to the Homekey+ application. A draft of the contract is attached. These funds will cover the remaining planning and preconstruction, permitting, and early construction costs, and will provide an essential buffer to keep the Project moving until Homekey program funds are released. We expect The City must present the final agreement to the City Council for approval on August 5, 2026, after which the contract can be executed. CAPK cannot wait for the City to complete its formal approval and execution before acting; doing so would consume the already-compressed timeline described below.
- **Re-Engagement of the Project Architect.** The City Building Department has returned plan-check comments on the Project's construction documents. CAPK must re-engage its architect to address every comment and

resubmit a complete, corrected set in order to obtain the building permit. The Project is near completion of a full set of construction documents and issuance of a permit. This is the final step required before the Project can be competitively bid to select a general contractor.

Use of the \$647,565 HHAP Matching-Funds Contract

The City’s matching funds contract will be applied as follows:

Use of Funds	Amount
Architect (SFA) remaining Phase II planning and construction documents	\$240,000
Permitting and construction costs	\$407,656
Total City HHAP matching-funds contract	\$647,656

Timeline and Urgency

The Homekey+ program imposes a rigid, non-extendable timeline. Upon award, the Project must complete construction within twelve months; the program does not extend this deadline for ordinary delays. In the immediate term, CAPK has approximately sixty days to complete plan check, competitively bid the Project, select a general contractor, and issue a construction contract so that construction can begin on schedule. Any delay in re-engaging the architect or committing the matching funds directly reduces this already-compressed window.

To protect the deadline, the construction contract will schedule Substantial Completion one (1) month prior to the final completion date required under the funding agreement and will include liquidated damages should the general contractor fail to meet the required schedule. If the Project does not achieve completion within the required window, CAPK will be obligated to provide interim housing support for the residents planned for the Project until construction is complete. This is a significant operational and financial burden that the organization must avoid.

Strategic Plan Alignment: This Project aligns with the 2026–2029 Strategic Plan, Priority A Community Investment, which focuses on creating pathways out of poverty through expanded access to housing, healthcare, and essential services.

Recommendation

Staff recommends that the Executive Committee authorize the Chief Executive Officer to execute the City of Bakersfield HHAP matching funds contract for the pre-construction and construction work at Ramkabir project, in an amount of \$647,656, and any subsequent amendments thereto, and authorize staff to immediately complete all work on the Ramkabir project pre-construction activities.

**Homeless Housing, Assistance, and Prevention Program Round 4 (HHAP-4)
Standard Agreement
Contract for Funds**

EXHIBIT A

AUTHORITY, PURPOSE AND SCOPE OF WORK

1) Authority

The State of California has established the Homeless Housing, Assistance, and Prevention Program Round 4 ("HHAP-4" or "Program") pursuant to Chapter 6 (commencing with Health and Safety Code (HSC) section 50216) of Part 1 of Division 31 of the Health and Safety Code. (Amended by Stats. 2021, Ch. 111, Sec. 4. (AB 140) Effective July 19, 2021.)

The Program is administered by the California Interagency Council on Homelessness ("Cal ICH") in the Business, Consumer Services and Housing Agency ("Agency"). HHAP-4 provides flexible block grant funds to Continuums of Care, large cities (population of 300,000+) and counties to build on the regional coordination created through previous Cal ICH grant funding and support local jurisdictions in their unified regional responses to reduce and end homelessness.

This Standard Agreement/Contract for Funds along with all its exhibits ("Agreement") is entered into by Cal ICH and a Continuum of Care, a city, or a county ("Grantee") under the authority of, and in furtherance of the purpose of, the Program. In signing this Agreement and thereby accepting this award of funds, the Grantee agrees to comply with the terms and conditions of this Agreement, and the requirements appearing in the statutory authority for the Program cited above.

2) Purpose

The general purpose of the Program is to (1) reduce homelessness by expanding or developing local capacity to address immediate homelessness challenges informed by a best-practices framework focused on moving homeless individuals and families into permanent housing and supporting the efforts of those individuals and families to maintain their permanent housing; and (2) continue to build on regional coordination developed through previous rounds of HHAP funding (Chapter 6 (commencing with HSC section 50216)).

This funding shall:

- a) Continue to build regional collaboration between continuums of care, counties, and cities in a given region, regardless of population, and ultimately be used to develop a unified regional response to homelessness.

Initial Here 

- b) Be paired strategically with other local, state, and federal funds provided to address homelessness in order to achieve maximum impact. Grantees of this funding are encouraged to reference [Putting the Funding Pieces Together: Guide to Strategic Uses of New and Recent State and Federal Funds to Prevent and End Homelessness](#) to assist in using funding strategically for their planning efforts in the delivery of services to people experiencing homelessness in the community.
- c) Be deployed with the goal of reducing the number of people experiencing homelessness in a given region through investing in long-term solutions, such as permanent housing.

MEMORANDUM

To: Executive Committee

From: 
Emilio Wagner, Chief Facilities & Technology Officer

Date: July 8, 2026

Subject: *Agenda Item IV(b)*: Amendment to the Architectural Services Contract with Skarphol/Frank Associates – **Action Item**

Background

A Request for Proposal (RFP) was released on May 17th, 2024, to seek an architect for general services to include the possible need to plan for the replacement of two Head Start modular buildings. The RFP was sent to 22 architects where five fully responsive proposals were received. After scoring the proposals Skarphol/Frank Associates (SFA) was selected and issued a contract not to exceed \$240,000. Subsequently on March 18, 2025 the Board approved an amendment to adjust the not to exceed to \$660,000 due to planning for the Homekey+ project in conjunction with the City of Bakersfield preconstruction activities agreement. SFA has extensive expertise in a variety of fields, which fit with the dynamic opportunities that CAPK is exposed to. CAPK has used SFA on other projects, which have all gone very smoothly, including the conversion of the Maintenance Warehouse to the Central Kitchen.

Current Events

In preparation of the award of funds related to the Ramkabir housing development project through Homekey+, full architectural support will be required for this project. SFA is also engaged in two other projects with CAPK that are running concurrently:

- McFarland modular building replacement – Head Start - \$98,300
- University Park building modification – Head Start - \$5,900

Skarphol Frank was authorized to proceed with phase one of the Housing development project up to the amount of \$492,737. Phase II of the project is scheduled to be \$342,912.50 for a total of \$835,650.

In addition to the existing projects there is potential for a fourth project at the Friendship House to add one additional modular building. This is expected to cost approximately \$95,000.

Considering all current and potential projects staff are seeking to adjust the “not to exceed” general contract to a total of \$1,200,000. This will allow \$165,150 for any potential change orders or any unforeseen future projects. SFA contract term runs through September 31, 2027 with an option to renew.

Recommendation

Staff recommend that the Executive Committee approve the amendment to the contract with Skarphol/Frank Associates, increasing the expenditure limitation to \$1,200,000 and authorizing the Chief Executive Officer to execute the amendment.

(b) General. (1) The Vendor shall not discriminate against the individual because the individual is a special disabled veteran, a veteran of the Vietnam era, or other eligible veteran, regarding any position for which the employee or

applicant for employment is qualified. The Vendor shall take affirmative action to employ, advance in employment, and otherwise treat qualified special disabled veterans, veterans of the Vietnam era, and other eligible veterans without discrimination based upon their disability or veterans' status in all employment practices such as--

(c) Listing openings. (1) The Vendor shall immediately list all employment openings that exist at the time of the execution of this Agreement and those which occur during the performance of this Agreement, including those not generated by this Agreement, and including those occurring at an establishment of the Vendor other than the one where the Agreement is being performed, but excluding those of independently operated corporate affiliates, at an appropriate local public employment service office of the State wherein the opening occurs. (2) The Vendor shall make the listing of employment openings with the local employment service office at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Vendor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

(3) Whenever the Vendor becomes contractually bound to the listing terms of this clause, it shall advise the State public employment agency in each State where it has establishments of the name and location of each hiring location in the State. ADDENDUM "J"
PREVAILING WAGE REQUIREMENTS AND COMPLIANCE CERTIFICATION

The Department of Industrial Relations (DIR) determines the General Prevailing Wage Rates (GPWR), including fringe benefits, for each craft, classification, or type of worker considered to be necessary to complete the Agreement work. The Secretary of Labor (SOL) determines the Wage Rates for Federal-Aid projects and in most cases the wage rates set forth by the DIR and SOL will be the same for most given labor classifications. If there is a difference, the Vendor shall pay not less than the higher wage rate.

Concerning Classification of Labor and Wage Rate Determinations:

1. Vendor must use the classification that most accurately describes the work to be performed.
2. Vendor must reclassify workers to conform to changes in duties, if any.
3. Vendor must maintain an accurate payroll record of the time spent in each classification.

Occasionally, a wage rate may not be provided in the Secretary of Labor's, or the Department of Industrial Relations', wage determination for a particular labor classification. When this occurs, the workers should be reclassified, if possible, to a comparable classification.

I hereby certify that if awarded a Agreement with the Community Action Partnership of Kern (the "CAPK"), I will conform to the requirements as stipulated above and as set forth in the California Labor Code, Sections 1770, 1773.1 – 1773.9, and all other California Labor Code Sections regarding General Prevailing Wage Rates and workers benefits.

I also hereby certify that if awarded a Agreement with CAPK I will comply with the State of California Public Works Contract Requirements and will allow CAPK to perform on-site audits, with 48-hour notice, of all payroll records and apprentice and trainee employment requirements records for the duration of the Agreement.

3. Public Forum

No one addressed the Committee.

4. New Business

- a. Good Neighbor Crew Policies & Procedures Manual – Rebecca Moreno, Director of Housing & Supportive Services – **Action Item**

Rebecca Moreno presented the above action item and reported that the Workforce Development Program called The Good Neighbor Crew has been operating in an unofficial capacity for the last few months providing cleanup and other services in the community, so much so that it is time to establish a formal Policy & Procedures Manual for this program, which has been reviewed by legal and CAPK's insurance carrier and management staff. Rebecca asked to pull the pricing document from the agenda as there will be no charges for the services, only donations will be accepted. Rebecca added that by moving forward with this pilot program where volunteers from the EPP are contracted through DHS, it will qualify them to participate in a paid internship and learn workforce skills. The clients and volunteers are gaining skills, building soft skills, team building, conflict resolution, and critical thinking skills. It is a volunteer program, and they can come and go as they please or change their mind at any point with no penalties. Stipends will be offered based on Tier Levels.

Fred Plane asked Rebecca to explain how the funding works, and if the County has been informed about this program in regard to the liability to the County. Rebecca said the services provided are outside of the services offered by the County and that the program has been vetted through the County. Fred requested that staff ask for a letter from the County to get their approval to move forward stating that CAPK should be cautious and have something in writing that the County is in support of this program.

Maritza Jimenez asked if we would advertise the volunteer services. Rebecca replied that for now, it is word of mouth, and social media. Staff are working with the marketing team to come up with flyers and it will be advertised as a Workforce Development Program. Rebecca also noted there is a price point on the Foundation website and donations are accepted there.

Denise Boshers asked about the accounting procedures to track the stipends and incoming donations, and stressed the need to make sure there are enough funds in the accounts to cover the stipends. Rebecca said that the stipends will come out of the special account and also advised the committee that much of the equipment was donated by Home Depot.

Gina Martinez asked if we have considered providing an official training certificate so the participants can provide the certificate for future employment opportunities. Rebecca said that the clients that participate in Project Hire Up are also eligible to participate in this program and staff will provide them with a letter of recommendation stating the skills learned in the program. Rebecca confirmed that this is a progressive step to proceed with obtaining certifications.

Maritza asked if there was a waiver for volunteers, and Rebecca said that the packet includes a waiver.

Jeremy Tobias recommended referring this item back to staff to address Fred's concerns about a more formal approval from the County.

Motion was made and seconded to refer this item back to staff and readdress at the August Board Meeting. Carried by unanimous vote (Martinez/Boshers).

- b. Contract for Safe Camping / Parking Program with Kern Behavioral Health and Recovery Services – Rebecca Moreno, Director of Housing & Supportive Services – **Action Item**

Rebecca Moreno presented the above action item and reported that the contract from Kern Behavioral Health has been received to continue the Safe Camping / Parking Program through June 30, 2027, along with a donation from the County of Kern, and additional funding is forthcoming from a separate County contract. Rebecca also noted that significant cuts were made to the budget to fall in line with the reduced funding. Staff recommend approval of the Kern Behavioral Health and Recovery Services contract presented today and for the upcoming contract with the County and authorize the Chief Executive Officer to execute both contracts and any amendments throughout the duration of the contract terms.

Fred Plane cautioned that as a matter of protocol and with the amount of press coverage this program has received, staff should be mindful to not make any formal announcements about the status of the program until all funding is in place.

Motion was made and seconded to approve staff's recommendations. Carried by unanimous vote (Plane/Boshers).

c. Board & Committee Meeting Schedule – Jeremy Tobias, Chief Executive Officer – **Action Item**

Jeremy Tobias requested approval to amend the November meeting dates as a result of the CalCAPA Annual conference and the 3 holidays in November.

Motion was made and seconded to approve staff's recommendation. Carried by unanimous vote (Martinez/Boshers).

d. May 2026 Financial Statements – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster reported that it was not necessary to draw from the line of credit in May but we did draw from the line of credit in July due to the Department of Social Services delay in paying CAPK.

Tracy reminded the committee members that it is the Board's policy to achieve an equivalent of 30 days of operating funds in unrestricted reserves, and to date, we have reached 30.40% of the goal, which is very good. We are required by the Head Start Act to display funds from Central Kitchen and provide a report that shows the performance of the Central Kitchen. By the end of May, the MCAP and Center Based State programs were over earned. The CCTR program in San Joaquin County is doing well, and the enrollment for the State Preschool program is increasing. Tracy also reported that the finance staff are working to close out the financials for the fiscal year and also working with the auditors for their presentation to the Board in November.

Motion was made and seconded to approve the May 2026 Financial Statements. Carried by unanimous vote (Plane/Martinez).

e. Head Start / Early Head Start Budget to Actual Reports for May 31, 2026 – Tracy Webster, Chief Financial Officer – **Info Item**

Tracy Webster presented the above info item and explained the current status of the HS/EHS Budget to Actual report. Tracy also noted that the McFarland modular project period of performance was extended to February 2027 to allow for the completion of the project.

5. **Committee Member Comments**

Denise Boshers asked about the status of the Financial dashboard reports. Tracy said the priority is to complete the customized dashboards for each of the programs before moving on to the remainder of the dashboards.

Maritza Jimenez reported that the Wipfli Conference that she and 2 others board members attended was AI focused.

6. **Closed Session**

Motion was made and seconded to enter into closed session at 12:44 pm. Carried by unanimous vote (Plane/Boshers)

a. Employee Evaluation (Mid-Year Update) – Chief Executive Officer (Government Code Section 54957)

b. Reconvene into Open Session

Motion was made and seconded to reconvene into open session at 1:13 pm. Carried by unanimous vote (Martinez/Boshers).

7. Closed Session Report

Jeremy Tobias reported that he provided an update to the committee regarding goals and no action was taken.

MEMORANDUM

To: Bord of Directors

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: July 21, 2026

Subject: *Agenda Item IV(a)*: Good Neighbor Crew Program Policy and Procedures Manual
- **Action Item**

Background and Purpose

The Good Neighbor Crew is a structured volunteer and workforce development program operating under CAPK's Pathways initiative at the M Street Navigation Center. The program provides Navigation Center residents with meaningful structured activities, transferable skill development, financial literacy education, and opportunities to contribute positively to the surrounding community. The program is designed to support routine, purpose, personal development, and workforce readiness for individuals experiencing housing instability while maintaining a clear training-focused framework.

The Good Neighbor Crew Policy and Procedures Program Manual establishes the operational, safety, documentation, supervision, training, stipend administration, participant enrollment, incident response, and partner engagement requirements for the Good Neighbor Crew. The manual is intended to ensure that the program is implemented consistently, safely, and in alignment with CAPK's organizational expectations and the program's legal and risk management framework.

Review and Compliance

The Good Neighbor Crew Policy and Procedures Program Manual has been reviewed by Human Resources, Risk Management, Operations, CAPK's insurance carrier, and CAPK's legal representative. This review was completed to ensure that the program structure, participant protections, supervision requirements, stipend language, safety controls, insurance considerations, and documentation practices are appropriately addressed prior to implementation.

Program Services, Packages, and Pricing

The Good Neighbor Crew will provide community-based and residential support services that create structured training opportunities for participants while responding to neighborhood and community needs. Services may include yard maintenance and cleanup, litter and debris removal, light landscaping, moving support, furniture pickup and delivery, event setup and breakdown, light cleanup, handyman and minor repair support, painting touch-ups, light

plumbing tasks, sprinkler repair, small odd jobs, and other approved non-licensed activities within the program's safety and risk parameters.

A separate Good Neighbor Crew Services Price Packages document outlines proposed service packages and recommended pricing. Examples include small yard service beginning at approximately \$50 per visit, medium residential yard service at approximately \$75 per visit, large yard or corner lot service beginning at approximately \$100 per visit, one-time cleanups beginning at approximately \$175, and heavy cleanup or full-yard reset projects generally starting in the \$350 to \$500 range.

Moving-related services include labor-only moving support generally starting at \$75 per hour with a two-hour minimum, furniture pickup and delivery at approximately \$75 to \$150 per trip, move-out cleanout support beginning at approximately \$250 to \$500, and large local move packages beginning in the \$800 to \$1,200 range.

Budget Impact

The Good Neighbor Crew will be funded through private funds and donations. No restricted federal, state, HUD, ESG, CoC, or other grant funds are anticipated for this program unless a separate compliance review is completed and approved prior to use. Budget expenses may include participant stipends, staff supervision and coordination, training materials, safety equipment and personal protective equipment, tools, supplies, transportation, insurance-related requirements, outreach materials, and other operating costs necessary to safely administer the program.

Program revenue generated through approved service packages, private contributions, donations, and community support may be used to offset program costs and support sustainability. Staff will monitor program expenses, service revenue, donation activity, and operational needs to ensure the program remains financially responsible and aligned with its workforce development purpose.

Conclusion

The Good Neighbor Crew Policy and Procedures Program Manual provides CAPK with a formal, reviewed, and structured framework for implementing a participant-centered workforce development program that promotes dignity, purpose, safety, skill-building, and community contribution. Acceptance of the manual supports responsible program implementation and provides clear guidance for staff, participants, community partners, and leadership.

The Good Neighbor Crew aligns with CAPK's Strategic Priority A: Community Investment, specifically Key Goal 2, by strengthening workforce development initiatives and empowering individuals and families toward self-sufficiency.

Recommendation:

Staff recommend that the Executive Committee approve the Good Neighbor Crew Program Policy and Procedures Manual as the formal operating framework for the Good Neighbor Crew Pathways Volunteer and Stipend Program.

The Good Neighbor Crew is a structured volunteer and workforce development program operating under the CAPK's Pathways initiative at the M Street Navigation Center, Bakersfield, California. The program is designed to provide Navigation Center residents with meaningful structured activities, transferable skill development, financial literacy education, and community connection opportunities.

The program is grounded in the belief that people experiencing housing instability benefit from structured engagement, a sense of purpose and contribution, and practical skill-building and training in soft job skills that supports their transition toward stable housing and employment.

1.2 Program Goals

- Provide Navigation Center residents with structured daily and weekly activity that supports personal development and routine.
- Develop transferable vocational skills in landscaping, grounds maintenance, teamwork, time management, and professional conduct.
- Offer financial literacy education and bank account establishment support to build foundational economic stability.
- As a collateral impact, strengthen relationships between the Navigation Center and the surrounding M Street neighborhood by providing training and skills building to Navigation Center residents.
- Create documented training outcomes that support participants' readiness for employment and stable housing.
- Maintain a safe, well-supervised program that protects participant wellbeing and CAPK's organizational integrity.

1.3 Legal and Organizational Framework

The Good Neighbor Crew is funded using private, unrestricted funds. Legal counsel has reviewed the program and confirmed that it is legally viable under both the federal Fair Labor Standards Act (FLSA) and California Labor Code, provided it is structured, documented, and operated as a training and workforce development program in which community service activities serve as the vehicle for skill-building.

LEGAL FRAMEWORK REQUIREMENT

Per legal counsel guidance, all program documentation, supervision, and communications must frame the Good Neighbor Crew as a training operation. Activities — landscaping, cleanup, grounds maintenance — are the training medium. The development of vocational skills, professional habits, and workforce readiness is the program's stated purpose. This framing must be consistent across all documents, staff communications, and participant interactions.

1.4 Insurance Coverage

Community Action Partnership of Kern ("CAPK") maintains insurance intended to respond to covered claims arising out of Good Neighbor Crew program operations. All coverage is subject to the applicable policy terms, conditions, definitions, exclusions, and limits, and to the program operating in accordance with this Manual and any insurer/broker underwriting requirements.

Current program-related coverage includes:

- Commercial General Liability (CGL): Intended to address covered third-party bodily injury and property damage claims arising out of CAPK premises and program activities, when conducted within the approved program scope and under CAPK supervision.
- Participant Accident (Blanket Accident) Coverage: Intended to provide limited accident medical expense and specified accidental injury benefits for enrolled participants for covered accidents occurring during approved program activities. This is not liability insurance and is not health insurance. Benefit payments, exclusions, deductibles, and coordination with any other insurance are governed by the policy.
- Umbrella / Excess Liability: Provides additional limits above underlying liability policies, subject to the umbrella policy terms and conditions.

Important: No staff member is authorized to promise or represent that any particular incident or activity is “covered.” Questions regarding coverage, certificates, additional insured status, or program changes must be directed to the Risk Manager before implementation.

1.5 Operating Entity

The Good Neighbor Crew is a program of CAPK. CAPK staff manage day-to-day operations under the direction of the Director of Housing & Supportive Services. For insurance purposes, Community Action Partnership of Kern is the named insured on all applicable policies. Any third-party contracts or community partner agreements must be reviewed to ensure the correct entity is named and that coverage is aligned.

Section 2 — Program Policy (P&P)

2.1 Eligibility

- Participants must be current residents of the M Street Navigation Center.
- Participants must be 18 years of age or older.
- Participants must complete the required orientation prior to first activity session.
- Participants must have a signed Participant Agreement, Waiver of Liability, and Medical Consent (Form B) on file before participating in any activity.
- Participants must not have an active disciplinary action or shelter suspension at the time of participation.

2.2 Voluntary Participation

POLICY — VOLUNTARY PARTICIPATION

Participation in the Good Neighbor Crew is entirely voluntary. Participation is not a condition of shelter access, housing referral, case management services, or any other service offered at the Navigation Center. Staff are expressly prohibited from implying, suggesting, or stating that participation affects a resident's standing, services, or housing prospects in any way. Any coercion of a participant, whether actual or perceived, is grounds for disciplinary action against the staff member involved.

2.3 Training Operation Designation

The Good Neighbor Crew is formally designated as a workforce training and development program. All activities include structured instruction analogous to entry-level vocational training designed to develop the following competencies:

- Landscaping and grounds maintenance techniques

- Safe tool use and equipment handling
- Teamwork and communication in a supervised work environment
- Punctuality, reliability, and professional conduct
- Financial literacy and personal banking
- Community service ethic and civic engagement

Program activities are designed for training purposes and shall not replace, supplant, or reduce the need for paid positions or contracted services.

Supervisory staff must document training outcomes for each activity session, not simply task completion. The distinction between a training program and a labor service is maintained through this documentation, active skill instruction during sessions, and participant-facing curriculum.

2.4 Stipend Policy

Participants who complete qualifying activity sessions are eligible to receive participation-based stipends administered through the Pathways program. Stipends are provided solely to reduce barriers to participation in training activities, including transitional financial constraints and incidental expenses. Stipends are not tied to work performed and are necessary to enable participants to engage consistently in the training curriculum.

The following principles govern stipend administration:

- Stipends are participation incentives, not wages or compensation for work performed.
- Stipends do not create an employer-employee relationship between participants and CAPK.
- Stipend amounts are tied to participation consistency and tier level, not to productivity, output quality, or work completed.
- Stipends are subject to IRS reporting requirements as applicable. Program staff should consult with CAPK Finance regarding 1099 reporting thresholds.
- Participants will not be penalized for declining a stipend.
- Participants will be informed in advance that they will not receive wage compensation for their services or participation in the Pathways program.

CAPK evaluates each program activity to ensure that, if the activity were not provided through this training program, it would not otherwise be performed by paid employees or contractors. Where paid labor is appropriate, stipends will not be used as a substitute.

2.5 Non-Discrimination

The Good Neighbor Crew is open to all eligible Navigation Center residents without discrimination based on race, color, national origin, religion, sex, disability, age, sexual orientation, gender identity, or any other protected characteristic. Participation decisions are based solely on eligibility criteria outlined in Section 2.1.

2.6 Confidentiality

Information about participants — including their enrollment, participation history, medical information, and personal circumstances — is confidential and protected under CAPK's privacy policies and applicable law. Participant information may not be shared with third parties, including community partners, without prior written consent of the participant except as required by law.

2.7 Funder Compliance

Because this program is funded entirely through private donations and CAPK Foundation funds, no federal or state funder restrictions (HUD, ESG, CoC, CDBG) currently apply. Should funding sources change in future program years, a compliance review must be completed before the program continues to ensure no funder restrictions conflict with client labor activities. Any change in funding source must be reported to the CFTO and HR/Legal prior to implementation.

2.8 Insurance and Risk Management

CAPK's ability to secure and preserve insurance protection depends on consistent program controls, documentation, and timely reporting. Program staff must maintain required documentation supporting program operations and risk controls, including (as applicable): signed participant forms, participant rosters, activity logs, PPE issuance records/receipts, tool inventories, site walk documentation, homeowner/partner consents, transportation logs, and incident reports.

2.8.1 Program Parameters and Coverage Confirmation

Program activities must remain within the approved scope, approved locations, and supervision requirements established by this Manual. Activities outside these parameters may jeopardize coverage, claims handling, and/or CAPK's risk profile.

The following changes require written pre-approval from the Risk Manager (and broker consultation as needed) before the change occurs:

- Any new activity type or task not listed in the approved scope (including but not limited to: ladder/roof work, tree trimming above shoulder height, confined spaces, hot work, chemical application, power tools, or heavy equipment).
- Any new off-site location or expansion of the approved geographic perimeter.
- Any new third-party partnership, event, or community partner worksite.
- Any change to the transportation plan (vehicles used, drivers, routes, or participant transport rules).

Any request for Certificates of Insurance (COIs), additional insured status, or contract insurance language.

2.8.2 Incident and Claim Reporting (Notice Requirements)

Program staff must notify the Program Director and Risk Manager immediately upon learning of any incident that could reasonably lead to a claim, complaint, media inquiry, or legal action.

At minimum, the Risk Manager must be notified of:

- Any participant injury (regardless of severity) or request for medical attention;
- Any property damage (including allegations of damage);
- Any incident involving police/fire/EMS response;
- Any allegation of inappropriate conduct, assault, harassment, or abuse;
- Any participant death, overdose, suicide attempt, or other serious medical emergency;
- Any written complaint, attorney inquiry, demand, or request for records related to an incident;
- Any incident likely to attract media attention;
- Any "near-miss" with high severity potential (e.g., vehicle near-strike, tool-related near amputation, significant exposure event).

Timing:

- Serious incidents (death, life-threatening injury/illness, police/EMS response, allegations of assault/abuse, or attorney/media involvement): report to the Risk Manager same day, as soon as practicable.
- All other incidents resulting in injury or property damage: report to the Risk Manager within 24 hours.

2.8.3 Evidence Preservation and Communications

To protect participants and CAPK—and to preserve accurate facts for incident review and insurance reporting—staff must:

- Secure the area and prevent further injury;
- Document conditions with photographs/video where appropriate;
- Identify witnesses and obtain contact information;
- Preserve relevant records (rosters, logs, tool inventory, PPE issuance, site walk notes);

- Preserve any available surveillance footage (download/export if necessary to prevent auto-deletion);
- Do not admit fault or make speculative statements about cause;
- Direct all external inquiries (family, partner, media, attorneys) to CAPK leadership/Risk Manager.

Section 3 — Standard Operating Procedures (SOP)

3.1 Program Calendar and Scheduling

- Activity sessions are scheduled by program staff in coordination with the Navigation Center Site Manager.
- A monthly activity calendar must be posted at the Navigation Center common area no later than the last day of the preceding month.

- Session duration: minimum one (1) hour; maximum four (4) hours per session.
- Sessions may not be scheduled during extreme weather conditions (temperatures above 100°F, rain, or high wind advisories).

3.2 Supervision Requirements

- A minimum of one (1) CAPK staff member must be present and supervising instruction/training at all times during program activities.
- Supervision ratio: maximum eight (8) participants per staff member for on-site activities; maximum six (6) participants per staff member for off-site activities.
- Staff may not leave participants unsupervised at any time, including during breaks.
- Staff must be familiar with Stop Work conditions (Section 3.5) and empowered to halt any activity immediately if conditions warrant.

Supervisors must halt all activity immediately and remove participants from the area if any of the following conditions occur:

- Any participant injury, regardless of severity.
- Discovery of biohazardous materials, sharps, chemicals, or unknown substances.
- Discovery of structural hazards at the activity site (broken glass, unstable surfaces, open pits).
- Any participant exhibiting signs of distress, illness, intoxication, or erratic behavior.
- Extreme weather conditions developing during a session.
- Any task that exceeds the approved scope of work in Section 3.4.
- Any request by a property owner or resident to stop work.
- Any situation in which the supervisor cannot maintain required supervision ratios.

After stopping work: document the circumstances on Form D; notify Program Director immediately; complete an Incident Report (Form G) if any injury or property damage occurred.

3.6 Post-Session Procedures (Staff)

- Collect all tools and PPE; inspect for damage; report any missing or damaged equipment to Program Director.
- Ensure activity site is left clean and in the same or better condition than found.
- Complete Form D (Sign-Out section) confirming all participants have departed or returned to the Navigation Center.
- Enter participation data in Form E (Participation & Stipend Tracking Log) within 24 hours of session completion.

- Report any incidents, near misses, or participant concerns to Program Director before end of business.

Section 4 — Participant Enrollment & Orientation

4.1 Enrollment Process

1. Resident expresses interest in Good Neighbor Crew participation to Navigation Center staff or case manager.
2. Staff confirms resident meets eligibility criteria (Section 2.1).
3. Resident completes Form A (Participant Enrollment Application).
4. Staff reviews application, confirms no active disciplinary action, and approves enrollment.
5. Resident is scheduled for program orientation (Section 4.2).
6. Resident completes orientation and signs Form B (Participant Agreement, Waiver of Liability, and Medical Consent) and Form C (Orientation Acknowledgment & PPE Receipt).
7. Resident is added to program roster and assigned a Tier Level (Tier 1 entry level).
8. Resident begins participation in scheduled activity sessions.

4.2 Orientation Content

Orientation must be completed before a participant's first activity session. Orientation covers the following topics:

- Program purpose, goals, and training framework.
- Voluntary participation — explicit statement that participation is not tied to shelter access or services.
- Stipend structure — what stipends are, how they are calculated, and what they are not (not wages; no employment relationship).
- Conduct expectations and rules.
- PPE — types used, how to wear, when required.
- Stop Work conditions and how to report a concern.
- Incident reporting procedure.
- Tier structure and how participants advance.
- Financial literacy program overview and schedule.
- Review and signing of Form B (Participant Agreement and Waiver).
- Issuance of PPE and signature on Form C.

Orientation may be conducted individually or in small groups. Duration: approximately 60–90 minutes. A Program Director or designated staff member must facilitate orientation.

Note: Stipend amounts to be finalized by Program Director and CAPK Finance and issued monthly. Amounts should be set at a level that functions as a genuine participation incentive while maintaining the non-wage characterization of the program.

Section 5 — Activity & Site Management

5.1 On-Site Activities (M Street Navigation Center)

On-site activities are conducted on or immediately adjacent to the M Street Navigation Center property (2900 M Street, Bakersfield, CA 93301). Activities include common area landscaping, weed abatement, litter collection, and grounds maintenance. These activities are fully covered under the current GL and Accident Policy.

- No separate site authorization is required for on-site activities.
- Supervisors must conduct a brief site walk before each session to identify hazards.
- Participants must remain within the designated activity zone at all times.

5.2 Neighborhood Public Right-of-Way Activities

Activities on public right-of-way (alleyways, public sidewalk areas) adjacent to the Navigation Center are permitted under the current insurance structure. Supervisors must:

- Confirm activity is within the approved geographic perimeter before the session.
- Ensure participants do not enter any private property without a completed Form F (Homeowner Consent Form) on file for that property.
- Maintain line-of-sight supervision of all participants at all times in public areas.

5.3 Equipment and Supply Management

- All tools and equipment used in program activities must be owned, maintained, and transported by CAPK. Participants may not bring personal tools.
- A tool inventory must be conducted before and after each session. Any missing or damaged tools must be reported to the Program Director within 24 hours.
- Tools with damaged handles, broken parts, or sharp edges must be removed from service immediately and tagged for repair or disposal.
- All equipment must be stored in a designated, locked storage area at the Navigation Center when not in use.
- Supplies (trash bags, gloves, safety vests) must be inventoried monthly and replenished as needed.

Section 6 — Incident Response Procedures

6.1 Immediate Response — Participant Injury

1. Stop all activity. Ensure the area is safe for remaining participants.
2. Assess the injured participant. Call 911 if there is any doubt about the severity of injury.
3. Administer First Aid within the scope of staff certification.
4. Contact the participant's emergency contact (on file in Form B).
5. Contact Program Director and Risk Manager immediately.
6. Do NOT move the participant if spinal or head injury is suspected.
7. Remain with the participant until emergency services arrive or the participant is transported.
8. Complete Form G (Incident Report) within 24 hours.

6.2 Immediate Response — Property Damage

1. Stop the activity that caused or may have caused the damage.
2. Document the damage with photographs if possible.
3. Notify property owner or homeowner immediately if on private property.
4. Do NOT admit liability or make any statements about fault.
5. Contact Program Director and Risk Manager immediately.
6. Complete Form G (Incident Report) within 24 hours.
7. Risk Manager will contact insurance broker for claim guidance.

6.3 Insurance Claim Reporting

All incidents resulting in injury or property damage must be reported to insurance through Risk Manager within 24 hours of the incident. The following information must be available when reporting:

- Date, time, and location of incident.
- Names and contact information of all participants and witnesses.
- Description of what occurred.
- Photographs of the scene and any damage.
- Completed Form G.

Section 7 — Stipend Administration

7.1 Eligibility and Calculation

- Stipend eligibility is based on verified session attendance documented in Form D (Sign-In Log) and Form E (Tracking Log).
- Participants must complete the full session (sign-in and sign-out) to receive credit for that session. Participation credit reflects engagement in structured training activities, including instructional components and supervised skill development.
- Stipend amounts are determined by Tier Level and number of qualifying sessions completed in the payment period. Tier advancement reflects progression in training, skill development, and program engagement, and is not tied to productivity, output, or the performance of labor.
- Stipends are structured as nominal participation incentives designed to support engagement in training activities and reduce barriers to participation. Stipends are not calculated based on hours worked, task completion, or the value of services performed.

- Stipend amounts must be reviewed and approved by Program Director and CAPK before each payment cycle.

7.2 Payment Process

- Stipend payments are processed through finance on a monthly schedule following verification of participation and eligibility.
- Program Director submits a verified participation summary to CAPK Finance by the 5th of each month.
- Participants must have a bank account to receive stipend payments. Participants without a bank account will be supported through the program's financial literacy curriculum and will provide assistance with establishing an account (Section 8).
- All stipend determinations must be supported by contemporaneous documentation reflecting participant engagement in the training activities. Records shall be retained for audit purposes.
- Finance must advise on IRS 1099 reporting thresholds and obligations for individual participant stipend totals.

7.3 Stipend Characterization

POLICY — STIPEND IS NOT A WAGE

All program materials, participant communications, and financial records must consistently characterize stipends as participation-based incentives. Stipends must never be described as payment for work performed, wages, or compensation. Stipends are intended solely to support participation in training activities and are not provided in exchange for labor or services. This characterization is essential to the program's legal framework under FLSA and California Labor Code. Any deviation from this characterization should be reported to HR and Legal immediately. Further, all participants must be informed, prior to participation, that they will not receive a wage for participation in the program.

Section 8 — Training & Workforce Development Curriculum

8.1 Purpose

The training curriculum is the foundation of the Good Neighbor Crew's legal structure as a workforce development program. Curriculum delivery must be documented alongside each activity session to demonstrate that the program's primary purpose is skill-building, not labor service delivery.

8.2 Vocational Training Modules

- Module 1 — Introduction to Grounds Maintenance: Basic tools, safety, terminology, and landscaping fundamentals.
- Module 2 — Safe Work Practices: PPE use, hazard identification, Stop Work authority, first aid basics.
- Module 3 — Teamwork and Communication: Working in a supervised team environment, receiving direction, giving feedback.
- Module 4 — Time Management and Reliability: Punctuality, session preparation, consistent participation.
- Module 5 — Professional Conduct in Community Settings: Representing the program, engaging with the public, maintaining a positive presence.
- Module 6 — Advanced Skills (Tier 2/3): Mentoring, leadership, site assessment, training new participants.

8.3 Financial Literacy Curriculum

Financial literacy education is delivered in partnership with a third party financial advisor and incorporated into the program calendar. Topics include:

- Introduction to personal banking — account types, how banks work, fees and protections.

- Opening and managing a checking account — practical, step-by-step support.
- Budgeting basics — income, expenses, savings goals.
- Introduction to credit — credit scores, credit history, how to build credit.
- Financial goal-setting — connecting financial literacy to housing and employment stability.

Financial literacy sessions are incorporated into the monthly activity calendar. Participation in financial literacy sessions counts toward tier advancement and stipend eligibility on the same basis as activity sessions.

8.4 Training Documentation Requirements

Supervisors must document the following after each activity session:

- Skills demonstrated or practiced during the session.
- Any instructional content delivered (safety reminders, technique corrections, tool use instruction).
- Notable participant progress or areas for development.
- Any incidents, concerns, or behavioral observations.

This documentation is maintained in the session notes section of Form D and is essential to demonstrating the training character of the program for legal and insurance purposes.

Section 9 — Off-Site Activity Protocols

9.1 Authorization Requirements

Off-site activities — meaning any activity conducted outside the boundaries of the M Street Navigation Center property — require the following before work begins:

- Site authorization from Program Director for any new off-site location.
- Completed and signed Form F (Homeowner / Site Owner Consent and Release Form) for any activity on private residential or commercial property.
- Pre-activity site inspection by supervising staff member.
- Only Tier 2 and Tier 3 participants are eligible for off-site activities (Section 4.3).
- Supervision ratio maintained at maximum 1 staff per 6 participants.

9.2 Site Inspection Checklist

Supervising staff must complete a site inspection before participants begin work at any off-site location:

- ☐ Identify and document any physical hazards (uneven surfaces, debris, obstacles).
- ☐ Check for presence of animals on property (dogs, wildlife).
- ☐ Confirm no biohazardous materials or sharps are present in the work area.
- ☐ Identify water source for hydration and handwashing.
- ☐ Confirm accessible exit route from the property.
- ☐ Confirm property owner or authorized representative is present or contactable.
- ☐ Document any conditions that require Stop Work consideration before participants arrive.

9.3 Off-Site Activity Scope

The following activities are approved for off-site residential locations, subject to the task and risk matrix (Section 3.4):

- Litter and debris collection from yard and surrounding areas.

- Weed pulling and hand removal of overgrowth.
- Sweeping, raking, and general cleanup of exterior areas.
- Light landscaping trimming using hand tools (no power tools).

Any activity beyond this scope must be pre-approved by Program Director and Risk Manager before being added to the program.

9.4 Transportation

- CAPK is responsible for transporting participants to and from off-site activity locations.
- Transportation must be in CAPK vehicles operated by authorized CAPK drivers.
- Participants may not use personal vehicles or public transportation for program activities.
- Vehicle capacity must not be exceeded. Schedule multiple trips if necessary.
- Participants must be transported back to the Navigation Center at the conclusion of each session.

Section 10 — Third-Party Engagement & Community Partnerships

10.1 Policy

CAPK welcomes community partnerships that support the Good Neighbor Crew's training mission. However, all third-party engagements must be structured to preserve the program's legal framework as a training operation. No arrangement may be structured as a service contract in which CAPK is effectively providing labor services to a third party for compensation.

10.2 Partnership Authorization Process

8. Third-party organization contacts Program Director or CAPK leadership with interest in collaboration.
9. Program Director presents the opportunity to the CFTO and HR.
10. HR consults with Legal to confirm the arrangement can be structured within the training framework.
11. Risk Manager confirms insurance coverage extends to the proposed activity and location.
12. Program Director drafts a Community Partner Agreement (Form H template) for Legal review.
13. Agreement is executed before any activity begins.
14. Insurance broker is notified of the new partnership location and any additional insured requirements are addressed.

10.3 Additional Insured Requirements

Community partners who have Good Neighbor Crew participants working on their property or in connection with their events must be named as additional insureds under CAPK's GL policy, or must provide their own GL coverage with CAPK named as additional insured. This requirement must be addressed in the Community Partner Agreement (Form H) and confirmed with insurance broker before activities begin.

Section 11 — Program Forms

FORMS NOTE

All forms should be reviewed by legal counsel before final deployment. Signed originals must be retained in participant files maintained by the Program Director. Electronic copies should be stored in the program SharePoint folder. Retention period: minimum 7 years from date of last participation.

Good Neighbor Crew Yard Services Price Packages

The following price packages are recommended for the Good Neighbor Crew based on a review of local and regional yard service pricing in Bakersfield and Kern County. Current online pricing shows basic lawn mowing services generally starting between \$19 and \$50 per visit, standard lawn care visits averaging approximately \$56 to \$75, and larger cleanup projects ranging from approximately \$180 to more than \$600 depending on yard size, overgrowth, debris, and hauling needs.

Because the Good Neighbor Crew is intended to provide reliable, community-based yard support while also accounting for labor, supervision, fuel, equipment, and disposal costs, the recommended pricing is positioned slightly below or within the lower-to-mid range of comparable private vendors.

Package	Recommended Price	Best For	Included Services
Basic Neighbor Package	\$50 per visit	Small, regularly maintained yards	Mowing, edging, light trimming, and blowing hard surfaces clean.
Standard Yard Care Package	\$75 per visit	Average residential yards needing routine upkeep	Mowing, edging, trimming, blowing, light weed removal, and minor debris pickup.
Large Yard Package	\$100–\$125 per visit	Larger lots or yards requiring additional time	Routine mowing and trimming services for larger areas, with additional edging, blowing, and light cleanup as needed.
Enhanced Clean-Up Package	\$175–\$275 per visit	Moderate overgrowth or yards needing a one-time refresh	Weed clearing, mowing or cutting down overgrowth, debris collection, bagging, light shrub trimming, and general yard reset.
Full Yard Reset Package	\$350–\$500 per visit	Heavy overgrowth, larger debris, or significant cleanup needs	Extended weed abatement, heavy debris removal, bagging, hauling preparation, curb appeal cleanup, and full property reset support.
Monthly Maintenance Package	\$180–\$300 per month	Customers needing ongoing upkeep	Two scheduled visits per month, including mow, edge, trim, blow, and light cleanup at each visit.

Recommended Pricing Guidelines

- Small yards should generally be priced at \$50 per visit when the yard is already maintained and does not require significant weed removal or debris cleanup.
- Medium or average residential yards should generally be priced at \$75 per visit and should include routine mowing, edging, trimming, blowing, and light cleanup.

- Large yards, corner lots, or properties requiring additional time should start at \$100 per visit, with pricing adjusted based on size and condition.
- One-time cleanups should start at \$175 and increase based on overgrowth, debris volume, hauling needs, and staff time required.
- Heavy cleanup or full yard reset projects should be quoted after an on-site assessment, with a general starting range of \$350 to \$500.

Pricing Assumptions

Prices assume standard residential yard service within the local service area. Additional charges may apply for excessive green waste, dump fees, large item removal, hazardous materials, tree work, sprinkler repair, pest control, or any service requiring specialized licensing or equipment. Final pricing should be confirmed after reviewing the property size, yard condition, access, disposal needs, and estimated crew time.

Good Neighbor Crew Moving Services Price Packages

The following moving service packages are recommended for the Good Neighbor Crew based on a review of Bakersfield and Kern County moving service pricing. Local moving labor rates commonly range from approximately \$50 to \$175 per hour, while full-service local moves with movers and a truck may range from approximately \$525 to \$1,260 for a typical two- to three-bedroom move. Market pricing varies based on number of hours, access conditions, stairs, heavy items, packing needs, mileage, and whether a truck is included.

Because the Good Neighbor Crew is intended to provide practical, community-based support, the recommended moving service rates are positioned below or within the lower range of comparable private vendors while still accounting for labor, supervision, transportation, fuel, equipment, and scheduling needs.

Package	Recommended Price	Best For	Included Services
Labor-Only Moving Help	\$75–\$100 per hour	Customers with their own truck, trailer, storage unit, or moving container	Loading, unloading, carrying boxes and furniture, basic placement of items, and move-day support.
Small Move Package	\$200–\$350 flat rate	Studio apartments, single-room moves, small furniture pickups, or limited household items	Up to three hours of support, loading, transport support if available, unloading, and basic furniture placement.

Standard Local Move Package	\$450–\$700 flat rate	One- to two-bedroom apartments or small homes within the local service area	Loading, local transport support if available, unloading, and basic setup of large items.
Large Local Move Package	\$800–\$1,200 starting range	Two- to three-bedroom homes, larger apartments, or moves requiring extended time	Loading, unloading, basic furniture placement, and additional time for larger volume moves.
Furniture Pickup and Delivery	\$75–\$150 per trip	Single-item or small-load pickups, donation deliveries, or furniture transport	Pickup, loading, local delivery, unloading, and placement of one or more approved items.
Move-Out Cleanout Support	\$250–\$500 starting range	Clients needing help clearing remaining belongings, bagging items, or preparing a unit for turnover	Removal of non-hazardous items, bagging, sorting support, loading, and hauling preparation. Disposal or dump fees may be charged separately.

Recommended Pricing Guidelines

- Labor-only moving support should generally start at \$75 per hour, with a two-hour minimum recommended.
- Small moves should generally be offered as flat-rate packages when the move can be completed within approximately two to three hours.
- Standard local moves should be priced based on home size, number of items, distance, access, and estimated crew time.
- Large moves, multi-stop moves, upstairs units, long carries, or moves involving heavy furniture should be quoted after an assessment.
- Furniture pickup and delivery services should be priced separately from full moving packages and should include consideration of mileage, item size, and loading difficulty.
- Disposal fees, dump fees, packing materials, truck rental, fuel surcharges, or specialty equipment should be billed separately when applicable.

Moving Services Assumptions

Prices assume local residential moving support within the service area and do not include long-distance moves, commercial moves, piano moving, safes, hazardous materials, pest-infested items, major appliance installation, packing supplies, storage fees, or specialized moving equipment unless approved in advance. Final pricing should be confirmed after reviewing the number of rooms, estimated item volume, distance between locations, stairs or elevator access, parking availability, heavy items, truck availability, and estimated service time.

Good Neighbor Crew Handyman and Light Repair Services Price Packages

The following handyman and light repair service packages are recommended for the Good Neighbor Crew based on a review of Bakersfield and Kern County handyman pricing. Local handyman rates commonly range from approximately \$50 to \$100 per hour, with many small repair visits ranging from approximately \$75 to \$400 depending on the task, materials, access, and complexity. Larger or multi-task projects may range from approximately \$400 to more than \$1,000 when they require multiple hours, specialized materials, or several service areas.

Because the Good Neighbor Crew is intended to provide practical, community-based repair support, the recommended rates are positioned below or within the lower-to-mid range of comparable private vendors while still accounting for labor, supervision, tools, transportation, materials coordination, and scheduling needs.

Package	Recommended Price	Best For	Included Services
Quick Fix Package	\$75–\$125 per visit	Small, simple repairs that can be completed quickly	Minor door adjustments, tightening hardware, small patching, replacing knobs, basic caulking, hanging small items, or other simple odd jobs.

			clogs, replacing showerheads, and addressing minor leaks when no licensed plumbing work is required.

Small Odd Jobs Package	\$100–\$250 per visit	Miscellaneous household or property tasks	Furniture assembly, shelf installation, curtain rod installation, screen repair, light hauling preparation, small fence fixes, minor trim repair, and other approved tasks.
Full-Day Maintenance Package	\$450–\$650 starting range	Properties with multiple repair, painting, plumbing, or odd-job needs	Up to eight hours of scheduled support for a prioritized repair list, with work limited to approved non-licensed tasks and available crew skill level.

Recommended Pricing Guidelines

- Quick fix services should generally start at \$75 per visit to cover travel, setup, basic tools, and staff time.
- Hourly handyman support should be used when the customer has several small tasks and the total scope is difficult to estimate in advance.
- Flat-rate packages should be used when the task is clearly defined, such as painting one small room, replacing a faucet, repairing a sprinkler head, or completing a short list of odd jobs.
- Materials, replacement parts, paint, irrigation parts, fixtures, dump fees, or specialty supplies should be billed separately unless included in the quote.
- Jobs requiring permits, licensed electrical work, major plumbing, gas lines, structural repairs, roofing, HVAC, or hazardous materials should be referred to a licensed contractor.
- Final pricing should be adjusted based on urgency, property access, travel distance, number of tasks, required materials, and estimated crew time.

Handyman and Light Repair Services Assumptions

Prices assume small-scale residential repair and maintenance services within the local service area. Services are intended for simple handyman tasks, painting touch-ups, minor non-emergency plumbing, basic sprinkler repair, and small odd jobs that do not require a licensed trade professional. Final pricing should be confirmed after reviewing the task list, site conditions, materials needed, safety considerations, and estimated service time. The Good Neighbor Crew should not perform

work that requires a contractor license, permit, specialized certification, or work that presents safety risks beyond the approved scope.

Good Neighbor Crew Special Event Setup, Installation, and Breakdown Price Packages

The following special event setup, installation, and breakdown packages are recommended for the Good Neighbor Crew based on a review of Bakersfield and Kern County event labor, party rental, decor, and backdrop pricing. Local event setup and teardown services commonly charge for labor, delivery, setup, breakdown, and cleanup, while backdrop and decor rentals may range from approximately \$60 to \$200 for basic backdrop pieces, \$99 and up for simple pipe-and-drape backdrop kits, and \$300 or more for custom party decor or balloon/decor installations depending on size, materials, and design complexity.

Because the Good Neighbor Crew is intended to provide practical, community-based event support, the recommended rates are positioned below or within the lower-to-mid range of comparable private vendors while still accounting for labor, supervision, transportation, setup time, breakdown time, materials coordination, and scheduling needs.

Package	Recommended Price	Best For	Included Services
Basic Event Setup Support	\$150–\$250 flat rate	Small gatherings, meetings, showers, or simple room setups	Table and chair placement, basic layout setup, linen placement if provided, light decor placement, and setup support for customer-provided items.
Setup and Breakdown Package	\$250–\$450 flat rate	Events needing both pre-event setup and post-event breakdown	Setup of tables, chairs, decor areas, customer-provided supplies, post-event breakdown, light cleanup, item consolidation, and loading preparation.
Backdrop Installation Package	\$200–\$400 per backdrop	Photo areas, dessert tables, ceremony areas, or branded event displays	Installation of a basic backdrop stand, draping or panels, placement of simple decor accents, basic staging of the backdrop area, and post-event breakdown.
Custom Party Decor Package	\$300–\$750 starting range	Birthday parties, showers, community events, themed	Custom decor planning support, assembly of approved decor items, balloon or floral-style accents if materials are provided, table display

		celebrations, or special displays	setup, backdrop accents, and themed presentation.
Event Install Crew Package	\$75–\$100 per hour	Vendors, venues, or customers needing labor-only installation support	Loading, unloading, carrying supplies, placing decor, setting up customer-provided items, assisting vendors, and completing install tasks under the customer or event lead’s direction.
Breakdown and Reset Package	\$150–\$350 flat rate	Post-event cleanup, teardown, and venue reset support	Breaking down tables and chairs, removing decor, bagging trash, consolidating rentals, loading preparation, and light venue reset.
Full Event Support Package	\$600–\$1,200 starting range	Larger events requiring setup, custom decor, backdrop installation, and breakdown	Scheduled setup support, basic layout support, decor installation, backdrop setup, event-area staging, post-event breakdown, and light cleanup. Pricing should be finalized after reviewing event size and scope.

Recommended Pricing Guidelines

- Simple setup-only services should generally start at \$150 to cover travel, service time, basic layout setup, and coordination.
- Setup and breakdown packages should be priced higher when services must continue after the event or occur during late evening, weekend, or tight venue windows.
- Backdrop installation should be priced separately from general setup because it requires additional assembly time, staging, safety review, and breakdown.
- Custom party decor should be quoted based on design complexity, size of the display, number of decor areas, materials needed, and time required for assembly.
- Labor-only event support should be billed hourly when the customer or vendor provides the layout, supplies, equipment, and on-site direction.
- Delivery, mileage, specialty materials, balloons, flowers, signage, lighting, rentals, dump fees, or replacement costs should be billed separately unless included in the quote.

Special Event Services Assumptions

Prices assume local event support within the service area and are intended for small to mid-size events, basic setup, decor placement, backdrop installation, and post-event breakdown. Services do not include full event planning, licensed electrical work, complex rigging, large tent installation, alcohol service, catering, security, stage production, pyrotechnics, or any installation that requires specialized certification, permits, or equipment beyond the approved scope. Final pricing should be

confirmed after reviewing the event date, location, guest count, setup window, breakdown window, number of decor areas, materials needed, parking or access conditions, and estimated service time.

MEMORANDUM

To: Bord of Directors

A handwritten signature in blue ink, appearing to read "Rebecca Moreno".

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: July 21, 2026

Subject: *Agenda Item IV(b)*: Contract for Safe Camping / Parking Program with Kern Behavioral Health and Recovery Services - **Action Item**

Background

The Safe Camping and Parking Program supports Kern County's homeless response system by providing a managed, low-barrier location for individuals experiencing unsheltered homelessness to access basic services, supportive engagement, housing navigation, and behavioral health connections.

Funding Source and County Partner Summary

The Safe Camping and Parking Program was previously supported through American Rescue Plan Act (ARPA) funds, which provided initial funding for program implementation and operations. As those funds are no longer the primary funding source for the program, continued operation requires support through a combination of County funding sources.

For Fiscal Year 2026–2027, Kern Behavioral Health and Recovery Services (KBHRS) will provide up to \$480,000 through the Behavioral Health Bridge Housing Program, administered by the California Department of Health Care Services, to support housing and stabilization services for individuals experiencing homelessness who have serious behavioral health needs.

In addition, due to the change from the prior ARPA funding source, the County Administrative Office (CAO) will complete a separate contract to provide an additional \$308,386 from County General Funds. This separate agreement will carry the same term dates, beginning retroactively July 1, 2026, and ending June 30, 2027, unless otherwise terminated or amended in accordance with the agreement.

Together, the \$480,000 KBHRS agreement and the \$308,386 CAO contribution will provide a combined program budget of \$788,386 for Fiscal Year 2026–2027. These combined funding sources will replace the prior ARPA-funded structure and support the continued operation of the Safe Camping and Parking Program, including eligible staffing, service delivery, site support, reporting, compliance, and other allowable program costs.

Budget and Staffing

The agreement provides up to \$480,000 to support eligible program operations, staffing, direct service delivery, reporting, compliance, site support, and other allowable costs.

The staffing model includes:

- **3.0 FTE Shelter Workers** for daily operations, participant engagement, site monitoring, safety support, and service coordination.
- **1.0 FTE Program Specialist** for administration, documentation, compliance tracking, data coordination, reporting, and partner coordination.

This staffing structure supports consistent site coverage, participant engagement, and contract compliance.

Alignment with CAPK Strategic Action Plan

This agreement aligns with CAPK's Strategic Action Plan Strategic Priority A – Community Investment: Supports initiatives that foster pathways out of poverty by expanding access to affordable housing, healthcare, and essential services. Key Goal A1 – Affordable Housing: Expand access to affordable housing and supportive services by investing in sustainable housing initiatives by April 2028.

Recommendation

Staff recommends approval of the agreement and authorization for the Chief Executive Officer to execute the contract and any related amendments, renewals, or additional contracts necessary to support continuation of the Safe Camping and Parking Program through the County Administrative Office.

Funds provided to the Contractor may be from one (1) or more of the funding sources detailed in **Exhibit E**; however, County may vary the allocated amount of each funding source within a budget unit, by formal amendment, duly executed by the parties. 1. Payment terms are net thirty (30) days from the date County receives an acceptable Claim for Payment from Contractor.

F. Availability of funding

1. The funding in this agreement is intended to reimburse Contractor for the actual cost of providing the services listed in **Exhibit A**.

2 Maximum contract funding shown in **Exhibit E** absolutely limits County's liability to Contractor for services provided under this agreement, in total for the agreement as a whole and individually for each funding source.

3. No funding other than from sources listed in **Exhibit E** is available for reimbursement of costs associated with this agreement.
4. Funds provided to Contractor may be from one (1) or more of the funding sources detailed in **Exhibit E**. However, County may vary the allocated amount of each funding source within a budget unit, by formal amendment, duly executed by the parties.

Option 1: Contractor shall submit with each claim for payment the results of the previous month’s exclusion reporting, along with the appropriate exclusion attestation, required in **Exhibit I** of this agreement. Should Contractor not submit the appropriate exclusion attestation, BHRS will not process the submitted claim for payment. Any delayed payments will be processed upon receipt of the exclusion report(s).

b. Option 2: BHRS will complete the exclusion reporting requirement for Contractor. In order for BHRS to complete this task, Contractor shall provide the following information with each Claim for Payment:

1. A list of all active employees on the appropriate attestation form for the time period on the Claim for Payment

2. A copy of each employee’s driver’s license and social security card. Copies of these documents are only needed one (1) time to verify identity of listed employee. These documents will be scanned into a secure monitoring tool and the paper copies will then be destroyed.

3. BHRS will run the required exclusion reports. BHRS will notify Contractor immediately if an employee’s name appears on any Excluded list. Contractor will work with the BHRS Credentialing team to determine if the excluded individual is their employee and/or will provide objective verifiable evidence that the results of the exclusion list was a false positive and not their employee.

4. Should Contractor not submit the required information listed above with their claim for payment to allow BHRS to run the required exclusion lists, the Department’s Finance Division will not process the claim for payment. Any delayed payments will be processed upon receipt of the missing information.

Such claim shall be submitted to BHRS within twenty-five (25) calendar days following the end of the month in which services are provided. County will provide Contractor with thirty (30) days' prior notice of any such action.

M. No payment shall be made to Contractor if Contractor has any federal, state, or county liens outstanding. Should County discover a record of an outstanding lien, County shall immediately notify Contractor about the lien record, immediately investigate the circumstances, and determine a course of action within thirty (30) days of discovery. In all instances, the cost guidelines set forth in **Exhibit G, "Cost Guidelines"**, shall apply. When payments are found to be in excess of cost, adjustments to subsequent payments shall be made such that estimated total payments for the agreement term do not exceed estimated total cost or the maximum sum set forth in **Exhibit E**, whichever is lower.

I. All insurance afforded by Contractor pursuant to this agreement shall be primary to and not contributing to all insurance or self-insurance maintained by County. An endorsement shall be provided on all policies, except professional liability/errors and omissions, which shall waive any right of recovery (waiver of subrogation) against the county.

J. Insurance coverages in the minimum amounts set forth herein shall not be construed to relieve Contractor for any liability, whether within, outside, or in excess of such coverage, and regardless of solvency or insolvency of the insurer that issues the coverage; nor shall it preclude County from taking such other actions as are available to it under any other provision of this agreement or otherwise in law.

K. Failure by Contractor to maintain all such insurance in effect at all times required by this agreement shall be a material breach of this agreement by Contractor. County, at its sole option, may terminate this agreement and obtain damages from Contractor resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County shall deduct from sums due to Contractor any premiums and associated costs advanced or paid by County for such insurance. If the balance of monies obligated to Contractor pursuant to this agreement is insufficient to reimburse County for the premiums and any associated costs, Contractor agrees to reimburse County for the premiums and pay for all costs associated with the purchase of said insurance. Any failure by County to take this alternative action shall not relieve Contractor of its obligation to obtain and maintain the insurance coverages required by this agreement.

38. ENFORCEMENT OF REMEDIES

No right or remedy herein conferred upon or reserved to County is exclusive of any other right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy given hereunder, now or hereafter existing by law or in equity or by statute or otherwise and may be enforced concurrently or from time to time.

B. Program Description

Contractor will operate a Safe Camping and Parking Program located at 2900 M Street, Bakersfield, CA 93301 (the Premises), for those experiencing homelessness in particular for those currently dwelling around downtown Bakersfield.

C. Eligible Participants

For purposes of the BHBH Program, the definition of “homeless” is based on the definition used in the Enhanced Care Management program (ECM Policy Guide, May 2022, page 8), as outlined below. An individual or family experiencing homelessness is defined as any of the following:

- An individual or family that lacks adequate nighttime residence
- An individual or family with a primary residence that is a public or private place not designed for or ordinarily used for habitation
- An individual or family living in a shelter
- An individual exiting an institution (including incarceration) into homelessness
- An individual or family who will imminently lose housing in next 30 days
- Unaccompanied youth and homeless families and children and youth defined as homeless under other federal statutes
- Individuals fleeing intimate partner violence

Notes on this definition:

This definition is based on the HUD definition of “homeless,” with the following modifications:

- If exiting an institution, individuals are considered homeless if they were experiencing homelessness immediately prior to entering that institutional stay, regardless of the length of the institutionalization.
- The time frame for an individual or family that will imminently lose housing has been extended from 14 days (HUD definition) to 30 days.

D. Use of Funds:

Funds will be used to provide contracted services and operations of the Premises, such as providing safety net services, including shelter and connections to service providers. Said services

and operations shall be to provide people experiencing homelessness a pathway to service connections, health care, housing and stability.

If Contractor is utilizing more than one funding stream for operation of the Program, Contractor is responsible for tracking and reporting the services delivered, the expenditures, and revenue received to ensure that no duplicate cost is paid.

E. Reporting:

- i. Deliverables: Contractor is required to submit monthly reports of project deliverables in a form mutually agreed upon by the Contractor and County. Details may include but are not limited to residents/clients, entries and exits, meals, care items, hours of service, complaints/disputes, etc.

Other reporting items will be determined in coordination with County. Contractor is required to enter the data in the Homeless Management Information System (HMIS) along with other designated and approved data collection and reporting software.

Contractor will collaborate with County on Coordinated Entry System and other Continuum of Care services/efforts.

- ii. Financial Reports: Contractor is required to submit financial reports and audits in accordance with the terms of this agreement.
- iii. Mandatory Reporting: In the event of the occurrence of a critical incident that may create potential liability on the part of the County, including any threats or incidents of sexual assault, assault or other violence, theft, disaster occurrence, infectious disease, unsafe conditions or unlawful activity, or any incident that is required to be reported to any governmental agency, Contractor shall notify County immediately and in no case later than forty-eight (48) hours, and shall retain any video or documentary evidence of such incidents for County access and review.

2. Description of Program

The Contractor will provide the following:

Safe Camping - Homeless individuals wishing to utilize a safe space will be offered overnight services in a designated space on the property of the M Street Navigation Center. All participants will be offered a tent and/or sleeping bag, outreach services, three (3) daily meals, medical outreach, mental health, and access to restrooms. There will be approximately 50 spaces provided for individuals experiencing homelessness. An increase or decrease in the number of spaces is permitted if agreed upon between County and Contractor.

Safe Parking - Parking of approximately ten (10) spaces will be provided for individuals experiencing homelessness who reside in their vehicles. Individuals will have access to community resources and access to restrooms. An increase or decrease in the number of spaces permitted if agreed upon between County and Contractor.

See Attached Exhibit B

3. Description of Services/Contractor Responsibilities

The Premises will meet the County's need to provide safe space to those homeless individuals who are shelter resistant. This will include operating, maintaining, staffing and coordinating the resources of the Premises. Applicant must have the ability to operate 24/7 and 365 days a year.

A. Shelter Requirements

Contractor will:

- i. Ensure that Premises will be in operation 24/7 (24 hours per day, 7 days a week, 365 days per year). Contractor is expected to have a 24-hour contact available to staff for emergency purposes.

B. Site Management Tasks

Contractor will:

- i. Take appropriate action for medical/mental health emergencies.
- ii. Complete a management report gathering data mutually agreed on by Contractor and County.
- iii. Provide supervision of the homeless guests including shelter entry registration and the scheduling of meals, restroom services, and other personal services as needed. Contractor will provide appropriate staff coverage for day/evening shifts, with a minimum of two (2) staff on duty at all times. Contractor will further BHRS with a staffing plan if requested.

C. Administrative Management Tasks

Contractor will:

- i. Work in partnership with the County to be a "Good Neighbor", informing the public about the positive aspects of the Premises, being responsive to community concerns, and working closely with local government to minimize the impact of the Premises on the surrounding neighborhood.
- ii. Submit policies and procedures for the Premises including but not limited to all aspects of services, management plan, staff responsibilities and staff coordination.
- iii. Coordinate with County agencies engaged with the homeless including local agencies, social services programs and volunteers to assist with services.
- iv. Provide 24/7 on-call staff for emergencies.
- v. Provide Liability and other required insurances to cover accidents or injuries caused as a result of operating shelters for the homeless at the sites.
- vi. Provide supplies and equipment as needed. It is the Contractor's responsibility to inventory the supplies.
- vii. Review all billings and assure payments, if applicable.

- viii. Provide staff training as needed, and direction to engaged community groups and volunteers, as appropriate.
- ix. Coordinate with Kern County community resources, other County agencies and community-based organizations, as necessary and appropriate.

4. Program Design

- A. Low Barrier Criteria** - The site is designed to encourage participation by providing low barriers to entry and accommodate any person who identifies as homeless. All persons identifying as homeless or hungry and seeking help will be welcomed, and Contractor will refer families with children, unaccompanied youth, and victims of domestic violence/sex trafficking to area agencies who can provide specialized programs and services to better address the needs of these populations as quickly as possible.
- B. Entry criteria for adults who are homeless include:**
 - Homeless (HUD Definition)
 - Age 18 or older (youth will be immediately triaged to a youth provider if possible)
 - Ambulatory and not requiring hospital or nursing home care
 - Agree to be non-violent
 - Agree not to use or sell drugs or illegal substances on the premises
 - Agree to treat other clients, staff and the property with respect
 - Agree to obey fire and other safety regulations
 - Agree to abide by pet/animal requirements
 - Agree to follow posted Premises rules, including signing in at entry
- C. Safe Shelter Access** - The Premises will be open 24 hours a day, seven days a week, including all holidays. Camping and/or Parking will be available on a first-come-first-serve basis. The goal will be to provide a safe, secure sleeping area for those in need. It is anticipated that the service needs of most of the homeless guests will be very high, and Contractor has developed staffing plans based on addressing those needs while keeping everyone safe.
- D. Sleeping Areas –**
 - **Safe Camping:** Up to fifty (50) safe camping sites will be made available each night. Contractor will configure the site to accommodate a variety of needs. Because the area designated for shelter has uncovered areas, some areas may be susceptible to flooding or rain exposure during inclement weather. Contractor will assign spaces to clients and if needed, provide a tent and/or sleeping bag. Individuals will have access to community resources and access to restrooms.
 - **Safe Parking:** Up to ten (10) spaces will be provided for individuals experiencing homelessness who reside in their vehicles each night. Contractor will configure the site to accommodate ten (10) vehicles. Individuals will have access to community resources and access to restrooms.
- E. Meals –** Contractor will coordinate food delivery and is expected to provide 3 meals each day to guests. It is highly encouraged that the Contractor seeks food donations where possible.

Storage - Contractor expects that guests will be allowed to bring a small amount of personal items into their sleeping area. Contractor recognizes that guests value their belongings, and

Contractor will work with every guest to find the balance between creating a safe and sanitary environment while honoring the value of personal possessions.

- F. Pets – Client pets are allowed on the Premises based on the established Pet Policy.
- G. Entry Process – During the daytime, Security will ask those entering to sign in and staff will be on hand to assist guests to services they may choose to access. New intakes are welcome anytime between 8:00 am to 4:00 pm. Returning guests must return for daily check-in no later than 7:30 pm. Security will assist those who are not staying transition out of the area.

No one seeking shelter for the night will be turned away provided they are not a danger to themselves or others. Anyone who chooses to leave during the night is free to do so; however, they will not be allowed back in until a 24 hour period has passed, and stored items might not be immediately accessible and may need to be retrieved the following day.

Because of various language barriers and illiteracy rates among the guests, guests will be asked in their native language if they completely understand any intake/assessment forms which may be completed for services. Guests needing additional assistance will have the rules and intake forms explained to them. When English is their second language, the rules and intake forms will be explained in their primary language whenever feasible.

- H. Security - Security will be in place 24 hours a day, 7 days a week, to help provide a peaceful environment for those seeking services and respite from the streets. There will be security on the Premises at all times. Contract will follow policies and procedures that promote utmost safety for clients, staff, providers, volunteers and the overall community and will strive to provide an atmosphere that promotes community, remains alert for signs of conflict, and confronts behaviors to prevent escalation.
- I. Contractor acknowledges that they are required to collaborate with other homeless services agencies.
- J. Contractor will ensure all insurance coverage requirements are fulfilled during the term of this agreement.
- K. Contractor shall comply with all State of California and local regulations, as applicable.
- L. Contractor will partner with medical or law enforcement in the event of an emergency. With the nature of the population being served at the shelter, there is a need to take precautions, should a medical need or emergency arise. The first reaction for any emergency situation would be to call 9-1-1. Staff and volunteers at these sites will be provided with additional emergency contact numbers. All staff and volunteers at the Premises shall be trained on appropriate emergency procedures in order to handle crisis situations in the most effective manner possible.

SAFE CAMPING AND PARKING PROGRAM
EXHIBIT C – DEFINITIONS

Bridge Housing

For purposes of the BHBH Program, “bridge housing” is defined as short- and mid-term residential programs with a goal to connect individuals to long-term housing stability. The BHBH Program uses a broad definition of “bridge housing” that may include, and may not be limited to, emergency/interim housing, rental assistance, and auxiliary funding in assisted living settings (commonly referred to as “board and care patches”). See Attachment C for more details on bridge housing types. BHBH settings must offer supportive services that address the housing needs of participants. BHBH Programs are low barrier and use harm reduction strategies and Housing First principles. However, when indicated, funding may be used to support recovery residences and sober living environments for individuals with significant substance use disorder needs. Bridge housing must meet the ESG Minimum Habitability Standards and, when possible and as applicable, should also meet CoC Housing Quality Standards (HQS).

Family

“Family” includes, but is not limited to, regardless of marital status, actual or perceived sexual orientation, or gender identity, any group of persons presenting for assistance together with or without children and irrespective of age, relationship, or whether or not a member of the household has a disability. A child who is temporarily away from the home because of placement in foster care is considered a member of the family. (Source: HUD Continuum of Care Program FAQ)

Homeless Management Information Systems (HMIS)

HMIS collects and organizes information related to local populations of people experiencing homelessness and the ways that programs meet their needs. More specifically, HMIS allows communities and programs to:

- Assess individual needs and services to improve case management and care coordination
- Connect people experiencing homelessness or at risk of homelessness with housing and supportive services

HMIS also helps communities, states, and the federal government to:

- Evaluate how programs can better serve people experiencing or at risk of homelessness
- Inform applications for local, state, and federal funding for homeless services programs
- Inform local, state, and federal policy changes

Housing First

Housing First is defined in WIC Section 8255 (11)(d)(1)-(2)(A) as “the evidence-based model that uses housing as a tool, rather than a reward, for recovery and that centers on providing or connecting homeless people to permanent housing as quickly as possible. Housing First providers offer services as needed and requested on a voluntary basis and do not make housing contingent on participation in

services. Housing First includes time-limited rental or services assistance, so long as the housing and service provider assists the recipient in accessing permanent housing and in securing longer-term rental assistance, income assistance, or employment.”

Consistent with the national Housing First model and WIC section 8255, abstinence from alcohol or other substances cannot be a requirement or prerequisite for housing funded by the BHBH Program, nor can the use of alcohol or other substances in and of itself be grounds for eviction; services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants’ lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to optional evidence-based treatment. However, when indicated, funding may be used to support recovery residences and sober living environments for individuals with significant substance use disorder needs.

Housing Navigation

Housing navigation is an integral part of the process of assisting people in identifying housing options, resources, and services. Housing navigators work with individuals to help them find, move in to, and retain affordable housing. They also develop relationships with community partners, other service providers, agencies offering housing subsidies, and property owners and managers. Navigators help individuals eliminate or reduce the impact of personal housing barriers such as criminal records, poor credit, or prior housing judgments due to eviction, as well as transportation needs, application fees, and/or utility payments. Additionally, housing navigators may assist in identification and reporting of instances of housing discrimination. They may link individuals with bridge housing and housing subsidy agencies and assist them in completing application. They may also work with property owners and public housing authorities (PHAs) to facilitate approvals, assisting with documentation, timely inspections, and corrective action requests.

Serious Behavioral Health Condition

The BHBH Program eligibility criteria are adapted from the Specialty Mental Health Services (SMHS) access criteria (BHIN 21-073) and the Drug Medi-Cal Organized Delivery System/Drug Medi-Cal access criteria (BHIN 21-071; BHIN 23-001), including all CARE Program participants. There are no age restrictions on BHBH Program participants. To be eligible for a BHBH Program-funded project, an individual must meet one of the following criteria:

1. The individual has one or more of the following:
 - a. Significant impairment, where “impairment” is defined as distress, disability, or dysfunction in social, occupational, or other important activities, including education and family relationships
 - b. A reasonable probability of significant deterioration in an important area of life functioning
 - c. A need for SMHS, regardless of presence of impairment (for individuals under age 21)

AND

The individual’s condition, as defined in a, b, and/or c, is due to either of the following:

- a. A diagnosed mental and/or substance-related or addictive disorder, according to the criteria of the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Statistical Classification of Diseases and Related Health Problems (ICD)

b. A suspected mental and/or substance-related or addictive disorder that has not yet been diagnosed

OR

2. The individual has at least one of the following:

a. At least one diagnosis from the current edition of the DSM for Substance-Related and Addictive Disorders, with the exception of Tobacco-Related Disorders and Non-Substance-Related Disorders

b. At least one suspected diagnosis from the current edition of the DSM for Substance-Related and Addictive Disorders, with the exception of Tobacco-Related Disorders and Non-Substance-Related Disorders

OR

3. The individual is a CARE Program participant, regardless of whether they meet the criteria in paragraph (1) or (2), above.

Short-Term and Mid-Term

For purposes of the BHBH Program, “short-term” is defined as less than 90 days and “mid-term” is a period between 90 days and 2 years, with the possibility of a 1-year extension. Because the BHBH Program sunsets on June 30, 2027, its funds cannot be used to support longer-term housing or rental assistance. County BHAs are encouraged to allow flexible lengths of stay in bridge housing settings to ensure housing navigation and placement services can take place and that individuals are exited to permanent housing to the greatest extent possible.

Supportive Services

Supportive services are those services necessary to help program participants obtain and maintain housing, manage symptoms of serious behavioral health conditions, and support recovery and wellness. Examples include peer support, employment assistance, transportation assistance, and group and individual activities that promote a sense of purpose and community participation. Services covered by Medi-Cal cannot be paid for with BHBH Program funding. BHBH funds cannot be used as a match for Medi-Cal services. Counties must leverage Medi-Cal to the greatest extent possible, through use of California Advancing and Innovating Medi-Cal (CalAIM) programs including Enhanced Care Management, as well as the housing-related community supports.

Homeless

For purposes of the BHBH Program, the definition of “homeless” is based on the definition used in the Enhanced Care Management program (ECM Policy Guide, May 2022, page 8), as outlined below. An individual or family experiencing homelessness is defined as any of the following:

- An individual or family that lacks adequate nighttime residence
- An individual or family with a primary residence that is a public or private place not designed for or ordinarily used for habitation
- An individual or family living in a shelter

- An individual exiting an institution (including incarceration) into homelessness
- An individual or family who will imminently lose housing in next 30 days
- Unaccompanied youth and homeless families and children and youth defined as homeless under other federal statutes
- Individuals fleeing intimate partner violence

Notes on this definition:

This definition is based on the HUD definition of “homeless,” with the following modifications:

- If exiting an institution, individuals are considered homeless if they were experiencing homelessness immediately prior to entering that institutional stay, regardless of the length of the institutionalization.
- The time frame for an individual or family that will imminently lose housing has been extended from 14 days (HUD definition) to 30 days.

Time records of therapists, counselors, etc., shall also be based upon client logs or other such information, that can verify time charged to County programs. Personnel records may also be reviewed for pay rate and documentation supporting the employee's right to work in the United States.
5. In no instance shall costs be allocated to County programs based upon revenue or the funding in **Exhibit E** of this agreement. Such reported costs are unacceptable and will be disallowed or adjusted as necessary.
6. All allocations of indirect, administrative, or overhead costs must be based upon the following: cost; salaries and benefits; full-time equivalent employees; square footage; or some other base which is equitable and consistently applied across the organization. Contractor shall allocate costs using the most reasonable base that provides the highest-level relationship of cost versus benefit. Costs allocated using revenue or contract funding amounts as an allocation basis will be disallowed. If the agreement has cost reimbursement services and services paid at a rate, the cost shall be equitably distributed between the programs.
7. No indirect, administrative, or overhead costs allocated to County programs under this agreement will be allowed if such costs provide no benefit to those programs. An example of such a disallowed cost would be the travel costs of Contractor's employees in relation to a non-County program. Such a cost would be a direct cost to the non-County program and should not be included in any allocation of indirect or administrative costs. Another example of unallowable costs would be personal expenses, benefits, gifts or other forms of compensation, which are not documented as being part of an employee's total compensation. Such costs shall not be allocated or directly charged to County programs.
8. Costs passed through from parent or affiliated organizations and charged to County programs will be allowed only to the extent that Contractor can provide documentation that such costs are reasonable and benefited County programs. Documentation may include original invoices, timecards, etc.

9. Duplicate costs charged to County programs will be disallowed.

10. Costs for meals, travel, and meetings must be consistent with those normally allowed by the organization in its regular operations and shall not exceed the established federal per diem levels. In the absence of an established organizational policy instituting meal per diem values, original receipts/invoices shall be required. Written descriptions as to purpose and in the cases of meals/meetings, names of participating individuals shall be provided in all instances.

11. The Department will be conducting specific monitoring activities to obtain information about the indirect cost Contractor is assigning to County programs. These reviews will be conducted throughout the agreement term and may include on-site visits to review documentation supporting indirect cost allocations and may include requests for reports detailing the specifics used to allocate indirect costs. It is expected the approach used by Contractor to allocate indirect costs will meet appropriate federal CFR guidelines. Any indirect cost deemed to not meet applicable CFR or this Attachment's Cost Guidelines will be disallowed.

12. County shall reimburse Contractor for the Chief Executive Officer's (or other such title) salary, benefits, and perquisites no more than the amount stated in the GuideStar Nonprofit Compensation Report for California Organizations, median range, based on budget size or actual total compensation costs, whichever is lower. Costs shall include both direct and indirect and total compensation costs and must be based on the lower of actual total compensation or the compensation limit set forth in GuideStar. (This should only be for cost reimbursement agreements).

13. For purposes of determining the GuideStar limitation, Contractor's budget shall be its adopted operating budget, which must closely correlate with actual operating expenses. Capital acquisitions are not considered to be part of Contractor's operating budget. The version of GuideStar applicable is the latest version published on the execution date of this agreement. (This should only be for cost reimbursement agreements).

14. County shall not provide reimbursement for any portion of the Chief Executive Officer's (or other such title) compensation costs charged to a program in excess of that which is determined reimbursable in accordance with subparagraph 12, or any other limitation set forth by applicable state and federal agencies. (This should be only for cost reimbursement agreements.)

15. Contractor shall provide County with the total compensation expected to be paid to the Chief Executive Officer (or other such title) over the term of agreement. If the term of agreement covers more than one (1) operating cycle for Contractor, the report on total compensation shall identify the expected total compensation for that portion of each operating cycle that will be allocated against county programs. Contractor shall provide the above information: (1) Within sixty (60) days of execution of agreement; and (2) during the last month of the term of agreement. It is County's expectation that each report will include actual data to the extent possible.

17. The form and content of the adopted operating budget provided to County shall be that which is normally provided to Contractor's Board of Directors, Chief Executive Officer, Chief Financial Officer, Owner, Partner, or other such governing authority.

4. BA's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides PHI, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI and implement the safeguards required by Paragraph A above with respect to Electronic PHI [[45 CFR Section 164.504\(e\)\(2\)\(ii\)\(D\)](#); [45 CFR Section 164.308\(b\)](#)]. A. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request, for all disclosures made without written consent. However, accounting of disclosures from an Electronic Health Record for treatment, payment, or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement.

B. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received PHI and, if known, the address of the entity or person; (iii) a brief description of PHI disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure.

C. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any PHI except as set forth in this Addendum [[45 CFR Sections 164.504\(e\)\(2\)\(ii\)\(G\)](#) and [164.528](#)]. The provisions of this subparagraph shall survive the termination of this agreement.

7. Governmental Access to Records. BA shall make its internal practices, books, and records relating to the use and disclosure of PHI available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [[45 CFR Section 164.504\(e\)\(2\)\(ii\)\(H\)](#)]. BA shall provide to CE a copy of any PHI that BA provides to the Secretary concurrently with providing such PHI to the Secretary.

8. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the PHI.

9. BA shall report to covered entity any use or disclosure of PHI not provided for by the agreement of which it becomes aware, including breaches of unsecured PHI as required at [45 CFR 164.410](#), [45 CFR Section 164.504\(e\)\(2\)\(ii\)\(C\)](#) and [45 CFR Section 164.308\(b\)](#).

10. Notification of Breach. During the term of the agreement, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion, or unauthorized use or disclosure of PHI, PI, or PII of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by

applicable federal and state laws and regulations (including conducting a “risk of compromise” assessment and/or appropriate patient notification under applicable state and/or federal law). For specific instruction on breach notification, see **Exhibit I, “Privacy and Information Security Provisions.”**

11. Breach Pattern or Practice by CE. Pursuant to [42 USC Section 17934\(b\)](#), if BA knows of a pattern of activity or practice of CE that constitutes a material breach or violation of the CE’s obligations under the agreement or Addendum or other arrangement, BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, BA must terminate the agreement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of CE that BA believes constitutes a material breach or violation of CE’s obligations under the agreement or Addendum or other arrangement within five (5) days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

12. Audits, Inspection and Enforcement. Within ten (10) days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, information systems, policies, and procedures relating to the use or disclosure of PHI, PI, or PII pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing, and location of such an inspection; (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. A. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA’s facilities, systems, books, records, agreements, policies, and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE’s (i) failure to detect or (ii) detection, but failure to notify BA or require BA’s remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE’s enforcement rights under the agreement or Addendum. BA shall notify CE within ten (10) days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office of Civil Rights.

13. PROVISIONS FOR CE TO INFORM BA OF PRIVACY PRACTICES AND RESTRICTIONS

A. CE shall notify BA of any limitation(s) in the Notice of Privacy Practices of CE under [45 CFR 164.520](#), to the extent that such limitation(s) may affect BA’s use or disclosure of PHI.

B. CE shall notify BA of any changes in, or revocation of, the permission by an individual to use or disclose his or her PHI, to the extent that such changes may affect BA’s use or disclosure of PHI.

C. CE shall notify BA of any restriction on the use or disclosure of PHI that CE has agreed to or is required to abide by under [45 CFR 164.522](#), to the extent that such restriction may affect BA’s use or disclosure of PHI.

14. TERMINATION

A. Material Breach. A breach by BA of any provision of this Addendum, as determined by CE, shall constitute a material breach of the agreement and shall provide grounds for immediate termination of the agreement, any provision in the agreement to the contrary notwithstanding. [\[45 CFR Section 164.504\(e\)\(2\)\(iii\)\]](#).

B. Judicial or Administrative Proceedings. CE may terminate the agreement, effective immediately, if (i) BA is named as a defendant in a criminal proceeding for a violation of HIPAA, the [HITECH Act](#), the [HIPAA Regulations](#), or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations, or other security or privacy laws is made in any administrative or civil proceeding in which BA has been joined.

C. Obligations of BA Upon Termination. Upon termination of this agreement for any reason, BA, with respect to PHI, PI, or PII received from CE, or created, maintained, or received by BA on behalf of CE, shall:

1. Retain only that PHI, PI, or PII which is necessary for BA to continue its proper management and administration or to carry out its legal responsibilities;
2. Return to CE the remaining PHI, PI, or PII that the BA still maintains in any form;
3. Continue to use appropriate safeguards and comply with [Subpart C of 45 CFR Part 164](#) with respect to electronic PHI to prevent use or disclosure of the PHI, other than as provided for in this Section, for as long as BA retains the PHI;
4. Not use or disclose the PHI, PI, or PII retained by BA other than for the purposes for which such PHI, PI, or PII was retained and subject to the same conditions set out in this agreement above which applied prior to termination; and
5. Return to CE or, if agreed to by CE, destroy the PHI, PI, and PII retained by BA when it is no longer needed by BA for its proper management and administration or to carry out its legal responsibilities.

15. INDEMNIFICATION: BA agrees to indemnify, defend, and hold harmless CE and CE's agents, board members, elected and appointed officials and officers, employees, volunteers, and authorized representatives from any and all losses, liabilities, charges, damages, claims, liens, causes of action, awards, judgments, costs, and expenses (including, but not limited to, reasonable attorneys' fees of County Counsel and counsel retained by CE, expert fees, costs of staff time, and investigation costs) of whatever kind or nature, which arise out of or are in any way connected with any negligent act or omission of BA or BA's officers, agents, employees, independent BAs, subcontractor of any tier, or authorized representatives. Without limiting the generality of the foregoing, the same shall include injury or death to any person or persons; damage to any property, regardless of where located, including the property of CE; and any workers' compensation claim or suit arising from or connected with any services performed pursuant to this agreement on behalf of BA by any person or entity.

16. DISCLAIMER: CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

17. CERTIFICATION: To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures, and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations, or this Addendum.

18. AMENDMENT: The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all PHI. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other applicable laws. CE may terminate the agreement upon thirty (30) days' written notice in the event (i) BA does not promptly enter into negotiations to amend the agreement or Addendum when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

19. ASSISTANCE IN LITIGATION OR ADMINISTRATIVE PROCEEDINGS: BA shall make itself, and any subcontractors, employees, or agents assisting BA in the performance of its obligations under the agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers, or employees based upon a claimed violation of HIPAA, the HITECH Act, The Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor employee or agent is a named adverse party.

20. NO THIRD-PARTY BENEFICIARIES: Nothing expressed or implied in the agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA, and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.

21. EFFECT ON AGREEMENT: Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the agreement shall remain in force and effect.

22. INTERPRETATION: The provisions of this Addendum shall prevail over any provisions in the agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule, and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule, and the Security Rule.

Freddy Hernandez presented the above action item and recommended the addition of a Program Administrator Position to support the rapid expansion, coordination and oversight of services provided by current and future Family Resource Centers located throughout East Kern County. The position is expected to have a minor fiscal impact because of existing salary offsets and anticipated program revenue is sufficient to support the minor cost impact of this new position.

- b. WIC Job Description Revisions – Marissa Ortiz-Cortez, WIC Program Administrator – **Action Item**

Marissa Ortiz-Cortez presented the above action item and stated that after reviewing job details for the WIC Nutrition Education Supervisor and WIC Breastfeeding Education Supervisor, it is recommended to change those positions from Exempt to Non-Exempt. Date: August 5, 2026

Subject: *Agenda Item 4a: East Kern Program Administrator Position – Action Item*

As program services expand and new contracts are secured across East Kern County, the Youth and Community Services Department needs dedicated administrative support to ensure consistent oversight, strengthen staff support, guide program expansion, and build relationships with community partners.

The East Kern Program Administrator would oversee and support management with the day-to-day operations, program reporting, budgets, community partnerships, and compliance with all applicable state and federal regulations and contract requirements for programs operated throughout East Kern County.

MEMORANDUM

To: Personnel Committee

From: Marissa Ortiz-Cortez, WIC Program Administrator

Susana Magana, Director of Health & Nutrition Services

Date: August 5, 2026

Subject: Agenda Item 4b: WIC Job Description Revisions – **Action Item**

A review of WIC Program supervisory positions identified the need to update select job descriptions to accurately reflect current duties, responsibilities, level of authority and work performed.

Summary of Proposed Changes:

This request seeks approval of the updates to WIC job descriptions. The WIC Nutrition Education Supervisor and WIC Breastfeeding Education Supervisor positions are both currently vacant. We have taken this opportunity to revise the job descriptions before recruitment. The WIC Program supervisory positions were reviewed to ensure alignment between assigned duties, level of responsibility, and FLSA classification requirements. The position has experienced a reduction in authority and independent decision-making and no longer exercises the level of discretion, judgment, or management responsibility required for exempt classification. Its primary duties have shifted from directing the WIC program, developing procedures, and making significant independent decisions to carrying out established processes and day-to-day operational tasks. Additionally, the workload can reasonably be completed within a standard 40-hour workweek, and the position does not routinely require the flexibility expected of an exempt role, making it more appropriately classified as overtime eligible when additional hours are necessary. Based on the review, the positions more closely align with non-exempt criteria due to the nature of the work performed and the level of decision-making authority.

This change does not impact the assigned job grade, compensation structure, or overall scope of responsibilities. The existing grade remains appropriate based on the position's duties and organizational classification structure.

The job description has been reviewed and approved by Human Resources and the Director of Health and Nutrition. A salary summary of the proposed new position is provided below.

Position Title	Proposed Changes	Current	Proposed
WIC Nutrition Education Supervisor WIC Breastfeeding Education Supervisor	Exempt to Non-Exempt	Grade 11 Exempt Min. \$32.06 Mid. \$40.08 Max. \$49.69	Grade 11 Non-Exempt

Fiscal Impact:

There is no current fiscal impact because the positions are already included in our current budget and WIC contract.

Strategic Plan Impact:

This proposal supports Goal 4 of the 2026–2029 CAPK Strategic Plan: *Strategic Priority C Culture*. Specifically, it aligns with:

- Key Goal 1 : Invest in attracting and retaining a high-quality and engaged workforce by August 2029.
 - *Objective 1*: Enhance recruitment strategies and increase agency visibility by March 2027

Recommendation:

Staff recommend that the Personnel Committee approve the revisions to the WIC job descriptions and recommend submission to the Board of Directors for final approval.

Eric Le Barbé provided a summary of the programs and services offered by the Oasis Family Resource Center, based in Ridgecrest, CA, and he noted that most of the clients served live in Ridgecrest and the surrounding areas, including the China Lake Naval Air Weapons Base.

First 5 provides families with children 0-5 with case management, summer bridge, baby and children's items, including diapers, formula, car seats, educational toys, etc. There is also a food pantry, HEAP, and VITA services and a recent MOU provides for car infant seat distribution and installation.

Homeless support & prevention services are provided by the CalAIM program. The center also promotes literacy with a library, that includes guest readers, and a librarian. A

Eric also touched on funding challenges to support the programs and stated that the diaper program is at risk, and First 5 Kern funding is decreasing, and there is no additional funding for water assistance and rental support as the two-year funding is fully spent in less than 2 years. Staff are working with the CAPK Foundation to seek options for additional funding for continued support of the programs.

Eric also stated that on May 6, 2026, the center celebrated the 5-year anniversary with grantors, donors, community partners and volunteers.

5. New Business

- a. June & July 2026 Program Reports presented by Annelisa Corona, Community Development Supervisor - **Action Item**

Annelisa Corona presented the June & July program reports concentrating on Housing & Supportive Services, and reported the CalAIM Enhanced Care Management program passed its quarterly managed care organization audit with a 95% score from Kern Health Systems. For the Veterans Supportive Services program, there was steady occupancy across the BRIDGE and Intensive Transitional Housing programs, serving 47 households in July, up from 43 in June. VSS maintained steady occupancy, housing stability activities increased in July. Active planning underway for the Veterans Stand Down event on October 8, 2026.

Annelisa provided updates from the Food Bank which included a distribution of roughly 1.55 million pounds of food in June, reaching just under 170,000 engagements. The Food Bank Program Administrator, Kelly Lowery, testified in Sacramento on Senate Bill 1025, a bill that will establish a state Office of Food Security. The team also hosted the Bakersfield Police Department leadership for a tour and joined an earthquake preparedness exercise.

For the Operations Division, which includes Facilities and Major Maintenance, the team processed over 300 work orders per month in June and July while advancing several capital projects. The team will also provide an update on the Ramkabar permanent housing project with the City of Bakersfield at the August Board meeting.

The Community Development Division highlighted the June 6th Gourmet for Good Gala event with 400 people in attendance, and the Foundation is working to determine the net proceeds to be shared with identified CAPK programs. Fall campaigns are underway including Hunger Action Month in September and the upcoming Veterans Stand Down event on October 8th at Stramler Park.

Motion was made and seconded to approve the June & July 2026 Program Reports. Carried by unanimous vote (Vieyra/Banke).

- b. June & July 2026 Application Status Report & Funding Profiles and Small Funding Profiles presented by Karen Vazquez – **Action Item**

Karen Vazquez presented the application Status Report, highlighting the Community Resilience Centers grant that was abandoned, further explaining that the grant remains active and CAPK will revisit applying for it when the next round is available.

Karen also highlighted a few of the Funding Profiles submitted for various programs and the Small Funding Profiles under \$50,000.

Motion was made and seconded to approve the June & July 2026 Head Start/State Child Development Program Activity Report. Carried by unanimous vote (Banke/Vieyra).

- d. Head Start/State Child Development Risk Assessment Notification Monitoring Review presented by Sylvia Ortega, Quality Assurance Administrator – **Info Item**

Sylvia Ortega provided a summary of the monitoring review, on May 22, 2026, and noted that the Office of Head Start (OHS) closed report findings.

- e. Head Start/State Child Development Risk Assessment Notification Monitoring Review, Garden Pathways presented by Sylvia Ortega, Quality Assurance Administrator – **Info Item**

Sylvia Ortega provided a summary of the monitoring review by the Office of Head Start (OHS) Risk Assessment Notification (RAN) the week of April 29, 2026 for one of CAPK's previous contracted Child Care Partners, Garden Pathways. The report was to determine if the previous findings were corrected as they involved an incident affecting the health and safety of children. Based on information gathered, OHS closed two previously identified findings noted in the agenda packet, and based on multiple licensing citations, health and safety concerns, and compliance concerns, the program determined the continuation of the partnership presented an unacceptable level of risk to CAPK and the contract with the partner was cancelled effective February 28, 2026.

- f. Strategic Priority A – Community Investment presented by Susana Magana, Director of Health and Nutrition Services – **Info Item**

Susana Magana provided an update on Strategic Priority A which covers community investment supports pathways out of poverty by expanding access to education, employment, housing, healthcare and essential services. Susana reported that the workgroups have moved from planning to implementation, with early progress in housing partnerships, workforce development research and funding pursuit, holistic service partnerships, and nutrition/food security planning. Staff are working to establish a website link to access CalFresh Healthy Living resources that include various documents and nutrition videos. Susana also reported that a new database at Food Bank is forthcoming and will be able to provide quality data to determine the needs of the community and maintain live, active and current data. The pursuit of additional funding is ongoing for the purpose of establishing food demonstrations for clients that don't know how to prepare healthy meals with items received in food boxes. Susana said that the agency expects an influx of people in need due to the loss of the CalFresh program and SNAP benefits.

6. Committee Member Comments

Gina Martinez said the information provided is very useful to her in her position and she will be able to make referrals.

Manuel Vieyra said he appreciates working with Food Bank volunteers and is hopeful that clients can remain on SNAP benefits.

Month	June-26	Program/Division	Enhanced Care Management		
Division/Director	Rebecca Moreno	Program Admin	Carla Nieto		
Reporting Period	January 1, 2026 - December 31, 2026				
Program Description					
The Enhanced Care Management (ECM) program provides intensive, whole-person care coordination for Medi-Cal members with complex health and social needs, with a focus on individuals experiencing homelessness, high utilization, behavioral health conditions, or other identified risk factors. The program delivers person-centered services including outreach and engagement, comprehensive assessment, individualized care planning, care coordination, transitional care, and connection to community and social supports. Services are provided in close coordination with Kern Health Systems and community partners to improve continuity of care, address social drivers of health, and support improved health outcomes.

Explanation (Over/Under Goal Progress)					
Due to an unforeseen staffing change in May and subsequent ongoing staff restructuring, we were unable to accept new ECM Program Members for most of the month of June, per our MCO's guidelines. This has resulted in being under our goal for our number of enrolled members.					
Program Strategic Goals			Progress Towards Goal		
Increase Access to Care: Ensure that all patients, including underserved populations, have access to necessary healthcare services and support.			Each our ECM team members goes out to our M-Street Navigation Center a minimum of once per week, to provide direct care to, not only our program members, but also to provide valuable resources and information to our underserved populations there as well. We also actively work with our partners at the Brundage Lane Navigation Center and Garden Pathways.		

**Community Action Partnership of Kern
Monthly Report 2026**

Improve Care Coordination: Promote collaboration among the various Cal-AIM services we provide to ensure clients receive comprehensive wraparound support, resulting in a seamless care experience and better communication.	In addition to providing ECM and Cal-Aim housing services, our team has taken on the majority responsibility of our Day Services, providing education, resources, and food to our clients. As a result, the ECM program has become a one stop shop to assist with all client needs as they relate to Cal-Aim services. We are continuing to make great progress towards our goal of improving care coordination.
Patient Engagement: Increase patient involvement in their care plans and decision making processes	Due to our engagement efforts and meeting members where they are at, every single program member has completed their initial assessments and care planning meeting in-person. The majority of our members also participate in their care plan update meetings, even those, in our outlying areas. We take a collaborative approach with our members where the goals and decisions belong to our members and we are here to help them achieve them.
Program Highlights	
We received our official quarterly audit results from our MCO, KHS, and we passed with 95% which is a tremendous feat. Specific feedback was given to us by the KHS clinical audit team that our Care Plans and member engagement efforts are fantastic. Because of our continued excellence in member care and service delivery, KHS has informed us that we will move to a bi-monthly clinical meeting schedule as we do not need oversight. Perhaps a larger highlight, is that four of our members successfully graduated our program in the month of June! When these members enrolled with us, they were unhoused, had physical and behavioral health concerns, and were food insecure. At the time of their graduation, these members were stable in their housing, had dramatic improvement in their physical and behavioral health concerns, had met or exceeded their care plan goals, and had moved to a place of self-sufficiency so they are now able to maintain their stability on their own.

Explanation (Over/Under Goal Progress)					
We are picking back up with enrollments, but are still in the process of our staffing structural changes and associated training which has created a bit of delay in our outreach/new enrollment efforts. We are also scheduled for our next quarterly audit, which was scheduled immediately after our last audit completion; this has shifted our focus to implementing new DHCS and KHS guidelines, which went into effect on July 1st, in preparation for the upcoming audit.					
Program Strategic Goals			Progress Towards Goal		
Increase Access to Care: Ensure that all patients, including underserved populations, have access to necessary healthcare services and support.			In addition to our partnerships with internal departments and collaboration with external entities, we are actively reviewing enrollments for Day Services, Cal-Aim, and our ARG programs and reaching out to clients who might benefit from the additional healthcare services and support that ECM provides.		

**Community Action Partnership of Kern
Monthly Report 2026**

Improve Care Coordination: Promote collaboration among the various Cal-AIM services we provide to ensure clients receive comprehensive wraparound support, resulting in a seamless care experience and better communication.	We are continuing to well in our progress towards this goal by providing Cal-Aim housing navigation and sustainability services, and Adult Re-entry Grant Services, to our ECM members who qualify. We collaborate very closely with our Cal-Aim client services supervisor, as well as the Cal-Aim case management team, and our new Community Vitality case management team to ensure comprehensive support and seamless care.
Patient Engagement: Increase patient involvement in their care plans and decision making processes	We are far above our goal in member participation in their care planning and decision making processes. This is due to the diligence of our staff meeting the members where they are at in the community, as well as the benefit of having our onsite food pantry and Day Service activities, which leads members to being more inclined to come to the office for their scheduled care plan meetings.
Program Highlights	
We fed a record number of community members (213 individuals!) from our onsite food pantry, which ECM staff operates. We have been able to get several of our members matched to housing this month and we had another program member successfully meet all their care plan goals and graduate from the ECM program, with several more making tremendous progress towards self sufficiency. We were able to celebrate 90 days of sobriety with one of our program members and assist another member, who has been struggling since childhood, into residential treatment.

Division/Director	Rebecca Moreno		Program Manager	Joseph Aguilar		
Reporting Period	January 1, 2026 - December 31, 2026					
Program Description						
Coordinated Entry Services (CES) is the system to assist communities in ending homelessness by providing a clear and systematic pattern for helping individuals to quickly access the most appropriate services available through standardized access, a standardized assessment process, and a coordinated referral (match) process for individuals to preventions, housing, and/or other related services. The following counties are currently being served by CAPK CES, Kern County.						
The Coordinated Entry System (CES) process will support the encampment proposal. The strategy will expedite the housing process by creating an Encampment by Name List and an encampment match call with collaborating partners to review status, barriers, and match encampment residents to permanent housing units and/or housing resources identified.

Division/Director	Rebecca Moreno		Program Manager	Joseph Aguilar		
Reporting Period	January 1, 2026 - December 31, 2026					
Program Description						
Coordinated Entry Services (CES) is the system to assist communities in ending homelessness by providing a clear and systematic pattern for helping individuals to quickly access the most appropriate services available through standardized access, a standardized assessment process, and a coordinated referral (match) process for individuals to preventions, housing, and/or other related services. The following counties are currently being served by CAPK CES, Kern County.						
The Coordinated Entry System (CES) process will support the encampment proposal. The strategy will expedite the housing process by creating an Encampment by Name List and an encampment match call with collaborating partners to review status, barriers, and match encampment residents to permanent housing units and/or housing resources identified.

The Food Bank provides food assistance to low-income families and individuals through a network of more than 200 agency partner distribution sites across Kern County. The CAPK Food Bank is the primary organization responsible for distributing State and Federal emergency food assistance for Kern County neighbors in need. Additionally, the Food Bank is the Feeding America affiliate food bank for Kern, facilitating grocery rescue [Fresh Rescue Program] to support the network of more than 150 Pantries across the county. Every month, the Food Bank distributes between more than 1.5 and 2 million pounds of food, which reaches more than 100,000 Kern County food-insecure neighbors.

Explanation (Over/Under Goal Progress)

Total engagements are lower compared to historical numbers, as anticipated. With the deployment of Oasis, some are opting out of support, while others are assuming that they can't visit additional sites since the CRM is in place (although we have not made any operational changes restricting access). Also, in previous years, agencies were potentially over-reporting. Now having neighbor level tracking in place, we are in a position to receive more accurate data moving forward.

Program Strategic Goals	Progress Towards Strategic Goals
In 2026, CAPK Food Bank will be deploying the CRM system OASIS to be used by all agency partners across the county to be able to report unduplicated amounts of neighbors served.	Currently, 96% of agency partners have been successfully onboarded and 82% of agency partners are actively using Oasis.
By Q3 2026, The CAPK Food Bank will implement a classification system for measuring, tracking, and increasing the nutrition level of the food distributed.	Current on hand inventory was updated as of 6/12/26. Currently training and recreating the receiving process to include the nutrition inspection in product creation.
In 2026, the CAPK Food Bank will increase the percentage of fruits and vegetables provided to neighbors by 5% from the previous year.	Currently analyzing additional ways to increase capacity and develop monthly progress report and previous year comparison. We are currently 4% behind last year and working through a recent stoppage in donations from wonderful which accounted for 50,000lbs of citrus monthly.

Program Highlights

June 1, New Program Manager, Kami Gonzalez, joined the Food Bank team. Administrator Kelly Lowery testified before two different committees in Sacramento for SB 1025, the bill to create the state Office of Food Security. The bi-annual CSFP audit was conducted in June 2026. Results will be filed in July. Food Bank hosted Chief Stratton and several BPD officers and investigators for a tour and discussion about food insecurity. Food Bank staff participated in the earthquake preparedness table top exercise along with other CAPK programs.

Program Strategic Goals	Progress
1. Enhance Nutrition Counseling Services. Strengthen the quality of nutrition counseling by providing staff with advanced training in active listening, addressing barriers to breastfeeding, and tailoring nutrition guidance to client needs. Focus on offering practical solutions and empathetic support to improve the effectiveness of sessions.	Continue to train and educate on new food package. WIC is expanding nutritious food options for families and we launched the second part of the campaign "SWAP" which allows family to swap out certain food items for other approved items. For example: If a child does not utilize all of their milk benefit each month they are able to exchange or "swap" that milk for an additional yogurt benefit. This helps families to tailor grocery options for the children in a way that maximizes their WIC food benefits ☐
2. Increase observations, monitoring activities, and reviews of clinic operations, Quality Assurance helps verify correct eligibility determinations, benefit issuance, nutrition education, breastfeeding support, and vendor transactions. Expanding the number of observations allows the program to identify patterns, reduce errors, strengthen staff performance, and ensure policies are applied uniformly across all service sites. By using observation findings to provide feedback, training, and corrective actions, the WIC Program promotes accountability, protects program integrity, and enhances the overall quality of services provided to women, infants, and children.	Quality Assurance Coordinator completing file audits for WIC program. WIC supervision team committed to group effort for quality assurance, observations, and individual coaching for WIC team. Increased staff observations in June☐
3.WIC aims to reach more eligible families and reduce barriers to enrollment and retention. Program Strategic Goals	Progress
1. Enhance Nutrition Counseling Services. Strengthen the quality of nutrition counseling by providing staff with advanced training in active listening, addressing barriers to breastfeeding, and tailoring nutrition guidance to client needs. Focus on offering practical solutions and empathetic support to improve the effectiveness of sessions.	Continue to train and educate on new food package. WIC is expanding nutritious food options for families and we launched the second part of the campaign "SWAP" which allows family to swap out certain food items for other approved items. For example: If a child does not utilize all of their milk benefit each month they are able to exchange or "swap" that milk for an additional yogurt benefit. This helps families to tailor grocery options for the children in a way that maximizes
2. Increase observations, monitoring activities, and reviews of clinic operations, Quality Assurance helps verify correct eligibility determinations, benefit issuance, nutrition education, breastfeeding support, and vendor transactions. Expanding the number of observations allows the program to identify patterns, reduce errors, strengthen staff performance, and ensure policies are applied uniformly across all service sites. By using observation findings to provide feedback, training, and corrective actions, the WIC Program promotes accountability, protects program integrity, and enhances the overall quality of services provided to women, infants, and children.	Quality Assurance Coordinator completing file audits for WIC program. WIC supervision team committed to group effort for quality assurance, observations, and individual coaching for WIC team. Increased staff observations in July, CDPH performance close-out audit in July. Waiting on close out letter for previous PMV visit from CDPH□

Explanation (Over/Under Goal Progress)			
During June, we completed Quarter 4 of the First 5 program. We did not meet three of our performance goals due to staffing shortages within the program. The goal for the Court-Mandated Parenting Class was 10 participants; we were short by two. Although our classes enroll more parents overall, First 5 only counts parents with children ages 0–5. Our Case-Managed Parents goal was 28 clients, and we were short by five. Our Case-Managed Children goal was also 28, and we were short by three. We are currently in the hiring process and are confident that, once the position is filled, we will be back on track.

Program Highlights			
In June, our First 5 Center-Based program celebrated the graduation of 10 preschoolers. The ceremony included children wearing caps and gowns as they walked across the stage to receive their Diplomas of Completion. Following the ceremony, each child received a backpack to support their transition into kindergarten.

1.) Complete 40% of the units in Phase 1.	As of this reporting period, a total of 34 homes have been fully completed and reported to CSD under Phase 1. This reflects the completion of 3 additional homes since the previous reporting period and represents approximately 30% of the Phase 1 target of 114 homes. Progress continues steadily as construction and energy efficiency activities advance. The project team remains focused on maintaining production schedules, increasing the number of completed units, and positioning the program to achieve the 40% completion milestone by June 2026.
2.) Successfully implement the City of Bakersfield Weatherization program and meet the contract goals.	The City of Bakersfield Home Repair and Weatherization Program demonstrated strong progress during this reporting period, with 3 additional households served, bringing the total to 9 of the 11 contracted homes completed (82%). With the program now exceeding three-quarters of its overall goal, staff continue to focus on completing the remaining units, maintaining compliance with program requirements, and ensuring all services are delivered efficiently and within contractual timelines.
3.) Successfully implement the Transformative Climate Communities-Low Income Energy Efficiency Program and meet the program and contract goals.	(TCC) Low-Income Energy Efficiency Program continues to advance toward its program and contract objectives. As of this reporting period, a total of 2 homes have been completed under this grant, including 1 home completed and reported during the previous program year and 1 home completed during the current program year. While no additional homes were completed this reporting period, ongoing outreach, enrollment, assessments, and project development activities are supporting future production. The project team continues to coordinate weatherization and energy-efficiency improvements to increase completed units and advance progress toward the overall contract goal of 16 households served.

Monthly Report 2026**

1.) Complete 40% of the units in Phase 1.	As of this reporting period, a total of 45 homes have been fully completed and reported to CSD under Phase 1. This reflects continued progress in the delivery of weatherization and energy-efficiency improvements and represents approximately 53% of the Phase 1 target of 85 homes. The Phase 1 target of 85 homes constitutes 30% of the overall grant goal. Production continues to advance steadily as construction activities, inspections, and final reporting are completed. The project team remains focused on maintaining production schedules, increasing completed units, and advancing progress toward full Phase 1 implementation while supporting achievement of overall grant objectives.

Applications (New/Renewal)	8	149	200	4%	75%
Explanation (Over/Under Goal Progress)					
State refunds and CalEITC amounts is an estimate due to the inability to retrieve a State Paper Report. State tax returns for ITIN holders is higher this month. This happens when ITIN applications are processed, once an ITIN number is issued by the Federal (IRS), the State side of the tax return (FTB) can be submitted electronically and processed. Also State returns completed is higher due to the inability to separate tax returns using SIDN in order to calculate tax returns completed by California Farm Workers Foundation (CFF) to include it on their own report.

Explanation (Over/Under Goal Progress)	
Call volumes have stabilized for the program and align with the expectation for the support of 5 counties. 2-1-1 continues to provide application assistance, assessments, and outreach to bring awareness of services within the community. Calls, applications, and screenings are monitored and reviewed to determine appropriate methods and material needed for outreach events. ☐ ☐	
Program Strategic Goals	Progress Towards Goal
1. Enhance recruitment initiatives to attract and hire well-qualified candidates. This includes enhancing employee retention and foster opportunities for professional growth.	The program seeks to acquire skilled candidates by streamlining the recruitment process of internal Human Resources. The program aims to offer competitive wages, language fluency and competency incentives, and opportunity for growth. 2-1-1 is staffed with twelve (12) Full Time Information and Referral (IR) Specialists to handle Low-Income Home Energy Assistance and standard calls. The program enriches employees through strategic schedule planning, honoring traditions, and celebrating achievements or milestones. Additionally, it supports opportunities for professional development and an incentive for IR's who obtain certification as a Community Resource Specialist. 2-1-1 experienced staffing changes associated with its anticipation of the transition of the call handling contract for Fresno and Madera Counties. Currently, there are no existing vacancies.
2. Enhance the efficiency and effectiveness of our call center operations in the coming year by thoroughly evaluating and optimizing the use of our tools and technologies, including CRM systems. Focus will be placed on improving call handling performance, streamlining workflows, and identifying opportunities to align staffing levels with operational needs.	The program remains in collaboration with the Information-Systems (IS) and Technology (IT) Team to improve the database by optimizing technology through the implementation of automation to ease the process of system navigation, documentation of call outcomes, and the collection of caller satisfaction surveys. The IS Team has developed an Intelligent Virtual Agent process to test prior to the pilot for afterhours calls. The AI Agent will be devoted to guiding callers with non-complex needs that do not require high engagement, problem solving, advocacy, or continuous interaction.
3. Prioritize retaining existing contracts, such as partnerships with United Ways, while actively exploring and proposing new opportunities to better serve our community members. Leverage the full potential of the call center by pursuing additional fee-for-service contracts and expanding services to maximize impact and efficiency.	2-1-1 aims to uphold the program to high expectations to strengthen existing partnerships by effectively communicating and meeting with partners and contract grantors to share performance data and discuss progress relative to objectives, deliverables, and goals. The program makes an effort to meet reporting expectations of funding sources and maintaining trusting relationships to increase the opportunity for existing contracts to be retained. ☐

The Community Action Partnership of Kern (CAPK) Food Bank is launching a food assistance initiative to distribute approximately 33,269 pounds of shelf-stable and fresh produce and 27,724 meals, by December 2027, with the goal of increasing access to healthy foods and supporting health equity in underserved communities across Kern County. Leveraging its extensive network of over 150 partner organizations, including food pantries, schools, farms, and faith-based groups, CAPK will focus on reaching rural and low-income areas most impacted by food insecurity, ensuring that nutritious options such as fruits and vegetables are delivered equitably throughout the region.

CFDA		Target Population	People experiencing unsheltered homelessness residing in specific encampments
Reapplication (Y/N)	No	Number to be served	100
Estimated Request	\$4,245,232.00	Division Director	Rebecca Moreno
Award Period	09/01/2026 to 08/31/2030	Program Manager	Joseph Aguilar
Project Goal (One sentence goal statement)			
The Kern Bakersfield Regional Homeless Collaborative, in partnership with Community Action Partnership of Kern (CAPK), aims to permanently house 100 unsheltered individuals through a coordinated encampment resolution strategy that combines interim housing stabilization, intensive case management, and rapid rehousing services funded through the HCD Encampment Resolution Funding (ERF) Round 5 program.			
Project Description (Brief one paragraph description)			
The Kern Bakersfield Regional Homeless Collaborative will implement a comprehensive encampment resolution program to serve 350 individuals and house 200 individuals transitioning out of unsheltered homelessness in Kern County. This is in partnership with Flood Ministries and Open Door Network. CAPK will serve as one of the lead subcontractors responsible for direct service delivery, including outreach, assessment, interim housing placement, and permanent housing navigation. Clients will be stabilized through a combination of emergency motel/hotel placements and the CAPK Safe Camping Program, providing a safe and structured environment while case managers develop individualized housing stability plans. Through the Coordinated Entry System (CES), clients will be matched to rapid rehousing opportunities, with financial assistance provided for security deposits, move-in costs, and time-limited rental subsidies. The Good Neighbor Clean-Up Crew, a client-based workforce program, will also engage participants in meaningful employment while actively maintaining alleyways, state right-of-ways, and encampment sites across the service area — supporting both community health and participant self-sufficiency. Program staff, including Case Managers, a Program Supervisor, a Program Specialist, and a Crew Lead, will provide coordinated, trauma-informed services designed to address housing barriers, connect clients to mainstream benefits, and ensure long-term housing stability beyond the grant period.			
Estimated Budget Summary			
The budget supports a phased, four-year service model in which the majority of permanent housing placements occur in Years 2 and 3 as clients move through the interim housing pipeline. Services Coordination funds staff salaries, benefits, travel, supplies, training, and program operations. Interim Housing funds motel/hotel emergency placements and the CAPK Safe Camping Program. Delivery of Permanent Housing funds rapid rehousing rental assistance, security deposits, move-in expenses, and landlord incentive payments for 100 clients: 1. Delivery of Permanent Housing \$1,781,600; 2. Interim Housing \$999,375; 3. Services Coordination \$1,464,257. Total Project Budget\$4,245,232

MEMORANDUM

Date: August 12, 2026

Subject: *Agenda Item 5d.*: Head Start/State Child Development Risk Assessment Notification Monitoring Review- **Info Item**

The Head Start/State Child Development program had a follow-up to the Office of Head Start (OHS) Risk Assessment Notification (RAN) Monitoring Review during the week of December 22, 2025. The RAN reviews occur when the OHS requires more information about an incident affecting the health and safety of children. RAN reviews are designed to identify any program or management issues that may have contributed to the incident, share corrective actions that are needed and provide feedback and support to strengthen program management approaches and prevent similar incidents from occurring in the future. It is the program's expectation to share all head start monitoring reviews with the Board of Directors.

Based on the information gathered during the review, OHS has closed the following previously identified finding:

- Safety Practices: Initial Finding- The program did not ensure all staff refrained from behaviors that had the potential to maltreat and endanger the health and safety of children- Head Start Program Performance Standard (HSPPS) 1302.90(c)(1)(ii).
 - o Corrected: The program ensured that staff did not maltreat children or endanger their health and safety. It revised policies and procedures, provided staff training, and strengthened monitoring. The Rest and Quiet Time Policy clearly outlines staff expectations during children's nap time. The program also addresses each child's individual needs by using relaxation techniques to help children calm down and by ensuring that toddlers are never forced to remain on their cots. In addition, staff received Social-Emotional, Pyramid Model, and Trauma-Informed Care training as part of the program's enhanced wellness efforts.

Subject: *Agenda Item 5e.* Head Start/State Child Development Risk Assessment Notification Monitoring Review, Garden Pathways- **Info Item**

The Head Start/State Child Development program had a follow-up to the Office of Head Start (OHS) Risk Assessment Notification (RAN) monitoring review during the week of April 29, 2026, for one of our previous contracted Child Care Partners (CCP), Garden Pathways, to determine whether the previously identified findings were corrected. The RAN reviews occur when the OHS requires more information about an incident affecting the health and safety of children. RAN reviews are designed to identify any program or management issues that may have contributed to the incident, share corrective actions that are needed and provide feedback and support to strengthen program management approaches and prevent similar incidents from occurring in the future. It is the program's expectation to share all head start monitoring reviews with the Board of Directors.

Based on the information gathered during the review, OHS has closed the following two previously identified findings:

- **Safety Practices: Initial Finding-** The program did not ensure all CCP staff refrained from behaviors that had the potential to maltreat and endanger the health and safety of children. Head Start Program Performance Standards (HSPPS) 1302.90(c)(1)(ii).
 - o **Corrected:** The program ensured staff members did not maltreat or endanger the health and safety of children. The program revised policies and procedures, provided staff training, and strengthened monitoring practices. The program updated the Standards of Conduct and Zero Tolerance Policy emphasizing expectations for respectful interactions and appropriate redirection of children's behavior.
- **System for Program Management and Improvement: Initial Finding-** The grant recipient did not report immediately but no later than 7 calendar days following any incident affecting the health and safety of program participants. HSPPS 1302.102(d)(1)(ii).
 - o **Corrected:** The program established a process to ensure all significant health and safety incidents are reported to OHS immediately, but no later than 7 calendar days following any incident. The program updated existing reporting protocols, including the Health and Safety Screening process and the Daily Safety Checklist was individualized and aligned with program requirements.
- Based on multiple licensing citations, health and safety concerns, and compliance concerns, the program determined the continuation of the partnership presented an unacceptable level of risk to CAPK, the contract with the partner was cancelled effective 2/28/26.

MEMORANDUM

To: Program Review & Evaluation Committee

From: Susana Magana, Director of Health and Nutrition Services
Gabrielle Alexander, Director of Finance

Date: Thursday, August 12, 2026

Subject: *Agenda Item 5f.*: Strategic Priority A – Community Investment - **Info Item**

Strategic Plan Impact and Overall Update:

Strategic Priority A - Community Investment supports pathways out of poverty by expanding access to education, employment, housing, healthcare, and essential services. Through July 30, 2026, the workgroups have moved from planning toward implementation, with early progress in housing partnerships, workforce development research and funding pursuit, holistic service partnerships, and nutrition/food security planning.

Consolidated Key Goal Status:

Key Goal	Current Progress	Next Focus	Risk / Support Needed
A1 Affordable Housing	Partner, underserved population, and funding-source work is complete or in final review. On-site support service planning is underway.	Finalize partner/support documents and continue HR/IS follow-up on case management model, staffing, schedule, and data capture.	Keep evidence of completion tied to action steps.
A2 Workforce Development	Workforce inventory completed. \$200,000 FHLBank SF application submitted. Social enterprise and internship pathway options are being explored.	Continue funding search and coordinate Objectives 2 and 3 around placement tracking and job pathways.	Vacant Workforce Development Lead role needs interim coverage and hiring timeline.
A3 Holistic Services / ECM	Food access assessment work needs subject matter input. New STEPS partnership at 30th Street supports behavioral health access.	Define food desert data collection/mapping approach and confirm remaining partner/MOU needs.	Coordinate food access data work with Key Goal 4 and Food Bank.
A4 Nutrition and Food Security	Planning includes Charlie Cart/Blue Zones, UC Master Gardener, Garden Grant, Kaiser grant, CFHL resources, and video-resource ideas. Food Bank platform may support gap tracking.	Finalize metrics and baseline for annual 5% service gap improvement and tie resource expansion to identified community needs.	Measurement and baseline definitions still need to be set.

Priority A Next Steps:

- Housing and Workforce: Obtain the Ramkibir/Pioneer CEO update, continue workforce funding applications, and research the social enterprise model as a potential revenue-generating option.
- Mental Health / ECM: Coordinate STEPS and County Behavioral Health into the CalAIM/HR1 service model, evaluate reliance on per-billable-activity funding, and explore LCSW/additional mental health capacity.
- Nutrition and Food Security: Pursue grant funding for nutrition education/cooking demonstrations and continue tracking the Brighter Bites expansion into two additional school sites.
- Measurement and Risk: Establish one tracking method for the 5% food-insecurity reduction goal using city/pounds data in CRM Oasis and Vivory, benchmarked against the Feeding America rate, and monitor CalFresh disenrollment impacts into Q1 2027.

3. Public Forum

No one addressed the Committee.

4. New Business

a. Pensionmark Quarter 1 2026 Update – Tom Ming, Pensionmark - **Info Item**

Tom Ming presented the above agenda item and reported that nine (9) of the 403(b) plan's top 10 holdings are American funds and target-date funds, providing broad diversification across domestic and international equities, bonds, and market capitalizations. The 401(a) allocation is similar, with the Putnam Large Cap fund being the primary difference. The 403(b) plan was down -2.15% in Q1, while longer-term performance remained strong. The 401(a) plan also declined during the quarter but continued to perform well for the long term. Market volatility, high interest rates, geopolitical concerns, and participant uncertainty were discussed and Tom emphasized that the plan participants were reminded that retirement investing is a long-term strategy and that maintaining diversification is preferable to attempting to time the market. A plan-versus-benchmark performance comparison covering the past 10 years will be presented at the next meeting.

Curtis Floyd inquired whether any employees have contacted them about the negative numbers or concerns. Tom stated that some employees have reached out with overall concern about the market volatility.

b. Daniells Phillips Vaughan & Bock (DPVB) Fee Increase – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy presented the above action item and said that CAPK issued an RFP in 2020 for audit services and selected a firm in 2021. DPVB completed the initial 5-year term and the Board has exercised the two option years in the agreement extending the contract for the two additional years. Tracy explained the reasoning for the fee

increase request and noted that CAPK's funding sources and complexity of the funding sources have increased dramatically since the signing of the original contract and believes the increase is justified for the large increase to the scope of work.

Curtis Floyd asked whether any other firms had been contacted to obtain a quote. Tracy explained that, because the two-year extension had already been finalized, CAPK did not solicit quotes from other firms. Jeremy Tobias noted that the original contract included a locked-in five-year pricing plan with no increases for the five-year term. However, the two-year extension did not specify a pricing plan. The Board has already exercised the two-year extension, but DPVB has now submitted this request to increase the fees as that was silent in the extension language.

Shannon Webster of DPVB provided Curtis with the original contract and discussed CAPK's growth over the past five years, including the addition of the Veterans contract.

Curtis asked Shannon what the typical increase has been for other clients. Shannon explained that increases generally ranges from 7%–10%, depending on the scope of work. She noted that CAPK had experienced a 10% increase for State work and a 15% increase for Federal work, following previous year-over-year increases of approximately 50%. She explained that while they locked in pricing with no increases for the original 5-year term, we could have never foreseen the drastic increase to the size and scope of CAPK audit work. So, with this 2-year extension having been exercised by CAPK we feel an adjustment to the fees is warranted for these final two-years.

Tracy Webster added that as CAPK's revenue streams increase, the amount of audit work required also increases. Curtis expressed concern about approving the proposed increase without knowing what another firm might quote. Shannon noted again that the historical information did not anticipate the 286% increase over the five-year period. Curtis asked whether the proposed annual fee amount could be reduced from \$135,000 to \$125,000.

Shannon stated that she would need to review the proposed amount with her partners before confirming. Curtis stated that he was comfortable approving the \$125,000 increase, subject to confirmation.

Motion was made and seconded to approve a fee increase for Daniel Phillips Vaughn & Bock in the amount of \$125,000. Carried by unanimous vote (Floyd/Banke)

- c. California Veterans Assistance Foundation Financial Statements Auditor's Report December 31, 2025 – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster presented the above action item noting this audit firm had been doing the auditing for CVAF for several years and is a small firm out of Wisconsin. Tracy explained that the California Veterans Assistance Foundation audit is presented as a clean audit, with no material weaknesses identified. However, Tracy cautioned the Audit Committee not to interpret the clean audit results as an indication that there are no federal compliance findings. Tracy noted that the audit firm had been engaged previously by CVAF for an extended period without a formalized RFP or procurement process as we would use at CAPK. As a result, the level and scope of testing performed may not be comparable to the audit procedures that would be expected of an audit firm serving CAPK. Tracy further explained that the federal review is currently underway and auditors are evaluating the Grant and Per Diem (GPD) program based on its applicable performance period under CVAF. While CAPK strives to adhere to federal guidelines, additional findings are expected to be included in a subsequent report anticipated in November. These findings may include questioned costs related to inappropriate allocations and an inappropriate, non-arm's-length lease arrangement for a GPD site. Tracy also mentioned that the lease arrangement has been identified as an inappropriate and unallowable cost.

Since CAPK has now completed the merger with CVAF, CAPK may have a financial responsibility to repay the associated costs even though they occurred under the authority of CVAF.

Motion was made and seconded to approve the CVAF audit report. Carried by unanimous vote (Banke/Floyd)

d. Formation of Ad Hoc Committee to Review Audit Firms RFP's – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster presented the above action item and explained that the agency is approximately one year away from beginning the process of developing the next audit firm RFP. The proposed Ad Hoc Committee would assist with reviewing how the RFP is developed and released, as well as reviewing proposals and participating in interviews with prospective audit firms. The goal is to begin the process early enough to have a new audit contract in place by December 2027. Jeremy Tobias requested the Audit Committee submit names for consideration for the Ad Hoc Committee, with at least one member of the Audit Committee participating. The committee structure would be established in a manner that avoids creating a Brown Act issue. Curtis Floyd noted he would like to be a part of the Ad Hoc committee.

Motion was made and seconded to approve the audit report by DPVB. Carried by unanimous vote (Banke/Floyd)

e. 2026 CSBG On-Site Monitoring Report – CAPK Report No. C-26-019 – Jeremy Tobias, Chief Financial Officer - **Action Item**

Jeremy Tobias presented the above action item noting there were no findings, no observations, and no recommendations for the recent CSBG on-site monitoring review. It was a great review, and the CSD reviewer gave CAPK very high marks. Staff was able to take the CSD representative on several tours of CAPK CSBG funded program sites. The reviewer enjoyed meeting the staff and felt they were very professional and engaged. CSD was happy with the board minutes and noted the robust discussions among the Board and felt the Board was engaged in the program operations and administration.

Motion was made and seconded to approve the audit report by DPVB. Carried by unanimous vote (Banke/Floyd)

MEMORANDUM

To: Board of Directors
Tracy Webster
From: Tracy Webster, Chief Finance Officer
Date: August 26, 2026
Subject: *Agenda Item IV(z):* Update to Proposed Independent Auditor Fee Increase – **Action Item**

Community Action Partnership of Kern (CAPK) issued a Request for Proposal in September 2020 for audit services. The audit firm Daniells, Phillips, Vaughn & Bock (DPVB) was selected by the Board of Directors in January 2021.

DPVB completed the initial 5-year service period under the original contract with no increases to the fee structure. The CAPK Board has approved the extension of the agreement with the two option years of the contract, taking the contract through the next two audit cycles. In conjunction with this, a review was completed of the continued growth due to additional federal, state and local funding as well as the acquisition of California Veterans Assistance Foundation (CVAF), and DPVB has proposed the fee increases for the final two extension years under the agreement. DPVB noted that CAPK had experienced a 10% increase for State work and a 15% increase for Federal work in just the past year, and this is following previous year-over-year increases of approximately 50%. When locking in pricing with no increases for the original 5-year term they could never have foreseen the drastic increase to the size and scope of CAPK audit work.

The Audit and Pension Committee met on August 13th to review the original proposed fees. The Committee agreed to fee increases for an amount not to exceed \$125,000. Accordingly, please see the following proposed fee schedule:

Purpose	Current	Proposed	Revised
Financial and compliance 2/28	\$60,000	\$85,000	\$80,000
Special purpose 6/30	12,000	20,000	17,800
Pension Plan 401(a)	6,500	12,000	10,500
Pension Plan 403(b)	6,500	12,000	10,500
First Five Kern	4,000	3,500	3,000
Federal and state tax returns	3,000	3,300	3,200
TOTAL	\$92,000	\$135,800	\$125,000

DPVB has performed high-quality audit engagements for CAPK that have been delivered timely and accurately to the Board of Directors, funding sources, and other stakeholders. Staff have evaluated the proposed fee adjustment and determined that the proposed increase is reasonable in comparison to the significant growth of federal revenue, state revenue and net agency assets.

Recommendation

Staff recommend the Audit and Pension Committee approve the increase rate structure for upcoming audits from \$92,000 to \$125,000 through the contract period that covers the audits for 2025-26 and 2026-27.

Bakersfield, California 93301

Thank you for the opportunity to submit our proposed fees for the December 31, 2025, February 28, 2026 and June 30, 2026 audit and tax services for **Community Action Partnership of Kern**. We are delighted to continue serving you, and we are committed to providing continuous, top-quality service at a fair fee.

We are enthusiastic about continuing to work with you and your personnel and believe we can continue to contribute to your operational efficiency. We use highly skilled people, structured quality procedures and proprietary technology to keep costs low, improve turnaround time, and maintain quality. Our emphasis is on value-added service – service that goes beyond what is unexpected – service you will always receive from us. In this regard, the following characteristics distinguish Daniells Phillips Vaughan & Bock:

- ***Your needs will be met*** - We have prepared financial statements and tax returns for numerous not-for-profit organizations including those with activities and operations similar to yours.
- ***Familiarity with your operations*** - Our team is knowledgeable about accounting operations such as yours due to involvement with similar operations of other organizations.
- ***We respond quickly*** – Our practice is one of the largest in Kern County with an office in Bakersfield since 1956, with approximately 60 professionals. As a member of the Aprio Alliance, we have resources immediately available to us at a national firm level. In short Daniells Phillips Vaughan & Bock has all of the support of a national firm, but acts as a highly focused, independent client service organization locally.
- ***We emphasize communication*** – Our approach is to communicate frequently and openly to be in a position to discuss and resolve issues at an early date to avoid surprises.
- ***You will not have to train us*** – Many of the people who we work with continue to express a great deal of satisfaction with the way our engagements are conducted, the way our team interacts with client personnel and the timeliness and quality of the information we deliver.
- ***You can measure our value*** – Our fees are reasonable and fair.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
California Veterans Assistance Foundation, Inc.

Opinion

We have audited the accompanying financial statements of California Veterans Assistance Foundation, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California Veterans Assistance Foundation, Inc. as of December 31, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of California Veterans Assistance Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Veterans Assistance Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of California Veterans Assistance Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about California Veterans Assistance Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 7, 2026 on our consideration of California Veterans Assistance Foundation, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of California Veterans Assistance Foundation, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering California Veterans Assistance Foundation, Inc.'s internal control over financial reporting and compliance.

CALIFORNIA VETERANS ASSISTANCE FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

California Veterans Assistance Foundation, Inc. (CVAF) is a non-stock, non-profit corporation that receives a substantial portion of its revenue from the United States government through grants from the U.S. Department of Veterans Affairs and the U.S. Department of Labor. Through these grants, CVAF manages and operates veteran resource and referral centers, and provides temporary housing at several locations in California. Significant programs include the following:

Grant Per Diem Program – Program offers supportive housing, case management, education, crisis intervention, counseling and other services for homeless veterans.

Supportive Services for Veteran Families – Program offers supportive services for veteran families who are homeless or at risk of homelessness. Assistance includes temporary financial assistance for rent, utilities, security deposits, furnishings and transportation in addition to services such as outreach, case management, benefit assessments and assistance in obtaining mainstream benefits.

Other Programs – CVAF manages several other programs including Homeless Emergency Aid Program for Low Barrier Housing, Homeless Housing Assistance and Prevention, Homeless Collaborative, and Covey Cottages. These programs provide housing and case management services.

All programs were taken over by Community Action Partnership of Kern (CAPK) on October 1, 2025.

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of CVAF have been prepared on the accrual basis of accounting and accordingly, reflect all significant receivables, payables, and other liabilities.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - For financial statement purposes CVAF considers all highly liquid investments with a maturity of three months or less, when purchased, to be cash equivalents.

Grants Receivable and Allowance for Credit Losses – Receivables are due upon receipt on grants for which reimbursement was submitted for services performed by CVAF. Management reviews receivables on a periodic basis to determine their collectability. Receivables are considered past due after 60 days. Uncollectible receivables are written off to credit loss expense. Historically, CVAF has not incurred any significant credit losses and as such, management does not believe an allowance is necessary.

Property and Equipment – CVAF capitalizes land, buildings and improvements in excess of \$5,000 and vehicles and equipment in excess of \$2,500. Donated assets are recorded at the fair market value at the date of contribution.

CALIFORNIA VETERANS ASSISTANCE FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Depreciation is computed on a straight-line basis over the estimated service lives of the assets:

Vehicles	5 years
Equipment	5-7 years
Building improvements	5-15 years
Buildings	39 years

Depreciation expense totaled \$63,318 and \$42,421 for the years ended December 31, 2025 and 2024, respectively.

Leases – CVAF accounts for leases following ASC 842, *Leases*. CVAF determines if an arrangement is or contains a lease at inception. Leases are included in right-of-use (ROU) assets and lease liabilities in the statement of financial position. ROU assets and lease liabilities reflect the present value of the future minimum lease payments over the lease term. Operating lease expense is recognized on a straight-line basis over the lease term. CVAF does not report ROU assets and lease liabilities for its short-term leases (leases with a term of 12 months or less). Instead, the lease payments of those leases are reported as lease expense on a straight-line basis over the lease term.

CVAF elected not to reassess at adoption (i) expired or existing contracts to determine whether they are or contain a lease, (ii) the lease classification of any existing leases, or (iii) initial direct costs for existing leases.

Contributions – CVAF records gifts of cash and other assets at their fair value as of the date of the contribution or the unconditional commitment. Such donations are recorded as support without donor restrictions unless explicit donor stipulations specify how the donation must be used. Unconditional contributions that are originally restricted by the donor and for which the restriction is met in the same period are recorded as with donor restrictions and then released from restriction.

Unconditional promises to give expected to be collected within one year are reported at their net realizable value. Unconditional promises to give expected to be collected in future years are reported at the present value of estimated future cash flows. The resulting discount is amortized and reported as contribution revenue. Conditional promises to give are recognized as revenues when the conditions on which they depend are substantially met.

Donated Goods and Services - Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Ther services are recognized as estimated fair value based upon current rates for the services performed. CVAF recorded donated services of \$17,661 and \$95,602 during the years ended December 31, 2025 and 2024, respectfully, for professional construction related services provided for the Covey Cottages project. Donated goods have not been recorded as they are not believed to be material to the financial statements. Many other volunteers have also provided other services throughout the year that are not recognized as contributions in the financial statements because the recognition criteria were not met.

Revenue Recognition – CVAF identifies a contract with an organization for revenue recognition when there is approval and commitment from both parties, the rights of the parties and payment terms are identified, the contract has commercial substance and the collectability of consideration is probable. CVAF evaluates each contract to determine the number of distinct performance obligations in the contract, which requires use of judgment. To determine the proper revenue recognition method, CVAF evaluates whether contracts should be

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

combined and accounted for as a single contract and whether the contract should be accounted for as a single or multiple performance obligation. Any cash received for revenue not yet earned is considered deferred revenue.

Federal grants are the primary source of contract revenue. Contract revenue with other organizations is primarily from contract case management fees. These contracts consist of a single performance obligation. Revenue is recognized over the time its services are provided to the organization or for the grant. The determination of the method by which CVAF measures its progress towards the satisfaction of its performance obligations requires judgment.

Income Tax Status – CVAF qualifies as a tax-exempt organization under Section 501(c)(3) and 509(a) of the Internal Revenue Code and corresponding provisions of State law and, therefore, has no provision for federal or state income taxes.

The Organization's policy is to evaluate uncertain tax positions, at least annually, for the potential for income tax exposure from unrelated business income or from loss of nonprofit status. Tax years ending December 31, 2022 and after are currently open to potential audits.

Net Assets - Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for general use that are not subject to donor-imposed stipulations.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Board pursuant to those stipulations. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates those resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Functional Allocation of Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and the statement of functional expenses. Expenses which are easily and directly associated with a particular program or supporting service are charged directly to that functional area. Certain other expenses have been allocated to the program and supporting services benefited based on time devoted by the Organization's staff or the square footage allocated to the functional area.

Advertising Costs – Advertising costs are expensed as incurred. Advertising costs totaled \$251 and \$939 for the years ended December 31, 2025 and 2024, respectively.

NOTE 2 – CASH AND CASH EQUIVALENTS

CVAF maintains cash accounts at several commercial banks. Accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at each bank. CVAF had total cash of \$1,067,350 with a bank balance of \$987,350 at December 31, 2025. Bank balances totaling \$487,350 were not insured by the FDIC at December 31, 2025.

Revenue is recognized when (or as) performance obligations are satisfied by transferring control of the promised service to the customer.

The Organization generates revenue from the following activities:

- GPD - Supportive housing, case management, education, crisis intervention, counseling and other services for homeless veterans.
- SSVF - Supportive services for veteran families who are homeless or at risk of homelessness. Practical Expedients – The Organization has elected to apply the following practical expedients when determining revenue from contracts with customers and capitalization of related costs:

- The Organization has elected to not adjust revenue for the effects of a significant finance component when the timing difference between the recognition of revenue and receipt of payment is less than one year.
- The Organization has elected to expense incremental costs to obtain a contract when the amortization period of the related asset is expected to be less than one year.

NOTE 8 – CONCENTRATION OF RISK

CVAF receives grants from the Department of Veterans Affairs. Support and revenue from these grants amounted to \$1,596,757 and \$2,344,425 for the years ended December 31, 2025 and 2024, respectively. These grants represented 65% and 67% of revenue for the years ended December 31, 2025 and 2024, respectively. Receivables from these grants amounted to \$0 and \$78,696 at December 31, 2025 and 2024, respectively. CVAF received a HUD Home-ARP grant/loan award of \$692,000 through Kern County for the Covey Cottages project. NOTE 11 – LEASES

CVAF evaluates contracts to determine which meet the criteria of a lease. The right of use (ROU) assets represent CVAF's right to use underlying assets for the lease term, and the lease liabilities represent CVAF's obligation to make lease payments arising from these leases. The ROU assets and lease liabilities, all of which arise from operating leases, were calculated based on the present value of future lease payments over the lease terms. CVAF has made an accounting policy election to use a risk-free rate in lieu of its incremental borrowing rate to discount future lease payments. The weighted average discount rate applied to calculate lease liabilities as of December 31, 2025 and 2024 was 4.73%.

CVAF leases office space, program housing, vehicles and equipment from various parties. For the years ended December 31, 2025 and 2024, total ROU operating lease costs were \$124,911 and \$123,338, respectively and total short-term lease costs were approximately \$12,554 and \$54,631, respectively. As of December 31, 2025 and 2024, the weighted-average remaining lease term for the CVAF's ROU operating leases was approximately 1.6 years and 2.1 years, respectively.

Future maturities of ROU operating lease liabilities as of December 31, 2025 are as follows:

Years Ending December 31:	Amount
2026	\$ 128,144
2027	79,275

NOTE 12 – RELATED PARTY TRANSACTIONS

CVAF performs a variety of services for the Kern County Housing Authority. Receivables for these services totaled \$7,102 and \$20,326 at December 31, 2025 and 2024, respectively and revenue recognized totaled \$18,483 and \$78,763 for the years ended December 31, 2025 and 2024, respectively. The Housing Authority's assistant executive director was a CVAF board member through February 2025.

The CVAF board of directors approved the merger of CVAF with Community Action Partnership of Kern (CAPK) with an initial effective date of October 1, 2025. The merger became effective when it was formally approved by the State of California on February 10, 2026. As of that date, CVAF will be operated as a division of CAPK. Effective March 10, 2025, all CVAF staff became employees of CAPK and CAPK assumed a management role over CVAF. If government revenue is recorded for expenditures which are subsequently disallowed, CVAF may be required to repay the questioned costs to the funding agency. These amounts are recorded as unearned revenue in the financial statements. Management of CVAF is not aware of any additional disallowed expenditures that would have a material effect on the financial statements.

CVAF was awarded a \$692,000 HOME-ARP loan/grant to be used for the Covey Cottages project. The loan/grant has a 30-year term with interest at 0% and is secured by the property. Repayment is based upon free cash flow of the project. The loan also contains compliance requirements related to rent and income restrictions for a minimum of 20 years. The loan/grant will not need to be repaid if all of the compliance requirements are met during the compliance period. CVAF received \$142,362 and \$549,638 of the award during the years ended

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
California Veterans Assistance Foundation, Inc.

We have audited in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of California Veterans Assistance Foundation, Inc. as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise California Veterans Assistance Foundation, Inc.'s financial statements, and have issued our report thereon dated May 7, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered California Veterans Assistance Foundation, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of California Veterans Assistance Foundation, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of California Veterans Assistance Foundation, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether California Veterans Assistance Foundation, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
California Veterans Assistance Foundation, Inc.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited California Veterans Assistance Foundation, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of California Veterans Assistance Foundation, Inc.'s major federal programs for the year ended December 31, 2025. California Veterans Assistance Foundation, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, California Veterans Assistance Foundation, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of California Veterans Assistance Foundation, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of California Veterans Assistance Foundation, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to California Veterans Assistance Foundation, Inc.'s federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on California Veterans Assistance Foundation, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about California Veterans Assistance Foundation, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding California Veterans Assistance Foundation, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of California Veterans Assistance Foundation, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of California Veterans Assistance Foundation, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as described above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Engagements for audits of government grants, government units or other recipients of government monies typically require that such audits be in compliance with government audit standards, guides, procedures, statutes, rules and regulations, in addition to generally accepted auditing standards. If a member has accepted such an engagement and undertakes an obligation to follow specified government audit standards, guides, procedures, statutes, rules and regulations, in addition to generally accepted auditing standards, he or she is obligated to follow such requirements. Failure to do so is an act discreditable to the profession in violation of Rule 501, unless the member discloses in his report the fact that such requirements were not followed and the reasons, therefore.

Administrative Review

Board Composition

According to the Agency's bylaws dated February 26, 2025, the Tripartite Board must be composed of fifteen (15) Members. Per Agency's bylaws the Board membership shall be composed of: One-third public sector members, one-third low-income members, and one-third private sector members. Bylaws do specify a target timeframe for filling board vacancies.

Regarding the establishment of a quorum the bylaws state, at least fifty percent (50%) of the non-vacant seats of the Board shall constitute a quorum.

A review of the Agency's bylaws did confirm the Agency has an acceptable, enumerated policy for the democratic selection of low-income board members.

The CSD 188 board roster dated June 26, 2026, indicates the Board is composed of fifteen (15) members: five (5) public sector members, five (5) low-income sector members, and five (5) private sector members with no board vacancies.

Board Meeting Minutes

Submission of Board Meeting Minutes

Agency did submit approved minutes for its board meetings to CSD within thirty days of approval as required in the annual contract agreement (2026 CSBG Contract Agreement Section 4.1.5).

Board Involvement

A review of the board minutes from February 25, 2026, March 25, 2026, and April 29, 2026 indicates a quorum was met for each meeting. The information contained within the board minutes did provide the Field Representative with sufficient information to confirm the board's involvement in the development, planning, implementation, and evaluation of the program.

Fiscal Review

Working Capital Advance	CAP Kern presented the Field Representative documentation which demonstrates the Agency does retain the advance payment in an interest-bearing account.
Expenditure Progress	During the entrance conference the Field Representative met with the Executive Director and Finance Manager to discuss the status of all open contracts.
CSBG Contract 25F-5015	A review of EARS reports from June 2025 through April 2025 indicates 100% of the 2025 allocation has been expended. The 2025 CSBG Contract is now considered closed.

Monitoring Report E-26-009

The Department of Community Services and Development (CSD) is responsible for the oversight of the Low-Income Home Energy Assistance Program (LIHEAP) and/or the Department of Energy Weatherization Assistance Program (DOE WAP) and Infrastructure Investment and Jobs Act (DOE IIJA). Hence, CSD is required to monitor the activities of Community Action Partnership of Kern (CAPK) to ensure compliance with all contractual and statutory requirements.

INTRODUCTION

CSD conducted a monitoring on-site visit of Community Action Partnership of Kern (CAPK) from May 4 to May 6, 2026. CSD reviewed the following CAPK Energy contracts: LIHEAP 26B-4012, DOE WAP 25C-8007 and Infrastructure Investment and Jobs Act (IIJA) (DOE-IIJA) 22P-7010. Darrell McCormick, Field Representative, conducted the monitoring review in accordance with CSD's Energy and Environmental Services Division's Monitoring Scope.

The purpose of the review is to ensure the Contractor meets the Administrative Requirements, Financial Requirements, Programmatic Requirements, Compliance Requirements, and other applicable requirements as prescribed in the contract and referenced therein (2 CFR §200.328; 45 CFR §75.342; DOE WAP, DOE IIJA and LIHEAP Article 10.3).

This monitoring report contains the following sections:

- I. Administrative Requirements
- II. Financial Requirements
- III. Programmatic Requirements
- IV. Compliance Requirements
- V. Monitoring Summary
- VI. Recommendations, Observations, and Findings

I. ADMINISTRATIVE REQUIREMENTS

The purpose of the Administrative Requirements review is to ensure that the Contractor is properly administering the Federal and/or State programs in accordance with CSD's contract requirements. The areas covered under the Administrative Requirements are Board Roster, By Laws, Resolution and Minutes; Internal Controls Requirements; Record Retention Requirements; Travel and per diem; Conflict of Interest; Procurement Standards; Use and Disposition of Vehicles and Equipment; Subcontracts; Complaint Management Policies and Procedures; Fair Hearing Process for Applications for Denial of Benefits by Contractor; and Fraud, Waste and Abuse.

Administrative Requirements: Fair Hearing Process for Applications for Denial of Benefits by Contractor

The purpose of this section is to ensure the agency has a written appeals process in place providing applicants who are denied benefits or services, or who receive an untimely response or unsatisfactory performance, the right to appeal.

22 C.C.R. 100805, 22 C.C.R. 100904.5; LIHEAP 4.12

The Appeals Tracking Log was missing the required field for date of client notification of decision (LIHEAP 4.12.1.3). The agency corrected the error during the on-site visit, so this is considered a closed Observation.

II. FINANCIAL REQUIREMENTS

The purpose of the Financial Requirements review is to ensure that Contractor's financial management systems, including records documenting compliance with Federal and/or State statutes, regulations, and the terms and conditions of the Federal and/or State award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal and/or State statutes, regulations, and the terms and conditions of the Federal and/or State award. The areas covered under the Financial Requirements are Working Capital Advance and Major Purchase Advances; Wood, Propane and Oil Returned Payments; Allowable Costs; Service Area Expenditures Requirements; Reimbursement Guidelines; and Reporting Requirements.

Based on the CSD Field Representative's review, the CSD Field Representative did not identify any issues regarding Financial Requirements.

III. PROGRAMMATIC REQUIREMENTS

The purpose of the Programmatic Requirements review is to ensure that the Contractor is adhering to the programmatic requirements of the contract. The areas covered under the Programmatic Requirements are Program Standards and Regulatory Requirements; Prioritization of Services; Service Priority Guidelines; Outreach and Intake Activity Guidelines; Assurance 16 Activity Guidelines; Leveraging Activities; Record-Keeping Responsibilities; HEAP/WPO Activity Guidelines; Weatherization Activity Guidelines; Energy Crisis Intervention Program (ECIP) Services Activity Guidelines; ECIP Fast Track and HEAP Electric and Gas Pledge Guidelines; SWEATS Activities Guidelines; Quality Assurance; Training Requirements; Quality Control Inspectors Certification; Contractor Licensing; Special Licensing – Weatherization; Environmental Protection Agency (EPA) Certifications; and Mandatory Training.

Due to the DOE contract cycle ending June 30, 2026, there may be overlap in the files requested by the CSD Field Representative and CSD's third party inspector ConSol, in order to meet DOE inspection requirements. While issues may or may not have been identified during the CSD Field Representative's programmatic review, ConSol's review may identify issues of a more technical nature that will not be identified in this monitoring report, as it may fall outside of the scope of the CSD Field Representative's review. Therefore, any issues identified by ConSol on these same files (if applicable) will be identified in the inspection report issued by ConSol.

The CSD Field Representative requested several client files for review. Below is a summary of the number of client files requested, received and reviewed:

Contract	Program	Number of Files Requested	Number of Files Received	Number of Files Reviewed
22P-7010	WX	10	10	10
26B-4012	WX	9	9	9
26B-4012	UA/WPO	39	39	39
26B-4012	COI	4	4	4
TOTALS		62	62	62

Programmatic Requirements: Record-Keeping Responsibilities

The purpose of this review is to ensure the agency is adhering to all appropriate program policies, procedures and standards, including those incorporated by reference in the contract.

LIHEAP 7.8

There were some minor issues affecting a few files (e.g., discrepancies between CSD 43 and client file and CORE), misunderstandings on Field Representative's part (e.g., income, energy bill, and priority points calculations), none of which were systemic. While all questions were satisfactorily answered by the agency, one issue is detailed below:

The CSD 43B form for reporting zero income was missing from two (2) UA client files:

- Acevedo, O (1033102)
- Adkins, D (1032727)

Both clients were Categorically Eligible under CalFresh participation (which does not require submission of income documentation).

However, the CSD 43B should still be completed for the following reasons:

- Per the Eligibility & Verification Guide, if the file moves to DOE WAP, the CSD 43B follows (but does not need to be notarized). However, in the absence of a CSD 43B, DOE requirements cannot be met. The DOE WAP contract does not include categorical eligibility and requires the CSD 43B for the client file (2025 DOE WAP 7.6.3.8).
- If 120 days pass, and income eligibility needs to be re-established, notary requirements will once again apply under DOE WAP (and can only be achieved with a CSD 43B form).
- If a client receives CalFresh (and earns CE) they can self-certify their monthly income without documentation (so benefit level can be calculated). If a client chose to state zero income instead, they would receive more priority points AND a greater benefit. Therefore, the CSD 43B should be used to accurately document zero income.

In an email dated 1/10/2024, the agency received guidance from CSD that a CSD 43B would not be required for a client under Categorical Eligibility. Upon further discussion with the Energy Help Desk, it was learned that their understanding of the agency's question was exclusive to LIHEAP. Because of this, the absence of the CSD 43B forms will not be considered an Observation.

However, it is recommended that moving forward, the CSD 43B be collected for all clients certifying zero income in the event the application is served under DOE WAP.

IV. MONITORING SUMMARY

Best Practices:

CSD would like to recognize CAPK for the following Best Practices:

- Process Study Reports that result in improved productivity and outcomes for both agency and community
- Purposeful collaboration among staff members across various departments
- Openness to revise procedures and approaches as needs and opportunities change

Exit Conference & Discussion:

At the Agency's Exit Conference on Wednesday, May 6, 2026, the CSD Field Representative provided an overview of the outcome of the on-site visit. The following topics were discussed:

- Utility Assistance and Weatherization Client File Review: There were some minor issues affecting the files, but all questions were satisfactorily addressed.
- While income verification is not required when a client is Categorically Eligible, the zero-income form (CSD 43B) should still be completed in the event the file becomes part of a DOE WAP job.
- The Appeals Tracking Log is required to identify the date the client was notified of the decision (LIHEAP 4.12.1.3). The agency made the correction on-site.
- Within 30 days after the conclusion of the monitoring, the CSD Field Representative will furnish a draft monitoring report for the agency to review for up to two (2) weeks. The agency will have an opportunity to discuss the issues highlighted in the report either by an email response or a teleconference. CSD will finalize the report once all issues have been discussed or there is no response from the agency.

V. RECOMMENDATIONS, OBSERVATIONS, AND FINDINGS

Recommendations are offered by CSD as a suggestion for potential improvement of current processes, systems, or general business practices. Recommendations do not require a Corrective Action Plan response.

Observations are identified contractual noncompliance issues that are an identified 'Significant Deficiency' which is caused by a deficiency, or combination of deficiencies, in

internal control that is less severe than a 'Material Weakness,' yet important enough to merit attention. An Observation does not require a Corrective Action Plan response; however, the agency must immediately remedy the issue of noncompliance within 90 calendar days from the issuance of the final monitoring report. Thus, if the agency fails to document the remediation of and/or forsakes to remedy an Observation by the specified timeframe, upon follow up the Observation may then be elevated to a Finding as it now carries material error.

Findings are identified contractual noncompliance issues that: (1) cause a financial impact; or (2) was a previously identified Observation and/or Finding that was not found to be remedied; or (3) is a Material Weakness caused by a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility of a material misstatement that will not be prevented, or detected and corrected on a timely basis. Findings are considered material noncompliance of the contract, and any materials referenced therein. A material noncompliance is defined as any issue which carries substantial financial, personnel, public, and/or agency/CSD ramifications; a material noncompliance may or may not preclude the agency from further performance. Findings require a Corrective Action Plan from the agency within 30 calendar days of the issuance of the final report outlining how the issue of noncompliance will be remedied and other course of action as outlined in each topic. Findings will not be considered closed until the agency is able to demonstrate the issue has been completely resolved and has provided a sufficient response on how the issue will not reoccur.

RECOMMENDATION:

Recommendation 1: Completion of the CSD 43B form for all Client Self-Certifications of Zero-Income

Summary: While Categorical Eligibility can be established through CalFresh participation (with no income support being required), it was suggested that the CSD 43B form always be completed for one or more of the reasons outlined earlier in this report.

Action Required: Following our discussion, the agency agreed to implement this recommendation as a Best Practice. No Corrective Action Plan is required.

OBSERVATION:

Observation 1: Administrative Requirements: Fair Hearing Process for Applications for Denial of Benefits by Contractor

Summary: The Appeals Tracking Log was missing the field for date of client notification of decision.

Reference: 22 C.C.R. 100805, 22 C.C.R. 100904.5, LIHEAP 4.12

Action Required: The agency made the necessary correction and CSD considers this Observation closed. It is subject to future follow-up during the next monitoring review. No Corrective Action Plan is required.

No one addressed the Committee.

4. New Business

- a. Head Start / Early Head Start Budget to Actual Reports for entire June 30, 2026 – Tracy Webster, Chief Financial Officer – ***Info Item***

Tracy Webster presented the above agenda item to the committee.

Fred Plane asked Tracy to elaborate on the percentages and discuss where they are in relation to the fiscal year. Tracy explained that expenses fluctuate throughout the year based on program activity. Several classes conclude at the end of May for summer break, resulting in higher expenses through May, followed by a decrease during the summer and then an increase as programs resume. These trends are monitored throughout the year

- b. 2026-2027 SJCOE Contract Retroactive Renewals – Tracy Webster, Chief Financial Officer – ***Action Item***

Tracy Webster presented the above action item to the committee noting this process was started in advance but was delayed by San Joaquin County Office of Education for processing.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Davis/Plane).

- c. 2026-27 Retroactive Budget Revision/Equipment Purchase Approval – Rosa Guerrero, Administrative Analyst Head Start & State Child Development - **Action Item**

Rosa Guerrero presented the above action item and reported that this request is a result of the need for an emergency equipment purchase to replace the HVAC unit at the Delano Head Start Center. Approval is requested to transfer \$18,789.31 within Head Start base funds from the "Other" class category to the "Equipment" category.

Fred Plane inquired if CAPK anticipates any problems with the Office of Head Start (OHS) approving the request. Rosa replied no, they are already aware of the request, and these requests have been made in the past and OHS has been made aware of this emergency request.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Davis/Plane).

- d. Renewal Contract US Department of Housing & Urban Development (HUD) CA1799L9D042507 & Coordinated Entry System – Rebecca Moreno, Director of Housing & Supportive Services – **Action Item**

Rebecca presented the above action item for a renewal contract with HUD for the operation of the Coordinated Entry System (CES) on behalf of the Bakersfield Kern Regional Homeless Collaborative (BKRHC) Continuum of Care (CoC).

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Davis/Plane).

- e. Retroactive Renewal Contract: Bakersfield Kern Regional Homeless Collaborative Rebecca Moreno, Director of Housing & Supportive Services – **Action Item**

Rebecca presented the above action item and explained that the contract is being presented retroactively due to delays in the release of HHAP Round 5 funding. The community had not initially met the required Round 4 performance metrics and was placed on a process improvement plan. Once the requirements were addressed, the State released the funding, and BKRHC the resumed the process.

CAPK assumed the Youth Scattered-Site Shelters contract from CVAF and is bringing the renewal to the Board for approval.

Fred asked how program expenses have been covered from March to the present. Tracy explained that, based on the County of Kern's commitment to renew the contract, CAPK has continued with the program operations and carried the expenses to avoid displacing youth participating in the program. CAPK expects to be reimbursed fully for these costs once the contract and funding are finalized.

Fred mentioned the board wasn't notified of this delay and the use of discretionary funds to temporarily cover the costs. Fred requested that if something like this happens in the future staff should bring it to the board for awareness of the temporary use of other funds.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Davis/Plane).

f. June 2026 Financial Reports – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster presented the June 2026 Financial Reports and noted that she would go into more detail than normal with regards to these reports since Victoria Davis is new to the board and this committee.

The agency borrowed \$1.5 million from the line of credit in June and repaid it in July. Unrestricted cash reserves are \$3.65 million, or 31.6% of the reserve goal, representing the equivalent of approximately nine days of agency expenses. The agency continues to maintain sufficient unrestricted cash to support programs with negative cash balances.

Central Kitchen expenditures are at 39.2%, with USDA revenue at 32.1%. CMAP is earning 95.6% against a target of 100%. Center-based state programs reported attendance/enrollment of 150.9% for CCTR, 115.9% for CSPP, and 5.6% for CMIG. The San Joaquin County CCTR program is at 87.4% attendance, and the new CSPP contract is at 29.8% as the program continues to be established.

Overall agency expenditures are at 34%, closely aligned with the 33.3% target. The June Indirect Fund budget-to-actual report showed revenue exceeding expenditures by \$275,328, representing 34.1% of the budgeted indirect surplus. Indirect Fund expenditures are at 29.7% of budget, compared with the 33.3% target. The agency check register is included in the financial statements.

Jeremy Tobias added details about the unrestricted cash available versus restricted cash reserves for various grants. Jeremy noted an available unrestricted cash balance report will be provided monthly in these meetings.

Victoria stated she appreciated the extended details for this meeting.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Davis/Plane).

5. Committee Member Comments

Fred welcomed Board new member Victoria Davis. Victoria provided a brief introduction of herself to the committee and staff, and she said she is grateful to serve on the CAPK Board.

Date: August 19, 2026

Subject: *Agenda Item 4b:* 2026-27 SJCOE State Contract Retroactive Renewals – **Action Item**

The Head Start and State Child Development Division is requesting approval from the Board of Directors to renew our state contracts with the San Joaquin County Office of Education (SJCOE) for State Preschool (CSPP) and General Childcare (CCTR) funds. This funding supports services for 153 preschool-age children and 144 infant/toddlers in the cities of Lathrop, Lodi, Manteca, and Stockton in San Joaquin County. This funding provides center-based services for children of families needing childcare for up to 10 hours so that they can work, attend school, or participate in job training. The contracts with SJCOE began on July 1, 2026. CAPK received them after the beginning of the contract period, and staff are requesting approval retroactively.

The renewed agreements between the San Joaquin County Office of Education and Community Action Partnership of Kern are to conduct of Head Start Preschool and Early Head Start program activities will be effective from **July 1, 2026, to June 30, 2027**. The funding for CSPP is in the amount of **\$2,176,902**. The CCTR funding is in the amount of **\$3,086,688**. With the retroactive approval from the board, contracts will be fully executed prior to the end of August. It is important to note that CAPK received the contract from SJCOE in late July 2026. Head Start leadership was in discussions with SJCOE regarding the delayed release of the renewal contracts. Services to children were not interrupted, nor were payment of invoices delayed.

This initiative aligns with CAPK's Strategic Priority A as our continued partnership fosters pathways out of poverty by promoting community led investments through expanding access to quality education.

Recommendation

Staff recommends that the Board of Directors retroactively approve the renewal of the 2026-27 San Joaquin County Office of Education CSPP and CCTR contracts and authorize the Chief Executive Officer to execute the contract and any amendments.

The withheld funds may only be released once the OFFICE is satisfied that full compliance has been restored. Additionally, if the breach results in financial loss or non-compliance with funding regulations, the SUBCONTRACTOR may be required to reimburse the OFFICE for any affected amounts.

If the breach is not resolved within the corrective action period or if the violation is deemed severe, the OFFICE reserves the right to terminate the subcontract. A written notice of termination will be issued, which may be effective immediately or within a specified timeframe. Upon termination, the SUBCONTRACTOR must cease all services and return any unspent funds. Furthermore, repeated or serious breaches may result in the SUBCONTRACTOR being disqualified from entering into future agreements with the OFFICE.

These remedies ensure accountability and protect the interests of all parties involved. The OFFICE will make reasonable efforts to work with the SUBCONTRACTOR to correct deficiencies before imposing severe penalties, but failure to comply with contractual terms may lead to

financial and legal consequences.

Tiered Agreement Matrix

The Tiered Cooperative Agreement Risk Review Indicator Table demonstrates the level of support needed for the Educational Partners in each indicator, from the “High Risk”, a high need for support, to “Moderate Risk”, less need for support, to the “Low Risk”, with no need for support.

Determining <i>Program Quality</i> Level of Risk Review Indicator Table					
Indicators		Regulations/ Standards	High Risk 1 or more in high-risk results in high-risk determination	Moderate Risk 2 or more in moderate risk and 0 in high risk	Low Risk all in low risk, no more than 1 in moderate risk
1.Basic Expectations / Structural Systems	1.1 Staff Vacancy	Regulation: Standard:	Evidence of staff vacancies impacting services to children, regardless of whether a written plan is in place.	A written plan is implemented to address staff vacancies with minimal impact on services to children.	A written plan is effectively implemented to ensure that staff vacancies have no impact on services for children.
	1.2 Health and Safety Systems	Regulation: HSPPS 1302.47, 45 CFR 1302.21 Standard: 101212 & 101226 T22, EED 10 CSPP CCD 10 CCTR	There is evidence of serious concerns related to child safety and supervision practices, including but not limited to one or more Type A violations or two or more Type B violations issued by California Child Care and Development Services , run (CCLD), and/or Health and Safety System Findings. These findings indicate significant lapses in meeting licensing regulations and suggest that current systems and practices are not effectively ensuring children's safety and well-being.	There is evidence of a lapse in safety or supervision practices, including but not limited to one Type B violation issued by CCLD and/or Health and Safety System findings. While not posing an immediate threat to children's well-being, the violation indicates a need for corrective action and greater consistency in following established health and safety procedures.	Clear evidence of an effective system for Health and Safety Systems, with consistent practices in place that meet or exceed licensing requirements. CCLD unannounced and annual inspection reports show no findings, indicating strong adherence to health and safety regulations and proactive supervision measures.

Tiered Agreement Matrix

The Tiered Cooperative Agreement Risk Review Indicator Table demonstrates the level of support needed for the Educational Partners in each indicator, from the “High Risk”, a high need for support, to “Moderate Risk”, less need for support, to the “Low Risk”, with no need for support.

Determining <i>Program Quality</i> Level of Risk Review Indicator Table					
Indicators		Regulations/ Standards	High Risk 1 or more in high-risk results in high-risk determination	Moderate Risk 2 or more in moderate risk and 0 in high risk	Low Risk all in low risk, no more than 1 in moderate risk
1. Basic Expectations/ Structural Systems	1.1 Staff Vacancy	Regulation: Standard:	Evidence of staff vacancies impacting services to children, regardless of whether a written plan is in place.	A written plan is implemented to address staff vacancies with minimal impact on services to children.	A written plan is effectively implemented to ensure that staff vacancies have no impact on services for children.
	1.2 Health and Safety Systems	Regulation: HSPPS 1302.47, 45 CFR 1302.21 Standard: 101212 & 101226 T22, EED 10 CSPP CCD 10 CCTR	There is evidence of serious concerns related to child safety and supervision practices, including but not limited to one or more Type A violations or two or more Type B violations issued by California Child Care and Development Services , run (CCLD), and/or Health and Safety System Findings. These findings indicate significant lapses in meeting licensing regulations and suggest that current systems and practices are not effectively ensuring children's safety and well-being.	There is evidence of a lapse in safety or supervision practices, including but not limited to one Type B violation issued by CCLD and/or Health and Safety System findings. While not posing an immediate threat to children's well-being, the violation indicates a need for corrective action and greater consistency in following established health and safety procedures.	Clear evidence of an effective system for Health and Safety Systems, with consistent practices in place that meet or exceed licensing requirements. CCLD unannounced and annual inspection reports show no findings, indicating strong adherence to health and safety regulations and proactive supervision measures.

	1.3 UIR	Regulation: 1302.47 (b) (1) (i), 45 CFR 1302.21 (b)(d) Standard: 101212 Title 22, EED 09 CSPP CCD 10 CCTR, Title 5	Failure to report more than one unusual incident to SJCOE within 24 hours of the occurrence or failure to submit Unusual Incident Reports (UIR) within the timeframe to SJCOE and CCL (with documentation of submission to CCL), and/or more than one failure to implement appropriate follow-up.	Failure to report at least one unusual incident to SJCOE and CCL within 24 hours of occurrence, and/or one failure to implement appropriate follow-up. CCL.	Evidence of an effective system for reporting UIRs and ensuring appropriate follow-up to SJCOE and CCL.
	1.4 Contractual Requirements	Regulation: Standard:	Contractual requirements are not consistently met, and Attachment B documents are frequently late, missing, or submitted with significant gaps in information. The documentation lacks the high quality needed to demonstrate compliance or program effectiveness, indicating a serious need for support and corrective action to meet contractual expectations.	Contractual requirements are generally met; however, Attachment B documents are occasionally submitted late or lack completeness and high quality. Improved internal review processes are needed to ensure timely, accurate, and thorough submissions of contractual expectations.	All contractual requirements are consistently met, including the timely submission of accurate, complete, and high-quality Attachment B documents. This reflects strong organizational practices and attention to compliance expectations.

	1.5 Nutritional Services	Regulation: HSPPS 1302.31 (e)(2), 1302.44 Standard: EED 14 CSPP, CCD 13 CCTR, Education Code (EC) sections 8203, 8204, 8205, and 8207 T5 California Code of Regulations (CCR) 17708, 18278-CCTR	Findings documented during monitoring indicate a lack of proper documentation needed to ensure accountability for nutritional services. Issues are present in more than one critical area, including but not limited to missing meal counts, temperature logs, menus, improper food handling, or point of service records. These gaps reflect serious deficiencies in the nutritional system and signal an urgent need for corrective action to ensure that children's health and safety are not compromised.	Special dietary needs are met for each child in compliance with United States Department of Agriculture (USDA) requirements; however, documentation or implementation may be inconsistent. There may be minor gaps in how accommodations are recorded, communicated, or monitored, indicating a need for improved oversight to ensure consistent and fully compliant practices across the program.	Evidence of a well-established system that supports and monitors high-quality, meal service for all children. Meals consistently reflect accommodations for special dietary needs, options for cultural preferences, the needs of children with disabilities, and age-appropriate children. Monthly menus are current, complete, and reflect developmentally appropriate, nutritious meals that align with program requirements. These practices promote healthy eating habits, social engagement, and a strong sense of belonging during mealtimes for all children.
--	--------------------------------	---	--	---	--

	1.6 Family Engagement	Regulation: HSPPS 1302.50, 1302.51, 1302.34 Standard: CCD 07, 16, EED 07	There is no/partial evidence of procedures that support family engagement/involvement experiences attendance at parent meetings, and materials provided to families in multiple languages.	Evidence of procedures that meet family needs, classrooms have family boards with some materials, but may not be up to date, supportive, and informative to families. Most materials provided to families are in multiple languages and provide family engagement/involvement experiences, including but not limited to moderate attendance of parent meetings.	Implementation of clear procedures for family engagement/involvement opportunities that meet family needs, classrooms have family boards with resources that are up to date, representation of children and families through multiple languages, family/child photos are in classroom centers, active outreach and partnerships with families and community agencies that provide family accessibility to engagement/involvement experiences, including but not limited to highly attended parent meetings.
	1.7 Human Resource Systems	Regulation: HSSPS 1302.91, 1302.101(a 1-5) Standard: CCD 15 CCTR EED 17 CSPP	Human Resource systems' failure to meet the most stringent regulations for staff qualifications before hire and meet ongoing requirements, with a lack of a system for record-keeping.	Human Resource systems meet the most stringent requirements aligned with the funding source for staff qualifications before hire and ongoing requirements. Demonstrates occasional implementation of effective systems for record-keeping and is in the process of developing their system of compliance for hiring and record-keeping.	Human Resource systems meet the most stringent requirements aligned with the funding source for staff qualifications before hire and ongoing requirements. Demonstrates implementation of effective systems for record keeping in staff personnel files.

2. MEMORANDUM

To: Budget & Finance Committee

From: Rosa Guerrero, Administrative Analyst

Date: August 19, 2026

Subject: *Agenda Item 4c: 2026-27 Retroactive Budget Revision/Equipment Purchase Approval – Action Item*

The Head Start and State Child Development Division is requesting approval to submit a budget revision for the 2026-2027 fiscal year to the Office of Head Start. CAPK's Head Start Program will be requesting the transfer of \$18,789.31 within Head Start base funds from the Other class category to the Equipment category to facilitate the emergency purchase and replacement of an HVAC unit at the Delano Head Start Center.

Following multiple service evaluations and repair attempts, the existing HVAC unit at the Delano site was determined to be beyond reasonable repair and prompt replacement was recommended. The evaporator coil is no longer available and with unsuccessful efforts to address refrigerants leaks, the overall condition of the equipment no longer supports safe and reliable operation. The total replacement cost for the unit is \$18,789.31.

CAPK recognizes the importance of maintaining learning environments that promote the health, safety, and wellbeing of enrolled children and staff. The timing of this equipment failure presents a significant operational challenge, as children are scheduled to return to the center on Monday, August 10th, 2026. Given the extreme summer temperatures experienced in Kern County, Program has purchased and installed the replacement unit to ensure uninterrupted services and maintain compliance with health and safety requirements. This request does not change the approved scope of work or require additional federal funding.

In response to the emergency circumstances, the Program has notified the Office of Head Start of the purchase and the need for retroactive approval. Once approved by Policy Council and the Board, the Head Start Division will submit the official request to the Office of Head Start by the end of the month.

Strategic Plan Impact

This proposal aligns with Strategic Priority A – Community Investment of the 2026-2029 Strategic Plan which emphasizes fostering pathways out of poverty and expanding access to education, employment, and essential services.

Recommendation

Staff recommends the Board of Directors approve with resolution the submission of the 2026-2027 Head Start Program Budget Revision (09CH012489).

1. **Pre-Award Costs.** The Recipient may, at its own risk, incur pre-award costs for continuum of care planning awards, after the date of the HUD selection notice and prior to the effective date of this Agreement, if such costs: a) are consistent with 2 CFR 200.458; and b) would be allowable as a post-award cost; and c) do not exceed 10 percent of the total funds obligated to this award. The incurrence of pre-award costs in anticipation of an award imposes no obligation on HUD either to make the award, or to increase the amount of the approved budget, if the award is made for less than the amount anticipated and is inadequate to cover the pre-award costs incurred.
2. **Housing First.** HUD will not enforce provisions of the Grant Agreement to the extent that they require the project to use a housing first program model
3. **Project-based Rental Assistance.** If any new projects funded under this Agreement are for project-based rental assistance for a term of fifteen (15) years, the funding provided under this Agreement is for the performance period stated herein only. Additional funding is subject to the availability of annual appropriations.

No Grant Funds for renewal projects may be drawn down by Recipient before the end date of the project's budget period and performance period under the grant that has been renewed.
5. **High-performing Communities.** HUD designations of Continuums of Care as High-performing Communities (HPCS) are published on HUD.gov in the appropriate Fiscal Years' CoC Program Competition Funding Availability page. Notwithstanding anything to the contrary in the Application or this Agreement, Recipient may only use grant funds for HPC Homelessness Prevention Activities if the Continuum that designated the Recipient to apply for the grant was designated an HPC for the applicable fiscal year.
6. **Communications.** HUD notifications to the Recipient shall be to the address of the Recipient as stated in the Recipient's applicant profile in e-snaps. Recipient notifications to HUD shall be to the HUD Field Office executing the Agreement. No right, benefit, or advantage of the Recipient hereunder may be assigned without prior written approval of HUD.
7. **Cost Sharing.** This award is subject to match provisions in 24 CFR 578.73 which requires that CoC Recipients must match all grant funds, except for leasing funds, with no less than 25 percent of funds or in-kind contributions from other sources. Since these factors are fact-sensitive, the amount of match is not included in either Box 15 or Box 16 of this Agreement.

MEMORANDUM

To: Budget and Finance Committee

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: August 19, 2026

Subject: *Agenda Item 4e*: Retroactive Renewal Contract: Bakersfield Kern Regional Homeless Collaborative (BKRHC) - **Action Item**

Background

The Youth Emergency Shelter III Program was originally awarded to the California Veterans Assistance Foundation (CVAF). Following CVAF's merger into Community Action Partnership of Kern (CAPK) in 2025, CAPK assumed responsibility for continuing the program and related grant-funded services. Because the original award was tied to CVAF and CAPK is now the operating entity, staff determined it was appropriate to bring the agreement before the CAPK Board for review and approval.

Retroactive Contract Justification

The agreement is retroactive to March 1, 2026, to align the contract term with the eligible service period of 03/01/2026-06/30/2027 and ensure continuity of shelter operations. The delay in finalizing the agreement was related in part to HHAP-4 funding delays between BKRHC and the State, which affected the timing of funding availability and contract processing. Retroactive approval allows eligible services and costs incurred during the agreement period to be formally covered under the contract.

Budget

The total compensation under the agreement shall not exceed **\$173,084.11** and will be funded through HHAP-4 resources allocated for eligible interim sheltering activities including 1.0 FTE Case Manager.

Strategic Plan

This agreement aligns with CAPK's Strategic Action Plan Strategic Priority A – Community Investment: Supports initiatives that foster pathways out of poverty by expanding access to affordable housing, healthcare, and essential services. Key Goal A1 – Affordable Housing: Expand access to affordable housing and supportive services by investing in sustainable housing initiatives by April 2028.

RECOMMENDATION

Staff recommends that the Board authorize the Chief Executive Officer to execute a retroactive Services Agreement with the Bakersfield-Kern Regional Homeless Collaborative (BKRHC) for the Youth Emergency Shelter III Program, funded through Homeless Housing, Assistance and Prevention Program Round 4 (HHAP-4) funds.

Grant Agreement: BKRHC 2026-003

SERVICES AGREEMENT

This Services Agreement (the “Agreement”) is made and entered into by and between the **Bakersfield Kern Regional Homeless Collaborative** (the “Collaborative”) and **Community Action Partnership of Kern** (the “Service Provider”) (each a “Party” and collectively the “Parties”) as of this **1st day of March, 2026** (the “Effective Date”). In consideration of the mutual promises and agreements set forth herein, the Parties agree as follows:

1. SERVICES.

- a. **Scope.** Service Provider shall provide the Collaborative with the services specified in Attachment A (the “Services”). Attachment A shall set forth the specific details of the Services to be provided by Service Provider, the location of performance, the term of performance, the terms of payment, and any additional terms or specifications as agreed upon by the Parties. If any term in this Agreement conflicts with a term in Attachment “A,” the terms and conditions of this Agreement shall control, unless Attachment A specifies that its terms and conditions shall control.
- b. **Service Provider Qualifications and Compliance with Laws.** Service Provider and all persons engaged by Service Provider to perform the Services shall possess all necessary licensing, training, permits and experience to perform the Services, safely, in a workmanlike and professional manner according to best practices. Service Provider shall comply with all laws and regulations bearing on the Services. If any portions of the Services will involve work requiring governmental permission or approval, including but not limited to a permit, Service Provider shall secure such permission or approval as required to perform the Services, before commencing such Services.
- c. **Service Provider Project Management.** Service Provider warrants that it will perform the Services in a timely and satisfactory manner. Service Provider shall keep the Collaborative informed of progress and any developments that may affect the timeline for the completion of the Services or cause any variance to the Services as set forth in Attachment A. In the absence of exact specifications set forth in Attachment A, the Collaborative shall assume that the Services will be performed by Service Provider in a professional and first-class manner consistent with the customary care and skill ordinarily exercised by professionals in Service Provider’s industry.

2. TERM AND TERMINATION.

The Agreement shall become effective on the Effective Date and shall remain in full force and effect through June 30, 2027, unless earlier terminated or otherwise modified in accordance with the provisions of this Agreement.

Either Party may terminate this Agreement without cause upon thirty (30) calendar days' prior written notice to the other Party. Such termination shall not affect any rights, obligations, or liabilities accrued prior to the effective date of termination, nor any provisions that, by their nature, survive termination. Notwithstanding the foregoing, the Service Provider shall remain responsible for completing all required closeout activities and other obligations that survive termination under this Agreement and Attachment A.

3. PAYMENT FOR SERVICES.

- a. **Invoices.** Invoicing and payment intervals will be defined in Attachment A. Unless the terms set forth in Attachment A clearly indicate otherwise, the Collaborative shall pay invoices within 30 days of receipt of invoice from Service Provider. All invoices or invoice disputes must be emailed to accounting@bkrhc.org to receive timely payment.
- b. **Disputes.** If, for any reason, the Parties dispute the performance of the Services or the applicable fees, the Collaborative shall: (a) promptly pay all undisputed fees; and (b) provide a detailed description of the nonconforming Services or disputed fees sufficient for the Parties to discuss and make a good faith attempt to resolve the dispute (“Invoice Dispute”). If the Collaborative does not make payment or issue an Invoice Dispute within 60 days, Service Provider may provide the Collaborative with 10 days’ written notice of non-payment, after which, if the failure to pay or issue an Invoice Dispute is not cured, Service Provider may suspend performance of all Services until the Collaborative either: (i) makes payment; or (ii) issues a sufficiently detailed Invoice Dispute.
- c. **Reimbursement of Expenses.** Unless expressly stated in Attachment A, Service Provider shall bear sole responsibility for all expenses incurred in connection with the performance of Services. If Attachment A specifies that the Collaborative shall reimburse any of Service Provider’s out-of-pocket expenses (“Expenses”), Service Provider agrees to comply with each of the Collaborative’s reimbursement policies, whether formal or informal. Any policy waivers or exceptions must be confirmed in writing by the Collaborative before Service Provider incurs the expense. Service Provider also agrees to provide the Collaborative with advance notice and estimated anticipated Expenses and to invoice the Collaborative at Service Provider’s cost and/or IRS-approved rates where applicable and provide copies of original receipts.
- d. **Subject to Available Funds.** Funding for this Agreement is contingent upon the availability and continued receipt of federal, state, local, or private funding sources by the Collaborative. The Collaborative hereby reserves the right to reduce the scope of the Services, modify compensation for the Services, or terminate this Agreement without penalty if funding is reduced, withdrawn, delayed, or otherwise becomes unavailable.

4. INDEPENDENT CONTRACTOR/THIRD-PARTY BENEFICIARIES OR EXCLUSIVITY BY SERVICE PROVIDER.

Nothing in this Agreement shall provide any benefit to any third party; it being the intent of the Parties that this Agreement shall not be construed as a third-party beneficiary contract. Service Provider is acting as an independent contractor and nothing in this Agreement shall be construed to create or imply a joint venture, partnership, association, or similar obligation between the Parties. As such, any and all sums paid by the Collaborative to Service Provider that are subject to taxing deductions, if any, shall be Service Provider’s sole responsibility and Service Provider shall indemnify and hold the Collaborative harmless from any and all damages, claims, and expenses, including reasonable attorney’s fees, arising out of or resulting from any claims asserted by any taxing authority as a result of or in connection with said payments. Nothing in this Agreement shall impose any obligation on Service Provider to provide exclusive services to the Collaborative.

5. WORKERS COMPENSATION INSURANCE.

Each Party shall insure its own employees and agents with a minimum of \$2,000,000 Workers’ Compensation Insurance and, regardless of policy limit, shall hold the other harmless from any claims by

its own employees, contractors, subcontractors, and materialmen who have furnished labor hereunder, or successors for injury, disability, or death arising from any work associated with this Agreement. Service Provider's policy shall include a waiver of subrogation in favor of the Collaborative, its officers, directors, employees, consultants, agents, and designated volunteers. Upon request by either Party, a certificate of workers' compensation insurance shall be provided evidencing such coverage.

6. INSURANCE.

- a. In addition to Workers' Compensation Insurance, as mentioned above, during the term of this Agreement, Service Provider agrees to keep and maintain at its sole expense additional insurance as follows:
 - i. General Commercial Liability Insurance with combined bodily injury, property damage, product liability, completed operations, and contractual liability coverage in the amount of \$2,000,000 per occurrence and \$4,000,000 in the aggregate, which specifically covers this Agreement, and names the Collaborative, its officers, directors, employees, consultants, agents, and designated volunteers and the Mayor of the City of Bakersfield and the City Council of the City of Bakersfield; and
 - ii. Automobile Liability Insurance, including coverage for hired, owned, or non-owned vehicles, in the amount of \$2,000,000 which specifically covers this Agreement and names the Collaborative, its officers, directors, employees, consultants, agents, and designated volunteers and the Mayor of the City of Bakersfield and the City Council of the City of Bakersfield as additional insured Parties.
- b. Service Provider shall furnish to the Collaborative, upon request, an insurance certificate from a carrier with an A.M. Best rating of "A" or better satisfying the above requirements and containing a complete waiver of subrogation. Service Provider's insurance coverage may not be terminated or materially changed without 30 days' prior written notice to the Collaborative.
- c. Full compensation for all insurance premiums required under this Agreement shall be included in Service Provider's pricing for the Services to be performed. No additional payments shall be made for premiums, including those required due to policy extensions.
- d. Service Provider's liability to the Collaborative under this Agreement shall not be limited or reduced in any way by the amount of insurance carried or maintained by Service Provider.
- e. Unless otherwise approved by the Collaborative, any subcontractor performing work under this Agreement shall maintain the same insurance requirements listed above.

7. RESTRICTIVE COVENANTS.

- a. **Confidential Information.** Service Provider acknowledges and agrees that this Agreement creates a relationship of confidence and trust on the part of Service Provider, and that during the term of this Agreement, Service Provider may acquire or have access to, certain Confidential Information. During the term of this Agreement and at all times thereafter, Service Provider shall preserve as confidential all Confidential Information that it may acquire or have access to during the term of this Agreement. Without the Collaborative's prior written consent, which may be given or withheld in the Collaborative's sole and absolute discretion, Service Provider shall not (i) disclose any Confidential Information to any third party nor give any third party access thereto, (ii) use any

Confidential Information except to perform the Services hereunder, nor (iii) disclose the terms and conditions of this Agreement; provided, however, that the foregoing will not apply to the extent Service Provider, in the opinion of counsel, is required to disclose any Confidential Information by applicable law or legal process as long as Service Provider promptly notifies the Collaborative of such pending disclosure and consults with the Collaborative prior to such disclosure as to the advisability of seeking a protective order or other means of preserving the confidentiality of the Confidential Information. In the event that Service Provider is required by applicable law or legal process to disclose any Confidential Information, Service Provider agrees to use reasonable efforts to obtain assurances that the information so disclosed will continue to be accorded confidential treatment.

- b. **Remedies.** Any breach of Section 7(a) above by Service Provider shall be a material breach of this Agreement by Service Provider. If Service Provider breaches Section 7(a) above, the Collaborative may resort to all of the remedies available to it under existing law or in equity, by statute or otherwise. Service Provider hereby acknowledges and agrees that the restrictive covenants described herein are of a special and unique character that gives them a peculiar value, the loss of which cannot be reasonably or adequately compensated in damages or in an action at law. Service Provider therefore expressly agrees that the Collaborative shall be entitled to seek and obtain injunctive or other equitable relief, without the necessity of proving actual damages or posting a bond, to prevent or remedy a breach by Service Provider of any of said covenants.
- c. "Confidential Information" shall mean (i) information owned by the Collaborative, that gives or could give the Collaborative some competitive advantage or the disclosure of which could be detrimental to such owner's interests, (ii) information or material which is owned by the Collaborative, or in which the Collaborative has an interest, (iii) all information (in writing or otherwise) concerning the Collaborative (including, without limitation, information concerning such party's business, assets, liabilities, operations, affairs, financial condition, projections, contracts, customers, products, future plans or prospects) which is not generally known by the public, (iv) all analyses, compilations, studies, reports, records or other documents or materials which contain, or are prepared on the basis of any information or material which either the Collaborative furnishes to Service Provider, or which are prepared by the Collaborative for Service Provider, for the purpose of providing the Services, and (v) information regarding the Collaborative's future engagements and operations that may require the future services of Service Provider. Service Provider acknowledges that each of the foregoing items of Confidential Information constitute valuable trade secrets that are not owned by Service Provider and that the use of such Confidential Information in contravention of this Agreement would constitute the misappropriation of trade secrets under California law. Notwithstanding the above, "Confidential Information" does not include any information or material that (a) is or becomes public knowledge otherwise than by act or omission of Service Provider; or (b) is or becomes available to Service Provider without obligation of confidence from a source having the legal right to disclose such information; or (c) is already in the Service Provider's knowledge and/or possession and was not received by the non-owner as a result of a prior relationship with the other party to this Agreement.

8. RELEASE OF PAPERS AND PROPERTY.

Upon termination of this Agreement, Service Provider shall return to the Collaborative all records, notes, documentation, and other items that were used, created, or controlled by Service Provider on behalf of the Collaborative during the term of this Agreement, regardless of whether such information constitutes Confidential Information. In the event that the Collaborative requests that Service Provider relinquish the Collaborative's original documents in its file, the Collaborative agrees to give Service Provider at least

ten working days written notice of the Collaborative's request to provide Service Provider sufficient time to make a copy for Service Provider's records.

9. NOTICES AND BILLINGS.

Notices shall be provided to the addresses below. Notices must be provided by facsimile, electronic email, or hand delivery and shall be deemed received on the business day it was transmitted or delivered (unless transmitted or delivered after the close of business in which case it shall be deemed received on the next business day) and notice by overnight mail or courier shall be deemed received two business days after it was sent.

Service Provider shall, as soon as reasonably possible after receiving notice of a third-party Claim for

12. MISCELLANEOUS PROVISIONS.

- h. **Subcontracting/Assignment.** Service Provider may not assign or subcontract any portion of its obligation to perform Services, nor may Service Provider assign any money due or to become due under this Agreement, without the Collaborative's prior written consent. The Collaborative may not assign this Agreement without Service Provider's written consent, which may not be unreasonably withheld; provided that such consent will not be necessary for the assignment, by operation of law or otherwise, to any of the Parties' parents, subsidiaries, affiliates, or any entity that succeeds the Parties' business in connection with a merger, reorganization, or sale of all or substantially all of our assets or voting securities. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

MEMORANDUM

To: Bord of Directors

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: August 26, 2026

Subject: *Agenda Item V(a)*: Good Neighbor Crew Program Policy & Procedures Manual -
Action Item

Background and Purpose

The Good Neighbor Crew is a structured volunteer and workforce development program operating under the CAPK Pathways initiative at the M Street Navigation Center. The program provides Navigation Center residents with meaningful structured activities, transferable skill development, financial literacy education, and opportunities to contribute positively to the surrounding community. The program is designed to support routine, purpose, personal development, and workforce readiness for individuals experiencing housing instability while maintaining a clear training-focused framework.

The Policy and Procedure Program Manual establishes the operational, safety, documentation, supervision, training, stipend administration, participant enrollment, incident response, and partner engagement requirements for the Good Neighbor Crew. The manual is intended to ensure that the program is implemented consistently, safely, and in alignment with CAPK's organizational expectations and the program's legal and risk management framework.

Review and Compliance

The Good Neighbor Crew Policy and Procedure Program Manual has been reviewed by Human Resources, Risk Management, Operations, our insurance carrier, and KDG legal. . This review was completed to ensure that the program structure, participant protections, supervision requirements, stipend language, safety controls, insurance considerations, and documentation practices are appropriately addressed prior to implementation.

On July 21, 2026, staff brought the Good Neighbor Crew Policy and Procedure manual to the Executive Committee for review and approval. Although we received informal verbal approvals from the county, it was the recommendation of the Committee that we seek more formal written approval from the County of Kern. Staff have since received a formal review and approval from the county.

Program Services, Packages, and Pricing

The Good Neighbor Crew will provide community-based and residential support services that create structured training opportunities for participants while responding to neighborhood and community needs. Services may include yard maintenance and cleanup, litter and debris removal, light landscaping, and other approved non-licensed activities within the program's safety and risk parameters. There is no charge for any services offered through the Good Neighbor Crew. Those receiving services and the general public can make donations through the CAPK Foundation.

Budget Impact

The Good Neighbor Crew will be funded through private funds and donations. No restricted federal, state, HUD, ESG, CoC, or other grant funds are anticipated for this program unless a separate compliance review is completed and approved prior to use. Budget expenses may include participant stipends, staff supervision and coordination, training materials, safety equipment and personal protective equipment, tools, supplies, transportation, insurance-related requirements, outreach materials, and other operating costs necessary to safely administer the program.

Program revenue generated through private contributions, donations, and community support will be used to offset program costs and support sustainability. Staff will monitor program expenses, service revenue, donation activity, and operational needs to ensure the program remains financially responsible and aligned with its workforce development purpose.

Conclusion

The Good Neighbor Crew Policy and Procedure Program Manual provides CAPK with a formal, reviewed, and structured framework for implementing a participant-centered workforce development program that promotes dignity, purpose, safety, skill-building, and community contribution. Acceptance of the manual supports responsible program implementation and provides clear guidance for staff, participants, community partners, and leadership.

The Good Neighbor Crew aligns with CAPK's Strategic Priority A: Community Investment, specifically Key Goal 2, by strengthening workforce development initiatives and empowering individuals and families toward self-sufficiency.

Recommendation

Staff recommend that the Board approve the Good Neighbor Crew Policy and Procedures Program Manual.

Section 1 — Program Overview & Purpose

1.1 Mission and Vision

The Good Neighbor Crew is a structured volunteer and workforce development program operating under the CAPK's Pathways initiative at the M Street Navigation Center, Bakersfield, California. The program is designed to provide Navigation Center residents with meaningful structured activities, transferable skill development, financial literacy education, and community connection opportunities.

The program is grounded in the belief that people experiencing housing instability benefit from structured engagement, a sense of purpose and contribution, and practical skill-building and training in soft job skills that supports their transition toward stable housing and employment.

1.2 Program Goals

- Provide Navigation Center residents with structured daily and weekly activity that supports personal development and routine.
- Develop transferable vocational skills in landscaping, grounds maintenance, teamwork, time management, and professional conduct.
- Offer financial literacy education and bank account establishment support to build foundational economic stability.
- As a collateral impact, strengthen relationships between the Navigation Center and the surrounding M Street neighborhood by providing training and skills building to Navigation Center residents.
- Create documented training outcomes that support participants' readiness for employment and stable housing.
- Maintain a safe, well-supervised program that protects participant wellbeing and CAPK's organizational integrity.

1.3 Legal and Organizational Framework

The Good Neighbor Crew is funded using private, unrestricted funds. Legal counsel has reviewed the program and confirmed that it is legally viable under both the federal Fair Labor Standards Act (FLSA) and California Labor Code, provided it is structured, documented, and operated as a training and workforce development program in which community service activities serve as the vehicle for skill-building.

LEGAL FRAMEWORK REQUIREMENT

Per legal counsel guidance, all program documentation, supervision, and communications must frame the Good Neighbor Crew as a training operation. Activities — landscaping, cleanup, grounds maintenance — are the training medium. The development of vocational skills, professional habits, and workforce readiness is the program's stated purpose. This framing must be consistent across all documents, staff communications, and participant interactions.

1.4 Insurance Coverage

Community Action Partnership of Kern ("CAPK") maintains insurance intended to respond to covered claims arising out of Good Neighbor Crew program operations. All coverage is subject to the applicable policy terms, conditions, definitions, exclusions, and limits, and to the program operating in accordance with this Manual and any insurer/broker underwriting requirements.

Current program-related coverage includes:

- Commercial General Liability (CGL): Intended to address covered third-party bodily injury and property damage claims arising out of CAPK premises and program activities, when conducted within the approved program scope and under CAPK supervision.
- Participant Accident (Blanket Accident) Coverage: Intended to provide limited accident medical expense and specified accidental injury benefits for enrolled participants for covered accidents occurring during approved program activities. This is not liability insurance and is not health insurance. Benefit payments, exclusions, deductibles, and coordination with any other insurance are governed by the policy.
- Umbrella / Excess Liability: Provides additional limits above underlying liability policies, subject to the umbrella policy terms and conditions.

Important: No staff member is authorized to promise or represent that any particular incident or activity is “covered.” Questions regarding coverage, certificates, additional insured status, or program changes must be directed to the Risk Manager before implementation.

1.5 Operating Entity

The Good Neighbor Crew is a program of CAPK. CAPK staff manage day-to-day operations under the direction of the Director of Housing & Supportive Services. For insurance purposes, Community Action Partnership of Kern is the named insured on all applicable policies. Any third-party contracts or community partner agreements must be reviewed to ensure the correct entity is named and that coverage is aligned.

Section 2 — Program Policy (P&P)

2.1 Eligibility

- Participants must be current residents of the M Street Navigation Center.
- Participants must be 18 years of age or older.
- Participants must complete the required orientation prior to first activity session.
- Participants must have a signed Participant Agreement, Waiver of Liability, and Medical Consent (Form B) on file before participating in any activity.
- Participants must not have an active disciplinary action or shelter suspension at the time of participation.

2.2 Voluntary Participation

POLICY — VOLUNTARY PARTICIPATION

Participation in the Good Neighbor Crew is entirely voluntary. Participation is not a condition of shelter access, housing referral, case management services, or any other service offered at the Navigation Center. Staff are expressly prohibited from implying, suggesting, or stating that participation affects a resident's standing, services, or housing prospects in any way. Any coercion of a participant, whether actual or perceived, is grounds for disciplinary action against the staff member involved.

2.3 Training Operation Designation

The Good Neighbor Crew is formally designated as a workforce training and development program. All activities include structured instruction analogous to entry-level vocational training designed to develop the following competencies:

- Landscaping and grounds maintenance techniques

- Safe tool use and equipment handling
- Teamwork and communication in a supervised work environment
- Punctuality, reliability, and professional conduct
- Financial literacy and personal banking
- Community service ethic and civic engagement

Program activities are designed for training purposes and shall not replace, supplant, or reduce the need for paid positions or contracted services.

Supervisory staff must document training outcomes for each activity session, not simply task completion. The distinction between a training program and a labor service is maintained through this documentation, active skill instruction during sessions, and participant-facing curriculum.

2.4 Stipend Policy

Participants who complete qualifying activity sessions are eligible to receive participation-based stipends administered through the Pathways program. Stipends are provided solely to reduce barriers to participation in training activities, including transitional financial constraints and incidental expenses. Stipends are not tied to work performed and are necessary to enable participants to engage consistently in the training curriculum.

The following principles govern stipend administration:

- Stipends are participation incentives, not wages or compensation for work performed.
- Stipends do not create an employer-employee relationship between participants and CAPK.
- Stipend amounts are tied to participation consistency and tier level, not to productivity, output quality, or work completed.
- Stipends are subject to IRS reporting requirements as applicable. Program staff should consult with CAPK Finance regarding 1099 reporting thresholds.
- Participants will not be penalized for declining a stipend.
- Participants will be informed in advance that they will not receive wage compensation for their services or participation in the Pathways program.

CAPK evaluates each program activity to ensure that, if the activity were not provided through this training program, it would not otherwise be performed by paid employees or contractors. Where paid labor is appropriate, stipends will not be used as a substitute.

2.5 Non-Discrimination

The Good Neighbor Crew is open to all eligible Navigation Center residents without discrimination based on race, color, national origin, religion, sex, disability, age, sexual orientation, gender identity, or any other protected characteristic. Participation decisions are based solely on eligibility criteria outlined in Section 2.1.

2.6 Confidentiality

Information about participants — including their enrollment, participation history, medical information, and personal circumstances — is confidential and protected under CAPK's privacy policies and applicable law. Participant information may not be shared with third parties, including community partners, without prior written consent of the participant except as required by law.

2.7 Funder Compliance

Because this program is funded entirely through private donations and CAPK Foundation funds, no federal or state funder restrictions (HUD, ESG, CoC, CDBG) currently apply. Should funding sources change in future program years, a compliance review must be completed before the program continues to ensure no funder restrictions conflict with client labor activities. Any change in funding source must be reported to the CFTO and HR/Legal prior to implementation.

2.8 Insurance and Risk Management

CAPK's ability to secure and preserve insurance protection depends on consistent program controls, documentation, and timely reporting. Program staff must maintain required documentation supporting program operations and risk controls, including (as applicable): signed participant forms, participant rosters, activity logs, PPE issuance records/receipts, tool inventories, site walk documentation, homeowner/partner consents, transportation logs, and incident reports.

2.8.1 Program Parameters and Coverage Confirmation

Program activities must remain within the approved scope, approved locations, and supervision requirements established by this Manual. Activities outside these parameters may jeopardize coverage, claims handling, and/or CAPK's risk profile.

The following changes require written pre-approval from the Risk Manager (and broker consultation as needed) before the change occurs:

- Any new activity type or task not listed in the approved scope (including but not limited to: ladder/roof work, tree trimming above shoulder height, confined spaces, hot work, chemical application, power tools, or heavy equipment).
- Any new off-site location or expansion of the approved geographic perimeter.
- Any new third-party partnership, event, or community partner worksite.
- Any change to the transportation plan (vehicles used, drivers, routes, or participant transport rules).

Any request for Certificates of Insurance (COIs), additional insured status, or contract insurance language.

2.8.2 Incident and Claim Reporting (Notice Requirements)

Program staff must notify the Program Director and Risk Manager immediately upon learning of any incident that could reasonably lead to a claim, complaint, media inquiry, or legal action.

At minimum, the Risk Manager must be notified of:

- Any participant injury (regardless of severity) or request for medical attention;
- Any property damage (including allegations of damage);
- Any incident involving police/fire/EMS response;
- Any allegation of inappropriate conduct, assault, harassment, or abuse;
- Any participant death, overdose, suicide attempt, or other serious medical emergency;
- Any written complaint, attorney inquiry, demand, or request for records related to an incident;
- Any incident likely to attract media attention;
- Any "near-miss" with high severity potential (e.g., vehicle near-strike, tool-related near amputation, significant exposure event).

Timing:

- Serious incidents (death, life-threatening injury/illness, police/EMS response, allegations of assault/abuse, or attorney/media involvement): report to the Risk Manager same day, as soon as practicable.
- All other incidents resulting in injury or property damage: report to the Risk Manager within 24 hours.

2.8.3 Evidence Preservation and Communications

To protect participants and CAPK—and to preserve accurate facts for incident review and insurance reporting—staff must:

- Secure the area and prevent further injury;
- Document conditions with photographs/video where appropriate;
- Identify witnesses and obtain contact information;
- Preserve relevant records (rosters, logs, tool inventory, PPE issuance, site walk notes);

- Preserve any available surveillance footage (download/export if necessary to prevent auto-deletion);
- Do not admit fault or make speculative statements about cause;
- Direct all external inquiries (family, partner, media, attorneys) to CAPK leadership/Risk Manager.

Section 3 — Standard Operating Procedures (SOP)

- Session duration: minimum one (1) hour; maximum four (4) hours per session.
- Sessions may not be scheduled during extreme weather conditions (temperatures above 100°F, rain, or high wind advisories).

- No separate site authorization is required for on-site activities.
- Supervisors must conduct a brief site walk before each session to identify hazards.
- Participants must remain within the designated activity zone at all times.

5.2 Neighborhood Public Right-of-Way Activities

Activities on public right-of-way (alleyways, public sidewalk areas) adjacent to the Navigation Center are permitted under the current insurance structure. Supervisors must:

- Confirm activity is within the approved geographic perimeter before the session.
- Ensure participants do not enter any private property without a completed Form F (Homeowner Consent Form) on file for that property.
- Maintain line-of-sight supervision of all participants at all times in public areas.

5.3 Equipment and Supply Management

- All tools and equipment used in program activities must be owned, maintained, and transported by CAPK. Participants may not bring personal tools.
- A tool inventory must be conducted before and after each session. Any missing or damaged tools must be reported to the Program Director within 24 hours.
- Tools with damaged handles, broken parts, or sharp edges must be removed from service immediately and tagged for repair or disposal.
- All equipment must be stored in a designated, locked storage area at the Navigation Center when not in use.
- Supplies (trash bags, gloves, safety vests) must be inventoried monthly and replenished as needed.

Section 6 — Incident Response Procedures

6.1 Immediate Response — Participant Injury

1. Stop all activity. Ensure the area is safe for remaining participants.
2. Assess the injured participant. Call 911 if there is any doubt about the severity of injury.
3. Administer First Aid within the scope of staff certification.
4. Contact the participant's emergency contact (on file in Form B).
5. Contact Program Director and Risk Manager immediately.
6. Do NOT move the participant if spinal or head injury is suspected.
7. Remain with the participant until emergency services arrive or the participant is transported.
8. Complete Form G (Incident Report) within 24 hours.

6.2 Immediate Response — Property Damage

1. Stop the activity that caused or may have caused the damage.
2. Document the damage with photographs if possible.
3. Notify property owner or homeowner immediately if on private property.
4. Do NOT admit liability or make any statements about fault.
5. Contact Program Director and Risk Manager immediately.
6. Complete Form G (Incident Report) within 24 hours.
7. Risk Manager will contact insurance broker for claim guidance.

6.3 Insurance Claim Reporting

All incidents resulting in injury or property damage must be reported to insurance through Risk Manager within 24 hours of the incident. The following information must be available when reporting:

- Date, time, and location of incident.
- Names and contact information of all participants and witnesses.
- Description of what occurred.
- Photographs of the scene and any damage.
- Completed Form G.

Section 7 — Stipend Administration

7.1 Eligibility and Calculation

- Stipend eligibility is based on verified session attendance documented in Form D (Sign-In Log) and Form E (Tracking Log).
- Participants must complete the full session (sign-in and sign-out) to receive credit for that session. Participation credit reflects engagement in structured training activities, including instructional components and supervised skill development.
- Stipend amounts are determined by Tier Level and number of qualifying sessions completed in the payment period. Tier advancement reflects progression in training, skill development, and program engagement, and is not tied to productivity, output, or the performance of labor.
- Stipends are structured as nominal participation incentives designed to support engagement in training activities and reduce barriers to participation. Stipends are not calculated based on hours worked, task completion, or the value of services performed.

- Stipend amounts must be reviewed and approved by Program Director and CAPK before each payment cycle.

7.2 Payment Process

- Stipend payments are processed through finance on a monthly schedule following verification of participation and eligibility.
- Program Director submits a verified participation summary to CAPK Finance by the 5th of each month.
- Participants must have a bank account to receive stipend payments. Participants without a bank account will be supported through the program's financial literacy curriculum and will provide assistance with establishing an account (Section 8).
- All stipend determinations must be supported by contemporaneous documentation reflecting participant engagement in the training activities. Records shall be retained for audit purposes.
- Finance must advise on IRS 1099 reporting thresholds and obligations for individual participant stipend totals.

7.3 Stipend Characterization

POLICY — STIPEND IS NOT A WAGE

All program materials, participant communications, and financial records must consistently characterize stipends as participation-based incentives. Stipends must never be described as payment for work performed, wages, or compensation. Stipends are intended solely to support participation in training activities and are not provided in exchange for labor or services. This characterization is essential to the program's legal framework under FLSA and California Labor Code. Any deviation from this characterization should be reported to HR and Legal immediately. Further, all participants must be informed, prior to participation, that they will not receive a wage for participation in the program.

Section 8 — Training & Workforce Development Curriculum

8.1 Purpose

The training curriculum is the foundation of the Good Neighbor Crew's legal structure as a workforce development program. Curriculum delivery must be documented alongside each activity session to demonstrate that the program's primary purpose is skill-building, not labor service delivery.

8.2 Vocational Training Modules

- Module 1 — Introduction to Grounds Maintenance: Basic tools, safety, terminology, and landscaping fundamentals.
- Module 2 — Safe Work Practices: PPE use, hazard identification, Stop Work authority, first aid basics.
- Module 3 — Teamwork and Communication: Working in a supervised team environment, receiving direction, giving feedback.
- Module 4 — Time Management and Reliability: Punctuality, session preparation, consistent participation.
- Module 5 — Professional Conduct in Community Settings: Representing the program, engaging with the public, maintaining a positive presence.
- Module 6 — Advanced Skills (Tier 2/3): Mentoring, leadership, site assessment, training new participants.

8.3 Financial Literacy Curriculum

Financial literacy education is delivered in partnership with a third party financial advisor and incorporated into the program calendar. Topics include:

- Introduction to personal banking — account types, how banks work, fees and protections.

- Opening and managing a checking account — practical, step-by-step support.
- Budgeting basics — income, expenses, savings goals.
- Introduction to credit — credit scores, credit history, how to build credit.
- Financial goal-setting — connecting financial literacy to housing and employment stability.

Financial literacy sessions are incorporated into the monthly activity calendar. Participation in financial literacy sessions counts toward tier advancement and stipend eligibility on the same basis as activity sessions.

8.4 Training Documentation Requirements

Supervisors must document the following after each activity session:

- Skills demonstrated or practiced during the session.
- Any instructional content delivered (safety reminders, technique corrections, tool use instruction).
- Notable participant progress or areas for development.
- Any incidents, concerns, or behavioral observations.

This documentation is maintained in the session notes section of Form D and is essential to demonstrating the training character of the program for legal and insurance purposes.

Section 9 — Off-Site Activity Protocols

9.1 Authorization Requirements

Off-site activities — meaning any activity conducted outside the boundaries of the M Street Navigation Center property — require the following before work begins:

- Site authorization from Program Director for any new off-site location.
- Completed and signed Form F (Homeowner / Site Owner Consent and Release Form) for any activity on private residential or commercial property.
- Pre-activity site inspection by supervising staff member.
- Only Tier 2 and Tier 3 participants are eligible for off-site activities (Section 4.3).
- Supervision ratio maintained at maximum 1 staff per 6 participants.

9.2 Site Inspection Checklist

Supervising staff must complete a site inspection before participants begin work at any off-site location:

- ☐ Identify and document any physical hazards (uneven surfaces, debris, obstacles).
- ☐ Check for presence of animals on property (dogs, wildlife).
- ☐ Confirm no biohazardous materials or sharps are present in the work area.
- ☐ Identify water source for hydration and handwashing.
- ☐ Confirm accessible exit route from the property.
- ☐ Confirm property owner or authorized representative is present or contactable.
- ☐ Document any conditions that require Stop Work consideration before participants arrive.

9.3 Off-Site Activity Scope

The following activities are approved for off-site residential locations, subject to the task and risk matrix (Section 3.4):

- Litter and debris collection from yard and surrounding areas.

- Weed pulling and hand removal of overgrowth.
- Sweeping, raking, and general cleanup of exterior areas.
- Light landscaping trimming using hand tools (no power tools).

Any activity beyond this scope must be pre-approved by Program Director and Risk Manager before being added to the program.

9.4 Transportation

- CAPK is responsible for transporting participants to and from off-site activity locations.
- Transportation must be in CAPK vehicles operated by authorized CAPK drivers.
- Participants may not use personal vehicles or public transportation for program activities.
- Vehicle capacity must not be exceeded. Schedule multiple trips if necessary.
- Participants must be transported back to the Navigation Center at the conclusion of each session.

Section 10 — Third-Party Engagement & Community Partnerships

10.1 Policy

CAPK welcomes community partnerships that support the Good Neighbor Crew's training mission. However, all third-party engagements must be structured to preserve the program's legal framework as a training operation. No arrangement may be structured as a service contract in which CAPK is effectively providing labor services to a third party for compensation.

10.2 Partnership Authorization Process

8. Third-party organization contacts Program Director or CAPK leadership with interest in collaboration.
9. Program Director presents the opportunity to the CFTO and HR.
10. HR consults with Legal to confirm the arrangement can be structured within the training framework.
11. Risk Manager confirms insurance coverage extends to the proposed activity and location.
12. Program Director drafts a Community Partner Agreement (Form H template) for Legal review.
13. Agreement is executed before any activity begins.
14. Insurance broker is notified of the new partnership location and any additional insured requirements are addressed.

10.3 Additional Insured Requirements

Community partners who have Good Neighbor Crew participants working on their property or in connection with their events must be named as additional insureds under CAPK's GL policy, or must provide their own GL coverage with CAPK named as additional insured. This requirement must be addressed in the Community Partner Agreement (Form H) and confirmed with insurance broker before activities begin.

Section 11 — Program Forms

MEMORANDUM

To: Board of Directors

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: August 26, 2026

Subject: *Agenda Item V(b)*: Program Update: Pioneer Drive Apartments – **Info Item**

Program Update

On February 25, 2026, Emilio Wagner provided the Board of Directors with a construction update on Pioneer Drive Apartments (PDA), a permanent supportive housing project developed in partnership with the Housing Authority of the County of Kern. The Housing Authority is on track to complete construction near the end of September, 2026. It is anticipated that CAPK will move into offices and begin services on site by the end of October 2026.

The initial agreement between CAPK and the Housing Authority of the County of Kern was approved by the Board on September 25, 2024 (attached). CAPK received a \$5,000,000 Day 1 Families Fund grant which we have allocated to support project construction and onsite supportive services. The development will include approximately 85 affordable housing units, with 43 units designated for households that are referred through the CAPK Coordinated Entry System (CES) Housing Match List. The other 42 units will be filled directly by the Housing Authority. The agreement calls for CAPK to contribute both construction funds and operational funds, using primarily the Day 1 Families grant but also including funding designated from the Housing Authority. CAPK will operate services on site for 15 years after opening.

The Housing Authority is the owner of the project and will manage the application process and property operations. Once a referral is made by CAPK CES, the matched client will go through the Housing Authority process for application and leasing, etc. If a lease violation occurs, the Housing Authority's onsite property manager and CAPK's case manager will coordinate with the household to address the issue, provide support, and help prevent eviction whenever possible. Ultimately it would be the Housing Authority that would evict if needed. The Housing Authority is currently matching households through CES and beginning the early application process.

The Housing and Supportive Services Department is recruiting staff for the onsite case manager positions.

This update also provides additional information regarding HUD habitability and occupancy standards. The chart below outlines the applicable occupancy standards.

Below is the occupancy standards chart applicable for PDA (1 bedroom and 2 bedroom units)

Unit Size	Minimum No. of Persons in Household	Maximum No. of Persons in Household
0-BR	1	1
1-BR	1	2
2-BR	2	4
3-BR	4	6
4-BR	6	8
5-BR	8	10

Budget

The 17-year budget and cash flow projection is attached and reflects total revenue and expenditures of approximately \$5,811,162. You will see the attached budget is developed as a 17-year budget, due to the fact that most of the first two years are construction period, with the final 15 years being the operational budget years. The revenue is fully secured and is pledged from the following sources: Day 1 Families \$5,000,000; Interest Income \$265,000; Housing Authority Revenue (Project Reserve) \$546,162.

The budget supports a staffing model equal to 0.627 FTE dedicated to on-site services, consistent with the agreement's minimum service commitment. This includes 0.137 FTE for a Housing Administrator or service coordinator function and 0.49 FTE for a case manager or housing navigator function. Beyond this baseline commitment, the Division will leverage CalAIM and other related grant funding to bring additional staff capacity to the site, supporting a more comprehensive, wraparound approach to serving residents. These positions will support onsite coordination, tenant engagement, housing stabilization, service referrals, and collaboration with property management to address lease concerns and promote housing retention.

The first year of the operational budget is a partial year and is included in "Year 2" on the 17-year budget spread sheet. The current year has been included in the CAPK FY 2026-27 adopted budget.

Strategic Plan Alignment

This agreement aligns with CAPK's enduring mission to address critical community needs and with Strategic Priority A: Community Investment, Key Goal 1, Objective 1: Strengthen housing partnerships by increasing housing options, new housing developments, and existing infrastructure by April 2026.

Recommendation

This item is an update and informational item, no action is recommended.

AGREEMENT

Between

HOUSING AUTHORITY OF THE COUNTY OF KERN

And

COMMUNITY ACTION PARTNERSHIP OF KERN

For

**GRANT FUNDING AND SUPPORTIVE SERVICES FOR PIONEER DRIVE APARTMENTS,
LOCATED AT 3299 PIONEER DRIVE, BAKERSFIELD, CA 93306**

This Agreement is entered into by and among Housing Authority of the County of Kern ("AUTHORITY") and Community Action Partnership of Kern ("CAPK"). AUTHORITY and CAPK are sometimes individually referred to as a "Party" and collectively as the "Parties." This Agreement will be effective as of the last date on which the Agreement is signed by all Parties ("Effective Date").

RECITALS

A. Whereas, AUTHORITY is an independent, local government agency that provides housing to low-income residents of Kern County, including developing and managing affordable housing projects. CAPK is the official anti-poverty agency of Kern County and operates many programs, often in collaboration with other organizations, to assist low-income residents and address the underlying causes of poverty. CAPK's programs include finding shelter for the unhoused, and providing medical, educational, and vocational services to help stabilize housing for such individuals and families.

B. Whereas, Pioneer Drive Apartments LP ("Owner") is the owner of the 5.41-acre parcel of currently vacant land located at 3299 Pioneer Drive, Bakersfield, CA, APN 143-050-17 (the "Property").

C. Whereas, AUTHORITY is the developer of the Property and it intends to construct, with funding from various sources, an 85-unit residential rental project called "Pioneer Drive Apartments" which will be restricted for affordable permanent supportive housing (the "Project"). After construction of the Project is completed, AUTHORITY will continue to provide property management services at the Pioneer Drive Apartments ("PDA").

D. Whereas, AUTHORITY and CAPK both serve low-income residents of Kern County, and have discussed working together to increase low-income housing. Those discussions led to CAPK applying for a grant from the Day 1 Families Fund to be used to help fund a housing project with AUTHORITY.

E. Whereas, in late-2023, CAPK was notified that it was selected to receive a grant of \$5,000,000 from the Day 1 Families Fund (the "Day 1 Grant") to help fund the construction of, and then services at, the PDA. The conditions of the Day 1 Grant require CAPK to allocate roughly \$1.7 million of the grant money to the construction of the PDA, and to use the remaining Day 1 Grant money for services (such as placing unsheltered persons at the PDA and helping those persons connect to other services such as childcare, workforce development, income assistance, education, healthcare, and behavior healthcare).

F. Whereas, AUTHORITY agrees to use the roughly \$1.7 million of Day 1 Grant money earmarked for the construction of the Project for such purpose, and to manage and operate the PDA in a manner that is consistent with the conditions and requirements of the Day 1 Grant (including providing space to CAPK personnel, and designating 43 units at the PDA for persons who are referred by CAPK to be housed at PDA through the Coordinated Entry System for which CAPK is the local provider).

AGREEMENT

NOW, THEREFORE, in consideration of the recitals and mutual covenants and conditions contained in this Agreement, which are incorporated herein, the Parties agree as follows:

ARTICLE I

CONSTRUCTION OF THE PROJECT

1.1 Design and Construction of the Project. AUTHORITY agrees to construct and otherwise develop the Project, including the PDA. The design and actual construction of the Project, including the PDA, shall be consistent with the requirements of the Day 1 Grant and consistent with the site plan and floor plan attached hereto as Attachment 1.1, including constructing a community center, common areas, and office space to be used by CAPK personnel. If AUTHORITY materially breaches its obligation to design and construct the Project consistent with the requirements of the Day 1 Grant, then CAPK shall have the right, in its sole discretion, to terminate this Agreement, in which case any Day 1 Grant funds that have been disbursed to AUTHORITY shall be promptly returned to CAPK.

1.2 Day 1 Grant Construction Funds. AUTHORITY has requested, and, subject to the terms stated herein, CAPK has agreed to provide to AUTHORITY, \$1,757,593 of the money received from the Day1 Grant to assist in the cost of constructing the Project (the "Day 1 Grant Construction Funds"). The Day 1 Grant Construction Funds may be used by AUTHORITY only for the specific purpose of constructing the Project consistent with the requirements of the Day 1 Grant. The Day 1 Grant Construction Funds provide only a portion of the total construction costs of the Project, and AUTHORITY shall be solely responsible for obtaining the additional money needed to cover the construction costs. The Parties agree that the Project would not be able to be completed but for the Day 1 Grant Construction Funds, and that the Day 1 Grant Construction Funds does not duplicate or supplant any other funding source, including any local, state, or federal funding.

1.3 Conditions to Providing Day 1 Grant Construction Funds. CAPK shall not

be obligated to disburse or pay to AUTHORITY any of the Day 1 Grant Construction Funds prior to (i) CAPK actually receiving such funds from the Day 1 Grant; (ii) the commitment of all other funding sources related to the construction of the Project; (iii) the issuance of all required land use entitlements; and (iv) the issuance of all building permits required to commence construction.

1.4 Construction Milestones. AUTHORITY shall construct and complete the Project within the time frames set forth in Schedule 1.4. If AUTHORITY materially breaches its obligation to construct the Project in accordance with the time requirements set forth in Schedule 1.4, then CAPK shall have the right, in its sole discretion, to terminate this Agreement, in which case any Day 1 Grant Construction Funds that have been disbursed to AUTHORITY shall be promptly returned to CAPK.

1.5 Schedule for Payment of the Day 1 Grant Construction Funds and Requests for Payment. Conditioned upon the design and construction of the Project being consistent with the requirements of the Day 1 Grant, and the submission of a request for payment as described below, the Day 1 Grant Construction Funds will be disbursed by CAPK to AUTHORITY as construction of the Project progresses based on the passing of certain inspections as follows:

<u>Inspection</u>	<u>Percentage of Day 1 Grant Construction Funds to be Paid</u>
Underground (e.g., installation of underground electrical, plumbing, mechanical, fire service, storm water components)	30%
Foundation (including pouring of concrete)	30%
All frame and rough (e.g., after all rough floor, wall, and roof framing is complete, and all electrical, plumbing, mechanical, and fire components are properly installed)	30%
Final (approval to occupy)	10%

When construction of the Project passes each inspection listed above, AUTHORITY may submit to CAPK a "Request for Payment" to be paid the percentage of the Day 1 Grant Construction Funds associated with that inspection as set forth above. Each Request for Payment shall include proof satisfactory to CAPK that the construction passed the inspection that is the subject of the Request for Payment. CAPK shall pay AUTHORITY the amount associated with Request for Payment within 30 days of receiving a satisfactory Request for Payment.

1.6 CAPK's Rights to Audit and Be Kept Informed. CAPK shall have the right to be kept informed about the progress of the Project and how the Day 1 Grant Construction Funds are being spent, and AUTHORITY shall provide to CAPK upon request the information

reasonably needed to inform CAPK about such matters. CAPK's right to be kept informed includes being allowed to attend and observe any meetings (whether in-person or via electronic means), phone conversations, and other means of communication related to the construction of the Project, including meetings involving the general contractor or superintendent, any subcontractors, or any government entity with authority over the Project (including Kern County Public Works), and CAPK is authorized to conduct visits to the Property at any time during the construction of the Project. In addition, AUTHORITY shall submit to CAPK detailed written quarterly reports describing the progress of the Project until the completion of the Project. AUTHORITY, furthermore, shall maintain until at least December 31, 2030, and CAPK shall have the right to inspect and audit, accounting records sufficient to show how the Day 1 Grant Construction Funds were used, including records sufficient to show to whom and for what purpose the funds were expended. AUTHORITY also shall provide any records requested by the Day 1 Families Fund. All information and records relating to the construction and development of the Project and the PDA shall be made available to CAPK, the Day 1 Families Fund, and each of their designees and advisers (such as accountants and attorneys) at any time during normal business hours, as often as CAPK or the Day 1 Families Fund deem necessary, to audit, examine, copy, and make notes, excerpts, or transcripts of or from the information or records. AUTHORITY's failure to comply with the requirements of this section will constitute a material breach of this Agreement and may result in the withholding of future payments, the return of prior payments, the termination of this Agreement, and any other remedies available to CAPK.

1.7 CAPK's Lack of Control Over Construction Activities. CAPK's role in developing and constructing the Project is limited to providing the Day 1 Grant Construction Funds and having the right to remain informed about construction progress and how the Day 1 Grant Construction Funds are being used. CAPK is not the developer or owner of the Property, and it has no role in selecting or supervising those working on the Project.

1.8 Compliance with Public Works and Wage and Hours Requirements. If the Project is a public works project, then AUTHORITY shall comply with, and ensure that all contractors and subcontractors comply with, all applicable laws regarding public works projects, including the prevailing wage requirements and any anti-kickback statute. AUTHORITY shall comply with, and ensure that all contractors and subcontractors comply with, all applicable wage and hour laws. AUTHORITY's duties to defend and indemnify CAPK that are set forth below in Section 4.1 shall apply to any claims arising from or related in any way to any alleged violations of the laws concerning public works or wage and hour requirements.

1.9 Appointment of Liaisons. Each Party will designate one or more liaisons to be responsible for coordinating with the other Party the activities required to be carried out under this Agreement, including the activities during and after construction of the Project.

ARTICLE II

POST-CONSTRUCTION OPERATIONS

2.1 How the PDA Is to Be Used. Following the completion of the construction of the Project, the PDA shall be used and operated as a residential rental project called

“Pioneer Drive Apartments” that will include roughly 85 residential units that will be restricted for affordable permanent supportive housing.

2.2 Property Management Services. Following the completion of the construction of the Project, AUTHORITY or Owner shall provide property management services, which shall include providing office and other space to CAPK personnel at no cost to CAPK; making repairs to the Property as reasonably requested by CAPK; designating 43 units at the PDA for persons who are referred by CAPK to be housed at PDA through the Coordinated Entry System; and otherwise providing such property management services that are customarily provided to apartment complexes of similar size.

2.3 Non-Construction Grant Funds. CAPK shall provide at minimum a .137 full-time equivalent (FTE) service coordinator and a .49 FTE case manager onsite for 15 years from the date the certificate of occupancy is issued for the PDA. All such services (which generally include placing unsheltered persons at the PDA and helping those persons connect to other services such as childcare, workforce development, income assistance, education, healthcare, and behavior healthcare) shall be provided at no charge to the tenants. For years one through five, such services shall be paid for by CAPK using the Day 1 Grant money that is not Day 1 Grant Construction Funds. For years six through fifteen, AUTHORITY or Owner will provide \$47,642 per year in funding to CAPK (increasing 3% per year), which shall be disbursed quarterly for the services provided to PDA tenants. AUTHORITY and CAPK shall work together to identify additional funding sources, as needed, to enhance the services level beyond the required minimum. CAPK's services and the use of Day 1 Grant funds is conditioned upon the Project being constructed and the PDA being used in accordance with the terms and conditions of this Agreement and the Day 1 Grant.

2.4 Right to Use Property. AUTHORITY and Owner agree to provide a non-exclusive license to CAPK (including its agents, employees, invitees, and clientele) to enter upon and use the Property in a manner consistent with the services to be provided by CAPK in connection with the PDA.

ARTICLE III

TERM, TERMINATION, AND RETURN OF FUNDS

3.1 Term of Agreement. This Agreement is effective on the Effective Date and, unless previously terminated in accordance with the terms stated in the next section, will continue in effect until the date that is 15 years after the date of the issuance of the certificate of occupancy for the PDA following its construction (the “Term”). To the extent required by law, the term of this Agreement will continue until all monitoring and post-monitoring requirements, if any, have been fulfilled.

3.2 Termination of Agreement. During the Term, either Party may terminate this Agreement in the event the other Party materially breaches this Agreement by giving 60-days' prior written notice to the other Party.

3.3 Return of Funds. CAPK may, in its sole discretion, require AUTHORITY to

return some or all of the Day 1 Grant Construction Funds if: (i) AUTHORITY materially breaches this Agreement in any way (including, without limitation, by failing to construct and complete the Project in accordance with the time requirements set forth in Schedule 1.4; failing to construct the Project and operate the PDA in a manner that complies with the Day 1 Grant requirements; failing to set aside the agreed-upon number of residential units for CAPK to place persons; failing to provide office space to CAPK; and failing to provide property management services in accordance with Section 2.2 above), or (ii) CAPK determines in its sole discretion that the return of the Day 1 Grant Construction Funds is needed to comply with the requirements of any agreement, law, or regulation applicable to CAPK, or to comply with the Day 1 Grant requirements and conditions. CAPK shall provide AUTHORITY with written notice if they require AUTHORITY to repay any Day 1 Grant Construction Funds pursuant to this section. Upon receipt of such notice, if the reason the CAPK is requiring repayment is capable of being cured, then AUTHORITY shall have sixty (60) days to cure before such repayment shall be owed to CAPK.

ARTICLE IV

INDEMNIFICATION AND INSURANCE

4.1 Indemnification. AUTHORITY shall indemnify, defend, and hold harmless CAPK (including its officers, directors, trustees, agents, employees, designated volunteers, and contractors) and the Day 1 Families Fund from and against any and all claims, actions, damages, losses, liabilities, costs, and expenses of whatever nature (including attorney's fees, consultant fees, and indirect and incidental damages) which CAPK or Day 1 Families Fund may incur, become responsible for, or suffer and which arise out of or relate in any way to this Agreement, the Project (including the construction of the Project), the PDA (including its post-construction operations), or any acts or omissions of AUTHORITY or its employees, agents, independent contractors, subcontractors, or related entities or agencies, whether or not caused in whole or in part by CAPK, except for CAPK's sole active negligence or willful misconduct. CAPK shall indemnify, defend, and hold harmless AUTHORITY (including its officers, directors, trustees, agents, employees, designated volunteers, and contractors) from and against any and all claims, actions, damages, losses, liabilities, costs, and expenses of whatever nature (including attorney's fees, consultant fees, and indirect and incidental damages) which AUTHORITY may incur, become responsible for, or suffer as a result of CAPK's sole active negligence or willful misconduct.

4.2 Insurance. In addition to any other insurance or bond required under this Agreement or any law, each Party shall procure and maintain for the duration of this Agreement the following types and limits of insurance and shall name the other Party ("Community Action Partnership of Kern" or "Housing Authority of the County of Kern") and their officers, directors, trustees, agents, employees, and designated volunteers as additional insureds under each policy:

- a. Automobile liability insurance, which shall provide coverage on an occurrence basis for bodily injury, including death, of one or more persons, property damage and personal injury, with limits of not less than One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars

(\$2,000,000) aggregate, and the policy shall provide coverage for owned, non-owned, and hired autos.

- b. Broad form commercial general liability insurance, which shall provide coverage on an occurrence basis for bodily injury, including death, of one or more persons, property damage and personal injury, with limits of not less than Two Million Dollars (\$2,000,000) per occurrence and Three Million Dollars (\$3,000,000) aggregate; and the policy shall provide (i) contractual liability coverage for the terms of this Agreement, and (ii) products and completed operations coverage. Each policy shall be written on a first-dollar coverage basis, or contain a deductible provision.
- c. Workers' compensation insurance, with statutory limits and employer's liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence, and the policy shall contain a waiver of subrogation in favor of the other Party and its officers, directors, trustees, agents, employees, and designated volunteers.

The insurance required under this section shall be maintained at all times during the term of this Agreement or any extension thereof, and each Party shall provide to the other upon request a certificate of insurance and required endorsements evidencing the required insurance required. It is further understood and agreed that each Party's liability shall not in any way be limited to or affected by the amount of insurance obtained and carried by that Party in connection with this Agreement.

The following terms shall also apply:

- If any of the insurance coverages required under this Agreement is written on a claims-made basis, then the Party obtaining the insurance shall either (i) maintain said coverage for at least three years following the termination of this Agreement with coverage extending back to the effective date of this Agreement; (ii) purchase an extended reporting period of not less than three years following the termination of this Agreement; or (iii) acquire a full prior acts provision on any renewal or replacement policy.
- All insurance afforded pursuant to this Agreement shall be primary to and not contributing to all insurance maintained by the Party obtaining the insurance. An endorsement shall be provided on all policies which shall waive any right of recovery (waiver of subrogation) against the other Party (i.e., the additional insured).

ARTICLE V

GENERAL PROVISIONS

5.1 No Partnership or Joint Venture. Nothing in this Agreement shall be deemed or construed as creating an agency, partnership, or joint venture between the Parties. No Party is by virtue of this Agreement authorized to act as the agent or representative of the other. The Parties have their own separate employees and they do not intend, and shall not be considered, to be joint employers. AUTHORITY acknowledges, represents, and agrees that it acts completely independently of CAPK and is solely responsible for any and all of its activities, including those activities related to the construction of the Project and those activities that are supported by the Day 1 Grant.

5.2 Compliance with Laws. In performing its obligations under this Agreement, each Party shall comply with all applicable laws, including any statutes, regulations, ordinances, standards, and rules. This Agreement shall be construed in a manner consistent with compliance with any applicable law, and the Parties hereto agree to take such actions necessary to construe and administer this Agreement accordingly. If any court or administrative agency of competent jurisdiction determines that this Agreement violates any law, then the Parties agree to negotiate in good faith amendments to this Agreement to conform the Agreement to the ruling of the court or administrative agency.

5.3 Remedies Not Exclusive. If AUTHORITY fails to materially comply with the terms of this Agreement, CAPK, at its option, may suspend or terminate this Agreement and may demand that AUTHORITY return all funds paid by CAPK to AUTHORITY under this Agreement, including the Day 1 Grant Construction Funds. The remedies provided in this Agreement are cumulative and are in addition to any other remedies in law or equity which may be available to the Parties, and all remedies may be enforced concurrently. The election of one or more remedies shall not bar the use of other remedies unless the circumstances make the remedies incompatible.

5.4 Waiver. No action taken pursuant to this Agreement shall be deemed to constitute a waiver by the Party taking such action of compliance with any representations, warranties, covenants, or agreements contained in this Agreement. The waiver by any Party of a breach of any portion of this Agreement shall not operate or be construed as a waiver of any subsequent breach.

5.5 Entire Agreement. This Agreement contains the entire agreement between the Parties and constitutes an integration of the entire agreement, contract, promise and understandings of the Parties. All prior agreements, conditions, contracts, promises, warranties, representations, and understandings (including each prior Memorandum of Understanding between the Parties), whether oral or written, express or implied, concerning the subject matter of this Agreement are expressly superseded hereby and have no further force or effect.

5.6 Modification. This Agreement may not be altered, amended, or modified in any respect, except by a writing duly executed by all of the Parties.

5.7 Authority to Sign. Each individual signing this Agreement on behalf of a Party represents and warrants that they are duly authorized to sign on behalf of that Party and to bind that Party fully to each obligation set forth in this Agreement.

5.8 Conflicts of Interest. Each Party represents that neither it nor its employees or sub-consultants have any financial interest in either the success or failure of any project that is dependent upon the result of the work prepared pursuant to this Agreement and funds provided for herein.

5.9 Assignment. Each Party may assign its rights, obligations, and duties contemplated under this Agreement to its controlled affiliates only, and this Agreement shall inure to and be binding upon each such assign of the Parties. Notice of any assignment to a Party's controlled affiliate shall be provided promptly to the other Party.

5.10 No Third-Party Beneficiaries. This Agreement is made for the sole benefit of the Parties and their respective successors and assigns and no other person or persons shall have any right of action hereon.

5.11 Governing Law; Venue. This Agreement shall be governed by the laws of the state of California. Subject to the next section, any litigation between the Parties shall be filed and take place in the Kern County Superior Court.

5.12 Dispute Resolution. If any dispute arises regarding the interpretation or implementation of this Agreement, including any claims for breach of this Agreement, the Parties shall, within 30 days of the dispute arising and prior to any formal legal action being taken, make a good faith effort to resolve the dispute via direct negotiation. Should any Party fail to make a good faith effort to resolve the dispute via direct negotiation, then that Party shall waive the right to collect attorney's fees against the other party. If the dispute cannot be resolved by direct negotiation, the Parties agree that any dispute, controversy, or claim arising out of or relating to this Agreement (including any disputes regarding the interpretation, implementation, or the breach thereof) shall be settled by arbitration administered by the American Arbitration Association (AAA) under its Commercial Arbitration Rules. The location of any arbitration hearing shall be Bakersfield, California, and any enforcement of the arbitrator's decision shall be brought in the Superior Court of the County of Kern, Bakersfield, California. Notwithstanding anything to the contrary in AAA's Commercial Arbitration Rules, there shall be a single arbitrator, and the arbitrator shall be bound by California substantive law and shall issue a reasoned award that includes written findings of fact and conclusions of law. Nothing in this section shall prohibit either Party from seeking injunctive or similar relief in a court of competent jurisdiction as may be necessary to protect their respective rights and interests. THE PARTIES UNDERSTAND AND AGREE THAT THEY ARE WAIVING THEIR RIGHT TO BRING THEIR CLAIMS IN COURT (except as otherwise expressly set forth herein), INCLUDING THE RIGHT TO A JURY TRIAL.

prevailing party in such litigation shall be entitled to recover all costs and expenses (including reasonable attorneys' fees, expert witness fees, and the expenses and fees associated with the arbitration) incurred therein by such prevailing party from the non-prevailing party.

5.14 Opportunity to Obtain Legal Counsel. Each Party has received independent legal advice from its attorneys with respect to the advisability of entering into this Agreement or has intentionally elected not to seek the advice of counsel, and has carefully reviewed and considered this Agreement.

5.15 Construction. This Agreement shall be construed as a whole according to its fair meaning and without regard to any presumption against the Party who drafted the Agreement.

5.16 Severability. If any term or provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement.

MEMORANDUM

To: Board of Directors

From: Yolanda Gonzales, Director of Head Start and State Child Development
Date: August 26, 2026
Subject: *Agenda Item V(e):* Update for Head Start Notice of Proposed Rulemaking (NPRM) Amending the Head Start Program Performance Standards (HSPPS) – ***Info Item***

The Administration of Children and Families (ACF) released A Notice of Proposed Rulemaking (NPRM), "**Reducing Federal Burden on Head Start Programs**," published on August 7, 2026. The proposal is intended to reduce unnecessary administrative burden, improve regulatory clarity, promote children's health, nutrition, and physical activity, and focus federal oversight on statutory requirements rather than duplicative regulatory provisions.

The NPRM would reorganize the Head Start Program Performance Standards by removing or revising current regulatory requirements and adding new requirements. In areas where the existing regulations would be eliminated or revised, programs would instead be directed to comply with relevant federal statutes, including the Head Start Act, the Individuals with Disabilities Education Act (IDEA), and the McKinney-Vento Homeless Assistance Act, as well as state and local requirements.

The Head Start and State Child Development leadership team have been evaluating the proposed regulatory changes, and are currently working with the State, Regional and National Head Start Associations to review the proposal and discuss the impact on our program. Our efforts currently are to draft meaningful comments to add to the NPRM within the timeline ending October 6, 2026. It is important to note that **these changes are not Final**. Within the next two months, program will continue to evaluate the possibilities and work closely with CAPK's executive team to ensure our comments drafted address all risks.

The following provides a high-level overview of the key proposed changes:

Key Changes

- **Reduced Cap on Administrative Costs:** Administrative costs would be capped at 5% of total approved program costs, down from 15% including the required non-Federal contributions to such costs. A waiver process is allowable for programs to negotiate administrative costs.
- **Staff-to-Child Ratios May Align with States:** The proposed rule would remove the current federal standard for Head Start staff-to-child ratios and group sizes. Instead, programs would establish staff-to-child ratios and group sizes consistent with state and local laws and regulations. Programs could continue to use the existing Head Start ratios if they choose.
- **Parent Committees Now Optional:** Parent committees would become optional (Governing Bodies, Policy Councils, and Policy Committees remain required by the Head Start Act). Parent committees are made up of currently enrolled parents at the site level.

Key Removals

- **Detailed regulations for serving children with disabilities would be removed.** Programs would continue to follow the requirements of the Head Start Act and the IDEA, while the proposed

regulations would remove specific requirements related to early support services, referrals, coordination of services, and other disability-related requirements.

- **Families would no longer receive the same level of health care coordination.** While the Head Start Act requires health, developmental, vision, and hearing screenings, the proposed rule would remove specific timelines for those screenings.

Programs would no longer be required to determine whether children have an ongoing source of health care to ensure children receive necessary care when they begin attending Head Start.

- **Suspension and expulsion restrictions would be removed.** Current Head Start regulations that prohibit expulsions and limit suspensions would be removed. Although the Head Start Act does not include statutory requirements for suspensions or expulsions, California regulations prohibit expulsions and limit suspensions.

- **Families would no longer be able to enroll without documentation.** The proposed rule would no longer allow family self-attestation to satisfy eligibility requirements for homelessness, income, or proving a child's age. Staff that violate eligibility requirements would need to be reported to HHS.

- **Housing cost adjustments would be removed from eligibility determinations.** Programs would no longer be allowed to deduct housing costs that exceed 30% of a family's annual gross income when determining eligibility.

Key Additions

- **English-Only Instruction:** Programs would be required to provide English-only instruction (excluding Tribal programs), with instruction for children with limited English proficiency focused on learning English. Programs would have to replace curriculum, instructional material, and books that contain non-English content and retrain or recruit teachers to be able to comply. Waivers may be granted.

- **Physical Activity:** Programs would be required to provide children with at least 30 minutes of physical activity for every 3.5 hours of program participation, with activities taking place outdoors when possible.

- **Nutrition:** Programs would be required to have staff or consultants to support nutrition services and provide parents with education on children's nutrition, healthy eating, and physical activity.

- **Healthy Marriage:** Programs would be required to provide educational materials and instruction demonstrating the value of healthy marriages.

- **Expanded Waiver Authority:** The proposed rule would broaden waiver authority by allowing programs to request waivers for most regulatory requirements, including the administrative cost cap and non-Federal match, except for eligibility, nutrition, and physical activity requirements. Waivers must comply with federal law and cannot compromise children's health or safety.

To: Board of Directors

From: Emilio G. Wagner, Chief Facilities and Technology Officer
Date: August 26, 2026
Subject: *Agenda Item V(f)* : Ramkabir Supportive Permanent Housing Developer Agreement Update – **Info Item**

Background

The Ramkabir project is the acquisition-rehabilitation of the former Ramkabir Motel at 901 Union Avenue, in partnership with the City of Bakersfield. The property consists of four buildings and 38 existing rooms, which will be converted into 30 units of permanent supportive housing, including 15 units serving veterans and 8 accessible units. Also included is a community building with shared kitchen, community room, laundry facilities and offices. Other amenities on-site will be landscaping, parking, and an outdoor BBQ area. The project is primarily funded through the State of California's Homekey+ program, administered by the Department of Housing and Community Development (HCD).

The City of Bakersfield owns the property and is the lead applicant. CAPK is the co-applicant and serves as project Developer, responsible for procurement, construction management, and ongoing operations and supportive services onsite for a minimum of 15 years. The City plans to convey the property to CAPK once the project construction is completed. The Developer Agreement is the instrument by which the City passes Homekey+ funding and program obligations through to CAPK. Without it, CAPK cannot award a construction contract or issue a notice to proceed.

Funding

On July 13, 2026, HCD issued a Conditional Award Notice totaling \$14,074,000 with \$10,600,000 in capital funding, \$3,024,000 in operating funding, and \$450,000 in additional operating funding for veteran units. The date of the conditional award letter is the operative date for all program deadlines that follow.

The City separately funded the predevelopment work through two agreements with CAPK in the total amount of \$1,147,656 covering design, environmental, other preconstruction, and construction activities. These specific activities are governed by the Predevelopment Agreements between CAPK and the city. The two Predevelopment Agreements are attached for your reference.

In addition to Homekey+ funding for construction and operations, additional funding sources for the operations and rental subsidies have been committed by other agencies to the project and will be identified in the Developer Agreement including Homeless Housing Assistance Prevention (HHAP), Housing Authority HUD VA Supportive Housing (VASH), and Kern County Behavioral Health and Recovery Services.

Current Status

Design: Architectural work by Skarphol Frank Associates is substantially complete and has moved through City plan review.

Construction Procurement: The construction Request for Proposals (RFP) has been published. Proposals are due September 8, 2026 at 2:00 pm. This is a competitive best-value procurement with a

fixed completion deadline. We have established an independent review and scoring panel. Having an independent, well-rounded review panel is essential in ensuring the recommendation that reaches our Board is sound, independent, and defensible.

The five-member review and scoring panel consists of the following members:

Emilio Wagner - Chief Facilities and Technology Officer, CAPK
Greg Frank - Principal Architect, Skarphol Frank Associates
Jason Love - Senior Project Manager, Skarphol Frank Associates
Paul Archer - Assistant Public Works Director, City of Bakersfield
John Paul Lake - At-large Community Member

Due to the fixed completion deadline required by the state, the construction contract will include liquidated damages to address the obligations of CAPK to separately house individuals if they are not placed in units by the completion deadline. The liquidated damages are calculated using the estimated cost to house clients in accommodations that resemble the permanent housing and as required by the state. Based on similar experience housing clients, we have established a cost per unit at \$130/day. Housing Vouchers will be available for the 15 veteran units if needed, but the other 15 units will not have vouchers available. With that in mind, the total daily liquidated damages fee of \$1,966 per day is based on 15 units and includes a small amount for estimated utility costs.

A recommendation from the review and scoring panel to award a construction contract will be presented for review and approval. Depending on timing and due to the very tight timelines required by the state, we may ask to call a special Executive Committee meeting for the award of the construction contract on or around September 22, 2026. This would be one of two possible special meetings.

Developer Agreement between CAPK and City: At the time of this memo the City was in the final stages of drafting the Developer Agreement. CAPK legal counsel has been requested to complete an expedited review once it is received. Depending on the timing of the draft development agreement from the city, we may request a special Executive Committee meeting to approve the Developer Agreement on or around September 8, 2026. This would be one of two possible special meetings.

The Developer Agreement will define CAPK's role and obligations as Developer. It will include items such as the legal description of the property, related items from the State's funding agreement with the City, detailed scope of work covering the project description, unit mix, development and operating budgets, funding sources, construction schedule, required deliverables, and any Homekey+ compliance responsibilities between CAPK and the City. It will also incorporate CAPK's supportive services plan, describing the Housing First service model, tenant eligibility and referral through Coordinated Entry, the services CAPK will provide or coordinate with community partners, staffing, and measurable outcomes.

We expect the agreement to also include administrative framework for the project such as the process for submitting payment requests and the documentation required for reimbursement of eligible costs, the construction and operating reports CAPK will provide to the City so the City can meet its own reporting obligations to HCD, and the conditions under which the City will convey the property to CAPK following project completion.

State funding: As mentioned, this project is funded primarily through State of California Homekey+ funding. Our understanding is that once the Standard Agreement between the State and City is executed, the City will appropriate the Homekey+ funds.

Why the timelines are expedited

The Homekey+ program establishes a strict and fixed project completion deadline of September 11, 2027, and it does not allow for adjustments, even for delays in the State's contracting process. With the

strict schedule dictated by the state, the timing of City Council and CAPK Board meetings may not align as needed, so staff will most likely be requesting two special Executive Committee meetings for approvals of certain items. Deferring approval of these items would reduce the time available for construction against the deadline.

Fiscal Impact

The project is supported by the \$14,074,000 Homekey+ award and \$1,147,656 in City predevelopment funding.

Next Steps

- Receive and review final Developer Agreement between the City and CAPK (including legal review)
- Set a special Executive Committee meeting to approve the Developer Agreement (on or around September 8)
- Execute the Developer Agreement with the City of Bakersfield
- Complete evaluation of construction proposals and set a special Executive Committee meeting to authorize staff to award contract (on or around September 22)
- Finalize construction contract and issue the notice to proceed.
- Complete construction and placement of clients by the September 11, 2027 program deadline.

Recommendation

This item serves as an update to the Board in preparation of items coming forward for review and approval. No action requested at this time.

EXHIBIT A

AUTHORITY, PURPOSE AND SCOPE OF WORK

1) Authority

The State of California has established the Homeless Housing, Assistance, and Prevention Program Round 4 ("HHAP-4" or "Program") pursuant to Chapter 6 (commencing with Health and Safety Code (HSC) section 50216) of Part 1 of Division 31 of the Health and Safety Code. (Amended by Stats. 2021, Ch. 111, Sec. 4. (AB 140) Effective July 19, 2021.)

The Program is administered by the California Interagency Council on Homelessness ("Cal ICH") in the Business, Consumer Services and Housing Agency ("Agency"). HHAP-4 provides flexible block grant funds to Continuums of Care, large cities (population of 300,000+) and counties to build on the regional coordination created through previous Cal ICH grant funding and support local jurisdictions in their unified regional responses to reduce and end homelessness.

This Standard Agreement/Contract for Funds along with all its exhibits ("Agreement") is entered into by Cal ICH and a Continuum of Care, a city, or a county ("Grantee") under the authority of, and in furtherance of the purpose of, the Program. In signing this Agreement and thereby accepting this award of funds, the Grantee agrees to comply with the terms and conditions of this Agreement, and the requirements appearing in the statutory authority for the Program cited above.

2) Purpose

The general purpose of the Program is to (1) reduce homelessness by expanding or developing local capacity to address immediate homelessness challenges informed by a best-practices framework focused on moving homeless individuals and families into permanent housing and supporting the efforts of those individuals and families to maintain their permanent housing; and (2) continue to build on regional coordination developed through previous rounds of HHAP funding (Chapter 6 (commencing with HSC section 50216)).

This funding shall:

- c) Be deployed with the goal of reducing the number of people experiencing homelessness in a given region through investing in long-term solutions, such as permanent housing.

MEMORANDUM

To: Board of Directors

A handwritten signature in blue ink, appearing to read "Lisa Gonzales", is written over the printed name.

From: Lisa Gonzales, Program Governance Coordinator

Date: August 26, 2026

Subject: *Agenda Item VI(a):* August Policy Council Report – **Action Item**

The Policy Council last met on June 23, 2026, at which time a quorum was established.

Program Performance Summary Reports received from the Office of Head Start (OHS) following two separate and independent Risk Assessment Notification (RAN) review visits were shared with the Policy Council. A RAN review is conducted when OHS receives information regarding an incident that affects the health and safety of children.

The first of the two Risk Assessment Notifications presented to the Council involved a Head Start partnership site. Initial findings were identified, and the program implemented corrective action to address them. As a result, the Office of Head Start (OHS) Program Performance Summary Report confirmed that the previously identified findings had been corrected, and that the review was subsequently closed.

Despite the successful resolution and outcome of these findings, ongoing concerns related to multiple licensing citations, compliance issues, and health and safety risks led to the determination that a continued partnership would present an unacceptable level of risk. Consequently, the contract with this partner was terminated.

There was an initial finding as related to the second of the two Risk Assessment Notifications, which was met with implementation of corrective action to address the finding. Similarly, as a result, the Office of Head Start (OHS) Program Performance Summary Report confirmed that through the monitoring process, the previously identified finding had been corrected, and this review was subsequently closed as well.

There was one New Business action item on the agenda: the nomination and election of a Policy Council representative to attend the Fall Leadership Conference in Washington, D.C., scheduled for September 28 through October 1, 2026. This opportunity generated significant interest among Policy Council members resulting in several nominations. Following the voting process, the Council elected, by majority vote, Rebecca Castro, a Harvey Hall parent and Policy Council member, to attend the conference on behalf of the Council.

The next Policy Council meeting will take place on August 25, 2026.

Recommendation:

The Policy Council requests Board approval of the August Policy Council Report and the meeting minutes from May 26, 2026.

Members were informed that the proposed school readiness goals were developed using program child assessment data and staff input from Kern and San Joaquin Counties. Committee members also provided valuable feedback and recommendations throughout the review process which will be incorporated into the final school readiness goals document prior to its presentation to the Policy Council and the Board of Directors for their approval.

4. Presentations

a. Education Overview and Understanding Developmental Domains for School Readiness – Cynthia Rodriguez, Head Start Education Manager

A presentation regarding the developmental domains for school readiness as well as a brief overview of the Education Team was provided to the Policy Council by Cynthia Rodriguez, CAPK Education Manager.

Cynthia shared that developmental domains are specific interconnected pathways of a child's growth and progress. These key areas help to serve as a roadmap for tracking children's progress. Cynthia stated that children must develop emotionally, socially, physically, cognitively, through language and communication as well as through curiosity and exploration. Members were asked what they thought the skills were that children needed the most prior to attending kindergarten. Various responses were shared from members ranging from physical development self-help skills such as opening their milk carton, and other food items, using the restroom, putting on their coat to social skills, asking for help from a friend, asking other children if they can join in an activity, and more. Cynthia stated that while these are developmental milestones, it is important to note that all children develop at various stages; some things might come easily while others may take a bit longer and require a little more support.

In speaking to approaches to learning, Cynthia explained that the emphasis is on curiosity, persistence, creativity, problem solving, attention and focus, and taking initiative. She then shared some of the activities exhibited by toddlers that indicate they are gaining these skills. Examples included exploring materials repeatedly, which is how children learn, through repetition, trying new tasks but looking to parents/caregivers for support and reassurance to continue on. When children touch, including putting items in their mouth, they are exploring and experimenting.

Through the course of her presentation Cynthia discussed each of the domains and provided members with examples of behaviors shown by both toddlers and preschoolers to potentially support tracking their (developmental) progress across each developmental domain.

Cynthia shared some of the roles and responsibilities of the Education Team which consists of seven mentor coaches in Kern County and one in San Joaquin. It was stated that all mentor coaches receive an assignment of teachers every school year whom they mentor the entire year. Mentor coaches conduct biweekly visits, complete observations, model appropriate practices, support with reflection and feedback and more. The Education Team also reviews program data to create agency goals and to prioritize professional development opportunities for teaching staff.

In closing, Cynthia shared the various CAPK Head Start social media platforms and encouraged members to follow the program for updates as well as to see all the wonderful things that are happening. She also provided all members with thank you bags. There were a variety of materials which parents can use at home to help support their child in gaining skills across all the developmental domains previously discussed. It was shared that those members attending on a virtual platform will also be receiving a thank you bag.

6. **New Business**

***ACTION**

- a. **2026-2027 School Readiness Goals – Cynthia Rodriguez, Head Start Education Manager**
Cynthia shared that there was intentionality in her earlier presentation in providing members with a better understanding about the developmental domains prior to the Council reviewing the proposed school readiness goals. Cynthia shared the seven phases that the school readiness goals go through, beginning with aggregating child assessment data to the creation of school readiness goals for the next program year based upon that data. Cynthia shared that the goals are divided into the five domains previously reviewed. Goals are created for Head Start as well as Early Head Start, along with activities to support goal attainment for each. She stated that the final phase after obtaining approval from both the Policy Council as well as the CAPK Board of Directors, is that the goals will be printed, distributed, and implemented in the 2026-2027 school year. A question was posed about the 2015 Desired Results Data Profile (DRDP) assessment tool, and it was asked if that was the most current version. Cynthia was appreciative of the

question and stated that in California, the 2015 tool is the most current version available. However, she added that there is a new one, and the program is transitioning into the 2025 DRDP. Cynthia noted that the program has three internal certified trainers who have begun to train other staff members. In taking a proactive approach, it was stated that the measures on the currently proposed school readiness goals have been aligned to that of the 2025 version to ensure accurate measures. There was an additional request for clarification regarding several acronyms contained in the document such as CLASS, ITERS, ECERS to which Cynthia provided to members along with an explanation as to what each of the tool's measure. Candy Diaz made a motion to approve the 2026-2027 School Readiness Goals: seconded by Lupe Perez. Motion carried unanimously.

b. **2027-2028 Head Start Program Goals and Objectives – Rosa Guerrero, Administrative Analyst**

Rosa reminded members that the program is entering its fourth year of a five-year grant cycle. She also shared that each year, the program must submit an application for continued funding that includes updates to specific items. The Head Start Program Goals and Objectives is one of the specific items requiring updates to be provided and submitted with the programs refunding application. In continuing, Rosa shared that updates are not only provided to the program's funding source but to the Board of Directors as well as the Policy Council. In continuing, she shared with the Council a few highlights from the goals and objectives, specifically to areas where progress has been made, goal completion, as well as sharing positive program feedback received. Areas elaborated on included workforce goals, and the integration of the Learning Management System (LMS), a centralized digital hub where not only new hire employees but seasoned employees can obtain new learning and/or have a refresher. Rosa also touched on the Health and Safety goal and spoke about the active supervision boards in all centers. These boards streamline safety reporting and communication among staff. This whiteboard contains information as to when and how to report an incident as well as including an area to record (write down) staff to child ratios to ensure ongoing communication. Rosa shared that upon completion of the reviews which recently took place for the program, the reviewers provided staff with feedback. Reviewers commented that the active supervision boards are a promising practice and noted their consistent use in facilitating communication amongst staff. It was pointed out that there were two areas of completion in the program's school readiness goals. In regard to STEM curriculum, the program has surpassed the goal of 15% implementation (Loose Parts) by year two of the grant cycle; not only has the curriculum been implemented but additional sites have been identified for further expansion. Additionally, the program has exceeded its goal of training 15% of staff in Dual Language training; at this time 70% of staff have been trained. Rosa shared that there are still other items (goals) that are in progress reminding the Council this is the fourth year of the grant cycle and for those who may return to Policy Council for the next term, additional updates will be provided next year. She added at that time the 2029-2034 Head Start Program Goals and Objectives will also be presented as they will accompany the next five-year grant application. Rebecca Castro made a motion to approve the 2027-2028 Head Start Program Goals and Objectives: seconded by Candy Diaz. Motion carried unanimously.

7. Standing Reports

a. **Program Governance – Lisa Gonzales, Program Governance Coordinator**

Lisa thanked members for their attendance and highlighted several handouts contained in the packet with regard to mental health and wellness. Information included behavioral health resources for both children and adults in Kern County, self-care and building resiliency, as well as teaching children about feelings, belly breathing, and the impact of stress. Other information shared was about gardens, specifically mindfulness and how simply being in a garden or outdoor setting can help to ground oneself while also connecting to nature.

Additional information shared highlighted strategies that can help parents and children during challenging behaviors. Lisa shared that when a child is engaged in challenging behavior or is experiencing anger, frustration, or sadness it is important for the parents (caregivers) to remain calm. If the adult becomes activated, that may in turn result in even more challenging behavior from the child. When parents remain calm, they give their child the safety and support they need to learn how to calm themselves. Lisa referred

to Cynthia's earlier presentation noting how important it is to let children know that all feelings are valid. It is important they know their feelings matter. To help children identify their feelings and how to effectively communicate what they are feeling, parents/caregivers can ask, was there anything in your day that you were excited about, or if they notice their child is angry or sad, they can talk with them to help them identify their feeling and what took place that made them feel that way. Lisa stated the goal is that identifying feelings and talking about them becomes a natural means of expression.

Lisa stated how important it is that parents take care of themselves. She added that the days can be busy with doing all the things needed for their family, for the household that parents can sometimes forget to take care of themselves. They can skip meals, not drink enough water, have lack of sleep, just to name a few, but all of these things impact parents/caregivers and can have an indirect effect on their child as well.

In continuing, Lisa spoke of some challenges in obtaining RSVPs for meetings, both Policy Council and committee meetings. She then asked members for their input as to how to support better communication, specifically how to obtain an RSVP more effectively or an "unable to attend" response from members. In continuing she stated that she wants to be able to meet them where they are at, and to reach out in a manner that they are responsive to because it does not appear that email is the best means of communication for everyone. Rebecca suggested creating a Google Doc or Microsoft Form to ask members to complete with regard to their preferred method of communication. Lisa thanked her for that suggestion and noted that she could email something along those lines, however if members are hard pressed to respond to emails this could impact responses. Candy shared that she prefers a text message because she can work long hours and may not check her email on a regular basis, however if she receives a text, she will see it immediately and have an opportunity to respond more quickly than she would to an email. Lisa appreciated the feedback and stated she would make that notation. She also added that if members wanted to give it some thought and then let her know what method they'd prefer that would be a major help.

In closing, Lisa reiterated how important this meeting was, and all meetings are; again, expressing her appreciation to members for their attendance, participation, and feedback.

b. Past Parent Community Representative – Pablo Reyes

Prior to sharing information, Pablo stated that all Lisa's emails are marked as "favorites" and go to the top of his queue, so he always sees them, to which she expressed gratitude.

Pablo stated that the Kern High School District has free meals for children ages 2 through 18 years of age. He added that they don't have to have a student enrolled in the Kern High School District, that this is open to anyone who has a child within the stated age range. Pablo shared that breakfast is available from 7:00 a.m. to 7:30 a.m. with lunch available from 11:15 a.m. to 11:45 a.m. He also stated that adults/caregivers can purchase a meal for \$6.25 to eat alongside their child. This program runs from June 2, 2026 through June 26, 2026. Pablo stated that the free meal program will be taking place at most school sites with the exception of Frontier High School and Vista High School on P Street. Vista High is going through renovations that is why they are unable to participate in this program. It was asked if this is only walk up or is it also drive through. Pablo stated that he was not certain about that and recommended reaching out to the particular site to be sure.

c. Board of Directors – Lupe Perez, CAPK Board Member

Lupe shared highlights from the Board of Directors meeting held on April 29, 2026 and noted that all items on the consent agenda were approved.

Highlights included an updated financial report from the CAPK Foundation as well as a report on their activities and fundraising efforts to support CAPK Programs and information on the upcoming Gourmet for Good event taking place on June 6, 2026.

Funding received from Kern Behavioral Health and Recovery Services for the Safe Camping Program will allow the program to continue to operate. It was reported that staff have been working closely with the

finance team to refine the programs budget and identify opportunities to reduce expenditures. They will also be looking at additional resources to close the remaining funding gap and will keep the Board updated.

To support income eligible households in Kern County with heating and cooling cost assistance, at no cost to clients, the Board authorized the Chief Executive Officer (CEO) to execute the 2026 Supplemental Low-Income Home Energy Assistance Program.

Chief Executive Officer Jeremy Tobias presented an updated Board & Committee meeting schedule which included revisions in October due to the annual CalCAPA conference. He also provided an update on the status of the Federal Funding which supports CAPK Programs. It was noted that some of the funding was being held up, however, earlier in the week the agency was made aware that the 2nd and 3rd quarter funding had been released, and the fourth quarter funding is expected to be released timely. Additionally noted is that the funding for Head Start programs is being released slower than it has been in the past. The requirement to submit additional information has caused some delays of about one week.

The next Board meeting will be held on Wednesday, May 27, 2026 at 12:00 p.m.

d. **Head Start/State Child Development – Jerry Meade, Assistant Director – Program**

Jerry stated that on behalf of Head Start Director, Yolanda Gonzales, he is happy to attend the Policy Council meeting to represent the Leadership Team and to express appreciation to Council members for their support of the Head Start program.

Jerry noted that Lisa provided a lot of wonderful information, however there were a few handouts that had been printed and placed at members' seats to which she did not speak. With that said, Jerry shared wellness practices related to belly breathing and grounding techniques. He added that they are creative ways to share coping skills with children and encouraged parents to take the flyers with them.

In sharing program updates, Jerry stated that as the calendar approaches the end of May, we are nearing the end of the school year and that is hard to believe! He shared that part-year staff have already left for their summer break, adding that those members who have children in our part-year program option know that their services have ended and they are off for the summer as well.

Staff is working diligently to get things prepared for the programs annual pre-service trainings that will happen in July for full year staff with part-year staff to receive training in August upon their return. Jerry shared that there is excitement around some of the amazing presenters secured that will be providing training during pre-service. A competitive request for proposals was sent, and the program was able to secure consultants who were previously employed with the regional office in San Francisco as trainers for pre-service. Jerry shared that in looking at their expertise, they have spent decades in the Head Start space and having them come to train staff directly is a wonderful opportunity.

Jerry applauded the Education and Support Services Teams for recently, (earlier in the month) putting together an amazing day that allowed staff to come together and share ideas, share approaches to learning, and have time to visit with one another and to educate themselves on other practices happening within our program. Jerry added that this is the second annual event and it keeps getting better and better. He shared that he too had the opportunity to be on site at the Sterling Child Development Center and was able to watch the interaction between staff from facilities across Kern County as they saw so many amazing and great learning opportunities presented from their peers.

The importance of maintaining full enrollment was also addressed. Jerry shared that the program has continued to meet full enrollment and is confident that it will continue to do well. However, with transitional kindergarten and changes that could happen over the summer, it is important that the program is very intentional in ensuring all full day slots will maintain full year, but also that our part year slots will be fully enrolled on that first day in August. There will be a lot of efforts being made over the summer to support this. There will be recruitment events, taking place throughout the community and

continued weekly clinics at the Administrative Office. Jerry encouraged members to have anyone they know who is looking for Head Start services to be sure to complete an application. He stated that recruitment is everyone's responsibility and hopes that members will support the program in spreading the word about Head Start. Anyone interested in enrolling their child in the program can contact their local center, call 2-1-1 or they can call the administrative office, and staff will support them in completing the application process.

Jerry shared there a lot of other things taking place over the summer, such as developing the program's application and getting things ready for submission at the latter part of the year. With that he expressed appreciation for the approvals received during the meeting, the school readiness goals as well as the program goals and objectives. Jerry stated that as a part of the Program Planning Calendar, there are timelines which identify when the approval processes take place which help to ensure the program is on track with its timelines in order to submit the refunding application on time. Jerry reiterated what was shared earlier by Rosa, and that is the program is in year three, approaching year four, and in year four will begin working on the next five-year (2029-2034) program goals. Jerry again thanked the Council for their ongoing and continued support ensuring the program is in compliance with the requirements and for their involvement in supporting all children and families served across Kern and San Joaquin County.

Lupe Perez congratulated the program on meeting almost half of all the goals outlined and in being on track to meet them all. She added that this is a great accomplishment.

Maria Reyes asked for clarification regarding a recent potential scholarship opportunity emailed to Council members. It was clarified that this scholarship is not sponsored by CAPK but rather by Head Start West and is open to all Head Start staff as well as Policy Council members in this region. It was further added that the applicant must be enrolled in an accredited college or university to apply. Other information shared included two CAPK staff who were recipients of this scholarship last year. Lisa added that a few years ago, a Policy Council parent was also a recipient of this scholarship. Jerry encouraged eligible members to apply, adding they can't be considered for this award unless they do!

Pablo Reyes sent congratulatory wishes to anyone who is graduating around this time period. He shared that memories came up on his cellular phone of a few years ago when his children graduated from Harvey Hall. The photo/video showed them with their graduation caps and singing, The World is a Rainbow. Pablo added that as 7 year olds, they still want to sing that song! He also shared that his daughter would graduate from Centennial High School later in the week. Pablo again congratulated everyone on this step (graduation) in their educational journey.
