a. **"Head Start Baby" Story – Leticia Perez, Kern County Supervisor-Fifth District**
Ms. Perez shared she graduated from Sterling Head Start and during the ceremony she recited the 23rd Psalm, for which she received a standing ovation. This is a story that her parents have shared many times throughout her life and it is a point of pride, as it shows that no matter what kind of background you come from, you can do anything you set your mind to. Many of the things that have brought Ms. Perez to where she is today were founded in Head Start. She shared that when children are given praise and confidence, it helps them grow and gain their own confidence and improve their self-esteem. Ms. Perez stated she was told from childhood that you can do anything and that you don't have to be rich to be successful. It is incredible what children can achieve when they are given the motivation to succeed.

b. **Recognition of 2015-2016 Policy Council Members – Yolanda Gonzales, Director of Head Start/State Child Development** Ms. Gonzales wanted to take the opportunity to thank the Policy Council for their hard work and effort during the year, and ensuring that quorum was met at every Policy Council meeting. She praised the members for what they have accomplished throughout their term, which included multiple grants and program changes to review. Ms. Gonzales thanked those who would be continuing on for the next year. For those who are leaving the program, make sure to participate in the Site Council or Parent-Teacher Organization at your child's school if you can. Make sure to continue participating in your child's education and continue to be their advocate. When you are involved, not only does your child benefit, but you as the parent benefit as well. Some of the benefits are improving your own self-esteem and your relationship with your child improves as you recognize their achievements. Remember, it's not easy to be involved, but the outcomes are worth it. We all have stories about how Head Start has helped us or helped someone we know. There are those children who will go from being a Head Start child to a Head Start parent, and there are those who will go on to become Head Start staff. Ms. Gonzales shared as Ms. Perez shared, your beginnings don't have to determine your ending. You can grow to be whatever you desire.

c. **Recognition of 2015-2016 Policy Council Members – Jeremy Tobias, Executive Director of CAPK**
Mr. Tobias thanked the Policy Council for all of their dedication and hard work during the program year. Mr. Tobias understands that everyone present has sacrificed a lot to ensure the program continues to be available for those who need it. Mr. Tobias shared that he looks forward to continuing to work with the new Policy Council members in the months to come.

9. New Business – Chairperson **(**ACTION)**

a. **2017-2018 Head Start/Early Head Start Application for Continued Funding – Jerry Meade, Program Design and Management Administrator**
Mr. Meade shared that the refunding application goes through many phases prior to being presented for final approval. It starts with the selection committee, and Community Assessment review to determine the correct options for the service area. It includes Goals and Objectives and a narrative of what we have done throughout the year to meet these Goals and what will be done to meet those that have not yet been reached. Staff requests the Policy Council approve the 2017-2018 Head Start/Early Head Start Application for Continued Funding. The Chairperson called for a motion to approve the 2017-2018 Head Start/Early Head Start Application for Continued Funding. Motion made by Tai'Rance Kelley, Sr.; Christina Bates seconded; motion carried unanimously.

b. **Kern Head Start Duration Grant Application Revisions – Jerry Meade, Program Design and Management Administrator**
Mr. Meade explained in July, an application was brought forward to the Policy Council to apply for a Duration Grant which would enable CAPK to provide more hours of service to many of our children. The Office of Head Start (OHS) wants all programs to provide 1,020 hours to the children to improve their learning and preparation for Kindergarten. Due to the overwhelming response from agencies across the nation, OHS returned all Duration Grant applications to the requestors and asked that they reduce their amounts by 33 percent, which would provide OHS the ability to fund all application requests. Mr. Meade shared that if there was even one thing wrong, it would be rejected. The Duration Grant provides funding for additional staff and training. If approved, the grant would provide 255 additional children with 1,020 hours of education. The new amounts requested in the Duration grant are $764,269

in program operation funding (ongoing) and $522,712 in start-up funding (one-time funding). Staff requests the Policy Council approve the Kern Head Start Duration Grant Application Revisions. The Chairperson called for a motion to approve the Kern Head Start Duration Grant Application Revisions.

Pérez compartió que ella se graduó de Sterling Head Start y durante la ceremonia se recita el Salmo 23, por la que recibió una ovación de pie. Esta es un cuento que sus padres han compartido muchas veces a lo largo de su vida y es un motivo de orgullo, ya que muestra que no importa de dónde viene, se puede hacer cualquier cosa que te propongas. Muchas de las cosas que han traído la señora Pérez a donde está hoy fueron fundadas en Head Start. Ella compartió que cuando los niños se les dan la alabanza y la confianza, que les ayuda a crecer y ganar su propia confianza y mejorar su autoestima. Sra. Pérez indicó que ella se le dijo desde la infancia que se puede hacer cualquier cosa y que no tiene que ser rico para tener éxito. Es increíble lo que los niños pueden lograr cuando se les da la motivación para tener éxito.
   b. **Reconocimiento de los Miembros del Consejo de Política 2015-2016- Yolanda Gonzales, Directora de Desarrollo Infantil Estatal / Head Start**
      La Sra. González quería aprovechar la oportunidad para agradecer al Consejo de Política por su trabajo y esfuerzo durante el año, y por asegurar que el quórum se estableció en cada reunión del Consejo de Política. Elogió a los miembros por lo que han logrado a lo largo de su mandato, que incluye múltiples subvenciones y cambios de programa para su revisión. Sra. González agradeció a los miembros que siguen con nosotros el próximo año. Para aquellos que están saliendo del programa, asegúrese de participar en el Consejo Local u Organización de Padres y Maestros de la escuela de su hijo(a) si es posible. Asegúrese de seguir participando en la educación de su hijo(a) y seguir siendo su apoyador. Cuando usted está involucrado, no sólo su es beneficio al niño(a), pero usted como padre se beneficia también. Algunos de los beneficios están mejorando su autoestima y su relación con su hijo(a) mejora a medida que usted reconoce sus logros. Recuerde, no es fácil estar involucrado, pero los resultados valen la pena. Todos tenemos historias sobre cómo Head Start nos ha ayudado o esta ayudado a alguien que conocemos. Hay algunos niños que van a pasar de ser un niño(a) de Head Start a un padre de Head Start, y hay los que pasarán a formar parte del personal de Head Start. Sra. Gonzales compartida como compartió la Sra. Pérez, sus inicios no tienen que determinar su final. Usted puede llegar a ser lo que usted desea.
   c. **Reconocimiento de los Miembros del Consejo de Política 2015-2016- Jeremy Tobias, Director Ejecutivo de CAPK** El Sr. Tobias dio las gracias al Consejo de Política por su dedicación y trabajo durante el año del programa. El Sr. Tobias entiende que todos los presentes se ha sacrificado mucho para asegurar que el programa sigua disponible para aquellos que lo necesitan.    a. **Aplicación de Financiación Continua de Head Start / Early Head Start de 2017-2018- Yolanda Gonzales, Directora de Desarrollo Infantil Estatal / Head Start** El Sr. Meade compartió que la aplicación pasa por muchas fases antes de ser presentado para su aprobación final. Se inicia con el comité de selección y la revisión de la evaluación de la comunidad para determinar las opciones correctas para el área de servicio.

Incluye metas y objetivos y una narración de lo que hemos hecho durante todo el año para cumplir con estos objetivos y lo que se hará para satisfacer a los que aún no se han alcanzado. El personal pide al Consejo de Política que aprueba la aplicación de financiación de Head Start / Early Head Start 2017-2018. El Presidente pidió una moción para aprobar la continuación de fondos de Head Start / Early Head Start del 2017-2018. b. **Revisión de la Aplicación de la Duración de Beca- Yolanda Gonzales, Directora de Desarrollo Infantil Estatal / Head Start** El Sr. Meade explicó que en julio, una aplicación se adelantó al Consejo de Política para solicitar una subvención de Duración lo que permitiría CAPK proporcionar más horas de servicio a muchos de nuestros niños. La Oficina de Head Start (OHS) quiere que todos los programas proporcione 1,020 horas a los niños para mejorar su aprendizaje y preparación para el Kínder. Debido a la abrumadora respuesta de las agencias en todo el país, OHS devuelto todas las aplicaciones de Duración a los solicitantes y pidió que reduzcan su valor en un 33 por ciento, lo que proporcionaría OHS la capacidad de financiar todas las aplicaciones solicitadas. El Sr. Meade compartió que si había incluso una cosa mal, sería rechazado. La subvención de Duración proporciona fondos para el personal y la formación adicional.

COMMUNITY ACTION PARTNERSHIP *OF* KERN

MEMORANDUM

To: Policy Council

From: Leslie Mitchell

Date: November 4, 2016

Subject: Agenda Item:

DRDP 2015 Fundamental View Approval

Action Item

The DRDP (2015) is administered in natural settings through teacher observations, family observations, and examples of children's work. Ongoing documentation of children's knowledge and skills in everyday environments is a recommended practice for early childhood assessment.

The DRDP (2015) represents a full continuum of development from early infancy up to kindergarten entry. It has two views: the Infant/Toddler view for use with children in infant/toddler programs, and the Preschool View, for children in preschool programs.

The Preschool View has two forms: The Comprehensive View containing domains related to all areas of the Preschool Learning Foundations; and the Fundamental View, associated with essential domains of school readiness.

The DRDP (2015) is aligned with all volumes of the California's Infant/Toddler and Preschool Learning and Development Foundations, the Common Core Standards, and the Head Start Child Development and Early Learning Framework.

The Office of Head Start has required preschool programs to use the DRDP-2015 tool three times a year capturing evidence for all 56 measures. However, as the new fundamental tool was released later this past September they have given us the autonomy to pick either the comprehensive or Fundamental view.

Recommendation:

Staff recommends Policy Council approve the Head Start Education Department to implement the use of the Fundamental view in spring - 2017. The approval will allow teaching staff to collect evidence and rate each child with only 43 measures which meets all the required School Readiness domains, and is aligned with the Head Start Early Learning Framework.

ASOCIASION DE ACCION COMUNITARIA DE KERN
MEMORANDUM

Para: Consejo de Política

De: Leslie Mitchell

Fecha: 4 de noviembre del 2016

Tema de la Agenda:

DRDP 2015 Nueva Visión Fundamental

Tema de Acción

El DRDP (2015) se administra en ambientes naturales a través de observaciones del maestro, observaciones familiares y ejemplos de trabajo infantil. La documentación continua de los conocimientos y habilidades de los niños en ambientes cotidianos es una práctica recomendada para la evaluación de la primera infancia.

El DRDP (2015) representa un continuo completo de desarrollo desde la infancia hasta la entrada al jardín de infantes. Tiene dos puntos de vista para bebés / niños pequeños para uso con niños en programas de infantes / niños pequeños y preescolar para niños en programas preescolares.

La Vista Preescolar tiene dos formas: La Vista Comprensiva que contiene dominios relacionados con todas las áreas de las Fundaciones de Aprendizaje Preescolar; Y la Visión Fundamental, asociada con los dominios esenciales de la preparación escolar.

El DRDP (2015) está alineado con todos los volúmenes de las Fundaciones de Aprendizaje y Aprendizaje Infantil / Preescolar de California, los Estándares Núcleos Comunes, y el Marco de Desarrollo Infantil y Aprendizaje Temprano de Head Start.

La Oficina de Head Start ha requerido programas preescolares para usar la herramienta DRDP-2015 tres veces al año, capturando evidencia para las 56 medidas. Sin embargo, como la nueva herramienta fundamental fue lanzado a finales de septiembre pasado, nos han dado la autonomía para escoger la visión integral o fundamental.

Recomendación:
El personal recomienda al Consejo de Política que apruebe el Departamento de Educación de Head Start a implementar el uso de la Visión Fundamental en la primavera de 2017. La aprobación permitirá que el personal docente recolecte pruebas y califique a cada niño con sólo 43 medidas que cumplan con todos los dominios requeridos de Preparación Escolar; Está alineado con el Marco de Aprendizaje Temprano de Head Start.

Preventing Bullying

By Sangeeta Parikshak

A group of 3- and 4-year-olds are lining up to spend some time outside on the playground at a Head Start program. As they walk outside, many of the kids head toward a cluster of available tricycles. As one of the little girls puts on a helmet and prepares to get on, she is told by a little boy in her classroom, "That's mine!" He then jumps on the tricycle and pedals away. Disappointed, the little girl goes to join a group of kids near the slide. As she is waiting to go down the slide, the same little boy, now having gotten off the tricycle, is also heading to the slide. He cuts in front of her in line and says, "You can't play here."

When reading the above example, you may think to yourself, "Is this bullying?" Surprisingly, pre-bullying behaviors can first be recognized in the early childhood years. Bullying is:

- A form of emotional and physical abuse
- Deliberately done to hurt someone
- Often repeated in a targeted fashion to the same victim
- Usually based on a power imbalance

Bullying is also linked to mental health issues for the bullies as well as the victims. The Office of Head Start is committed to promoting the mental health and social and emotional well-being of the children and families that we serve. Often, bullying is discussed in the context of children in grade school or higher. However, Head Start programs have a unique opportunity to identify and address pre-bullying behaviors in the early stages of life and, hopefully, decrease this trend in the future. The example above provides some ideas of what pre-bullying behaviors look like in the early childhood years. Many of these behaviors can be identified as early as 3 years of age.

It is important to remember that these behaviors in isolation may not mean that the child is a bully, but that these behaviors, when allowed to repeat, can lead to bullying over time. If an educator or parent allows a child to claim that things are "mine," this can lead to verbal and physical aggression. Similarly, if a child is allowed to exclude other children from playing in their space or with them, this can lead to the types of aggression toward others and social exclusion that is often observed in the middle school years. Other types of pre-bullying behaviors that can be observed in young children include whispering secrets, calling each other silly names, and taking charge of other children's imaginative play.

Adults, including educators and parents, can prevent pre-bullying behaviors from progressing to bullying in the school-age years by paying attention to the types of behaviors described above and intervening when they observe them. It is also important for adults to teach young children social skills. Three of the most important social skills linked to bullying prevention include: **empathy**, **assertiv****s**, and **problem solving**. The adults in a child's life

can teach social skills through modeling, storytelling, puppet play, games, and other activities. The most important thing is to provide children with a foundation in these skills by providing concrete examples they can understand, use, and practice in their everyday lives.

Keeping our eyes and ears open as parents and educators of young children, while also being aware of what skills and behaviors we want to promote in our youth, will set children up for success both in school as well as in life.
