Other:

1. On May 2, 2019, the agency had the staff development day, the Central Kitchen staff really enjoyed the event. They expressed interest in the event and inquired if the agency will be doing another for the 2019-2020 school year. The theme was something that the Central Kitchen staff enjoyed most, and the that got the Central Kitchen staff involved. The project allowed for staff to work together and they had to get involved in the planning.
2. The Central Kitchen Food Production Drivers assisted maintenance in collecting all food service items from the center that are permanently closings and the Part Year center that are closing for the Summer. We had the Food Production Driver pick-up and return all useable commercial equipment, flatware and food service supplies. They also collected all unused non-expired can food items and baby food. The Central Kitchen Food Production Drivers were able to finish all pick up from all the closing centers by Friday, May 31st.
3. The Central Kitchen prepared for the Summer Session, we set up three men routes for deliveries, normally we have seven routes. The kitchen will be operating with 11 staff members which is half of our regular staffing. Our meals served will reduce to 1,086 per day from 4,860. The Central Kitchen management staff have used the Summer Session to work on any current and pending projects. The part year Central Kitchen staff will return by mid-August when the 2019-2020 school year starts.

Shafter Youth Center kids have been preparing for their field trip to Tomo-Kahni State Historic Park. The trip was scheduled for May 25th, but was rained out at the last minute. The trip has been postponed to the Fall, once the weather stabilizes.

Shafter Youth Center has started a new program to recognize kids for their great efforts. Taking into consideration character, good deeds, improvement in behavior and academics, staff votes to select a Student of the Month. The selected student then has their photo posted on the wall and is given a certificate and a gift card for a local business. Since the program started in January, SYC has seen some students change their behavior and make better choices when completing homework.

CAPK WIC continues to exceed the State average in participation. Participation increase by 1% over April, 2019 numbers.

CAPK WIC received 63 eligibility requests through the CAPK website. Of those 40 new participants were enrolled. CAPK WIC continues to have a Facebook and Instagram presence.

CAPK WIC participated along with Food back at the Delano Regional Medical Center Farmers Market. WIC was there to give information and take referrals for enrollment. Outreach has been busy attending many health fairs and resource fairs in the community.

Jaqueline Byrd, WIC Outreach and Public Relations Coordinator, attended the State Outreach Committee meeting in Sacramento. This is an opportunity to meet with other Local Agency Outreach Coordinators to share ideas as well as work on State sponsored activities. Jaqueline will continue to be a part of this committee for the FFYs 2020 – 2022.

A. *Narrative description of funding request, including goals:*

Texas Instrument Foundation funding of both SYC & FHCC will provide for a robust Science, Technology, Engineering and Math Program (STEM) emphasizing robotics, space technology and ecological science. The goal of the grant is to provide a STEM ecosystem of support through educational, internship and workforce professional development to school districts and low income youths and girls.

The grant will concentrate on youths from 5 -15 years for STEM exposure and appreciation and another cohort of 16 -18 years old for internship training and entry level STEM placement with local STEM companies. Additional partnerships with this grant will include AERA Energy and Kern Economic Development Foundation who will facilitate the mentoring and internship networking process for low income youths and young girls as well as provide job placement opportunities.

B. *Use of Funds:*

$25,000 is being requested to fund a full time Program Educator, purchase STEM supplies and provide for two field trips to two Science Centers.

A. *Narrative description of funding request, including goals:*

CAPK is applying for up to $50,000 from Wells Fargo to prepare youths ages 5-18 for future jobs through STEM (Science, Technology, Engineering, and Math) and entrepreneur education/training programs.

The STEM program will engage youths at the FHCC and SYC in STEM related fields through fun and interactive activities. Kern County's key industries, such as aerospace, oil, alternative energies, and manufacturing, have a high demand for employees that have STEM related skills. In addition to STEM, participants in the youth center's PREP Works program will have opportunities to learn entrepreneurship skills.

B. *Use of Funds:*

The requested funds will be used to build program capacity through staffing, outreach, STEM kits, field trips, and general program supplies.

MEMORANDUM

To: Program Review & Evaluation Committee

From: Sylvia Ortega, Quality Assurance Manager

Date: June 12, 2019

Subject: *Agenda Item 6f:* 2018-2019 Early Head Start San Joaquin Self- Assessment – **Action Item**

The Early Head Start San Joaquin program conducts an annual self-assessment to involve the agency in a review of its program's operations, goals, and objectives. The agency must self-assess the implementation systems and services of program governance and management systems, fiscal integrity, Enrollment Recruitment Selection Eligibility and Attendance (ERSEA), environmental health and safety, Classroom Assessment Scoring System (CLASS), comprehensive services and school readiness.

The Early Head Start self-assessment resulted in two program findings in the areas of:

- Policies and Procedures- The Early Head Start San Joaquin program is in the process of updating its policies and procedures.
- Program Goals- The Early Head Start San Joaquin program shares strategic long-term goals for ensuring programs are and remain responsive to community needs as identified in their community assessment with the Kern Grant.

Plans of Action to address the two findings have been completed. Self-Assessment results are used to update applicable policies and procedures, and to develop the improved strategies for the Grant Application for the subsequent year.

Recommendation
Staff recommends the Program Review & Evaluation Committee approve the 2018-2019 Early Head Start San Joaquin Self-Assessment Report.

Early Head Start San Joaquin
Summary of 2018-2019 Self-Assessment process

The Early Head Start San Joaquin self-assessment was completed the week of May 6-9, 2019. A review of the self-assessment planning process was completed with key management staff. Staff received an orientation training and an overview of the monitoring checklists in preparation of completing the program self-assessment.

Self-assessment teams were comprised of key Head Start and Early Head Start staff. Staff completed folder reviews, care and supervision checklist, conducted site visits, interviews and observations. Teams reviewed requirements of the program, including comprehensive services and fiscal oversight.

In addition, the self-assessment teams reviewed Desired Results Developmental Profile (DRDP) results and program plans. The program self-assessment resulted in two program findings in the areas of:

- Policies and Procedures- The Head Start/ State Child Development policies and procedures need to be updated.
- Program Goals- The Early Head Start San Joaquin program shares strategic long-term goals for ensuring the programs are and remain responsive to community needs as identified in their community assessment with the Kern Grant.

Through the self-assessment process and interviews with Early Head Start staff, it has been determined that the Early Head Start San Joaquin program provides quality care and has consistent systems across program options. Early Head Start funds have been used to improve and support the program and implement a process of continuous program improvement. These improvements include:

- Hiring of additional staff
- Additional materials and supplies
- Ongoing professional development

Self-Assessment results are used to update applicable policies and procedures, and to develop the improved strategies for the Grant Application for the subsequent year. The Early Head Start San Joaquin Administrator will conduct meetings with key staff to ensure completion of the plans of action, including supporting documentation.
