INDEPENDENT AUDITOR'S REPORT

Board of Directors
Community Action Partnership of Kern

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Kern (a nonprofit organization) (the Organization), which comprise the statements of financial position as of February 28, 2019 and 2018, the related statements of operations and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of February 28, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of revenues and expenditures and the statements of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**COMMUNITY ACTION PARTNERSHIP OF KERN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018**

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities and Reporting Entity: Community Action Partnership of Kern (the Organization) is the designated Community Action Agency of Kern County. The purpose of the Organization is to mobilize and utilize public and private resources of the urban and rural communities in the County of Kern to combat poverty through community action programs. Major classifications of program expenses are childcare, nutrition, energy conservation, and community services.

A summary of the Organization's significant accounting policies follows:

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Restricted and Unrestricted Revenue and Support: Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of operations as net assets released from restriction.

Federal Grant Awards: Federal grant awards are classified as deferred revenue until expended for the purposes of the grants.

Cash: Cash on deposit as of February 28, 2019 and 2018, included approximately \$3,094,129 and \$4,060,366, respectively, held by a financial institution which exceeded the insurance limits of the Federal Deposit Insurance Corporation. The Organization is required to maintain separate bank accounts in accordance with certain grant restrictions. As of February 28, 2019, and 2018, there was \$994,950 and \$625,786, respectively, in separate bank accounts.

Inventories: Inventories are comprised of food commodities and building weatherization supplies. Supplies are stated at cost, purchased food is stated at lower of cost or market, and food commodities received from the United States Department of Agriculture (USDA) are valued based on the USDA fair value commodity listing. The donated value of food based on Feeding America was \$17,518,686 and \$14,402,415 as of February 28, 2019 and 2018, respectively.

Property and Equipment: Acquisitions of property and equipment greater than \$5,000 are capitalized and stated at cost. The federal government retains a reversionary interest in property and equipment acquired with federal funds. Depreciation of property and equipment is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings	10-35
Renovations	10-35
Vehicles	3
Equipment	3-5

Depreciation for property and equipment was \$1,128,544 and \$1,156,081 for the years ended February 28, 2019 and 2018, respectively.

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences: The Organization accrues compensated vacation pay for all employees. Sick leave is not payable upon termination, and therefore is not subject to accrual.

Grants and Contracts: Support received under grants and contracts is recorded as public support when the related grant award is determined to be due and is accounted for as with donor restrictions until grant restrictions are met. Management considers all amounts due under grants and contracts to be collectible.

Donated Services and Property: Donated services are recognized in the financial statements as revenue and expense in equal amounts at their estimated fair values. In-kind grantee contributions totaling \$136,040 and \$78,737 are included in the statements of operations for the years ended February 28, 2019 and 2018, respectively, and include donations of supplies and professional volunteer time charged at a rate pursuant to related contract provisions. In-kind contributions of volunteer time by parents participating in the Head Start (HS) and Early Head Start (EHS) programs are not included in the statements of operations because they do not meet the criteria for recognition. The totals are \$5,329,958 and \$6,489,388 for the years ended February 28, 2019 and 2018, respectively. The City of Shafter donated land for the Shafter Youth Center. As of February 28, 2019 and 2018, the value included in property and equipment was \$32,211.

Income Taxes: The Organization is a nonprofit corporation and has been recognized as tax exempt pursuant to Section 501 (c)(3) of the Internal Revenue Code and related State of California code sections.

On March 1, 2009, the Organization adopted the accounting standard on accounting for uncertainty in income taxes, which address the determination of whether tax benefits claimed or expected to be claimed on tax returns should be recorded in the financial statements. Under this guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods. Management evaluated the Organization's tax positions and concluded that it had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

Functional Allocation of Expenses: The costs of providing the various programs and other activities are summarized on a functional basis in the statements of operations. Management allocates general and administrative costs using the 10% de minimis indirect rate.

Reclassifications: Certain accounts presented in the prior year's data may have been reclassified in order to be consistent with the current year's presentation.

Basis of Accounting: The financial statements of the Organization have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). (ASC) 958-205 was effective January 1, 2018. Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as with and without donor restrictions.

New Accounting Pronouncement: On August 18, 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net assets without donor restrictions: These include net assets balances that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.

Net assets with donor restrictions: These include net assets balances that are subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2017, for public business entities and not-for-profit entities that have issued, or is a conduit bond obligor for, securities that are traded, listed, or quoted on an exchange or an over-the-counter market and effective for annual reporting periods beginning after December 15, 2018, for all other entities. The Organization has not yet selected a transition method and is currently evaluating the effect the standard will have on the financial statements.

In June 2018, the FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The amendments in this ASU should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. The amendments should be applied on a modified prospective basis. Under a modified prospective basis, in the first set of financial statements following the effective date, the amendments should be applied to agreements that are either not completed as of the effective date or entered into after the effective date. Retrospective application is permitted. This ASU is effective for annual reporting periods beginning after June 15, 2018, for not-for-profit entities that have issued, or is a conduit bond obligor for, securities that are traded, listed, or quoted on an exchange or an over-the-counter market. All other entities shall apply the pending content that links to this paragraph for transactions in which the entity serves as a resource recipient to annual periods beginning after December 15, 2018, and interim periods within annual periods beginning after December 15, 2019. The Organization is currently evaluating the effect the standard will have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of the lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the income statement. This standard will be effective for the calendar year ending December 31, 2020. The Organization is currently in the process of evaluating the impact of adoption of this ASU on the financial statements.

Payments commenced on September 20, 2012, and continued up to and including July 20, 2015. Negotiations were started to refinance and terms were extended. In June 2016, the Organization refinanced this note in the amount of \$2,305,600.

(2) In December 2002, the Organization entered into an interest rate swap agreement related to this debt. The swap is utilized to manage interest rate exposure over the period of the interest rate swap and is designated as a highly effective cash flow hedge. The differential to be paid or received on the swap agreement is accrued as interest rates change and is recognized over the life of the agreement. The swap agreement expired in December 2012, and effectively fixed the interest rate at 4.62%. In December 2012, the note was refinanced with the total available funds being \$831,607. NOTE 14 – UNRELATED BUSINESS INCOME TAX MATTERS

The Internal Revenue Service (IRS) and certain state taxing authorities are currently revisiting what, if any, products and services provided by nonprofit organizations are subject to unrelated business income tax (UBIT). There is currently very little guidance in the IRS Code on what activities should be subject to UBIT. The IRS has indicated that it is studying the issue and may issue additional guidance. As a result, at this time there is uncertainty regarding whether the Organization should pay income tax on certain types of net taxable income from activities that may be considered by taxing authorities as unrelated to the purpose for which the Organization was granted non-taxable status. The Organization has not filed any tax returns in the past for potential taxable activities. The taxing authorities have the ability to assess taxes, penalties, and interest for any years for which no tax return was filed. In the opinion of management, any liability resulting from taxing authorities imposing income taxes on the net taxable income from activities deemed to be unrelated to the Organization's nontaxable status is not expected to have a material effect on the Organization's financial position or results of operations. The Organization is no longer subject to U.S. federal, state, or local income tax examinations by tax authorities for years before 2012.

NOTE 15 – CONTINGENCIES AND COMMITMENTS

The Organization discovered that the eligibility requirements of the Community Action Partnership of Kern 401(a) Plan have not been applied correctly for certain individuals. The Organization has filed an application under the Voluntary Compliance Program with the Internal Revenue Service to provide for correction. The corrective contributions for the impacted individuals will be approximately \$200,000 plus applicable earnings.

NOTE 16 – SUBSEQUENT EVENTS

Subsequent to February 28, 2019, and through November 15, 2019, the date through which management evaluated subsequent events and the date of the Independent Auditor's Report, there were no subsequent events that require disclosure.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Partnership of Kern (the Organization), which comprise the statement of financial position as of February 28, 2018 and 2019, the related statements of operations and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated November 15, 2019.

Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Kern's (the Organization) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended February 28, 2019. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2019.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR FIRST 5 PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE WITH THE PROGRAM SPECIFIC AUDIT OPTION UNDER THE UNIFORM GUIDANCE

Board of Directors
Community Action Partnership of Kern

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Kern's (the Organization) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the First 5 Kern 211, East Kern Family Resource Center, and Help Me Grow Programs (the Programs) for the year ended February 28, 2019.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the Programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of the Organization's Programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above, that could have a direct and material effect on the Programs occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the Programs. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Programs for the year ended February 28, 2019.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on the Programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the Programs and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
