

Meal Delivery Restaurant Program

Overview

In collaboration with Southern California Gas Co. (SoCal Gas), Community Action Partnership of Kern (CAPK) received a grant from the Kern Economic Development Foundation to provide nutritious meals to seniors and farmworkers that reside in SoCal served areas within Kern County. The goal is to provide 450-500 meals weekly for 13 weeks, totaling 6,000 meals throughout the duration of the program. Meals will be purchased only from local restaurants impacted by COVID-19 to help stimulate the local economy. CAPK will match local restaurants with Agencies that serve seniors and farmworkers in their community through the 2-1-1 Call Center Program.

Agencies

Any eligible Agency that serves the target population of senior and farmworkers that would like to participate in this program can sign up by completing an online [Agency Registration Form](#). This information will be used to match the Agency with a local restaurant in the same community. All meals will be provided at no cost to participating Agencies. Pick-up/delivery arrangements are the responsibility of the participating Agency on their scheduled meal day.

Restaurants

Any eligible restaurants that would like to participate in this program can sign up by completing an online [Restaurant Registration Form](#). This information will be used to match restaurants with Agencies in the same community. Meals will be paid for in full by Community Action Partnership of Kern on the date the meal is scheduled for pick-up/delivery. Total meal costs including meal preparation, taxes and delivery fees are not to exceed \$14.50 per person. Restaurants will work with Agencies to arrange pick-up/delivery on the scheduled meal day.

Note: Participating parties are instructed to follow the Centers for Disease Control and Prevention (CDC) guidelines with COVID-19, as well as all food health and safety practices.
