

CAPK is proud to serve the thousands of parents in our communities who need a little extra help to build a better life for themselves and their children. This week we're featuring the powerful impact of the Earned Income Tax Credit program which turns a free tax preparation appointment into a chance to transform the future for low-income families. And we're cheering on mothers who are investing in their parenting skills with the help of our Head Start program.

**Together  
we can end  
the pandemic.**

All CAPK employees are now eligible to receive the COVID-19 vaccine due to the essential front-line work they do in the community. We encourage all eligible vaccine recipients to click on the links below and schedule your vaccination appointment today.

## [Earned Income Tax Credit](#) [Making a Home](#)

Lashon plans to execute a life-changing

plan thanks to the Earned Income Tax Credit. She'll use the benefit for working families and individuals to help buy a home for herself and her son. CAPK's Volunteer Income Tax Assistance program was proud to help her claim the EITC and make this medical assistant's dreams a reality. Call 2-1-1 today to make your appointment.

## Parents on a Mission

"Parents on a Mission gave me confidence in my parenting."

"Parents on a Mission has helped me in understanding my own parenting style and behaviors and know that I am not alone in the stresses that parenting brings."

"Parents on a Mission has taught me patience and a better understanding of my child's feelings."

Parenting is a tough challenge and CAPK's Head Start program is dedicated to giving parents the resources they need to succeed. Families from CAPK Head Start's Escuelita Hernandez and Garden Pathways Child Care Partnership Program Centers recently participated in **Parents on a Mission**, a six-week parent leadership training facilitated by Family Advocate Karen Miller. Parents successfully completed the program and received certificates to recognize their commitment to better parenting and their children's education.
