Facing Hunger in Kern County

Community Action Partnership of Kern was honored to partner with local non-profit Transitional Youth Mobilizing for Change in 2020 through the AmeriCorps Program. We were excited to see the amazing 39 minute documentary produced by TYM4C youth film makers highlighting the food insecurity crisis facing Kern County - one of the most fertile agricultural regions in the United States. It's an amazing piece of work and we encourage you to check it out. To learn more about the non-profit behind this documentary visit the Transitional Youth Mobilizing for Change website at tym4change.org

Putting books in Kids' hands

It's been two months since the Kern County Library and CAPK launched the Story Tours Bookmobile out into under-served neighborhoods across Kern County, bringing books and fun to families. The service, funded by the Virginia and Alfred Harrell Foundation, is in full swing and we encourage you to spread the word and encourage everyone to visit a site, reserve a book and stay for stuntime. More details and the schedule of Story Tours stops are available on the Kern County Library website. Click the button below to warp your way right to all the good news!
