Community Action Lives

As Community Action Month draws to a close we want to remind all our partners, supporters, employees and clients of the mission we are dedicated to accomplishing together - to "address underlying causes of poverty, alleviate the effects, and promote dignity and self-sufficiency in the communities we serve."

The most powerful way CAPK can accomplish this mission is by connecting the people we serve to as many of our 17 programs and services as possible and helping them find and utilize the services of our partners in government and non-profit. Together we all can take action in our communities to change the future of our neighborhoods and families for the better.

2022 Community Action Month Resource Fair

The CAPK Community Action Month Resource Fair was a blast on May 21. Check out the photos of this celebration of all that Community Action has to offer our community. More than 200 people visited the event and CAPK Food Bank distributed more than 220 boxes of food to participants as well as handing out piles of fun and information about services to visitors who joined us at Heritage Park.
Our Community Action Month Message

CAPK operates 17 programs that can help you confront the financial challenges you, your friends, family and neighbors are facing. Please call 211 or visit capk.org to make sure all of our programs are working for you!
