Subject: *Agenda Item 5a: Final Health Insurance Proposal for the 2023 Plan Year –*
Action Item

During the September 28, 2022, Board of Director's meeting, staff and our health insurance broker Bolton provided an update on the renewal rates for our medical insurance plan. As explained at the meeting, the rate renewal proposals received from Anthem have been much larger than expected and far outside our historical norm. (September 28 staff memo is attached for reference). Given the fact that the renewal proposal from Anthem was received much later than normally expected, along with the steep increases we are experiencing, staff was not at a point in which we could make a final recommendation for action by the Board. Staff requested that the item be sent to the Executive Committee for further review and action. Staff was directed by the Board to continue the negotiation efforts and provide options that would be more affordable to both our agency and staff. Since that time, staff has continued to meet with representatives from our broker and explored many options including but not limited to:

- Renew our existing plan with a roughly a 28% renewal rate
- The introduction of a "narrow network" HMO that would produce a lower rate but offer a narrower provider network (either as dual HMO or standalone)
- Rebidding in the marketplace
- Offering PPO plan only, with two dual PPO options (90/10 and 80/20 options)
- Self-insurance
- Changing various plan coverage options (i.e., co-pays, deductibles, etc.)
- Bundling Vision Plan into Anthem for an additional discount

It should be noted that as we build a plan, many of these options are not mutually exclusive, meaning that often when you select one of the options it effects the other options. For instance: if we add the option of a less expensive "narrow network" HMO, thus offering dual HMO plans, it causes some undesired effects. The full network HMO renewal rate goes up and the plan must be amended to not be a "customized" plan. Also, some of the options discussed were simply not viable this year due to very long lead times necessary to research and implement such options. Staff also looked at fiscal impacts of the various options on both the 2022-23 and the 2023-24 fiscal year budgets. Additional fiscal details are included with each option below.

After analysis and research of the alternative options with our broker, it has become clear to staff that there are generally two viable options are available. Below are the two options described in general. Attached to this memo are updated *Anthem Health Plan Renewal Projections* that reflect these two options.

Option 1:

Renewal of our existing plan at a roughly 28% overall cost increase, including the existing customized Full Network HMO plan and a change the PPO plan with an upward adjustment to the deductible (now set at \$2,500; prior was \$1,500).

The fiscal impact of Option 1 (agency share) is roughly \$1,241,970 in annualized costs. Listed below is the annual cost for each program including their percentage share of the overall agency increase:

Program	Increase	Percentage of increase
211	\$ 10,369	0.8%
Cal Fresh	2,351	0.2%
CES	8,467	0.7%
CMAF	10,530	0.8%
CSBG	20,738	1.7%
EKFRC	5,994	0.5%
Energy	38,450	3.1%
FHCC	7,384	0.6%
Food Bank	4,741	0.4%
Head Start	892,453	71.9%
HVI	51,569	4.2%
Indirect	95,723	7.7%
LBNC	8,725	0.7%
Oasis	3,095	0.2%
WIC	81,381	6.6%
Total	\$ 1,241,970	100.0%

Option 2:

Introduction of a third plan option, a Narrow Network HMO, creating dual HMO plans. The renewal would include a total of three coverage options: the new narrow network HMO plan with a 15.0% increase; the full network HMO plan at a higher 34.6% percent increase but a slightly lower office co-pay and the PPO plan at a 23.1% increase but an upward adjustment to the deductible (\$2,500 instead of \$1500).

With the narrow network HMO, staff estimates about a 50% alignment/disruption with the current plan participants existing HMO providers. Thus, we have estimated a 50% migration over to narrow network HMO in our financial assumptions. With this assumption in mind, we project an overall annualized cost increase to the agency of around 24.5% with Option 2.

The fiscal impact of Option 2 (agency share) is roughly \$1,119,429 in annualized costs. Listed below is the annual cost for each program including their percentage share of the overall agency increase:

Program	Increase	Percentage of increase
211	\$ 9,346	0.8%
Cal Fresh	2,119	0.2%
CES	7,632	0.7%
CMAP	9,491	0.8%
CSBG	18,692	1.7%
EKFRC	5,402	0.5%
Energy	34,657	3.1%
FHCC	6,655	0.6%
Food Bank	4,273	0.4%
Head Start	804,397	71.9%
HVI	46,481	4.2%
Indirect	86,279	7.7%
LBNC	7,864	0.7%
Oasis	2,790	0.2%
WIC	73,351	6.6%
Total	\$ 1,119,429	100.0%

Recommendation

Staff recommends the Executive Committee approve Option 2 for our employee health insurance renewal, including introduction of a new narrow HMO network for a total of 3 optional coverage plans.

Subject: *Agenda Item VI(a)*: Employee Health Insurance Renewal for the January 1, 2023 Plan Year – **Info Item**

Each year, the Leadership Team engages in preparatory discussions with our health insurance broker to initiate the employee health insurance renewal process. This is the first renewal cycle working with our new insurance broker Bolton. Traditionally, this engagement is a review of the current vendor's rates for the coming year, trends in healthcare, and both short and long-term wellness planning for CAPK's employees. In prior years, this discussion has included premium increases to both the Agency and to our employees, as well as mitigating efforts to minimize the impact to both employees and the Agency.

For the January 1, 2023 renewal year, we are facing significant increase in rates for the medical plan only (dental and vision are on a multiple year rate guarantee). This increase is due to a 164% loss ratio recognized by Anthem. The initial quote for Anthem medical was a rate increase of 60%. However, after negotiations between CAPK, Bolton, and Anthem staff, the final proposed rate increase is 28% to our existing HMO and PPO plans. Some of the contributing factors to this large premium increase are:

- COVID treatment and hospitalization
- COVID delayed procedures now being performed
- Increase in employee leaves
- High utilization of the plan
- Costly medication both related to COVID and other conditions

Finding this proposed rate increase as unaffordable to our staff, CAPK has requested Bolton to provide some additional plan and pricing options. We have requested quotes on reinstating a narrow or limited HMO network as well as a disruption report if we reinstitute that limited network plan. We are still waiting for Anthem to produce these requested items. The purpose of requesting these is to better understand how we might offer a reasonable medical plan with limited disruption while making it affordable to our employees.

The proposed plan would include adding the limited Select Network HMO along with our current Full Network HMO and our PPO plan. This strategy includes the following rate increases and characteristics:

- The introduction of a new limited Select Network HMO plan with a 15% increase in premium costs to both the employee and employer.
- The existing Full Network HMO plan will increase in premium costs to both employer and employee by 34.6% (higher than the 28% quote due to adding narrow network).
- The existing PPO plan will increase in premium costs to both employer and employee by 28.0%
- All rates are contingent upon bundling vision coverage with Anthem.
- Proposed overall blended increase to premium is estimated at 18.4%, if 90% of staff on Full Network migrate over to the Select Network plan (utilizing data from historical Trio select network plan).
- Share of cost overall will be remain 81% for employer and 19% for employee which is consistent with the current year cost sharing model.

Attached is a current projection for health insurance renewal. This projection is based on the known data and options available. It anticipates employee participation rates and a robust migration over to a less expensive Select Network HMO plan that will be less costly. Staff utilized agency historical data of limited network plan participation (Trio) to create this projection.

Historically, we plan for and anticipate Board approval of our health plan renewal in September each year. This allows for the necessary time needed to prepare the materials for open enrollment, complete open enrollment with our employees, enrollment into the health plan system, and update the employee plan selections in payroll by the end of the year. While staff continues to work with our broker and Anthem on reviewing data and fine tuning the plan, we are concerned with the timelines for completing open enrollment. Today we are updating the Board and recommending the Executive Committee call a special meeting within two weeks for approval of the plan renewal. We are seeking guidance and feedback from the Board that will assist us in finalizing the recommendation to the Executive Committee.

Subject: *Agenda Item 5b*: Federal Volunteer Income Tax Assistance (VITA)
Program Third Year Award – **Action Item**

On October 1, 2022, the Volunteer Income Tax Assistance (VITA) program received its final award for the three-year contract in the amount of \$244,868, from the Internal Revenue Service (IRS). The term of the contract is from October 1, 2022, through September 30, 2023.

This project enables the VITA program to continue income tax assistant services to the underserved population in urban and non-urban areas to increase the capacity to file returns electronically, heighten quality control, enhance training of volunteers, and improve the accuracy rate of returns. We are currently in the process of renegotiating an agreement with United Way of Kern for the 2022 – 2023 grant year to assist with the tax preparation services provided throughout Kern County.

The project is funded as part of the IRS initiative to provide taxpayer education and to assist low-to moderate income individuals and families with free tax preparation services. Last year the VITA program filed 7,433 tax returns that generated \$14,383,303 of tax refunds to the county of Kern. This program supports the federal and state efforts to help low-income individuals and families to complete their annual taxes and receive financial support. The work connects to CAPK's mission and Strategic Goal 3, in providing economic empowerment and financial stability for low-income people in Kern County who are often not aware of the financial benefits when they file taxes. This program is designed to provide tax education, financial assistance, and support to a targeted population in Kern County.

Recommendation:

Staff recommends the Executive Committee authorize the Chief Executive Officer to execute contract #23VITA0166 and all additional contract obligations.
