Motion was made and seconded to approve all items on the Consent Agenda. Carried by unanimous vote (Munoz/Martinez).

IV. New Business

a. Employee Health Insurance Renewal for the 2026 Plan Year – Lisa McGranahan, Chief Human Resources Officer and Tracy Webster, Chief Financial Officer - ***Action Item***

Lisa McGranahan presented the proposed 2026 medical plan package for approval and summarized the memo and the process taken by CAPK's insurance broker, Keenan & Associates to minimize the increased rates. Options were presented for a Kaiser Plan, HMO, and PPO with rate increases identified for both the employer and employee. The overall blended health plan increase is approximately 8.3%, with an increase to the agency's share of cost estimated to be roughly 4.2%. The proposed dental and vision plans were also presented reflecting an increase in premium. The total agency-wide fiscal impact for all plans to be paid by the employer is estimated to be a $435,400 increase, which has been reviewed with program directors and each have made accommodations in their budget to offset the increase.

Rocio Munoz asked for clarification to confirm that there is no minimum for the plan. Lisa responded and said It makes no difference because we are part of a collective purchasing power risk pool. Lisa also noted that the top

reason our staff decline coverage is that insurance is offered by a spouses employer or other state or federal coverages such as Medi-Cal.

Lisa discussed the minimal increases to the Dental & Vision plans, but noted the amount is less than $1.00 and the Vision plan has been improved to offer more options.

The service challenged areas are where the employee is living in the outlying and remote areas where Kaiser and the HMO plan are not viable options. In 2025, three employees received an additional subsidy for the employee only plans. In the coming weeks, HR staff will be talking to employees about benefit options with the open enrollment scheduled to run from November 1-14.

Gina Martinez asked if HR would provide training to staff to help educate them on which plan would be best for them given their family dynamics and current health status. Lisa said that during the open enrollment period, there is an opportunity for employees to enter data about their family dynamics to assist them in making the best choice for them and their families.

Motion was made and seconded to approve staff's recommendation. Carried by unanimous vote (Boshers/Vigil).

b. Call for Applications and Appointment to Fill Vacant Board Seat Category II: Low Income Sector Representing East Kern – Jeremy Tobias, Chief Executive Officer – ***Action Item***

Jeremy Tobias reported that due to the passing of Yolanda Ochoa, the East Kern Low-Income Sector seat is vacant. The Bylaws allow the Board to make an appointment to serve the remainder of the term; however, having just received guidance earlier this morning from CAPK's legal counsel, Jeremy provided an amendment to the recommendation that was included in the agenda packet, whereby it is recommended that the Board Chair will appoint a special Ad Hoc Committee with one member from each sector, to recommend a temporary Board appointment, and soon after, begin the election process to collect applications and hold another election, with the winner completing the remainder of the vacant 5-year term.

Michelle Jara Rangel asked how staff plans to notify the community of the new recruitment. Jeremy Tobias said we will follow the same recruitment process that was initiated earlier this year.

Fred Plane suggested that the Bylaws be amended to eliminate any conflicting direction on how to fill a vacant seat. Jeremy replied that the Bylaws will be reviewed and amended accordingly.

Motion was made and seconded to approve the amended recommendation stated above. Carried by unanimous vote (Plane/Vigil).

c. Financial Reports for July 2025 – Tracy Webster, Chief Financial Officer – ***Action Item***

Tracy Webster presented the financial reports for July 2025 and noted the highlights from some of the programs. The line of credit was used for short amount of time in the month of July due to timing of the Head Start drawdown. The agency expenditure is currently at 40% for the year. The Indirect Fund for July month-end reflects revenue is excess expenditures by $48,940, which is 7% of the budgeted indirect surplus. Overall expenditures are 39.1% of the budget and is aligned with the target of 41.7% benchmark.

Michelle Jara-Rangel requested an update on the CMIG contract. Jerry Meade reported after having met with the director, the suggestion is to revisit the age group and blend with Early Head Start (EHS). Staff will need to submit a request to change and noted that the EHS program is already in a full-year contract but staff will work to get the contract amended for the current year, and for the next fiscal year.

Motion was made and seconded to approve the Financial Reports for July 2025. Carried unanimous vote (Jara-Rangel/Perez, Guadalupe).

d. Foundation Transition from Brown Act Governance to Private Nonprofit Governance with Summary of Proposed Amendments to Foundation Bylaws – Pritika Ram, Chief Business Development Officer – ***Info Item***

Pritika Ram presented the above info item and said the Foundation Board has established an Ad Hoc Committee to review the Bylaws and consider transitioning from an open meeting governance model following the Brown Act, to a private nonprofit governance model centered on fundraising and philanthropic growth. The Foundation Board met yesterday to review the proposed changes to the Bylaws and will vote to approve the recommended Bylaw changes at the November meeting. If approved by the Foundation Board, the CAPK governing board will have the opportunity to review and approve the recommended changes.

Fred Plane said that he served on the Ad-Hoc committee and he is in agreement that moving away from the Brown Act will help to add a broader group of people because they are not required to meet in person and that will help to expand the Board to attract the individuals that can assist with raising funds.

Ana Vigil asked if the Foundation Board will compete with CAPK funds raised. Pritika said the Foundation staff is in constant communication with staff from the CAPK programs and works with them to enhance funding for each program.

Maritza Jimenez commended the Foundation Board for identifying the issues prohibiting them from expanding the Board and for their vision for the future.

V. CVAF Board Report

CVAF Board Report – Deborah Johnson, Director of Veteran Services – ***Action Item***

Deborah Johnson provided a verbal report and stated the CVAF Board met prior to this meeting and discussed the financial reports from January 2026 – August 31, 2025. With the final merger date of October 1, 2025 there will be no further board meetings for CVAF. All future business will be addressed to the CAPK Board. Deb also provided an update on the Federal grants that have been successfully turned over to CAPK, and staff are continuing to work on the change over the HHAP grants from CVAF to CAPK by the official merger date of October 1, 2025. A final audit is scheduled with the audit firm the week of December 1, and the KDG attorney will file all legal documents pertaining to the merger.

Deb also reported that all of the Covey Cottage units have been matched for occupants and staff is working on applications and background checks for the leases. Deb also reminded all that the Veterans Stand Down event is on October 9th at Stramler Park and invited all to attend.

Motion was made and seconded to the CVAF report. Carried unanimous vote (Vigil/Perez, Guadalupe).

VI. Advisory Board Reports

Head Start Policy Council Report – Lisa Gonzales, Governance Coordinator – ***Action Item***

Lisa Gonzales presented the Policy Council report for September 2025 and the minutes from the Policy Council meeting on June 24, 2025 and the Special Call Executive Committee meeting on July 16, 2025.

Lisa also reported that the vacant representative seat for the CAPK Board was addressed, and at the time, there was not any interest. The last meeting of the term is next month and as the new Policy Council members are seated, the effort to fill the Board seat will continue.

Michelle Jara-Rangel reminded the Board that she has reached her term limit for the Policy Council and the CAPK Board will need to select a new representative . In-person meetings are preferred, but the Policy Council does not follow the Brown Act, so a remote option is available when unable to attend in person.

Motion was made and seconded to approve the Policy Council Report from September, 2025, and all items. Carried by unanimous vote (Jara-Rangel/Vigil).

VII. Chief Executive Officer Report

Jeremy Tobias provided an update on the Federal and State Budgets and reported that the State budget is approved and funded with flat funding across the board and noted that the Cal Foods program has been funded. For the Federal budget, we have felt the effects at the Food Bank with some of its commodity shipments reduced. The Big Beautiful Bill scaled back SNAP-Ed, which is CalFresh Healthy Living, and that program will end no later than April 1, 2026.

The Appropriations sub-committees have approved flat funding levels for our core programs Staff has had significant conversations with our legislators and they understand the need. The appropriations bills will not be approved by October 1st and the question remains if there will be a Government Shut Down or a Continuing Resolution (CR). If there is no CR approved by October 1, there will be a Government Shut Down. CAPK will not be directly impacted at this point by a shutdown, as our fiscal year is different and we will continue to do business as usual. However, if a shutdown were to extend beyond 60 days, it would be concerning.

Jeremy also provided a report from the NCAP Annual Convention held in Detroit in August where two Board Members attended along with several staff members. Tracy Webster was recognized at the Gala for receiving her CCAP Certification and CAPK received the Silver Tier for Pathways to Excellence. Jeremy also reported that he attended some good sessions on AI strategy, and on how to set a reserve policy, which Jeremy will share with the Board at a later time.

Jeremy announced that the Food Bank collected 22,000 pounds of food at the annual Feed the Need at the Kern County Fair yesterday.

Maritza Jimenez asked if the amount of food collected was lower than last year and Jeremy confirmed that the pounds collected were down by about 3,000 pounds this year. The fair attendance appeared to be down as well; however, we did receive a lot of good coverage on the event with many different networks providing live coverage.

VIII. Board Member Comments

Lupe Perez said that she attended the NCAP Convention and commented on how CAPK is looked upon very favorably by other CAP agencies.

Gema Perez said that the Feed the Need food drive was very organized, and the volunteers did a great job moving the crowds through quickly. Special shoutout for the excellent promotion of the event. Gema also said that she received the Proclamation for Hunger Action Month from the city of Arvin and said the team represented themselves very well.

Michelle Jara-Rangel said she will send Paula information on a ribbon cutting ceremony in Shafter taking place on November 7 to share with the Board. The community will provide a reception and festivities.

Maritza Jimenez complimented the marketing team for a great job promoting Hunger Action Month. The coordination was very organized and encouraged the same level of outreach going forward.

IX. Closed Session

Motion was made and seconded to enter into closed session at 1:25 pm. Carried by unanimous vote (Vigil/Jara-Rangel).

a. CONFERENCE WITH LEGAL COUNSEL - POTENTIAL LITIGATION - Number of cases: One (1) – The agency believes that facts creating significant exposure to litigation are not known to potential plaintiffs. (Government Code Section 54956.9(b)(3)(A))

b. CONFERENCE WITH LEGAL COUNSEL - POTENTIAL LITIGATION - Number of cases: One (1) – Statement outside of an open and public meeting threatening litigation. (Government Code Section 54956.9(b)(3)(E)).

Motin was made and seconded to enter into closed session at 1:55 pm. Carried by unanimous vote (Vigil/Munoz).

X. Closed Session Report

Jeremy Tobias provided the closed session report for items a & b.

Item a - CAPK's attorney briefed the Board and no reportable action was taken.

Item b - CAPK's attorney briefed the Board and no reportable action was taken.

Motin was made and seconded to return to open session at 2:24 pm. Carried by unanimous vote (Vigil/Munoz).

1. **Call to Order**

   Committee Chair Denise Boshers called the meeting to order at 12:01 PM at the Community Action Partnership of Kern Administrative Office, located at 1300 18th Street, 3rd Floor, Bakersfield, CA.

2. **Roll Call**

   Roll call was taken with a quorum present.

   Present: Denise Boshers (Chair), Jonathan Mullings, and Rocio Munoz

   Absent: Guadalupe Perez

   Others present: Jeremy Tobias, Chief Executive Officer; Lisa McGranahan, Chief Human Resources Officer, Rebecca Moreno, Director of Housing and Supportive and Services, Susana Magana, Director of Health and Nutrition, and other CAPK staff.

3. **Public Comments**

   Chair Denise Boshers asked members of the Board and the public if they would like to make any public comment. No one addressed the committee.

4. **New Business**

   a. CVAF Position Addition – Deborah Johnson, Director of Veterans & Supportive Services - ***Action Item***

      Deborah Johnson presented a request to the Committee to approve the addition of a new Administrative Coordinator position within the Veteran and Supportive Services Division. The position is intended to support the Director in complex, detailed, and confidential duties. Deborah noted that during the merger between California Veterans Assistance Foundation and Community Action Partnership of Kern, several key roles (e.g. CFO, Operations Coordinator) were eliminated, leaving a gap in administrative and operational support. Currently, there is no administrative assistance supporting the division. The proposed grade for the Administrative Coordinator is Grade 9 and will be funded through existing Veteran and Supportive Services program contracts.

      Rocio Munoz inquired about the restructuring that led to the position's need, and if the role is typical across CAPK. Deborah clarified that it was during the merger when critical administrative roles were lost and confirmed that the role is consistent with similar positions agency-wide, with standardized grades, functions, and pay to ensure equity and avoid internal competition.

      Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Mullings/Munoz).

b. Housing and Supportive Services: Revised Job Description - Rebecca Moreno, Director of Housing and Supportive Services – ***Action Item***

Rebecca Moreno presented a revision to the job description for the Enhanced Care Management (ECM) Lead Care Manager position, originally brought to the committee in June, 2025. Rebecca explained that the original job summary lacked clarity regarding the clinical nature of the position, which led to an influx of case manager-level applicants rather than clinically licensed professionals such as Registered Nurses. As a result, only three qualified applicants have been identified since recruitment began in July, 2025. To address this, Rebecca consulted with Human Resources and is requesting a revision to the job summary to clearly emphasize the clinical requirements, the need for licensed medical staff, and the role of multidisciplinary case conferencing in order to attract the appropriate candidates to meet the program requirements.

Denise Boshers inquired whether the salary range is competitive. Rebecca confirmed, noting that two of the three applicants were RNs and were satisfied with the pay level. In addition, she continued that a local staffing agency specializing in clinical hires also confirmed that the wage is market competitive. Clarification was also provided that a clinical license is a requirement, not just a skill set, in alignment with DHCS requirements. The licensed medical personnel are responsible for conducting clinical assessments, developing care plans, and identifying and coordinating medical needs. Rebecca noted that this role is critical for holistic, whole-person care for high-needs individuals.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Munoz/Mullings).

c. Head Start Personnel Update – Jerry Meade, Assistant Director of Head Start - Program – ***Info. Item***

Jerry Meade presented a personnel update on behalf of Head Start and State Child Development Division for the month of September. During this period, the division employed a total of 648 staff members. There were 19 vacant positions, 10 new employees were onboarded, and 7 staff members resigned. Despite these changes, staffing levels remain strong, with continuous recruitment efforts underway, including requisitions and ongoing interview processes. The division is utilizing all available resources to fill vacancies and maintain service continuity.

Staffing remains in the high 90th percentile, which has enabled the division to continue providing services across all open facilities. In terms of enrollment, the program met 97% to 100% of its enrollment goals in September and has already met enrollment expectations for October on the Head Start side. In the Early Head Start program, some turnover occurred due to the natural aging out of children; however, the remaining children are expected to be enrolled by the end of the month. Once this is complete, the division will have finalized its under-enrollment plan of action and completed the required 12-month monitoring period.

Looking ahead, Jerry noted that an expansion of Head Start services in San Joaquin County has been finalized. This expansion will require additional staff, and those positions will be reflected in future staffing reports. As a result, staffing totals and vacancy numbers will increase in upcoming reports while recruitment continues for these new roles. Licensing for new facilities is also in progress. One Early Head Start classroom at the Tiny Powers facility remains closed due to pending licensing, though the division is the grant recipient for that program and is actively working to open it.

Jerry continued that the division has already opened and staffed two new classrooms in San Joaquin and is moving toward fully claiming the California State Preschool Program (CSPP) contract in the region. Licensing

for the final three facilities is still pending but underway. Regarding the under-enrollment plan, the 12-month monitoring period is nearing completion. However, due to the ongoing government shutdown, there will likely be delays in receiving formal notification from the office of Head Start. The letter confirming completion may not arrive until December 2025 or January 2026. Despite this, the division will celebrate the achievement, having met all required expectations for enrollment and staffing.

The committee expressed appreciation for the report and commended Jerry for a job well done.

5. Committee Member Comments

Jonathan Mullings raised a question regarding potential impacts on funding beyond federal sources, asking whether non-federal funding streams could be indirectly affected in a way that might impact program operations. Jeremy Tobias updated the committee on funding levels and indicated continued attention to fiscal impacts and contingency planning.

Denise Boshers thanked Jerry Meade and Juanita Jackson for their warm welcome during a recent trip to San Joaquin.

The proposed job description has been reviewed and approved by Human Resources.

Veterans & Supportive Services

Revised 10/2025

MEMORANDUM

To: Personnel Committee

From: Rebecca Moreno, Director of Housing & Supportive Services

Date: October 8, 2025

Subject: *Agenda Item 4(b)*: Housing & Supportive Services Division - Revised Job Description - **Action Item**

Background:
In June the Housing & Supportive Services Division (HSS) brought the ECM Lead Care Manager position to the Personnel Committee for approval. After several months of trying to recruit for the position, we found that we needed to update the language in the job summary portion of the description to have it reflect what we are seeking.

Position Title	Proposed Changes	Current Grade	New Grade
Enhanced Care Management (ECM) Lead Care Manager	Revised Summary	Grade 13 Min. $39.97 Mid. $49.96 Max. $59.95	Grade 13 Min. $39.97 Mid. $49.96 Max. $59.95

Summary of Proposed Changes:
With the guidance and approval of HR, the summary was modified to reflect the need of a licensed clinical professional (RN or LCSW) and highlight the clinical oversight and care coordination that will be needed to ensure compliance with DHCS and ECM requirements.

Fiscal Impact and Timeframe:
Currently, there is no immediate impact on the budget. New positions associated with the proposed restructuring will be filled incrementally as funding sources are secured. CAPK is currently awaiting notification regarding the PATH Cited Round 4 funding, with award announcements expected in Fall 2025.

Additionally, the existing Cal-AIM operating budget is structured to absorb salary expenses if necessary. Once the Enhanced Care Management (ECM) program becomes fully operational, the program is expected to generate sufficient revenue to sustain its long-term financial needs, including staffing and service delivery.

Strategic Plan Impact:
As part of the 2021-25 Strategic Plan, specifically under Goal 4: *CAPK seeks to be an employer of choice and attract and retain a high-quality workforce to achieve the organization's desired results*, this proposal supports staff development, growth, and retention by adding an opportunity for growth within the agency.

Recommendation:
Staff recommend the Personnel Committee approve proposed revision to the Enhanced Care Management Lead Care Manager job description.

Coordinated Entry Services (CES) is the system to assist communities in ending homelessness by providing a clear and systematic pattern for helping individuals to quickly access the most appropriate services available through standardized access, a standardized assessment process, and a coordinated referral (match) process for individuals to preventions, housing, and/or other related services. The following counties are currently being served by CAPK CES, Kern County.

The Coordinated Entry System (CES) process will support the encampment proposal. The strategy will expedite the housing process by creating an Encampment by Name List and an encampment match call with collaborating partners to review status, barriers, and match encampment residents to permanent housing units and/or housing resources identified.

MCPs will be responsible for administering Community Supports. For this partnership, CAPK would serve as a Community Support providing rental assistance.

The Food Bank provides food assistance to low-income families and individuals through a network of more than 200 agency partner distribution sites across Kern County. The CAPK Food Bank is the primary organization responsible for distributing State and Federal emergency food assistance for Kern County neighbors in need. Additionally, the Food Bank is the Feeding America affiliate food bank for Kern, facilitating grocery rescue [Fresh Rescue Program] to support the network of more than 150 Pantries across the county. Every month, the Food Bank distributes between more than 1.5 and 2 million pounds of food, which reaches more than 100,000 Kern County food-insecure neighbors.

Explanation (Over/Under Goal Progress)

In total pounds distributed, there was a slight decline in both the pantry and TEFAP programs, yet the number of engagements remained steady, more than 208K. In July, the SER jobs program went on furlough and that impacted not only our volunteer numbers beginning in August, but more importantly, our volunteer depth as we lost volunteers who were doing critical work in various departments. Brighter Bites concluded the summer break in August and resumes operations with the school year in September.

Program Strategic Goals	Progress Towards Strategic Goals
By October 2025, The CAPK Food Bank will form 12 geographic collaboratives made of agency partners to work together to address food insecurity at a community level.	The kickoff meeting was held and more than 90 agency partners were in attendance. First meetings for individual collaborations were scheduled for October.
By June 2025, The CAPK Food Bank will implement a classification system for measuring, tracking, and increasing the nutrition level of the food distributed.	The classification system has been adopted. We are working to have all existing and inbound inventory classified into the system framework.
By the end of 2025, The CAPK Food Bank will implement a food locker program with the first 2 sites to increase all-hours access to emergency food resources.	Due to changes in funding, this project has been put on hold.

Program Highlights

In August, Operations Manager Jeff Marsh attended the SONA Conference put on by Feeding America which focuses on operations, procurement, etc. we received the official memo from CDSS informing us of the new one-time funding through the CalFoods Program. This will enable us to supplement what we receive in food donations with purchases of truckloads of staple items for the pantry program.

Program Strategic Goals	Progress
1. Enhance Nutrition Counseling Services. Strengthen the quality of nutrition counseling by providing staff with advanced training in active listening, addressing barriers to breastfeeding, and tailoring nutrition guidance to client needs. Focus on offering practical solutions and empathetic support to improve the effectiveness of sessions.	CDPH WIC approved learning aid in August. This aid will be provided to parents with children ages 1-4 during WIC appointments. We would also provide a "my section plate" to assist parents with portion sizes for children during these tailored appointments.
2. Improve Client Engagement and Accessibility. Increase customer retention and satisfaction by enhancing communication channels, such as modernizing the phone system and introducing more efficient ways for clients to connect with staff. Implement strategies to ensure responsive, reliable support for clients across all locations.	We are currently monitoring our WIC call center ensuring that we are able to answer the high volume of calls that WIC receives. We are reviewing high call hours and provide staff as needed to minimize abandoned calls during business hours
3. Expand Access Through Innovative Program Delivery. Explore and integrate multiple mediums for client interaction, including virtual services, to modernize program delivery and meet contemporary client expectations. Emphasize program enhancements that align with current trends and client preferences rather than relying solely on traditional program designs.	The WIC BFPC (Breastfeeding Peer Counselor) program is now offering zoom (video) sessions as an option for clients.

Explanation (Over/Under Goal Progress)

The program has achieved 53% of its annual target goal collectively across all county campaigns. The anticipated call volume is based on prior data and the ability to meet demands of calls. Amongst the call handling efforts for Kern County, the program responds to calls associated with homelessness assistance, outside of business hours, and completes a Quick Reference Tool to assign follow-up to Coordinated Entry System. Through its various scopes of work, the program provides application assistance, care coordination, and conducts outreach to bring awareness of services within the community. Incoming calls and applications are monitored and reviewed to determine appropriate strategies and material needed for outreach events. The program remains committed to initial and renewal Medi-Cal applications through Kaiser's Community Health Care Program. First 5 Help Me Grow Program came to a conclusion in April 2025 and shall no longer anticipate any activity or change in the total screenings year-to-date.

Program Strategic Goals	Progress Towards Goal
1. Enhance recruitment initiatives to attract and hire well-qualified candidates. This includes enhancing employee retention and foster opportunities for professional growth.	The program seeks to captivate skilled candidates by streamlining the recruitment process of internal Human Resources. The program aims to offer competitive wages, language fluency and competency incentives, and opportunity for growth. 2-1-1 is staffed with 18 Full Time Information and Referral (IR) Specialists to handle Low-Income Home Energy Assistance and standard calls. The program enriches employees through strategic schedule planning, honoring traditions, and celebrating achievements or milestones. Additionally, it supports opportunities for professional development and an incentive for IR's who obtain certification as a Community Resource Specialist.
2. Enhance the efficiency and effectiveness of our call center operations in the coming year by thoroughly evaluating and optimizing the use of our tools and technologies, including CRM systems. Focus will be placed on improving call handling performance, streamlining workflows, and identifying opportunities to align staffing levels with operational needs.	The program is in collaboration with the Information Systems Team and has made progress in refining processes by maximizing technology and digitizing updates. Food Pantry and Commodity resources are set for update automations in the resource directory and mailing labels are generated through a push button feature to optimize resources by reducing the time dedicated to produce hand written labels. The next phase would be geared towards seeking opportunities to enhance the program's annual database maintenance using an efficient and seamless strategy.
3. Prioritize retaining existing contracts, such as partnerships with United Ways, while actively exploring and proposing new opportunities to better serve our community members. Leverage the full potential of the call center by pursuing additional fee-for-service contracts and expanding services to maximize impact and efficiency.	2-1-1 aims to achieve strengthened partnerships by effectively communicating, and meeting with partners and contract grantors to share performance data and discuss progress relative to its objectives, deliverables, and goals. The program is consistently working on meeting the reporting expectations of all funding sources and maintaining a trusting relationship to increase the opportunity for existing contracts to be retained. □

Program Highlights

The programs' average calls handled is 90% while its abandoned rate is 10% amongst seven (7) campaigns. The program remains in communication with State 2-1-1 to enhance the scope of work associated with preparing and supporting callers who are customers of Pacific Gas and Electric during a Public Safety Power Shutoff. Notice was provided for a partnership with California Department of Public Health in effort to submit referrals for individuals seeking opportunities to cease smoking tobacco products.

During the month of September, the Kern Coalition had to reopen the application process for proposals after the initial process was determined to be incorrect by the KCCD procurement team. A new Request for Proposals (RFP) will be released, and proposals will now be due in November to allow for the awarding of $9 million in available funding. To ensure grantees have sufficient time to meet project goals and objectives, the evaluation process will begin immediately after submissions are received. This will help expedite funding distribution and allow awarded organizations to start implementing their plans without delay.

Explanation (Over/Under Goal Progress)

The month of September 2025 was a busy month. We met our funded enrollment for Early Head Start at 100% and for Head Start at 98%. We have reviewed 325 applications this month and will continue the process for next month to maintain and/or improve our enrollment numbers for October.

	Progress Towards Goal
Goal IV: School Readiness: Increase families and staff capacity to support children's school readiness and to implement a quality program by enhanching an inclusive environment to strengthen teacher and child interactions.	Objective B: The program will develop a dual-language framework and will strengthen the ability of staff to work with dual-language learners. In Progress: Site Supervisors attended the preschool dual language training on September 30, 2025, to build staff knowledge in supporting dual language learners. The next training will take place at the start of 2026 and will be provided to center-based and education staff to advance towards the goal of reaching 15% of staff training for dual language.

Program Description
1.Tuesday, September 9, 2025 – Staff Training with Dr. Kirk at the Sterling Center. Dr. Kirk provided strategies on how to deal with specific behaviors such as ignoring negative behaviors and focusing on positive behaviors. He emphasized the importance of consistency and repetition, stating it takes approximately 3 weeks for a behavior change. 2.Monday, September 15, 2025 – The Health Team conducted CPR training for center staff. 3.Tuesday, September 23, 2025 – The Enrollment and Attendance team participated in the Feed the Need Event at the Kern County Fair. The team collected canned goods and handed out flyers for Head Start Services. 4.During the month of September, The Family Engagement team provided four Ready Rosie Family Workshops. The workshops consisted of Fostering Listening Skills in Your Child, Families as Partners, and Families as Leaders. Parents learned the different meanings of what it means to be a leader, and parents were able to identify what type of leader they are and share it with the group. 5.The current school readiness domain is Physical Development Health, and our Education team is accomplishing this by teaching Early Head Start children about bags, how to use them and what type of bags exist. The Education team is also teaching our Head Start children about exercise. 6.Our part-year Desired Results Developmental Profile (DRDP) was finalized this week and soon teachers will be scheduling parent conferences. Some of these conferences will be completed in the family's homes.

Budget & Finance Committee Minutes

   Committee Chair Michelle Jara-Rangel called the meeting to order at 12:02 pm at the Community Action Partnership of Kern Administrative Office, located at 1300 18th Street, 3rd Floor, Bakersfield, CA.

2. **Roll Call**

   Roll Call was taken with a quorum present.

   Present: Michelle Jara-Rangel (Chair), Fred Plane & Ana Vigil

   Others present: Jeremy Tobias, Chief Executive Officer; Tracy Webster, Chief Financial Officer; Pritika Ram, Chief Business Development Officer; Yolanda Gonzales, Director of Head Start & State Child Development; Maria Contreras, Director of Facilities; Rebecca Moreno, Director of Housing & Support Services, and other CAPK staff.

3. **Public Comments**

   No one addressed the Committee.

4. **New Business**

   a. Head Start / Early Head Start Budget to Actual Reports for August 31, 2025 – Tracy Webster, Chief Financial Officer – ***Info Item***

      Tracy Webster presented the above info item and provided a summary of the reports included in the agenda packet.

      Fred Plane referenced an article reporting that approximately 65,000 Head Start program slots have been lost due to government funding being withheld for certain programs and asked whether this is a cause for concern.

      Tracy Webster reported that CAPK has not had any funds withheld to date. However, she noted that programs operating on an October–September contract year are in a precarious position. Tracy shared that she has been in contact with representatives from the Payment Management System, who confirmed that CAPK's contracts are still in the processing queue. The delay appears to be due to an Executive Order signed in January, which now requires additional levels of approval. As a result, CAPK has been exercising heightened caution in managing its cash flow.

Jeremy Tobias added that the programs currently experiencing funding delays are those with contracts beginning on October 1st. He stated that he has not encountered any other organizations with the same fiscal calendar year as CAPK facing similar withholding issues. Jeremy also confirmed that CAPK's contract is funded through February 28, 2026.

b. October 2025 - February 2026 Food Bank Supplement Blanket Purchase Orders – Kelly Lowery, Food Bank Program Administrator - ***Action Item***

Kelly Lowery presented the above action item and requested approval for the three blanket purchase orders referenced in the agenda packet.

Ana Vigil requested clarification of the blanket purchase order. Kelly Lowery stated this process allows staff to purchase food as needed without being required to submit a separate purchase order for each request. Tracy Webster explained that a blanket purchase order allows an organization to submit one large request to a single vendor without specifying each individual item or order detail upfront. It serves as a standing agreement for various items rather than for a specific one-time purchase. Jeremy Tobias added the amounts listed on the memo are the maximum amounts for each blanket purchase order.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Plane/Vigil).

c. Affirmation of Unrestricted Cash Reserve Policy – 30 Days Operating Expenses – Tracy Webster, CFO - ***Action Item***

Tracy presented the above action item and emphasized CAPK's goal of maintaining a reasonable cash reserve, noting that a 30-day reserve promotes healthy cash flow, mitigates delayed grant funding, reflects good financial stewardship, enhances creditworthiness, and supports positive vendor relations. Tracy requested Board approval of the five proposed points, adding that the current unrestricted balance is below the desired level.

Michelle Jara-Rangle asked for clarification and wanted to know if funds from the Indirect Fund will be used for the requested reserve fund. Tracy Webster explained at the end of the year, when there is excess indirect funds, once statements are finished, staff will bring a request to the Budget & Finance Committee to move those funds to discretionary funds and then to the board for approval. This would increase the level of indirect costs collected. Jeremy Tobias added that the excess Indirect funds it's not the only way to put money into the unrestricted, but it is the one that is going to generate the most funds.

Fred Plane said he agrees with this proposal but pointed out that the request to require maintenance of reserves at this time is premature as CAPK can't require maintance until we have the reserve funds in place. Fred also suggested that there be a caveat in place where the board has discretion to utilize these particular funds for emergencies or other possible opportunities that may come up.

Tracy responded that staff would focus on number 5 of the recommendation and establish a formal Reserve Policy to be included in CAPK's financial policies. In the coming months, staff will submit a draft policy to the committee for review and feedback. Most importantly, Finance will provide regular reporting of the proposed 30-day of reserve fund.

Motion was made and seconded to affirm the policy be set at 30 days operating expenses, and authorize staff to develop an unrestricted cash reserve policy as part of the financial policies and submit to this committee. Carried by unanimous vote (Plane/Vigil).

d. Adjustment of De Minimis Indirect Rate from 10% - 12% - Tracy Webster, CFO - ***Action Item***

Tracy presented the above action item and requested an increase to the de minimis rate from 10% to 12%.

Michelle Jara-Rangle asked if CAPK still has programs that have a cap on the indirect rate. Tracy Webster replied yes, CAPK does have contracts that have a cap and we would still have to follow that requirement. Tracy added when modeling out the impact, we did keep this in mind.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Vigil/Plane).

e. 2026-2027 HS/EHS Refunding Application – Rosa Gurrero, Administrative Analyst Head Start & State Child Development Program – ***Action Item***

Rosa Gurrero presented the above action item and noted that an anticipated approval of a 12% de minimis indirect rate is included in the refunding application.

Fred Plane inquired why fringe benefit costs did not increase a larger amount considering rising medical benefit costs. Tracy Webster replied that is has to do with the manner in which we recognize Kaiser as our base plan, what we are seeing right now is only a 4% increase. Fred Plane added he wants to make sure we factored in the increase in fringe benefits. Tracy Webster said that if our overall benefits change, we will have to see what that looks like and see if a budget adjustment is necessary.

Jerry Meade said that the figures include plans to transition more of the program to full-year operations and reduce the number of part-year programs. He noted that all employees who elect to receive benefits pay will receive the same amount for those benefits, regardless of whether they work full-year or part-year schedules.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Plane/Vigil).

f. 2026-2027 Head Start/Early Head Start Training & Technical Assistance Plan - Rosa Guerrero, Administrative Analyst Head Start & State Child Development Program – ***Action Item***

Rosa Gurrero presented the above action item and requested approval of the 2026-2027 Training & Technical Assistance Plan for the Kern Head Start / Early Head Start program plan.

Michelle Jara-Rangle asked if this item has been approved by the Head Start Policy Council yet. Jerry Meade answered and said this item will be presented to the Policy Council for approval next Tuesday evening, just prior to the Board meeting on Wednesday.

Michelle Jara-Rangle inquired why training goal b is listed as a completed goal and asked why we are listing it on our TTA plan as something CAPK is working on. Jerry Meade replied though it was completed

this last year, we want to make sure we are sharing with the Office of Head Start that portion has been completed. CAPK will work on updating any objectives through the 2 remaining years to complete.

Michelle Jara-Rangle asked about costs hitting in other areas besides the Travel, Training and Technical Assistance budget, noting that the budget detail is different in major categories. Jerry Meade replied, yes, that is correct, the amounts are different. Example when you look at Professional Development, it hits in 2 areas on the Budget Detail and Professional Conferences for Trainings, it will land in 3 different categories.

Motion was made and seconded to approve the staff's recommendation upon Policy Council approval before the full board. Carried by unanimous vote (Plane/Vigil).

g. August 2025 Financial Reports – Tracy Webster, CFO

Tracy Webster presented the August 2025 financial statements noting the agency did not draw from the line of credit during the month of August and continues to maintain an adequate unrestricted cash balance, allowing us to cover programs that experience temporary negative cash positions.

The Finance Team is actively working to complete the 2024–25 audit which will be presented to the Audit & Pension Committee in November and the full Board in January. Agency expenditures are currently at 47 percent for the fiscal year, aligning with the target of 50 percent. The Indirect Fund budget-to-actual report for June month-end indicates that revenue exceeded expenditures by $1,269,777, representing 182.8 percent of the budgeted indirect surplus. Overall expenditures are at 46.1 percent of the budget, which remains consistent with the six-month target of 50 percent. The agency check register continues to be included in the financial statements.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Vigil/Plane).

MEMORANDUM

To: Budget & Finance

From: Rosa Guerrero, Administrative Analyst

Date: October 22, 2025

Subject: *Agenda Item 4e*: 2026-27 HS/EHS Refunding Application – **Action Item**

As we approach the end of the 2025-2026 fiscal year, the Head Start and State Child Development Division is requesting approval to submit our 2026-27 HS/EHS Refunding Application to the Office of Head Start. Staff are preparing the Head Start annual refunding application due December 1st. This annual refunding application will be the third year of the five-year grant cycle supporting funding from March 1, 2026, to February 28, 2027. Included with the annual application is the detailed budget.

Modifications were made in major categories based on actual expenses, planned programmatic changes and potential changes to the indirect cost methodology for the agency. Additional revenue is identified from fully earning state contracts through the California Department of Education (CDE) and California Department of Social Services (CDSS) which will balance the projected costs of the revised expenditures.

Please note, program staff included two Head Start/Early Head Start budget detail documents. One demonstrating a 12% indirect rate in anticipation that the CAPK Board of Directors adopts a new indirect rate. The second budget detail aligns with the current 10% indirect rate. Following the Board's decision on the indirect cost rate, the budget corresponding to the elected cost rate will be used for the HS/EHS refunding application. Additionally, two Board Resolutions have also been provided to reflect either outcome. If a decision is made to change the CAPK indirect rate after the submission of the HS/EHS Refunding application has been submitted, program staff can modify the application as directed by the board through either written notification to the Office of Head Start prior to a March 1, 2026 notice of award, or through a budget revision process after a March 1, 2026 notice of award.

This item supports CAPK's goal in promoting educational opportunities that enrich the lives of children and their families.

Recommendation

Staff recommends that the Budget & Finance Committee approve the Head Start/Early Head Start (HS/EHS) Refunding Application and forward a recommendation to the Board for approval of the submission of the 2026–2027 HS/EHS Refunding Application (Grant #09CH012489).

Attachment:

2026-2027 Training and Technical Assistance Plan

Approach/Philosophy/Priorities:

Community Action Partnership of Kern's Head Start/State Child Development is dedicated to building staff's skills, knowledge, experience, and professional competencies necessary to provide high quality, comprehensive, and linguistically appropriate family centered services for children and families assisting them on their road to success and school readiness. The program's priority is to provide training and technical assistance, so program services and systems are in compliance with Head Start Program and Early Head Start Performance Standards, the Head Start Act, State and Federal Regulations. The program offers Staff, Parents and our Governing Body opportunities and support for ongoing learning and career/professional development. The Training and Technical Assistance Plan has been developed using program data analysis (e.g. Self Assessment, PIR Data, DRDP results, Community Assessment, CLASS scores, Parent, Family and Community Engagement Framework, etc.) to identify operational improvements, potential areas of non-compliance, means through which we will meet the new education requirements for teachers/partners, and audit findings, all of which will support the programs long term plans of accomplishing our Program Goals and Objectives.

Key Elements of Head Start/State Child Development Training and Technical Assistance Approach:

- Address Program Goals and Objectives, Head Start Performance Standards, Head Start Act, CLASS, School Readiness, and Parent, Family, & Community Engagement support for Center-based, Home-Based, and Partnership staff in the credentialing and continuing education process, integration of systems and services, professional growth, program policies/procedures, reporting, monitoring and evaluation, current and new Federal and State initiatives as well as continuous program improvements
- CAPK's HSP/EHS Kern and EHS San Joaquin will continue their partnership with PITC Partners for Quality, a project of WestEd's Center for Child and Family Studies to offer Infant and toddler related topics college courses and coaching.
- Include pre-service sessions, monthly staff development opportunities, clinics, conference attendance, use of community resources, consultants, college coursework, shadowing, mentoring/coaching, and individual professional growth plans and performance appraisals.
- Incorporate cross training during pre-service as a strategy for capacity building in the areas of child development, health, nutrition, wellness, disabilities, family services, program governance, Enrollment & Attendance

Planning Process:

A committee comprised of Staff, Parents and community members was organized to provide input and identify goals and objectives for the program as well as strategies for this Training and Technical Assistance Plan. This committee reviewed the monitoring activities, self assessment, program information report data, child outcome reports, Parent, Family, & Community Engagement framework, Head Start Act requirements, Head Start Performance Standards, California Licensing Requirements, Agency Policy and Procedures, Management observations, CLASS, and Staff input to develop the 2026-2027 program Goals and Objectives as well related training goals.

   a. October 2025 – February 2026 Food Bank Supplement Blanket Purchase Orders – ***Action Item***

   Jeremy Tobias introduced the issue at hand and the reason for the special Executive Committee meeting, noting that in the last few weeks, the State of California announced that there are no funds available for the SNAP program for the month of November. The Governor has announced that he will mobilize the National Guard to assist with Food Bank distributions and speed up the funding for the CalFoods allotment to provide an opportunity to submit advance food orders. Jeremy said that Kelly Lowery, Food Bank Program Administrator, has already initiated two emergency meetings with local elected and government officials to implement a plan on how to handle this mass distribution, noting that there are an estimated 110,000 households equally about 225,000 individuals in the County that receive SNAP benefits. Jeremy said it is necessary to speed up the routine Blanket Purchase Order request for approval, that was originally set for the October 29th Board Agenda, so we can order food today, rather than next week after the Board meeting. Jeremy emphasized that this is not new money, it is money allotted for the current year. Most of this money will be used in November for the mass distribution planned across the County and we hope that the Government will backfill funds to supplement the food needs for the remainder of the year.

   Kelly Lowery said that the urgency of this matter will allow his staff to submit food orders today, so that the food will be received in two weeks, rather than three weeks from now. Kelly also reported that at any given point, the Food Bank has two months of TEFAP food available, however, we will use that and use the

purchasing ability to restock the food. Currently, the Food Bank supports 55,000 households in Kern County on a monthly basis. This mass distribution is above and beyond what the Food Bank is already doing, noting that there are 110,000 CalFresh households in the County and the current network cannot sustain 100% increase in demand. Because of the Government shutdown, we do know that CalFresh recipients will not get their November benefits. They currently have digital cards that can be reloaded, but there will be a disruption in service. If the Government shutdown goes to the end of November, the Food Bank will be out of food reserves. It is anticipated that the food order placed today will be about $500,000.

Kelly discussed slides he provided showing the new Choice Market at the Food Bank, which is normally open daily Monday – Friday for residents of the 93304 and 93307 zip codes. This market allows us to respond immediately, and we are using it to serve federal government employees that are working without paychecks right now, and the market will now also be open on Saturdays to accommodate government employees that are not getting paid during the shutdown.

The second slide shows the distribution sites in the County. Kelly referenced the CalFresh numbers at the bottom of the slide and said that the majority of the cases are in metro Bakersfield and this provides an option to host a large scale distribution at the Fairgrounds that can accommodate 3,000 households per day, Monday-Friday from November 3 to November 26. In those 18 days, we can distribute food to close to 54,000 households in just Bakersfield alone. The map shows the dates of food distributions in the outlying areas of Kern County. Kelly has requested 150 National Guard troops to assist, but it is unknown at this time if that amount will be approved. Approximately 40-50 volunteers are needed for each distribution in each city, with a greater need for volunteers at the mass distribution in Bakersfield. Tracy Webster is working behind the scenes to expedite the funding for the purchase of food today.

Michelle Jara-Rangel asked if the County's Emergency Services can help, and will we be providing staples or able to provide vegetables. Kelly said the Food Bank can provide both as well as minimal protein options. Orders will be placed to provide the best protein options with the limited funds, and the focus will be on securing produce and dry goods. Beans and peanut butter are less expensive protein options and are more affordable than meats. Michelle asked how CalFresh recipients will be notified of the distributions across the County. Kelly said they will be notified by CAPK outreach activities, the State and County, and some announcements have already been made to seek information by calling CAPK's 211 system. Kelly also said that technology will potentially play a role in notifying CalFresh Recipients by texting the information and locations, but that needs to be handled through the state. CAPK's marketing team will also be heavily engaged in producing flyers, social media and the local news media.

Fred Plane asked if the 211 staff are prepared for a surge of calls. Jeremy responded that they are able to accommodate the increased call volume and staff will work with the County to determine if we can activate Ready Kern to allow for reimbursement to 211. Fred also asked if the Food Bank is working with other pantries for the distribution of food. Kelly replied that the scope of the distribution is so large, we are focusing on Bakersfield first and none of the pantry sites can handle the large distribution for 8 hours. Kelly also said the advantage of doing the distribution at the Fairgrounds, is that there are 20,600 cases in the 93307 zip code alone, which is the same zip code as the Fairgrounds and the National Guard will be posted at the Fairgrounds. The parking lot is large enough to accommodate a massive line inside the parking lot so it does not disrupt traffic in the street.

Curtis Floyd asked if there is a backup plan for volunteers if we do not get the requested number of National Guard troops and asked if we would need to hire people. Kelly said we do not have the funds to hire staff for these distributions so we would have to either alter the size of the distribution or seek volunteers

elsewhere. Curtis also asked if CAPK does provide these large-scale distributions, will the Food Bank run out of money. Kelly responded that if the Government shutdown lasts through the end of this year and into January of next year, we would be in a difficult situation. Kelly said half of the Food Bank's funding is from TEFAP, the other half is donated or rescued from grocery stores and one quarter of that half is purchased with CalFoods funds. It is an important one quarter because the other donated items are not consistent. As we begin ordering immediately to cover November, the CalFoods money will be exhausted in about 2 weeks. As of right now, food orders are being made with TEFAP funds and those were already in process prior to the government shutdown, and food is coming in. If the shutdown lasts into December, the food trucks will not be delivering. If the shutdown ends in November, our normal distribution should be okay. The Food Bank's capacity to serve CalFresh individuals will only last through the end of November. If the shutdown goes beyond November, the Food Bank does not have the revenue to provide this level of supplemental support, and we will be in trouble in the shutdown goes into December.

Kelly said one positive outcome of this unique moment is that it provides the ability to measure what doing this kind of supplemental work costs so that, as an agency, if there is a desire to extend food service beyond November, we can have actual cost data to submit to the Board to determine if they want to expend additional funds to support additional distributions.

Tracy Webster added that the CalFoods funds we are spending now, 75% has to be directed for direct food purchases. The problem that we have with spending the funds now, the food supply past November, will not be as robust.

CalFoods funds will have to be spent by April of 2026. Kelly reported that we typically spend 40% by the end of the year and the rest is allocated through the end of April. 75% goes to direct food costs, and other costs go to operations, indirect, etc. While we cannot count on additional state funding, we feel the state is aware that we will be depleting the funds now and we hope that an offer of additional funds will be forthcoming.

Michelle Jara-Rangel asked how the planned mass distributions will impact the Food Bank's normal distribution. Kelly emphasized that there needs to be a separation of distributions with the focused distribution, there are cases that may have access to additional resources based on need. Kelly said this is a pivotal moment for the CAPK Food Bank, with the community is looking for CAPK to step into this roll.

Jeremy said the Governor announced that they are directing CalFresh recipients to local Food Banks across the state. Kelly has assembled a network of elected officials and government staff, and all are looking at CAPK for direction. All have indicated their willingness to help, and we have already received in-kind offers, such as the use of the Fairgrounds at no cost. Jeremy emphasized that Kelly has really stepped up as a leader and the community members he has engaged with are impressive. We feel this is the best solution, it does cause some longer-term funding concerns for the coming months at the Food Bank, but we have to address these immediate urgent needs, and Jeremy supports this plan 100%. Curtis Floyd agrees that we have an obligation to proceed with this option but is asking the hard questions to ensure the CAPK Board is doing its due diligence. Curtis also said that if we do not get the requested amount of National Guard, we should engage other organizations to mobilize volunteers and put the word out about the need for about 50 volunteers for 8-10 hours a day, Monday through Friday. Kelly is in agreement, that if we do not receive the requested number of National Guard troops, we will pivot to engage churches and other community volunteers. Kelly is working on both contingencies. There is the logistics side and the food side but today's meeting is to request approval to purchase food today rather than next week.

Denise Boshers asked if this request will require CAPK to take a draw from the line of credit. Tracy Webster said that CAPK has the ability to float this funding at this time, but the Finance staff will be monitoring the cash flow in the event it becomes necessary to do a temporary draw down from the line of credit.

Fred Plane suggested that this issue not be placed on the Consent Agenda for the Board Meeting next week but rather added as an info item for discussion with the full Board.

Motion was made and seconded to approve the staff's recommendation. Carried by unanimous vote (Floyd/Jara-Rangel).

MEMORANDUM

To: Budget and Finance Committee

From: Jerry Meade, Assistant Director ~ Program

Date: October 29, 2025

Subject: *Agenda Item IV(p):* Lease Renewal for 701 S. Hutchins St., Lodi, California

---

The Head Start and State Child Development Division, in partnership with CAPK's Procurement Department, has negotiated a lease renewal for 701 S. Hutchins Street in Lodi, California. The program has operated a center-based program at this location for almost 10 years. Within that time the facility has supported our Early Head Start program in San Joaquin County.

The renewal terms of the lease are for 1 year with the option to renew for an additional five (5) one-year terms. The Lease term begins November 1, 2025 and ends October 30, 2026 for the first year The monthly lease amount is $3,800 per month with any increases to be negotiated annually if applicable. With the addition five (5) one-year extensions with no increase projections, the aggregate amount of the lease over the 6 years is $278,600. As the lease term exceeds the spending authority for the Chief Executive Officer, Board approval is requested. Funding to support this expenditure will be supported by the Early Head Start and San Joaquin County Office of Education general childcare funding. The lease includes standard provisions for cancelation for loss of funding.

The renewal of this lease supports CAPK's goal in promoting educational opportunities that enrich the lives of children and their families through our high-quality facilities.

Recommendation

Staff recommend the Board of Directors authorize the Chief Executive Officer to execute the Lodi facility lease agreement along with any subsequent lease amendments.

MEMORANDUM

To: Board of Directors

From: Pritika Ram, Chief of Business Development

Date: October 29, 2025

Subject: *Agenda Item IV(q)*: Department of Housing and Community Development Homekey+ through the City of Bakersfield for the Ramkabir Permanent Supportive Housing Project – Community Action Partnership of Kern as Co-Applicant Resolution 2025-14 - **Action Item**

Background

On March 18, 2025, the Board Executive Committee approved staff to move forward with a joint grant application with the City of Bakersfield for the HCD Homekey+ Program during the Special Executive Committee Meeting Agenda (see pages 2-54 attached). The City of Bakersfield, as the lead entity, submitted the initial application in May 2025. At the time of application submission, it was understood that a joint resolution between the City of Bakersfield and CAPK would satisfy the funder's requirements.

Current Status

Department of Housing and Community Development (HCD) has completed its review of the application and provided a list of corrections and additional requirements. Among these requirements, HCD has clarified that Community Action Partnership of Kern must submit its own independent Co-Applicant Resolution approved by the Board, separate from the joint resolution with the City of Bakersfield. All requested corrections, including the updated CAPK resolution, are due to HCD on Wednesday, October 29, 2025.

Strategic Plan Impact: This project aligns with the 2026–2029 Strategic Plan, specifically under Priority A – Community Investment, which focuses on creating pathways out of poverty through expanded access to education, employment, housing, healthcare, and essential services.

Recommendation:

Staff recommends the Board approve Community Action Partnership of Kern as Co-Applicant Resolution to satisfy the Department of Housing and Community Development requirements and ensure the timely completion of the Homekey+ Program grant application process for the Ramkabir Permanent Supportive Housing Project in partnership with the City of Bakersfield.

MEMORANDUM

To: Executive Committee

From: Emilio Wagner, Chief Facilities and Technology Officer

Date: March 18, 2025

Subject: *Agenda Item IV(a)*: California Department of Housing and Community Development: Homekey + Program Funding Application: Joint Application with the City of Bakersfield – **Action Item**

Project Overview

The City of Bakersfield is applying for the Homekey+ grant from the California Department of Housing and Community Development (HCD) in collaboration with Community Action Partnership of Kern, California Veterans Assistance Foundation, and Kern Behavioral Health and Recovery Services. The project involves the rehabilitation of a 37-unit motel located at 901 Union Avenue, Bakersfield, CA 93307 (formerly the Ramkabir Motel), with plans to convert it into Permanent Supportive Housing. The property is currently vacant, eliminating the need for relocation of tenants during renovations. The City purchased the property at auction using America Rescue Plan Act funds.

Funder and Timeline

The Homekey+ grant program, funded through Proposition 1 and administered by HCD, is aimed at expanding Permanent Supportive Housing for individuals experiencing homelessness and behavioral health challenges. Applications for the Homekey+ funding are due by May 30, 2025, with project completion requirements set for 12 months post-award.

Target Population and Housing Model

Our project will serve vulnerable subpopulations including individuals with chronic mental health conditions, formerly incarcerated individuals, veterans, and youth aging out of foster care. The housing model will include a mix of single units and two-bedroom units to accommodate diverse housing needs.

Roles and Responsibilities

City of Bakersfield

- Lead agency
- The City is considering to sell or transfer ownership of the improvements and land to CAPK after the completion of the project.

CAPK & CVAF

- Overseeing the pre-development and rehabilitation of the property.
- Provide wrap-around services and case management, including CVAF's focus on supportive services for veterans.

Kern Behavioral Health and Recovery Services

- Providing specialized behavioral health support services, including mental health and substance use treatment.
- Coordinating care and service delivery with CVAF and other partners to ensure long-term housing stability and recovery-focused interventions for residents.

Project Details

- The site currently has 37 available units, yet their sizes are not ideal for permanent housing and are expected to increase the size of each unit. Due to zoning requirements a minimum of 30 units must be made available. Of the 30 units 25% or 8 units will be identified as two bedrooms.
- The motel lobby and office building will be converted to accommodate two offices, a shared community kitchen and multipurpose room for larger resident events, common laundry room, security and storage rooms.
- Plans include outdoor recreation and living spaces with drought tolerant landscaping.

Match Requirement

- The Homekey+ NOFA does not require a match, but projects that secure matching funds receive higher scoring in the grading of the application, increasing the likelihood of funding. To strengthen our application, we are leveraging multiple sources for matching contributions, including the City's deed for the land, staff time from our operations department for construction oversight, and Proposition 1 funds from Kern County Behavioral Health and Recovery Services.

Pre-Development

The City has requested CAPK take the lead for predevelopment and construction. Since the funding has a 12-month duration from grant award to completion, it is imperative that the design work for such an extensive conversion begin as soon as possible. The City has agreed to award a predevelopment contract to CAPK in the amount of $500,000 using Homeless Housing, Assistance, and Prevention Round 4 (HHAP 4) funding that they have available. If the City and CAPK are not awarded HomeKey+ funds, the City will have ownership rights of the predevelopment work product completed by CAPK. CAPK will not be liable to repay any of the funds identified in the predevelopment agreement. Additionally, these HHAP 4 funds will serve as matching contributions to strengthen the grant application, increasing the project's chances of approval.

With this protection CAPK is prepared to take on pre-development tasks associated with the Homekey+ project by utilizing an existing general open contract with Skarphol/Frank Associates (SFA), a local architectural firm. CAPK has successfully worked with SFA on other successful commercial projects that have been completed on time and within budget. In this case we will leverage their extensive experience in completing similar

motel conversions, which included project management, construction oversight, and compliance with permanent housing requirements. Their expertise will be key in ensuring a smooth and efficient pre-development process. As identified in the architectural service proposal from SFA the design fee of $404,720 will be fully covered under the predevelopment agreement amount of $500,000. The remaining balance will be used for any other cost such as permitting, utility service applications, and any other associated fees.

Pre-development costs will include site assessments, engineering reviews, design development, and other necessary due diligence before renovation can begin. These steps are essential for securing permits and ensuring the feasibility of the project. The conversion project is estimated to cost between $6 and $7 million to complete and the final operating budget is still under development. The combined total of development and operating cost has a ceiling amount that can be requested from the funder of $35 million, as noted in the resolution. While we may not request the full amount, this provides flexibility to structure the budget based on project needs.

Next Steps
To move forward, we require the executive committee's approval and a signature on the city resolution and predevelopment agreement. This will enable the City of Bakersfield to present these executed action items to the City Council on March 26, 2025, ensuring the necessary approvals are in place for the Homekey+ application.

In collaboration with the City of Bakersfield, CAPK is actively developing the grant budget. If we are unable to identify long-term sustainable funding to maintain the project beyond the initial grant period, we will not proceed with the funding application.

Strategic Plan Alignment: Applying for this grant directly supports our 2021-2025 Strategic Plan, specifically Goal 3.1, by increasing housing stability for individuals experiencing or at risk of homelessness.

Recommendation:
Staff recommends approval to jointly submit the funding application with the City of Bakersfield and authorize the Chief Executive Officer to countersign the City resolution and execute the predevelopment agreement, and any subsequent amendments throughout the duration of the predevelopment agreement term.

The Program is administered by the California Interagency Council on Homelessness ("Cal ICH") in the Business, Consumer Services and Housing Agency ("Agency"). Design Development Phase: Upon your approval of the Schematic Design Phase, we will continue to develop the plans in a more detailed manner. We will work closely with you to identify specific equipment locations and requirements. Close coordination will be made with the mechanical, plumbing and electrical systems to ensure proper integration into the final design.

Construction Document Phase: Beginning with the approval of the design development phase, we will prepare construction documents for the project. The drawings prepared by Skarphol/Frank Associates will be detailed plans for construction, including: site plans, floor plans, reflected ceiling plans, power and signal plans, building sections, roof plans, exterior elevations, interior elevations, finish plans and required details. Engineered drawings will be included in the construction documents. MEMORANDUM

To: Board of Directors

From: Lisa McGranahan, Chief Human Resource Officer

Date: October 29, 2025

Subject: *Agenda Item V(a)*: 2025 Employee End-of-the-Year Gift: Floating Holiday Workday Off – **Action Item**

As we approach the end of 2025, CAPK Management has explored ways to recognize and reward the hard work and achievements of our staff throughout the year. In response to employee feedback, Management has decided to once again offer a floating paid holiday to eligible staff. We hope this gesture shows our appreciation for their dedication and contributions over the past year.

CAPK Management recommends offering a paid floating holiday to all eligible employees hired or rehired on or before October 27, 2025. The number of hours granted will align with each employee's regular daily schedule. Eligible employees include full-time and part-time staff. Substitute and temporary staff on a consistent schedule of at least 1,040 hours from the previous 12-month rolling calendar year are also eligible. However, this floating holiday may not be used during a continuous leave period.

OMB Uniform Guidance allows our governing body to set benefits at its discretion. This one-time, floating holiday workday will be effective starting the payroll period of October 27, 2025, and must be used by March 1, 2026. Employees must work with their supervisors to coordinate the time off to ensure proper coverage and not interrupt regular business operations. Additionally, this must be used during an employee's active status and during a scheduled workday. The benefit has no cash value and may not be cashed out upon exit from employment. Any unused amount remaining at the end of the period is forfeited. The floating holiday must be used in its entirety and may not be split. Lastly, the floating holiday cannot be used during a resignation period.

In accordance with our Strategic Plan Goal 4.2, the benefits of this initiative will increase staff morale, retention, and continue to incentivize staff to continue contributing to the agency's success.

Recommendation:

Staff recommends that the Board of Director's approve the one-time, full regular workday off to all eligible employees as described above to be used for the period of October 27, 2025, through March 1, 2026.

MEMORANDUM

To: CAPK Board Meeting

From: Freddy Hernandez, Director of Youth & Community Services

Date: October 29, 2025

Subject: *Agenda Item V(c):*Authorization to Sign the 2026 Low Income Home Energy Assistance Program (LIHEAP) Contract with Resolution from the Department of Community Services and Development – **Action Item**

Background

Under our annual agreement with the Department of Community Services and Development (CSD), the agency anticipates receiving the 2026 Low Income Home Energy Assistance Program (LIHEAP) contract. However, due to the federal government shutdown and subsequent delays in the federal budget process, CSD has not yet released the official 2026 contract document, and we have not yet received notification of our funding allocation amount.

The LIHEAP contract provides funding to assist qualified low-income Kern County residents with Utility Assistance and Weatherization services. The contract allows CAPK's Energy Program to assist eligible low-income Kern County households with their heating and cooling energy costs, bill payment assistance, energy crisis assistance, weatherization, and energy-related home repairs at no cost to the participants. This program supports federal and state efforts to address the concerns of rising energy prices and to assist low-income households with heating and cooling costs. The work connects to

To execute this contract, Board approval and a Board Resolution must be submitted with the contract package.

Anticipated Contract Terms

Based on historical patterns and the existing 2025 LIHEAP contract (Contract #25B-3012), we anticipate the following:

- Anticipated Funding Amount: Approximately $8,686,606 (subject to federal appropriation and state allocation)
- Performance Period: Expected to be November 1, 2025, through June 30, 2027
- Contract Terms: Substantially similar to the 2025 LIHEAP contract, including programmatic requirements, reporting obligations, and administrative provisions

As with the 2025 contract, the 2026 LIHEAP contract is expected to maintain similar service delivery requirements and performance standards.

Rationale for Advance Authorization

The federal government shutdown has created uncertainty in the normal contract release timeline. Once the shutdown is resolved and federal funding is appropriate, CSD may require a rapid contract execution to ensure the timely distribution of funds to eligible entities and avoid gaps in service delivery to low-income households. Given that Board meetings occur on a fixed schedule, there is a risk that the contract release may fall between Board meetings, potentially delaying execution and jeopardizing:

- Timely receipt of funding and advances
- Continuity of LIHEAP-funded services to vulnerable populations
- Compliance with CSD's execution deadlines
- The ability to provide emergency heating and cooling assistance during critical weather periods

This advance authorization will allow the agency to respond promptly once the contract is released, while maintaining appropriate Board oversight through the contingency conditions outlined in the recommendation.

Strategic Plan Impact: *This project aligns with the 2026–2029 Strategic Plan, specifically under Priority A – Community Investment, which focuses on creating pathways out of poverty through expanded access to education, employment, housing, healthcare, and essential services.*

Recommendation:

Staff recommend that the Board of Directors:

1. Authorize the Chief Executive Officer to execute the 2026 LIHEAP contract on behalf of the agency and to execute any amendments during the contract term, provided such amendments do not materially alter the scope, terms, or conditions of the agreement.
2. Approve the attached Resolution No 2025-13.
3. Direct staff to provide a summary report to the Board at the next regular meeting following contract execution, including the final contract amount, any notable changes from the 2025 contract, and the anticipated budget allocation.

Be Ready To Execute The 2026 LIHEAP Contract Quickly

LIHEAP
Low-Income Home Energy Assistance Program

The 2026 LIHEAP contract process will look different. Due to the shutdown of the federal government, states have not been issued their 2026 LIHEAP grant awards and Terms and Conditions. CSD will not be issuing the 2026 LIHEAP contract until the 2026 grant award is received and the accompanying Terms and Conditions have been reviewed.

To facilitate the timely execution of the 2026 LIHEAP contract once funds are awarded, CSD is working to have contracts ready for immediate release, and if applicable, will be at the ready to issue any communication to inform the Network of any changes to Terms and Conditions impacting the 2026 LIHEAP contract. Similarly, we encourage LSPs to take similar measures to enable the timely execution of the 2026 LIHEAP contract. Here are some tips for preparation and timely execution upon receipt of the contract:

- Have your budget ready to go. You can use the 2026 planning allocation (under "Contracts" in the CSD LAP): https://agencies.csd.ca.gov/home/Energy/Contracts/2026%20LIHEAP%20Planning%20Allocation%20Spreadsheet%20-%20August%2026,%202025.pdf
- Inform your board and line up your Board resolution to allow for the signing and executing of the contract asap.
    - CSD has provided an estimated budget and assigned contract numbers for planning purposes and for Board approvals.
    - If allowed, maybe doing a blanket board resolution such as: *Motion to allow the Executive Director/CEO to sign and execute the 2026 LIHEAP Contract when received.*
- Plan for delays in receiving the contract (two weeks, 1 month, 2 months, etc.)
    - Keep staff informed – the budget will not be in entered into CORE/ECORE until CSD receives the award (a CR or budget needs to be passed with LIHEAP funding included in it).
    - Keep clients informed – Only remaining 2025 LIHEAP funds are available, if any. Create your messaging now and train staff on that messaging.

CSD will keep you updated as developments occur. Thank you and your teams for your continued commitment to serving Californians in need.

DIRECTOR

GAVIN NEWSOM
GOVERNOR

October 24, 2024

Dear Executive Director:

The purpose of this letter is to release the 2025 Low Income Home Energy Assistance Program (LIHEAP) contract and provide key funding information related to this agreement. While Congress has passed and the President has signed a Continuing Resolution that will provide funding until December 20, 2025, the Department of Community Services and Development (CSD) has not received the initial 2025 federal fiscal year grant award from the U.S. Department of Health and Human Services. CSD will inform the network when grant funds are received and when agencies may commence submitting applications to CSD's CORE system and CSD can honor reimbursement claims for this contract. Please note the initial funding allocation for the 2025 LIHEAP CSD is based the initial allocation on 75% of the 2024 LIHEAP grant award and in accordance with the updated Three Factor Formula 3-year phase-in plan.

Until CSD receives the grant award and your contract is fully executed, CSD will not process any claims for 2025 LIHEAP contract reimbursement or issue any 2025 program year LIHEAP utility assistance benefits. To avoid gaps in LIHEAP service delivery, Local Service Providers (LSP) are encouraged to continue assistance delivery under all available open LIHEAP contracts. Contact your field representative if you need assistance moving funds within the components of any open LIHEAP contracts.

CSD received comments on the 2025 LIHEAP draft contract that can be found here. Based on comments received, CSD did not make any further changes to the 2025 LIHEAP contract. However, CSD wishes to inform you of the following changes to implementation associated with this contract:

- In consultation with U.S. Department of Health and Human Services, CSD modified the Eligiblity & Verification Guide (Guide) to expand eligiblity to Ukranian Humanitarian Parolees and Adult Victims of Trafficking. CSD added eligiblity statuses for Asylee granted aslyum under Immigration and Nationality Act (INA) §208 and Iraqi and Afghan Special Immigrants (SIV). CSD has included these eligibility statuses to the Guide, which will be released with the 2025 LIHEAP Start-Up package. Additionally, CSD will cover the new eligiblity statuses during the upcoming eligibility training.

- As indicated in the CPA-E-24-04 2025 LIHEAP Contract Highlights, CSD is reducing the timeframe that an LSP must submit a client record to the Combined

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

Outcome Reporting Engine (CORE) from 120 days from the certification date to 90 days from the certification date. Implementation will occur with the 2025 LIHEAP contract and extend to all open LIHEAP, Emergency Supplemental LIHEAP (ESLIHEAP), and Supplemental LIHEAP (SLIHEAP). To allow agencies sufficient time to process older applications, CSD will not implement the validation in CORE until **December 2024.** The exact date for implementation this validation change in CORE will be communicated separately.

- CSD received comments from the network on the draft CPN-E-24-XX Measure Matrix that will require CSD additional time to address. Therefore, the initial 2025 LIHEAP contract will reflect the same reimburement rates and measure categories as the 2024 LIHEAP Reimbursement Rates for Weatherization and EHCS Activities. The 2025 LIHEAP Reimbursement Rates for Weatherization and EHCS Activities is released with the contract and can be found on the Local Agencies Portal here.

  CSD anticipates finalizing and issuing the CPN-E-24-XX Measure Matrix in the next 30 to 45 days, at which time CSD will work with front-end vendors to confirm the implementation of the new reimbursement rates and new measure categories in the front-end systems and CSD's eCORE. CSD will issue separate communication to notify the network when the changes are scheduled to be deployed in eCORE.

  In the meantime, CSD intends to update eCORE to reflect the same reimbursement rates and measure categories as the 2024 LIHEAP contract and deploy in eCORE in **December 2024**. CSD will issue final eCORE Data Transfer Business Rules and Data Dictionary to front-end vendors to provide instructions on implementing these changes in the front-end systems and the implementation date will be communicated separately.

It is through the continued collaboration and commitment between CSD and your agency to those we are tasked to serve that permits us all to effectively and efficiently administer these critical programs and services – programs and services designed to strengthen the economic security of vulnerable Californians.

Sincerely,

Jason Wimbley

2.1 Contractor's Option of Termination

2.1.1 Notwithstanding the provisions of Section 1.5.3, Contractor may elect to terminate this Contract rather than adhere to the procedures set out in Section 1.5.3, should Contractor determine that any subsequent program guidance or proposed amendment to the Contract is unjustifiably onerous or otherwise counter to Contractor's legitimate business interests and ability to implement the Contract in an effective and reasonable manner, provided:

If the parties fail to reach an agreement on such amendment, CSD may, at its option, give written notice of termination without further obligation by either party except for contract close-out obligations and final settlement.

2.2.1.3 If federal funding authorities condition funding on any obligations, restrictions, limitations, or conditions not in existence when this Contract was executed, this Contract shall be amended by mutual agreement for compliance with such obligations, restrictions, limitations, or conditions. Failure of the parties to reach an agreement on such amendment shall render this Contract without force and effect.

2.2.1.4 Subject to the provisions of subsection 2.2.1.2, CSD shall authorize expenditures of funds under this Contract based on any Continuing Resolution appropriations that are adequate for the purpose. CSD shall notify the Contractor in writing of authorized interval funding levels.

2.2.2 State Budget Contingency

2.2.2.1 If funds are not appropriated for implementation of LIHEAP through the State budget process or otherwise, whether in the current year and/or any subsequent year covered by this Contract, this Contract shall be of no further force and effect. Upon CSD's written notice to Contractor that no funds are available for contract implementation, the Contract shall be terminated, CSD shall have no obligation to pay Contractor or to furnish other consideration under this Contract, and Contractor shall not be obligated for performance.

2.2.2.2 If program funding for any fiscal year is reduced to such degree that CSD reasonably determines that the program cannot be implemented effectively, CSD shall at its sole discretion have the option either to terminate this Contract upon written notice to Contractor or, in the alternative, to offer and negotiate an amendment addressing the reduced funding. If the parties fail to reach an agreement on such amendment, CSD may at its option give written notice of termination without further obligation by either party except for contract close-out obligations and final settlement.

In the event of such transfer, this Contract is binding on the agency to which the program is assigned.

4.7.1 Contractor shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts or subcontracts. No employee, officer, or agent of the Contractor shall participate in the selection, award, or administration of a subcontract supported by Federal funds if a real or apparent conflict of interest is involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Contractor shall neither solicit nor accept gratuities, favors, or anything of monetary value from subcontractors or parties to sub-contracts. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipients.

4.7.2 Contractor shall not pay Federal funds received from CSD to any entity in which it or one of its employees, officers, or agents, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of the parties indicated herein has an interest. As ownership constitutes a financial interest, Contractor shall not subcontract with a subsidiary. Similarly, Contractor shall not subcontract with an entity that employs or is about to employ any person described in the Uniform Administrative Requirements (45 CFR Part 75, including 45 CFR §§ 75.112 & 75.327).

4.7.3 Contractor shall ensure that its employees and the officers of its governing body do not engage in actual or potential conflicts of interest and that no officer or employee who has responsibility for any activity or function with respect to LIHEAP and the implementation of this Contract shall have any personal financial interest in such activity or function or otherwise personally benefit or gain from the activity or function.

4.7.4 Contractor shall establish safeguards to prohibit its employees or its officers from using their positions for a purpose that could result in private gain or that gives the appearance of being motivated for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

4.7.5 Contractor shall not provide LIHEAP services or benefits in situations where an actual or perceived conflict of interest exists, unless the activity is explicitly

allowed under Contractor's conflict of interest policies and procedures that are compliant with federal requirements. If Contractor provides program services to owner-occupied or rental dwellings that are owned or managed by the Contractor, its employees, or officers, Contractor shall submit the Property Certification form (CSD 678), in advance of providing weatherization and Energy Heating and Cooling Services (EHCS). Contractor shall ensure that other recipients or potential eligible recipients of services are not prejudiced or adversely affected by the receipt of services by Contractor.

4.8 Procurement Standards

4.8.1 Contract Administration

4.8.1.1 *Maintenance of written procurement procedures.* Contractor shall administer this Contract in accordance with all federal and state rules and regulations governing LIHEAP block grants pertaining to procurement, including the Uniform Administrative Requirements and amendments thereto, and pursuant to CPA-A-12-01. Contractor shall establish, maintain, and follow written procurement procedures consistent with the procurement standards in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards or any subsequent amendments to these standards, and the applicable provisions in this Contract, including but not limited to a code of conduct for the award and administration of contracts and a procedure that provides, to the maximum extent practical, open and free competition.

4.8.1.2 *Eligible Bidders.* Contractor shall not permit any organizational conflicts of interest or noncompetitive practices that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective subcontractor performance and eliminate unfair competitive advantage, individuals or firms that develop or draft specifications, requirements, statements of work, invitations for bids, and/or requests for proposals shall be excluded from competing for such procurements. Contractor shall only award a subcontract to the bidder or offer or whose bid or offer is responsive to the solicitation and is most advantageous to Contractor when considering price, quality, and other factors relevant to the procurement. Contractor's solicitations shall clearly set forth all requirements that the bidder or offer or must fulfill in order for the bid or offer to be adequately and fairly evaluated by the recipient.

4.8.1.3 All supplies, materials, equipment, or services purchased or leased with funds provided pursuant to this Contract shall be used solely for the activities allowed under this Contract, unless the fair market value for such use is charged to the benefiting program and treated as program

income earned under this Contract.

4.8.1.4 Contractor shall provide for an open and free competition, to include a cost analysis, in accordance with federal and state law, for the procurement of materials, supplies, equipment, or services.

4.8.1.5 *Non-Competitive bid justification.* If a service or product is of a unique nature, is in response to a public exigency or emergency, or more than one potential vendor/provider cannot reasonably be identified, Contractor shall document adequate justification for the absence of competitive bidding. "Adequate justification" must include but is not limited to:

4.8.1.5.1 Explanation of why the acquisition of goods or services is limited to one vendor or supplier;

4.8.1.5.2 Description of sole vendor/supplier's unique qualifications to provide the goods or services in question; and

4.8.1.5.3 Analysis of cost(s) to demonstrate reasonability.

4.8.1.6 *CSD Lease/Purchase Pre-Approval Requirements*. To ensure that significant procurement transactions are conducted in an open and freely competitive manner, Contractor shall obtain prior written approval from CSD of capital expenditures for vehicles and equipment with a unit cost of $10,000 or more through the submission of a Request for Pre Approval of Purchase/Lease (CSD 558) to CSD at least 15 calendar days prior to executing transaction. Transactions without CSD's prior written approval may be disallowed.

4.8.1.7 In all procurements, whether requiring CSD pre-approval or not, Contractor is solely responsible for maintaining adequate procurement records demonstrating compliance with Federal and State requirements.

4.8.1.8 Noncompliance with any of the provisions in this section may result in a disallowance of costs related to the procurement transaction.

4.9 Use and Disposition of Vehicles and Equipment

4.9.1 To ensure compliance with the requirements for vehicles and equipment, Contractor shall comply with Uniform Administrative Requirement, Cost Principles, and Audit Requirements for HHS Awards governing the acquisition of equipment with federal funds set forth in 45 CFR Part 75 (including 45 CFR § 75.320 & § 75.439).

Contractor shall include information relevant to any purchase/lease pre-approval documented in the CSD 558 submitted to, and approved by, CSD, including the date the request was sent to CSD, the item(s) requested, and date of CSD approval in Contractor's property records.

4.9.2 Contractor shall provide the information specified in CPN-A-17-01, including any supporting documents, to CSD upon request.

4.9.3 *Limitation on Use of Funds.* Contractor shall assure that funds received under this Contract shall not be used for the purchase or improvement of land or for the purchase, construction, or permanent improvement of any building or other facility other than low-income weatherization or energy-related home repairs.

4.10 Subcontracts

4.10.1 Contractor may enter into subcontract(s) to provide services pursuant to this Contract in the service area(s) specified in Section 1.2 of Article 1. Subcontracts must require that parties comply with all applicable provisions of this Contract. Such requirement shall not relieve Contractor from any performance obligation created herein, nor from liability for a subcontractor's failure of performance.

4.10.2 If Contractor elects to subcontract for services, the Contractor's Board authorization and approval must be obtained and communicated to CSD in writing together with notice of execution of the subcontract as provided in Section 4.10.3. Contractor's Board, through a resolution or other official documentation, may elect to delegate the signing authority for the approval of subcontractors to the Chief Executive Officer or designated authority unless such delegation is set forth in the bylaws of the agency and a copy of the provision is communicated to CSD.

4.10.3 Within 60 calendar days of the execution of any subcontract, Contractor shall provide written notification to CSD of the execution of the subcontract as well as identifying information, to include the name of the subcontractor entity, its address, telephone number, contact person, contract amount, and program description of each subcontractor activity to be performed by the subcontractor.

4.10.4 Notification of subcontract execution shall contain certification by Contractor that to the best of Contractor's knowledge, the subcontractor is not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal department or agency. For purposes of this certification of subcontractor eligibility, Contractor may rely on information available at https://www.sam.gov/SAM/pages/public/index.jsf.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

4.10.5 If CSD determines that Contractor has executed a subcontract with an individual or entity listed as disbarred, suspended, or otherwise ineligible on the Excluded Parties List System as of the effective date of the subcontract, costs Contractor has incurred under the subcontract may be disallowed.

4.10.6 Contractor must ensure that funds expended pursuant to this Contract are allowable and allocable. Contractor must adopt fiscal control and accounting procedures sufficient to enable the tracing of funds paid to any subcontractor to a level of expenditure adequate to establish that such funds have not been used in violation of this Contract. Contractor shall ensure that any subcontracts under this Contract contain all provisions necessary to ensure adequate substantiation and controls of the expenditure of such funds. Contractor may achieve this through detailed invoices, by periodic monitoring of subcontractor's program activities and fiscal accountability, by retaining a right of reasonable access to the subcontractor's books and records, or by any other method sufficient to meet Contractor's responsibility to substantiate costs required by the Uniform Administrative Requirements (45 CFR Part 75).

4.10.7 Contractor shall notify subcontractor(s) in writing within five business days of such action in the event CSD suspends, terminates, and/or makes changes to services to be performed that materially alter the obligation of the subcontractor under this Contract.

4.10.8 Contractor is liable for the failure of performance of the terms, conditions, assurances, and certifications of this Contract, without recourse against CSD over matters involving subcontracts entered into for the implementation of this Contract, including but not limited to disputes, claims, or other legal action for breach of contract, negligence, torts, or criminal acts and other misconduct.

4.10.9 Nothing in this Contract creates or implies a contractual relationship between CSD and any subcontractor or creates any obligation by CSD to any subcontractor. Contractor is liable to CSD for damages to CSD for the acts and omissions of its subcontractors that occur in connection with the implementation of this Contract. Contractor's obligation to pay its subcontractors is independent of any obligation of CSD to pay Contractor, and Contractor shall not represent to subcontractors any such obligation of CSD to pay or ensure payments to subcontractors.

4.10.10 All subcontractors shall be subject to applicable training requirements and shall maintain records of completion and certification in accordance with record-keeping provisions in this Contract.

4.11 Complaint Management Policies and Procedures

4.11.2 Contractor shall ensure that all formal complaints are documented and include the date, time, client name and address, and nature of the complaint and the actions undertaken by the Contractor to resolve the issue. For purposes of this section, "formal complaint" means a written complaint filed with the Contractor by the complainant.

4.11.3 If the Contractor's efforts did not result in a resolution, the Contractor may refer the applicant or client to CSD. The Contractor shall contact CSD and explain the issue, actions taken to resolve the issue, and provide CSD with all supporting documentation that indicates the nature and extent of Contractor's effort to resolve the issue.

Contractor's process shall include, at a minimum, all of the requirements of 22 CCR § 100805 (b) plus:

4.12.1.1 Provisions that ensure that each applicant is notified in writing of the right to appeal a denial of or untimely response to an application, or to appeal unsatisfactory performance. At the time the applicant applies for services, applicant shall be informed of appeal rights, and appeal procedures, to include the right to appeal to both the Contractor and to CSD;

4.12.1.2 Provisions that ensure that Contractor will make a good faith effort to resolve each appeal;

4.12.1.3 Provisions that ensure that Contractor shall notify the applicant in writing of the Contractor's final decision within 15 business days after the appeal is requested. If the appeal is denied, the written notification shall include instructions on how to appeal the decision to CSD. Whenever Contractor notifies an applicant of a denial of an appeal,

Incidents and activities subject to reporting under this section include, but are not limited to, criminal acts and other violations of law constituting a misuse of funds that could result in cost disallowance. Contractor shall inform CSD within 30 calendar days of any reports or complaints submitted to law enforcement officials by Contractor, Contractor's employees, subcontractors, clients, or other parties affiliated with Contractor, concerning the misuse of any LIHEAP funds.

4.13.2 Contractor shall provide Contractor's employees, subcontractors, clients, and other parties affiliated with the Contractor the information necessary to report fraud, waste, and abuse associated with activities and funding covered by this Contract to the U.S. Department of Health and Human Services Office of Inspector General Fraud hotline. Contractors who perform weatherization and ECIP EHCS services are required to input, update, and maintain employee data in the CSD Training Portal. CSD will not recognize as valid proof of any training stored outside of this portal. The CSD Training Portal is a learning

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

management system that is located and maintained through the CSD Local Agencies Portal. It is a repository for Contractor and their subcontractors to track and monitor employees' completed training records including but not limited to employee legal name, hire date, email, and completion of each training course, the source/location, type/content, completion date, certificates of completion, and completion of training records.

7.8.9.3 Contractor must identify at least one, but not more than two Training Administrators, who will be responsible for adding/editing users, submitting training and on-the job training requests, approving training, monitoring training transcripts, uploading licensing and certifications, and monitoring training expirations.

7.8.9.4 The On-the-Job Training application page will be migrated from a separate link on the CSD Local Agencies Portal to integrate with the CSD Training Portal. CSD will notify agencies through a notice on the Local Agencies Portal when that function of the portal becomes available.

7.8.9.4.1 CSD shall maintain all training records in the CSD Training Portal for trainings completed through the CSD E-Learning, CSD-approved Training Centers, and field or classroom training provided by CSD or its agents.

7.8.9.4.2 Contractor shall upload training certificates (or other proof of training completion or Contractor licensing) in the CSD Training Portal for certifications or trainings provided by third parties. Examples include Contractor licensing from the California Contractors State License Board, and individual employee Building Performance Institute (BPI) certifications, EPA Renovator certification, or other required training as designated by CSD.

7.8.9.4.3 Contractors shall be responsible for maintaining the required training records in the same manner for their subcontractors as for the Contractor employees.

7.8.9.4.4 Contractor and subcontractors must input new field personnel into the learning management system within three days of hire. Contractor and subcontractors shall update the CSD Training Portal in a timely manner, with employee completed course information and/or uploaded certifications on or before the first (1st) day of each subsequent month following the completion of training.

7.8.9.5.2 Contractor shall ensure its employees and subcontractors who perform shell leakage testing and duct leakage diagnostic tests shall maintain the Manometer Calibration Log (CSD 786) documenting the calibration of all manometers as required.

7.8.9.5.3 Contractor shall ensure its employees and subcontractors who keep an inventory of portable appliances for the SWEATS program shall maintain a log documenting the location of all portable appliances on loan and in reserve. The log shall document the retirement or loss of the equipment.

7.8.9.6 Energy Audits

7.8.9.6.1 Contractor shall maintain electronic records generated from the REM/Design and/or Targeted Retrofit Energy Analysis Tool (TREAT) energy audit software for the required period of three years from submission of final report or until resolution of all related audit or monitoring findings, enforcement action, including cost disallowance, legal proceedings, or other pending matters, whichever is later in accordance with Section 4.3.

7.8.9.6.2 Contractor shall make all records generated from the REM/Design and/or TREAT audit software accessible to CSD, or a third-party inspector acting on CSD's behalf, for the purpose of an inspection or monitoring.

7.8.9.6.3 Contractor shall submit all energy audits through the Energy Audit Dashboard, including the initial audit submittal and resubmittals reflecting changes based on CSD feedback. A final audit shall also be submitted to address one or more of the following:

7.8.9.6.3.1 Changes in measure cost between initial work scope estimates and actual installation cost;

7.8.9.6.3.2 Input of final duct and/or shell leakage readings

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

to replace estimated leakage used for the initial improvement analysis;

7.8.9.6.3.3 Changes to the final scope of work; including any decisions related to full or partial measure leveraging.

7.8.10 Automation

7.8.10.1 Contractor shall use an automated application system capable of supporting LIHEAP's (Weatherization, ECIP EHCS, ECIP WPO, and HEAP WPO) data collection, reporting requirements, and client data transmission to CSD. Contractor shall assure that adequate files are maintained as required in Section 7.8.

7.8.10.2 Contractor shall also be responsible for monitoring the CORE online reports and for resolving payment issue(s) related to the delivery of benefits. The Agency Allocations/System Maintenance screen shall display historical and current detail level of program allocation information, summarizing Contractor's annual program allocation, expenditures, and returned benefits eligible for reissuance, if any. The Variance Report shall display the detail level of benefit information whereby the eligible benefit amount differs from the paid benefit amount. For resolution of partial credit returns, Contractor shall be responsible for following up with the client to resolve payment issue(s) and for providing CSD with the necessary information to reissue benefit(s). For full credit returns and warrant redeposits, Contractor shall be responsible for resolving and updating client data in CORE to reissue benefit(s).

7.8.10.3 Utilizing reporting options available within the CORE On-Line System, Contractor shall be responsible for generating HEAP and ECIP (Fast Track) reports to attain data specific to the following: rejected records, intake data, client and payment status, expenditures, and current allocation balance, returned benefits, summarized county energy costs and burden, and a year-to-date goal status.

ARTICLE 8 - PROGRAM IMPLEMENTATION

8.1 HEAP/WPO Activity Guidelines

8.1.1 Applicant Eligibility

8.1.1.1 Assistance shall be available only to households with incomes that do not exceed an amount equal to 60% of the State median income; or

8.1.1.2 Assistance shall be provided to households that are categorically eligible, if any member of the household is receiving CalFresh or CalWORKs at the time of application, regardless of income level.

8.1.1.3 Income verification must be for one month. For acceptable types of documentation and processing timeframes, refer to the current LIHEAP Eligibility and Verification Guide at https://agencies.csd.ca.gov/home/Energy/Pages/Contracts.aspx.

8.1.1.4 Contractor shall collect copies of all of the household's energy utility bills for the current month, and if applicable, receipt(s) for WPO to determine the client's energy burden.

8.1.2 Contractor may only provide eligible households with one ECIP Fast Track/WPO, or HEAP/WPO payment per program year. However, Contractor can use program income to provide a supplemental ECIP Fast Track/WPO or HEAP/WPO for clients experiencing an extenuating circumstance. In addition to providing one ECIP (Fast Track/WPO) or HEAP/WPO payment and/or supplemental program income benefit payment, Contractor may provide eligible households with ECIP EHCS services and/or other weatherization services.

8.1.3 Contractor must ensure that the issuance of HEAP WPO benefits are in accordance with CPA-E-21-04 WPO Benefit Formula Implementation.

8.1.4 Contractor must ensure that duplication of ECIP Fast Track/WPO or HEAP/WPO payments does not occur during the term of this Contract.

8.1.5 Once applicants meet the eligibility and prioritization criteria and funds are available:

8.1.5.1 Contractor shall complete the ECIP/HEAP Payment Request Confirmation (CSD 415) or approved Contractor's equivalent form or approved Contractor's equivalent process that confirms payment was made to the client's account. If the client does not have an account, confirmation of the delivery of the benefit to the client is required;

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.1.5.2 Contractor shall make payments directly to energy vendors on behalf of clients whose energy sources are wood, propane, or oil;

8.1.5.3 CSD will not make payments to clients for WPO assistance; and

8.1.5.4 Before paying energy vendors, Contractor shall verify that charges for the services and goods provided are reasonable and within fair market value.

8.1.6 Contractor shall notify the applicant of the recipient household, in writing, when payments are made directly to an energy vendor for wood, propane, or oil on their behalf.

8.1.7 Contractor shall forward payments for WPO on behalf of applicants to corresponding energy vendor within 60 calendar days from the date obligation was incurred, unless a formal contract, approved by CSD, between Contractor and vendor provides for other terms.

8.2 Weatherization Activity Guidelines

8.2.1 Applicant Eligibility

8.2.1.1 Assistance shall be available only to households with incomes that do not exceed an amount equal to 60% of the State median income; or

8.2.1.2 Assistance shall be provided to households that are categorically eligible, if any member of the household is receiving CalFresh or CalWORKs at the time of application, regardless of income level.

8.2.1.3 Income verification must be for one month. For acceptable types of documentation, refer to the current LIHEAP Eligibility and Verification Guide at https://agencies.csd.ca.gov/home/Energy/Pages/Contracts.aspx.

8.2.1.4 Contractor shall certify a household's income eligibility prior to the delivery of energy program services.

8.2.1.5 The income certification shall remain in effect for a period of 120days from the date applicants are deemed eligible for services.

8.2.1.6 Contractor shall recertify household's income eligibility by obtaining updated income verification documentation if the dwelling assessment has not been completed within 120 days from the income certification date.

8.2.1.7 In the event the Contractor is unable to perform all weatherization

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

services within the 180 days from dwelling assessment date, Contractor shall obtain updated income verification documentation to recertify the household's income eligibility.

8.2.1.8 Contractor shall collect copies of all of the household's energy utility bills for the current month, and if applicable, receipt(s) for wood, propane, and oil to determine the client's energy burden.

8.2.2 Dwelling Eligibility

8.2.2.1 Contractor shall perform the assessment of weatherized dwellings within 120 days of the income certification date to receive weatherization assistance services.

8.2.2.2 Contractor shall complete the post-combustion appliance safety test within 60 days from the date of the pre-combustion appliance safety test. In the event the Contractor is unable to perform the work associated with the combustion appliance safety testing and the post-combustion appliance safety test within the 60-day period, Contractor shall perform another pre-test for the dwelling prior to commencing the delivery of any form of weatherization assistance services.

8.2.2.3 Contractor shall complete weatherization services within 180 days from the date of the original assessment of a dwelling.

8.2.2.4 Permission to Provide Services

8.2.2.4.1 Contractor shall obtain written permission of the owner-occupied dwelling from the tenant and the owner (or owner's agent) to perform any weatherization services. Such permission shall be recorded on the Energy Service Agreement for Occupant (CSD 515A) or approved Contractor's equivalent or the Service Agreement for Rental Property Owner (CSD 515B) or approved Contractor's equivalent.

8.2.2.4.2 If during the course of performing weatherization services in a dwelling, Contractor identifies that significant structural and/or engineering changes may occur, Contractor shall re-obtain written permission of the owner-occupant dwelling from the owner of a rental unit prior to continuing with the scheduled work.

8.2.2.5 Rent Increase Restrictions

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.2.5.1 For a period of two years after weatherization work has been completed on a dwelling containing a unit occupied by an eligible household, the tenants in that unit (including households paying for their energy through their rent) will not be subjected to rent increases unless those increases are demonstrably related to matters other than the weatherization work performed.

8.2.2.5.2 Contractor shall provide tenants a written summary of these conditions with the current telephone number of the Contractor and instructions on how to file a complaint should these conditions not be met. Contractor shall investigate all complaints filed and shall forward a copy of all written complaints to CSD or, if a verbal complaint has been made, contact CSD with the details of the complaint-including date complaint was made, date investigations began, and results.

8.2.2.5.3 CSD will evaluate the merits of the complaint and all supporting documentation. If CSD determines a complaint is valid, CSD may pursue collection activities against the landlord in the amount equal to the weatherization work performed on that unit and/or building.

8.2.2.6 Multi-Unit Dwellings

8.2.2.6.1 In accordance with 10 CFR § 440.22(b) (2), Contractor may weatherize the whole building containing rental dwelling units when 66% (50% for duplexes and four-unit buildings) or more of the dwelling units in the building are income eligible:

8.2.2.6.1.1 Are eligible dwelling units, or

8.2.2.6.1.2 The dwelling units will become eligible (occupied by eligible low-income tenants) within 180 days under a federal, state, or local government program for rehabilitating the building or making similar improvement to the building.

8.2.2.6.2 If dwelling units are qualified for services through a federal, state, or local government rehabilitation program, documentation to verify participation in the rehabilitation program is required in the master job file.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.2.6.3 Contractor shall complete a Multi-Unit Dwelling Eligibility Certification (CSD 75P) or approved Contractor's equivalent for each building and shall maintain a copy in each individual client file.

8.2.2.6.4 Contractor shall certify unit eligibility by completing Energy Intake Form (CSD 43) or approved Contractor's equivalent for each dwelling unit in each building. Certification of eligibility by the owner/manager of the occupants of the building is not acceptable.

8.2.2.6.5 No undue or excessive enhancement shall occur to the value of the dwelling units.

8.2.2.7 Previously Weatherized Dwellings

8.2.2.7.1 Once a dwelling has been submitted to CSD for reimbursement as a completed unit, any subsequent weatherization services provided to the dwelling shall be considered reweatherization, unless the work performed is for a call-back as specified in 8.2.2.8 below.

8.2.2.7.2 A previously applied measure may be reinstalled during its useful life term, as described in the Reimbursement Rates for Weatherization and EHCS Activities, due to premature failure or if the measure was destroyed by the prior-occupying household. Justification for the replacement must be documented in the client file.

8.2.2.7.3 Unoccupied multi-unit dwellings previously weatherized in accordance with this Contract, and which receive appliance repair and/or replacement services upon occupation by an eligible tenant, shall be deemed re-weatherized dwellings.

8.2.2.7.4 If a dwelling has been previously weatherized under a CSD or another federal or non-federal program, Contractor may provide previously unapplied mandatory and optional measures.

8.2.2.8 Call-back

Services provided in a previously weatherized dwelling to correct a previously installed measure within the warranty period or as a result of a CSD inspection finding is a call-back and is allowable. Demographics for a callback are not included for reporting purposes.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.2.9 Ineligible Dwellings

8.2.2.9.1 Contractor shall not weatherize a dwelling unit that is designated for acquisition or clearance by a federal, state, or local program within 12 months from the date of completion of the proposed weatherization.

8.2.2.9.2 Contractor shall not weatherize any dwelling under this Contract unless the property owner agrees to all the terms and conditions of the CSD Dwelling Assessment Form (CSD 540) and signs the Energy Service Agreement for Occupant (CSD 515A) or Service Agreement for Rental Property Owner (CSD 515B).

8.2.2.9.3 No institutional or commercial building including, but not limited to, universities, schools, nursing homes, or hospital, may be weatherized under this Contract.

8.2.2.9.4 Group Homes

The maximum reimbursement for a group home shall be equal to the current maximum average allowed for single family and multi-unit dwellings. If the building does not qualify as a multi-family structure, income eligibility is based on all occupants as a group, and the building must be weatherized as a single dwelling unit.

8.2.2.9.5 Shelters/Homeless Individuals

Maximum reimbursement will be based on the unit otherwise qualifying as a multi-unit structure. For the purpose of determining how many dwelling units exist in a shelter, a grantee may count each 800 square feet of the shelter as a dwelling unit or it may count each floor of the shelter as a dwelling unit. Eligibility of the occupants may be assumed if the owner/operator will certify in writing that occupancy is temporary and that admittance criterion complies with CSD contract eligibility guidelines, whether or not rent is paid has no effect on eligibility.

8.2.3 Minimum Requirements for Weatherization Services

8.2.3.1 Contractor must install all feasible weatherization measures in accordance with the CSD TRM.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.3.2 Single-family detached and other single-story dwellings that have not been previously weatherized under a CSD program or another program may be weatherized under this Contract only if:

8.2.3.2.1 Ceiling Insulation plus two additional Mandatory Measures are installed, or

8.2.3.2.2 In the event Ceiling Insulation is already installed or otherwise not feasible, at least three Mandatory Measures are installed.

8.2.3.3 Multi-unit dwellings that have not been previously weatherized under a CSD program or other program may qualify for weatherization services only if ceiling insulation plus two additional Mandatory Measures are installed or, in the event ceiling insulation is already installed or otherwise not feasible,-at least three Mandatory Measures are installed.

8.2.3.3.1 Installation of ceiling insulation shall be counted as a ceiling insulation measure for each unit within that building envelope.

8.2.3.3.2 Installation of a common water heater shall qualify as a Mandatory measure for each unit served by the same water heater.

8.2.3.4 If the required minimum number of weatherization measures cannot be installed due to the deferral of measures, then the entire unit shall be deferred in accordance with the CSD TRM.

8.2.3.5 The minimum number of weatherization measures may be leveraged or cost-shared with alternative funding as defined in Section 5.8.4.7.4. All leveraged measures used to fulfill the minimum number of required weatherization measures shall meet CSD installation standards.

8.2.3.6 Contractor may complete weatherization services on agriculture housing units or multi-family units if each unit is separately metered and the services will result in a cost savings to the tenant.

8.2.4 Dwelling Assessments

8.2.4.1 Contractor shall assess the dwelling of each eligible applicant to determine if the unit is structurally sound and not in need of extensive repairs.

8.2.4.2 Contractor shall determine whether the dwelling meets the criteria for a

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

Historic Preservation Review pursuant to subsection 8.2.4.7.2.

8.2.4.3 Contractor shall ensure that all dwelling assessments are performed by trained individuals possessing all the required skill and training as specified in Section 9.1, Training Requirements.

8.2.4.4 Contractor shall ensure job separation between staff performing dwelling assessments and the crew personnel responsible for performing the actual installation of weatherization measures. Assessors may not install weatherization measures in the same dwelling where the assessor performed the assessment for weatherization services.

8.2.4.5 If Contractor elects to subcontract with entities outside of CSD's network of Local Service Providers for the full installation of weatherization measures, the subcontractor performing the installation of weatherization measures shall not perform the dwelling assessment. Contractor shall ensure job separation by using Contractor's staff or another subcontractor to perform the dwelling assessments.

8.2.4.6 Contractor shall provide written documentation or notification to the owner-occupant and the owner of a rental unit or owner's agent and inform the tenant of any significant structural and engineering changes required to complete the weatherization work before the specified work commences.

8.2.4.7 Dwelling Assessment Performance

8.2.4.7.1 Dwelling assessments shall include the following required activities:

8.2.4.7.1.1 The visual assessment of the eligible dwelling to identify safety and structural hazards conditions present within the dwelling that may limit ability to perform any or all of the required weatherization services in accordance with CSD weatherization guidelines and terms of this Contract. Assessor shall disclose all noted safety and structural hazard conditions to the property owner and tenant, where applicable;

8.2.4.7.1.2 The visual inspection and pre-CAS diagnostic testing of all combustion appliances as to identify the presence of combustion appliance safety conditions within the occupied living space and requiring immediate attention and the

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

offering of prescribed list of health and safety measures needed to remedy noted conditions; and

8.2.4.7.1.3 The visual inspection of dwelling to identify any structural deficiencies and/or barriers inhibiting the ability for required pressurized diagnostics to occur. Assessor shall also inform client of the various types of diagnostic testing to be performed within the dwelling, including the general nature and benefits of each form of required diagnostic testing.

8.2.4.7.2 Historic Preservation Review of Dwellings

8.2.4.7.2.1 To ensure compliance with Section 106 of the National Historic Preservation Act (54 USCS § 100101 et seq. & § 300101 et seq., former 16 USCS § 470 et seq.), CSD will establish appropriate procedures for historic property review standards as outlined by a Programmatic Agreement with the State Historic Preservation Office. The established review standards will be utilized for weatherization activities conducted under the LIHEAP on dwellings that are 45 years or older. For purposes of this Contract, the historic review shall be known as the Historic Preservation Review.

8.2.4.7.2.2 Contractor shall ensure that a Historic Preservation Review is completed on a dwelling that is either: (1) 45 years or older, (2) located within a historic district, or (3) considered to be of exceptional importance under the National Register Criteria for Evaluation pursuant to 36 CFR § 60.4.

8.2.4.7.2.3 When a dwelling assessment is performed and the dwelling is determined to meet any of the criteria specified in subsection 8.2.4.7.2.2, Contractor shall initiate the Historic Preservation Review process pursuant to DOE WAP ARRA No. 010.

8.2.4.7.3 Combustion Appliance Safety (CAS) Diagnostic Testing

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.4.7.3.1 The completion of the entire combustion appliance safety (CAS) test is required on all dwellings with combustion appliances.

8.2.4.7.3.2 If it is determined during the CAS test that the dwelling unit contains a condition that is hazardous to the occupants, proper steps must be taken to alleviate the hazard. In these cases, infiltration reduction measures may not be installed until the hazard has been corrected; however, Contractor may install non-infiltration measures in the interim, until the CAS condition is corrected.

8.2.4.7.4 If the dwelling unit is not eligible because of the need for extensive repair, the unit shall not be serviced, and Contractor should refer the applicant to the local Housing and Community Development Department, or other similar organizations or programs.

8.2.4.7.4.1 Documentation of such ineligibility due to the need for extensive repairs shall be recorded on the CSD Deferral (CSD 542).

8.2.4.7.4.2 If the applicant can obtain the necessary repairs to make the dwelling unit eligible for weatherization services, weatherization activities may be accomplished following the repair work.

8.2.4.8 Contractor shall ensure the health and safety of weatherization personnel in carrying out activities funded under this Contract. In the event the weatherization of a dwelling threatens the general health and safety of weatherization field personnel, Contractor shall take measures to ensure the safety of the personnel and thoroughly document the incident(s) utilizing the CSD Deferral (CSD 542). The deferral form does not need to be signed by the client where weatherization personnel construe the client or occupants of the dwelling to be threatening and hostile. If unable to get a signature, a certified letter shall be sent to the owner, along with the tenant if the residence is a rental.

8.2.5 Duct and Shell Diagnostic Testing

8.2.5.1 Contractor shall perform the shell leakage diagnostic testing only for shell sealing purposes on a minimum of 20% of the total SFD (one to

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

four units) including mobile homes**,** and a minimum of 5% of MUD (five or more units) weatherized under this Contract. Shell leakage diagnostic testing shall be proportionate to the number of completed units for each quarterly period.

8.2.5.2 Following a determination that no combustion byproduct hazards exist, Contractor shall perform pressure diagnostic guided infiltration reduction using a pre-weatherization shell leakage test.

8.2.5.3 Duct Blaster diagnostic testing shall be required on all dwellings with forced-air systems.

8.2.5.4 Contractor shall ensure that all dwelling diagnostic tests are performed by trained individuals possessing all the required skill and training as specified in Section 9.1, Training Requirements.

8.2.5.5 If an unvented space heater is being utilized, infiltration reduction measures shall not be applied unless venting is installed, or the unit is replaced.

8.2.6 Health and Safety Measures

8.2.6.1 Prior to the performance of any heating/cooling service, a qualified technician must perform a diagnostic inspection of the primary heating/cooling appliance to assess operational performance.

8.2.6.2 Contractor is authorized to mitigate health and safety hazards in accordance with the CSD TRM.

8.2.6.3 Health and Safety Measures and Mandatory Insulation Measures must be installed in priority order. Other Mandatory Measures must be installed before optional measures, and no measure shall be excluded, unless the:

8.2.6.3.1 Shell leakage and/or pressurized duct diagnostic test indicates that installation of the measure is not necessary;

8.2.6.3.2 Dwelling already has that measure in place;

8.2.6.3.3 Measure cannot be properly installed;

8.2.6.3.4 Client refuses installation (client refusal is to be documented and placed in file); or

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

8.2.6.3.5 Measure is not needed or required.

8.2.6.4 After Health and Safety Measures have been addressed, Insulation Measures, if feasible, must be installed prior to the installation of any other Mandatory and Optional Measures. Optional Measures need not be installed in priority order.

8.2.6.5 If a health and safety hazard is found to exist that requires replacing or repairing a combustion appliance, the cost of which will preclude the installation of the required number of Mandatory Measures for a unit to be weatherized, the dwelling may qualify for weatherization under the following conditions:

8.2.6.6 The combustion appliance is repaired or replaced; and

8.2.6.7 All remaining feasible Mandatory Measures shall be installed.

8.2.6.8 Once feasible Mandatory Measures are installed, Contractor may install optional measures.

8.2.6.9 Health and Safety Measures

8.2.6.9.1 The following guidelines are restricted to occupied SFD and/or MUD units:

8.2.6.9.1.1 A residential heating source that qualifies for repair and replacement services must be a single, pre-existing heating appliance, serving as the dwelling's primary heating source; and

8.2.6.9.1.2 A residential cooling source that qualifies for cooling services must be a single, pre-existing cooling appliance, serving as the dwelling's primary cooling source, limited to mechanical air conditioners, central and window/wall air conditioners, and evaporative coolers.

8.2.6.9.2 Any and all health and safety heating/cooling appliance services shall be performed in accordance with the following guidelines:

8.2.6.9.2.1 All repair and replacement services are limited to dwellings with pre-existing heating and cooling appliances. An exception to this rule exists, however, for those dwellings without a

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

heating and cooling appliance and there are no means to provide adequate heating and/or cooling during a climatic season that would cause imminent harm to the health and wellbeing of individuals or the household.

8.2.6.9.2.2 For those conditions where a true crisis exists, and the heating and/or cooling needs cannot be remedied by the installation of a permanent repair or new appliance installation, Contractor shall provide such dwellings with temporary portable devices to support the means of providing adequate cooling and/or heating to occupants of the residence to alleviate the crisis situation and to meet basic heating/cooling needs.

8.2.6.9.2.2.1 Occupant shall be advised of the higher energy consumption associated with portable heating/cooling devices.

8.2.6.9.2.2.2 Occupant shall certify that all of the manufacturer's safety instructions will be abided by.

8.2.6.9.2.2.3 Contractor shall make all attempts to purchase Energy Star-rated portable devices if available.

8.2.6.9.2.3 The age of a heating/cooling appliance shall not be used as a basis for replacement.

8.2.6.9.2.4 When repair, replacement, or installation of a primary heating appliance is required in accordance with the conditions and requirements above but cannot be completed for any reason, the entire dwelling shall be deferred.

8.2.6.9.3 Contractor shall repair a defective primary heating appliance when the cost to assess and repair is estimated at less than 50% of the cost of installing a new replacement unit.

8.2.6.9.4 If during the course of repairing the defective unit additional problems are found that would increase the cost of repairs to more than the allowable limit for repair costs, the unit may be

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

replaced.

8.2.6.9.5 When replacement of a defective primary heating/cooling appliance is performed, Contractor shall perform necessary duct repair and/or replacement services in order to conform to Title 24 requirements.

8.2.6.9.6 Fuel switching or replacement of a heating/cooling appliance for an alternate type shall only be allowed when justified by an energy audit as described in TRM Appendix D *Energy Audit/Priority List Protocol*.

10.2.6.6 Take other remedies that may be legally available.

10.2.7 Collection of Disallowed Costs

10.2.7.1 If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs, CSD shall, after consideration of Contractor's submission issue a final TR, no later than 30 days after receipt of Contractor's information or documentation. If questioned costs are determined to be owning, CSD's Financial Accounting Services Unit (FASU) will send an invoice. Contractor will tender payment to FASU or a repayment plan acceptable to FASU.

10.2.7.2 All statements, notices, responses and demands issued in accordance with this Section 10.2.7 shall be in writing.

10.2.7.3 CSD may, at its discretion, reasonably extend the time periods allowed for responses specified in this Section 10.2.7.

10.3 Compliance Monitoring

10.3.1 Contractor shall substantiate that all costs claimed pursuant to this Contract are allowable and allocable under all applicable federal and state laws. To be entitled to reimbursement, Contractor must trace all allowable costs to the level of expenditure, to include providing supporting documentation reasonably necessary to substantiate the validity of such claim.

10.3.2 Contractor shall ensure that funds allocated are expended for the purposes identified in federal law and state law, and for allowable and allocable costs under the applicable rules of the Uniform Administrative Requirements.

10.3.3 Contractor shall comply with CSD's on-site or in-house and follow-up monitoring of Contractor to ensure that Contractor meets the Production Plan, administrative standards, financial management requirements, and other requirements of LIHEAP.

10.3.4 CSD shall provide Contractor reasonable advance notice in writing of on-site and/or in-house monitoring reviews of Contractor's program or fiscal performance.

10.3.5 Compliance monitoring will consist of a questionnaire that Contractor will be required to complete and return to CSD within 30 calendar days from receiving the questionnaire.

10.3.6 CSD will conduct client file reviews to verify compliance with financial and

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

program requirements. CSD shall notify Contractor of the client files requested, and Contractor shall provide the client files within five business days.

10.3.7 CSD may increase the number of client files reviewed and frequency of client file reviews based on the severity of non-compliance issues identified during the client file review process.

10.3.8 In accordance with Uniform Administrative Requirements, Contractor shall cooperate with CSD, including its representatives, and provide access to all programs, records, documents, resources, personnel, inventory, and other things reasonably related to the administration and implementation of the services and activities funded directly or indirectly by this Contract. To the extent Contractor maintains records and documents in an electronic format, Contractor must make such records and documents readily available to CSD: 1) for review on an appropriate electronic device provided by Contractor; and/or 2) for reproduction in electronic and/or hard copy format, as is necessary to effect the purposes of this Section 10.3. In order to realize the objectives of this subsection and to ensure that the integrity of the program, the proper expenditure of grant funds, and to prevent fraud, waste, abuse, and unjust enrichment, whether by design or inadvertence, Contractor shall cooperate with CSD as follows:

10.3.8.1 Upon request, provide a list of clients, jobs or properties to or for which LIHEAP services have been provided by Contractor, and to or for which Contractor has provided related services under other federal, State or non-governmental programs such as, but not limited to, public and private utility company programs, collectively "Associated Programs."

10.3.8.2 With respect to such list of clients, jobs, or properties, provide CSD and/ or the investigative entities or persons referenced in Section 10.1.1, access to client files or similar records and documents of the Associated Programs for the purpose of determining whether related services have been provided that result in duplicate billings or any violation of federal or State law, this Contract, or applicable federal and/or State LIHEAP guidelines.

10.3.8.3 For purposes of this Section 10.3.8:

10.3.8.3.1 "Duplicate billing" is defined as receiving reimbursement from more than one funding source for the same expenditures or costs, whether in whole or in part, that Contractor incurs in connection with rendering a service to or for a client, job, or property, resulting in a total reimbursement to Contractor, from all sources, in excess of actual expenditures or costs incurred.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.3.8.3.2 To the extent necessary to realize the objectives of this article, the term "Contractor" includes any subcontractor or agent of Contractor in possession of the files, records, or documents or other information bearing on related services under any relevant Associated Program.

10.3.8.4 Contractor has no obligation to provide access to the client files, records, and documents of an Associated Program when no LIHEAP services have been provided and the client, job, or property is not required to be on the list furnished to CSD by Contractor, as provided herein.

10.3.8.5 In the event Contractor is unable to comply with the provisions of subsections 10.3.8.1 or 10.3.8.2 because of restrictions placed on Contractor by law in connection with an Associated Program, or restrictions imposed on Contractor pursuant to a binding written contract between Contractor and the funding source of such Associated Program, then Contractor shall so inform CSD by written declaration and provide supporting documentation for such declaration. Contractor shall, together with any declaration made, certify to CSD in writing that:

10.3.8.5.1 Contractor has not submitted duplicate billings to both LIHEAP and Associated Program; or

10.3.8.5.2 Contractor has not otherwise engaged in similar actions in violation of federal or state law.

10.3.9 CSD will host a File Transfer Protocol (FTP) Server and provide Contractor with specifications, documentation, and sample of FTP file configurations screens, as necessary, to enable Contractor to use the FTP Server to upload client files, records, and documents. Contractor shall submit client files, records, and documents via the FTP to allow CSD to complete an in-house review.

10.3.10 In the event that CSD determines that Contractor is not in compliance with material or other legal requirements of this Contract, CSD shall provide the observations, recommendations, or findings and request for a corrective action plan to Contractor in writing. Contractor shall submit to CSD a specific action plan for correcting the noncompliance.

10.3.11 Collection of Disallowed Costs

10.3.11.1 In the event questioned costs are identified in a final decision on cost disallowance issued by CSD, Contractor shall comply with any demand for repayment, as specified in such final report.

10.3.11.2 *Time for response.* Contractor shall have no less than 30 calendar days

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

from receipt of the final decision to tender payment to CSD or, alternatively, to provide CSD with complete and accurate information or documentary evidence in support of the allowability of questioned costs.

10.3.11.3 *Notice after review of further supporting evidence.* If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs as provided above in subsection 10.3.11.2, CSD shall, after consideration of Contractor's submission, accordingly, issue a revised Notice of Disallowed Costs, if any, no later than 30 days after receipt of Contractor's information or documentation. Contractor shall have 15 days from receipt of such Notice to tender payment or a repayment plan acceptable to CSD. In the alternative, Contractor may request a hearing in accordance with subsection 10.4.4 of this Contract, for CSD's final determination of disallowed costs.

10.3.11.4 All statements, notices, responses and demands issued in accordance with this Section shall be in writing.

10.3.11.5 CSD may, at its discretion, reasonably extend the time periods allowed for responses specified in this Section.

10.4 Enforcement Process - Noncompliance with Requirement of this Contract

10.4.1 Tax-Exempt Status Requirement

Nonprofit charitable organizations must maintain their 501(c)(3) tax-exempt status as a requirement for continued LIHEAP grant reimbursements and participation under the current Contract. All 501(c)(3) contractors shall notify CSD within one business day upon revocation of their tax-exempt status and cease all work performed under this Contract. CSD will halt all payments to Contractor while its nonprofit, tax-exempt status is revoked. Work performed prior to the revocation, but billed after such notice is received, shall be timely reimbursed to the Contractor. In addition, CSD may take additional enforcement steps consistent with federal and state law and this Contract.

10.4.2 General

The authority for CSD Enforcement Actions, as defined in Section 10.4.3, for cost disallowances/ recovery of misused funds, and for de-designation of eligible entity status (collectively "Enforcement Process") is found in the Uniform Administrative Requirements, and in state regulations (see 22 CCR § 100875). Contractor agrees that: 1) the present article shall guide, inform and clarify the Enforcement Process; 2) shall establish the procedures to be followed; and 3)

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

establish the rights and obligations of the parties with respect to the Enforcement Process, for purposes of implementing the principles set out in the applicable legal authorities.

10.4.3 Enforcement Action, "High Risk" – Determination and Notice

10.4.3.1 If CSD determines that Contractor is not financially stable, and that Contractor's financial condition is so tenuous that its ability to implement this Contract is seriously compromised, or if CSD determines that Contractor has not complied with the requirements of this Contract and that Contractor's noncompliance constitutes a material breach of the Contract, CSD may initiate an Enforcement Action. For purposes of this article, "Enforcement Action" means the imposition of any of the following: a) special conditions and/or sanctions; b) a determination of cost disallowance; c) contract suspension; d) contract termination; or e) termination of Contractor's service provider status.

10.4.3.2 To initiate an Enforcement Action, CSD must provide Contractor with written notice of "high risk" designation, setting forth: 1) the factual and legal basis for the determination of noncompliance, upon which the "high risk" designation is based; 2) the corrective action(s) required; and 3) the date by which the corrective action must be taken and completed.

10.4.3.3 For purposes of this article, "material breach" means any act or omission by Contractor that is in contravention or disregard of Contractor's duties and obligations under the terms of this Contract and under applicable State and federal law, which act or omission:

10.4.3.3.1 Constitutes fraud or gross negligence by Contractor or its agent(s);

10.4.3.3.2 Is likely to result in significant waste and/or abuse of federal funds;

10.4.3.3.3 Has a significant adverse impact on Contractor's ability to meet its administrative, financial, or programmatic duties and obligations over the term of the Contract or a significant portion thereof;

10.4.3.3.4 Violates or otherwise disregards significant program guidance and other requirements of the Federal Government, whether issued directly or through CSD;

10.4.3.3.5 May have serious adverse effects and consequences on the Contractor's customers, employees, subcontractors, creditors,

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

suppliers, vendors, or other stakeholders; or

10.4.3.3.6 May otherwise significantly and adversely affect the viability, effectiveness, or integrity of the program.

10.4.4 Special Conditions and Sanctions

10.4.4.1 "High risk" designation may include the imposition of Special Conditions, Sanctions and/or other special requirements with respect to Contractor's performance. CSD may impose Special Conditions and/or Sanctions upon a determination that such steps are reasonably necessary to address acute financial instability or a material breach of contract, as defined in Section 10.4.3, above.

10.4.4.2 Notice of Special Condition(s) and/or Sanction(s) shall be in writing and shall become effective on the date specified in the notice. Notice must contain the following information:

10.4.4.2.1 The nature of the Special Condition(s) and/or Sanction(s) being imposed;

10.4.4.2.2 The reason(s) for imposing Special Condition(s) and/or Sanction(s); and

10.4.4.2.3 The corrective actions that must be taken and the time allowed for completing them before CSD removes the Special Condition(s) and/or Sanction(s).

10.4.4.3 Special Conditions may include, but are not limited to:

10.4.4.3.1 Obtaining training and/or technical assistance;

10.4.4.3.2 The imposition of special or additional reporting requirements;

10.4.4.3.3 Special or conditional cost reimbursement requirements and procedures;

10.4.4.3.4 The provision of documentation by Contractor; and/or

10.4.4.3.5 The requirement to amend or modify systems, procedures, and/or policies.

10.4.4.4 Sanctions may include, but are not limited to:

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.4.4.4.1 The suspension of advances and/or reimbursements; and/ or

10.4.4.4.2 The issuance of stop work orders.

10.4.4.5 Sanctions may not be imposed without a hearing being first held in accordance with applicable regulations, unless CSD reasonably determines on the basis of credible information that:

10.4.4.5.1 Substantial sums to be paid to Contractor have been or will be used in violation of law or the provisions of this Contract; or

10.4.4.5.2 The associated costs are otherwise very likely to be disallowed; and

10.4.4.5.3 If Sanctions are not immediately imposed, taxpayer dollars are at significant risk and are unlikely to be recovered.

10.4.4.6 Review of Special Conditions and/or Sanctions.

10.4.4.6.1 If Contractor elects to contest the action to impose Special Conditions and/or Sanctions, Contractor shall have five business days following receipt of Notice of Enforcement Action in which to show cause, in writing, why the Special Conditions or Sanctions should not be enforced.

10.4.4.6.2 CSD shall have five business days following receipt of Contractor's response to accept or reject Contractor's objection and to state in writing the consequences of the decision and Contractor's obligations going forward, if any.

10.4.4.6.3 Contractor may, within five business days of receipt of Notice of Enforcement Action, request an informal meeting for the parties to consider the merit of the Notice and to discuss alternative courses of action, which meeting CSD may agree to if, in its sole judgment, it determines the meeting would be helpful to the process, can be held expeditiously, and will not unduly cause delay or otherwise increase the risk of loss of taxpayer dollars.

10.4.4.6.4 Contractor may, at any time, request in writing that CSD initiate the contract suspension or contract termination processes, to include the requisite hearings, as set out in 22 CCR § 100875.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.4.4.6.5 Should Contractor fail to show cause why the Enforcement Action should not go forward, or should Contractor fail to request that CSD initiate either the contract suspension or termination processes, CSD may initiate such action upon its own motion.

10.4.4.6.6 Special conditions and sanctions shall remain in effect until the hearing procedure is completed, provided, with respect to sanctions, CSD reasonably determines that subsection 10.4.4.5 applies.

10.4.5 Cost Disallowance

10.4.5.1 If Contractor's non-compliance with the terms of this Contract results in an enforcement action, and if CSD determines that Contractor's non-compliance has resulted in questioned costs, CSD shall provide Contractor with a Statement of Questioned Costs along with the Notice of Enforcement Action, or at such later time in the Enforcement Process as questioned costs have been identified.

10.4.5.2 The Statement of Questioned Costs shall include:

10.4.5.2.1 A description of the costs questioned and the specified amount by type or category of costs;

10.4.5.2.2 The reason the costs are questioned, and the information and/ or documentation required to justify payment of the costs; and

10.4.5.2.3 The timeframe and procedures for Contractor's submission of the required information or documentation to CSD.

10.4.5.3 If CSD determines that more information is required before a Statement of Questioned Costs can be issued or before a final determination of cost disallowance can be made, CSD may conduct an investigative audit of Contractor's records, files and books of account, or retain an audit firm for such purpose. Contractor shall cooperate fully in any audit conducted and to ensure that Contractor's agents, accountants and subcontractors cooperate in the performance of such audit. A report of any audit conducted shall be shared with Contractor, who shall be given ample opportunity to respond to findings and to submit information and documentation in support of the response. If Contractor fails to cooperate in the conduct of an audit, initiated pursuant to this subsection, CSD may either impose sanctions, as provided in subsection 10.4.3 or, if feasible, issue a Notice of Disallowed Costs.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.4.5.4 After CSD has considered any information and/or documentation submitted by Contractor in response to a statement of questioned costs or in response to an investigative audit report, CSD shall issue a Notice of Disallowed Costs, which notice shall include:

10.4.5.4.1 The amount of disallowed costs to be repaid, if any; and

10.4.5.4.2 The date by which repayment must be made or, in the alternative,

10.4.5.4.3 The date by which Contractor must submit a proposed repayment plan for consideration by CSD.

10.4.5.5 Before the expiry of five business days after receipt of a Notice of Disallowed Costs, Contractor may challenge the Notice of Disallowed Costs by requesting a hearing, conducted in accordance with the procedures set out in 22 CCR § 100875, for the purpose of adjudicating the matter of cost disallowance, provided however that either Contractor or CSD may opt to adjudicate other pending Enforcement Action matters, as provided in subsection 10.4.4.6. of this section, in a combined proceeding.

10.4.5.6 If Contractor fails to request a hearing to adjudicate cost disallowance, as provided in subsection 10.4.5.5, the Notice of Disallowed Costs shall be deemed final and Contractor shall comply with the provisions of the present Section 10.4.5.

10.4.5.7 Contractor will not be deemed to have complied with a Notice of Disallowed Costs until repayment is made or CSD has approved a repayment plan. In determining the acceptability Contractor's repayment plan, CSD shall take into consideration such factors as, but not limited to:

10.4.5.7.1 Federal requirements or conditions applicable to the grant(s) under which the disallowed costs were funded;

10.4.5.7.2 The exigencies of the grant program and CSD's ability to reallocate the funds repaid or otherwise dispose of the funds in accordance with applicable law;

10.4.5.7.3 The risk of being unable to recover funding and the options for securing Contractor's repayment obligation; and

10.4.5.7.4 Contractor's financial condition and ability to pay.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.4.6 Contractor shall remain on "high risk" until CSD reasonably determines that Contractor has complied with the requirements of the Notice of "High Risk" Designation, including verification by CSD that corrective measures have been implemented, that all conditions have been met and that disallowed costs have been repaid or, alternatively, that CSD has deemed Contractor's repayment plan to be acceptable and Contractor has demonstrated it is in compliance with the plan. Upon determination that Contractor has complied with the requirements of the Notice of "High Risk" Designation, CSD shall give Contractor written notice of such determination.

10.4.7 In the event Contractor's non-compliance with the terms and conditions of this Contract are not remedied through imposition of special conditions, and/or sanctions, thereby enabling CSD to remove "high risk" designation, CSD may initiate further Enforcement Actions involving Contract Suspension, Contract Termination and Termination of service provider status, which shall be initiated and conducted in accordance with the applicable provisions found in 22 CCR § 100875 and other applicable State and federal statutes and regulations.

10.4.8 Lien rights

The State retains lien rights on all funds advanced.

10.5 Service Delivery and Expenditure Requirements

10.5.1 Service Delivery and Expenditure of Funds

10.5.1.1 Contractor shall, in accordance with Government Code §16367.5, be afforded maximum flexibility and control, within the parameters of federal and state law, in the planning, administration, and delivery of LIHEAP services. Regardless of the modalities and techniques utilized, Contractor is obligated: a) to ensure that the maximum numbers of persons are served, consistent with the effective and efficient service delivery, with program requirements and with applicable law; and b) to fully expend program funds by the date identified in the contract.

10.5.1.2 A substantial failure to expend funds and provide services to readily available qualified applicants, except for compelling reasons beyond Contractor's control, shall be deemed prima facie evidence of breach of contract and may constitute grounds for "high risk" designation and the applicable remedies as provided in Section 10.4, "Enforcement Process – Noncompliance with the Requirements of this Contract." Such failure of performance may, in accordance with the provisions of this article, result in a reduction in Contractor's grant allocation and the redistribution of future funding to other performing service providers.

Docusign Envelope ID: 81C480FD-691A-4DC9-B3E3-E2E12D1E6FC2

10.5.2 Contractor Expenditure and Reporting Requirements

Contractor shall be at 99% expenditure of the Contract by January 31, 2026.

10.5.2.1 CSD will monitor Contractor's expenditures to evaluate compliance with meeting expenditure requirement by January 31, 2026, for each program category, including capped budget items.

10.5.2.2 Contractor shall submit timely expenditure reports, that allow CSD to evaluate Contractor's ability to meet the January 31, 2026, expenditure date requirement. Based upon these reports, CSD may determine that Contractor has not met the expenditure requirement and is out of compliance with this Contract.

10.5.2.3 Should the Contractor's actual expenditure trend indicate the Contractor is unlikely to expend at least 99% by January 31, 2026, the Contractor will notify the CSD no later than January 10, 2026 requesting to expend beyond January 31, 2026.

10.5.3 Contractor's Upcoming Program Year LIHEAP Performance Allocation Methodology

CSD shall determine Contractor's upcoming program year LIHEAP Contract Allocation Methodology based on performance expenditure requirements in Section 10.5.2. and distributed according to the following criteria:

10.5.3.1 Category A: If Contractor meets the performance requirements of Section 10.5.2 and reported no later than February 28 31, 2026, Contractor will receive their full allocation and a percentage of any redistributed funds not allocated to another contractor that fall into Category C, in Section 10.5.3.3.

10.5.3.2 Category B: If Contractor expends 99 percent of their allocation by February 28, 2026, and reported no later than March 31, 2026, Contractor will receive their full allocation but will not be eligible to receive any redistributed funds.

10.5.3.3 Category C: If Contractor does not expend at least 99 percent of their allocation by February 28, 2026 and reported no later than March 31, 2026, the 2026 LIHEAP allocation will be offset by the balances remaining recorded as of the January 31, 2026 expenditure period reported no later than January 31, 2026.

MEMORANDUM

To: Board of Directors

From: Tracy Webster, Chief Financial

Date: Officer October 29, 2025

Subject: *Agenda Item V(d)* Affirmation of Unrestricted Cash Reserve Policy – 30 Days Operating Expenses - **Action Item**

Purpose

This memorandum requests the Board of Directors to formally affirm the organization's unrestricted cash reserve policy requiring a minimum reserve equivalent to 30 days of operating expenses, which currently amounts to approximately $11.1 million.

Background

As CAPK serves vulnerable populations across multiple counties, our operations depend on multiple funding streams, including federal, state, and local grants, many of which operate on reimbursement-based payment structures. This creates inherent cash flow challenges that require careful financial management and adequate liquidity reserves.

Rationale for 30 Day Reserve

1. Cash Flow Management

   Our organization regularly experiences timing gaps between incurring program expenses and receiving reimbursements from funding sources. These delays can range from 30 to 90 days or more. A 30-day operating reserve provides essential working capital to:
   - Meet payroll obligations without interruption
   - Pay vendors and contractors on time
   - Maintain program operations during reimbursement delays
   - Avoid costly short-term borrowing

2. Risk Mitigation

   Maintaining adequate reserves protects CAPK against several operational risks:
   - Delayed federal appropriations or continuing resolutions that postpone grant funding

- State budget delays that impact payment schedules
- Audit holds or compliance reviews that temporarily suspend reimbursements
- Unexpected grant modifications or reductions requiring operational adjustments
- Natural disasters or emergencies affecting revenue or requiring immediate response

3. Fiduciary Responsibility

   As stewards of public and philanthropic funds, the Board has a fiduciary duty to ensure organizational sustainability. Industry best practices and nonprofit financial management standards recommend unrestricted reserves of 3-6 months of operating expenses. Our 30-day reserve represents a conservative minimum threshold that balances:
   - Fiscal prudence and organizational stability
   - Maximizing resources available for program delivery
   - Meeting creditor and funder expectations

4. Creditworthiness and Vendor Relations

   Adequate reserves strengthen CAPK's financial position and reputation:
   - Demonstrates financial stability to current and prospective funders
   - Maintains positive relationships with vendors and service providers
   - Supports favorable terms for contracts and credit arrangements
   - Enhances organizational capacity for strategic opportunities

5. Regulatory and Funder Expectations

   Many federal and state funding agencies expect grantees to maintain sound financial management practices, including adequate working capital. Insufficient reserves may:
   - Raise concerns during financial capability assessments
   - Affect eligibility for certain grant opportunities
   - Trigger enhanced monitoring or oversight requirements

Financial Analysis

Based on CAPK's current annual operating budget, the 30-day operating reserve calculation is as follows:

Annual Operating Expenses:	Approximately $134.6 million
Daily Operating Expenses:	$134.6 million ÷ 365 days = $368,770 per day
30-Day Reserve Requirement:	$368,770 x 30 days = $11.1 million

This reserve represents approximately 8.3% of annual operating expenses, which falls well within the conservative range of nonprofit financial best practices.

Current Status

Current unrestricted cash and investments: $1.6 million
Current reserve adequacy: Below policy target
Projected timeline to achieve fully compliance: 18.9 years with 10% de minimis indirect
3.8 years with 12% de minimis indirect

Recommendation

Management respectfully requests that the Board of Directors:

1. Affirm the unrestricted cash reserve policy requiring maintenance of reserves equivalent to a minimum of 30 days of operating expenses;
2. Acknowledge that the current reserve target is approximately $11.1 million based on present operating levels;
3. Direct management to recalculate the reserve requirement annually as part of the budget approval process to reflect changes in organizational scale and operations;
4. Authorize management to report quarterly on reserve adequacy as part of regular financial reporting to the Board; and
5. Establish a formal Reserve Policy to be included in CAPK's financial policies and procedures manual.

Maintaining an unrestricted cash reserve equivalent to 30 days of operating expenses is essential to CAPK's financial stability, operational continuity, and ability to serve our community effectively. This prudent financial management practice protects the organization, our employees, our programs, and ultimately the thousands of clients who depend on our services.

Subject: *Agenda Item V(e)*: Adjustment of De Minimis Indirect Rate from 10% to 12% - **Action Item**

Summary

Request the Board of Directors approve an increase of our de minims indirect cost rate from 10% to 12% of modified total direct costs (MTDC) for federal awards effective the fiscal year starting October 1, 2025. This adjustment aligns with recent revisions to the OMB Uniform Guidance and represents a significant opportunity to improve CAPK's financial sustainability and competitive position.

Background

Under the Office of Management and Budget (OMB) Uniform Guidance (2 CFR 200), organizations that have not established a federal negotiated indirect cost rate may elect to use a de minimis rate. This simplified approach allows organizations to recover indirect costs without the administrative burden of developing and negotiating a comprehensive indirect cost proposal.

Our organization has historically utilized the 10% de minimis rate that was established under the original Uniform Guidance. However, recent changes to federal regulations now provide organization with enhanced flexibility in this area, allowing for up to a 15% rate.

Regulatory Changes

The OMB has recognized that the original 10% de minimis rate, while administratively convenient, often failed to adequately cover the true indirect cost incurred by many organizations. In response to stakeholder feedback and cost studies demonstrating that the actual indirect costs frequently exceed 10% of direct costs, the guidance has been updated to allow for a higher de minimis rate of up to 15% of MTDC.

This change acknowledges the reality that organizations face substantial indirect costs including:

- Administrative and clerical support

- Facility costs (utilities, maintenance, depreciation)
- Information technology infrastructure
- Financial management and accounting systems
- Human resources support
- General management support

Proposed Indirect Rate

Staff modeled the change of indirect percentages ranging from 10% to 15%. The goal was to increase the level of indirect revenue while not inhibiting program operation. Each model was evaluated with respect to maintaining program operation at its current robust capacity while streamlining centralized administration. Currently, staff is proposing moving to a 12% indirect rate as this increases the level of indirect without making changes to program operations starting March 1, 2026.

This change of indirect would take place at the beginning of the fiscal year. As each grant is refunded throughout the year, we would modify the indirect rate at the start of the contract period.

Financial Impact

Increasing our de minimis rate from 10% to 12% will have the following positive impacts:

1. Increased Cost Recovery: The additional 2% cost recovery rate will provide approximately $2.2 million in additional annual funding based on our current federal and state awards.
2. Improved Cash Flow: Enhanced indirect cost recovery will strengthen our working capital position.
3. Competitive Advantage: Better cost recovery enables us to invest in infrastructure, staff development, and systems improvements that enhance our ability to deliver high-quality services to the community and compete for future awards.
4. Financial Sustainability: More accurate cost recovery supports the long-term viability of CAPK.

Impact on Unrestricted Cash Reserve

Presently our audited financial statements reflect that the agency’s goal is to maintain unrestricted cash reserves for 30 days of operating expenses. This amounts to approximately $11.1 million. With the additional recovery of indirect revenue, we expect that it will take approximately 4 years to meet this goal.

Implementation Considerations

1. Compliance: The 12% de minimis rate is fully compliant with federal regulations and does not require additional documentation or negotiation with federal agencies.

2. Simplicity: Like the 10% rate, the 12% de minimis rate remains administratively simplistic while providing better cost recovery.
3. Timing: This change can be implemented immediately for new awards and at the next budget period for existing awards, subject to funder approval.
4. Documentation: Our accounting policies and procedures reflect that the agency complies with the established federal recognized indirect rate with is up to 15%.

Recommendation

Staff recommends that the Budget and Finance Committee recommend that the Board of Directors approve the adjustment of our de minimis indirect rate from 10% to 12% of MTDC, effective the fiscal year starting March 1, 2026. This change will align our practices with current federal guidance, improve our financial position and sustainability, enhance our competitive position for future federal opportunities, and better reflect the actual indirect costs of conducting federal programs.

Upon board approval, staff will notify current federal and state funders of the rate change for upcoming budget periods, apply the 12% rate to all new awards, and monitor implementation and report on the financial impact. This rate will be included in the budget development for fiscal year 2026-27. This adjustment represents a prudent business decision that leverages available regulatory flexibility to strengthen our organization's financial foundation while maintaining full compliance with federal requirements.

RESOLUTION # 2025-13

**A Resolution of the Board of Directors
of the Community Action Partnership of Kern
Approving the Adoption of De Minimis Indirect Cost Rate of 12%**

The Board of Directors of Community Action Partnership of Kern located at 1300 18th Street, Suite 200, Bakersfield, CA 93311, met on May 29, 2024, and resolved as follows:

WHEREAS, Community Action Partnership of Kern (CAPK) is a private, non-profit 501(c)(3) corporation established as a result of the Economic Opportunity Act of 1964, and is the federally designated community action agency serving the low-income, elderly and disadvantaged residents of Kern County; and

WHEREAS, CAPK is charged with the responsibility of continuing the battle to alleviate poverty in Kern County by developing and implementing creative and innovative programs, and has adopted the philosophical position of "Helping People, Changing Lives" in its quest to assist people in need, and families with minimal or no resources; and

WHEREAS, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards under 2 CFR Part 200 (Uniform Guidance); and

WHEREAS, 2 CFR §200.414(f) permits any non-federal entity that has never received a negotiated indirect cost rate to elect to charge a de minimis rate of 10% of modified total direct costs (MTDC), which may be used indefinitely; and

WHEREAS, on October 1, 2024, OMB issued amendments to the Uniform Guidance that increased the de minimis indirect cost rate from 10% to 15% of modified total direct costs, effective for fiscal years beginning on or after October 1, 2024; and

WHEREAS, on October 1, 2025, HHS adopted the revised OMB Uniform Guidance that increased the maximum indirect cost rate to 15%, effective for fiscal years beginning on or after October 1, 2025; and

WHEREAS, the Board of Directors of CAPK has determined that adopting the 12% de minimis indirect cost rate is in the best interest of CAPK for purposes of recovering indirect costs on federal awards and other grants that permit such recovery; and

WHEREAS, the Organization has never received a negotiated indirect cost rate and is therefore eligible to use the de minimis rate under 2 CFR §200.414(f);

NOW, THEREFORE, be it resolved that the CAPK Board of Directors hereby adopts the 12% de minimis indirect cost rate as established under 2 CFR §200.414(f) for all applicable federal awards and other grants that permit use of this rate, effective March 1, 2026. The CAPK Board of Directors authorizes the Chief Executive Officer and the Chief Financial Officer to apply this 12% de minimis rate to modified total direct costs (MTDC) in accordance with federal regulations and individual grant requirements. The CAPK Board of Directors directs the finance and grants management staff to implement all necessary

accounting procedures and systems to properly allocate and track indirect costs using this rate. It is further acknowledged that by electing to use the de minimis rate, CAPK may use this rate indefinitely and must apply this rate consistently across all federal awards until such time as the Organization chooses to develop and negotiate an indirect cost rate proposal. The Board further authorizes the Chief Executive Officer to execute all documents necessary to implement this resolution and to certify CAPK's election of the de minimis rate to federal awarding agencies and pass-through entities as required.

APPROVED by a majority vote of the Board of Directors of Community Action Partnership of Kern, this 29th day of October 2025.

The CAPK Strategic Plan 2025–2029 was approved by the Board of Directors during the August 20, 2025, board meeting. This plan will guide our organization's direction and priorities over the next four years as we work together to strengthen our communities and advance our mission.

Strategic Plan Overview
Our Strategic Plan is built on four Strategic Priorities:

- ***Strategic Priority A: Community Investment***
  Support initiatives that foster pathways out of poverty by promoting community-led investments, thereby expanding access to education, employment, affordable housing, healthcare, and essential services.

- ***Strategic Priority B: Partnerships***
  Strengthening our communities by building and expanding strategic partnerships that will enhance collaboration and support community-wide transformation.

- ***Strategic Priority C: Culture***
  Be an employer of choice by fostering a learning-focused work culture that drives continuous growth, while attracting and retaining a high-quality, engaged workforce.

- ***Strategic Priority D: Data-Driven Decisions***
  Increase utilization of data-driven decision-making processes to improve organizational capacity and ensure efficient fiscal stewardship to achieve organizational goals.

Board Member Engagement
Board members will have the opportunity to identify which Strategic Priority they would like to join and actively support. This engagement will ensure strong governance oversight and strategic alignment as we implement our plan.

Upcoming Board Retreat
To further discuss the Strategic Plan and implementation strategies, we will be hosting a board retreat on Saturday, January 24, 2026. Mae Sinclair with GLS will serve as the facilitator for this session. More details about the retreat will be shared in the coming weeks.

Staff Assignments and Board Participation
Attached to this memo, you will find a matrix outlining the composition of staff assigned to each Strategic Priority and Key Goal. Please review this document to understand your role in advancing our strategic objectives. Board members will have the opportunity to select which Strategic Priority Group they wish to participate in. Once selections are made, board members will meet with the Lead and Co-Lead for their chosen Strategic Priority Group to:

- Understand the meeting schedule

Learning About Our History

Since 1965, Community Action Partnership of Kern (CAPK) has been part of a national movement to fight poverty and expand opportunity. Founded under the Economic Opportunity Act of 1964, CAPK is one of more than 1,000 Community Action Agencies nationwide working to uplift low-income individuals and families.

As Kern County's designated anti-poverty agency, CAPK serves over 136,000 individuals annually through a wide range of direct services, including food assistance, early childhood education, energy support, tax preparation, housing and homeless services, and youth programs. With the support of more than 1,000 employees and over 56,000 volunteer hours contributed last year, our agency is powered by the dedication of people who care deeply about community well-being.

We are guided by a 15-member Board of Directors that reflects the voices of public officials, private sector leaders, and residents from low-income communities, ensuring that our programs remain rooted in the needs and aspirations of those we serve.

Together, we work to build stronger, more resilient communities where everyone has the opportunity to thrive and become self-sufficient.

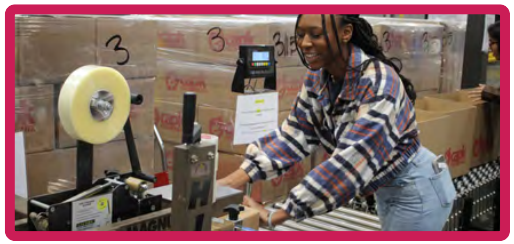

Implementing Our Plan

This section of the 2026-2029 CAPK Strategic Plan is intended for internal use by our staff. It provides a comprehensive overview of our priorities, goals, and objectives, establishing a clearer link between the organization's overarching vision and each employee's individual performance goals.

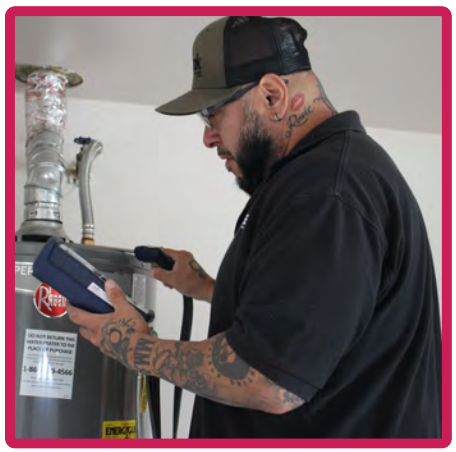

Here is our CAPK Strategic Plan Communication and Implementation Framework. By adhering to the following nine strategies, these guidelines will ensure a smoother and more successful implementation.

1 The Strategic Plan Publication	• Make our current strategic plan easily accessible by publishing it on the intranet site for all employees.
2 Onboarding Integration	• Introduce key components of the strategic plan during the onboarding process to ensure new employees understand our direction and priorities.
3 Employee Engagement and Communication	• Integrate strategic plan goals with employee performance objectives for enhanced organizational alignment and improved results. Encourage employees at all levels to continue their personal growth and seek opportunities to engage throughout the plan's life cycle.
4 Goals and Actions Alignment	• Conduct regular employee meetings to effectively communicate all aspects of the strategic plan for better alignment and understanding.
5 Cross-Functional Collaboration	• Utilize "special work groups" comprised of cross-functional employees to address targeted action items, promoting collaboration and unique perspectives.

6 Leadership Involvement and Coordination	• Assign an executive leadership team member to oversee the coordination of each strategic priority.
7 Technology-enabled Metrics Tracking	• Leverage our OnStrategy system to monitor progress on assigned action items to ensure accountability and transparency.
8 Progress Evaluation and Monitoring	• Review goal action items monthly and update the strategic plan at least once a year to reflect progress, changing priorities, and updating goals.
9 Recognition of CAPK Achievements	• Celebrate milestones and successes to motivate continued engagement and reinforce our collective commitment to our key goals.

Strategic Priority B
Partnerships
Strengthen our communities by building and expanding strategic partnerships that will enhance collaboration and support community-wide transformation.
Why is this priority important? Partnerships are vital to expanding our reach and diversifying programs. By collaborating with various organizations, we access different funding sources and leverage their expertise, enriching our services and preventing overlap. These alliances enable us to address the whole person's needs more effectively and fill service gaps that grants alone cannot cover. Collaborative efforts strengthen our initiatives, making them more competitive and impactful. They foster shared responsibility, enhance community trust, and ensure we deliver comprehensive, sustainable support that truly meets the needs of those we serve.

The following key goals and objectives support Strategic Priority B.

MEMORANDUM

To: Executive Committee

From: Jeremy T. Tobias, Chief Executive Officer

Date: October 24, 2025

Subject: *Agenda Item IV(a):* October 2025 - February 2026 Food Bank Supplement Blanket Purchase Orders – **Action Item**

As the federal government shut down continues, concerns with CalFresh funding is causing an urgent issue at our Food Bank that has prompted this Special Meeting. The County of Kern (and the State of California) have announced that beginning in November, there will be no funds available for the CalFresh (SNAP) food benefits. On Wednesday, the Governor announced that he was recommending that CalFresh clients be referred to local Food Banks, and he is mobilizing the National Guard to assist food banks with providing increased services. He also announced that he will release the full year, approved allotments of the state CalFoods funding to local food banks, to assist in purchasing food for distribution.

Wednesday morning, an urgent coordination planning meeting was held to discuss the effects of the federal government shutdown for neighbors who count on (programs such as WIC and) CalFresh. The County of Kern Department of Human Services informed us that approximately 110,000 households accounting for about 225,000 individuals currently receive CalFresh benefits in Kern County. These numbers are staggering, we normally serve roughly 55,000 households a month, and the CalFresh numbers would potentially more than double our distribution numbers.

Food Bank staff are rapidly finalizing a plan to serve the CalFresh clients as effectively and efficiently as possible. Plans are underway to select sites for large scale distribution events in metro Bakersfield and other locations in Kern County.

Also, Food Bank staff have been in communication regarding possible special distributions for Federal employees that may be working without pay. Federal employees at Meadows Field Airport and the local Social Security offices have thus far been identified as possibly in need of distribution.

This week on Wednesday, the Budget and Finance Committee reviewed and approved a recommendation for a blanket purchase order for the CalFoods allotment from the state of California. This was normally set to go before the full Board next week, however due to the emergency nature of the loss of CalFresh and the urgent need for large-scale food purchase and distribution events to begin promptly, staff are recommending the Executive Committee approve the attached blanket purchase order request from the Food Bank. The purchases will only use the approved CalFoods allotment for the current state budget year. As mentioned above, the Governor will release this full amount as an advance to local Food Banks. The attached memo gives the details and recommendations for this action.

MEMORANDUM

To: Budget & Finance Committee

From: Kelly Lowery

Date: October 22, 2025

Subject: *Agenda Item 4b*: October 2025- February 2026 Food Bank Supplement Blanket Purchase Orders – **Action Item**

Background

In 2024, the CAPK Food Bank distributed approximately 22 million pounds of food through a variety of programs. Of that, over 4 million pounds were distributed through pantries and farmers' markets in partnership with our agency network. Back in January 2023, the CAPK Food Bank network averaged around 100,000 engagements per month**.** By the end of 2024, that number had more than doubled, reaching an all-time high of over 250,000 monthly engagements. While federal and state resources remain fixed and unable to scale with demand**,** the Food Bank's ability to directly purchase food is a key factor in meeting the growing need.

Current Events

In January, the following vendors were approved as BPOs for FY 25-26 by both the Budget & Finance Committee and the CAPK Board. In June, we received additional funding: (CalFoods annual allocation of $258,464 and one-time funding of $1,390,032). CAPK procurement policy requires additional Board approval for all cumulative spending above 250K with any specific vendor. We now need to reopen BPOs to utilize these additional funds with the following vendors for the remainder of FY 25–26. Below are the three vendors and the amounts we are requesting to use for food purchasing:

Cal Foods Logistics	$700,000.00
I deal Specialties	$450,000.00
CA Associations of Food Banks	$400,000.00

Recommendations

Staff recommend that the budget & Finance Committee approve the requested additional blanket purchase orders listed, which will allow staff to fully spend the associated grant allocations.

Cal-Foods Logistic is a food broker that offers truckloads of produce and protein on a first-come, first-served basis. Offers are received and can be unavailable within the day due to being accepted by other food banks, etc. The Capk Food Bank needs to procure large amounts of produce and protein to support the free farmers' markets and pantry programs. Responding in real-time with this vendor will expand our purchasing strengths by allowing resources to go further. Additionally, this vendor understands and works with the food bank industry and can assist in identifying loads that will be eligible for certain grant funding.

Advanced ordering for discounted produce and protein is challenged by several factors, including but not limited to season of the year, weather, retail market fluctuation, etc. Responding in real-time will save CAPK Food Bank time, money, and staff resources.

Cal-Foods Logistics is an active vendor. This is a new BPO for the new fiscal year 3/1/2025-2/28/2026

September 2025 CalFresh Cases in Kern County and Greater Bakersfield

MEMORANDUM

To: Board of Directors

From: Catherine Anspach, Director of Development

Date: October 29, 2025

Subject: *Agenda Item VI(a):* CAPK Foundation Report for October 2025 – **Action Item**

The CAPK Foundation Board met in person on Tuesday, September 23, 2025 and approved the minutes from the May 27, 2025 Foundation Board meeting.

Tracy Webster reviewed the financial reports categorized by purpose for the period from January 1, 2025 through August 30, 2025 which reflected significant support for the Foundation's annual fundraiser, Gourmet for Good.

Pritika Ram discussed the proposed new structure for the Foundation from the Brown Act Governance to private non-profit governance and reviewed it's implications. This change would give the Foundation increased fundraising flexibility, the ability to recruit board members from outside Kern County offering increased funding connections and would build visibility and growth to support our mission. There was much discussion about expanding the board to increase network reach and thus the Foundation has created an ad hoc committee to assist with the recruitment and application process of new board members.

Catherine Anspach reported on the upcoming fundraising highlights and preparation for the fall fundraising initiatives. Attached is the Foundation's fundraising calendar for the remainder of the 2025 year.

Recommendation:

Staff recommend the Board of Directors approve the CAPK Foundation Board of Directors report and all items.

V. New Business

a. Financial Reports – Tracy Webster, Chief Financial Officer

Tracy Webster presented the financial report for the period of January 2025 to April 2025. She stated that a little over $170,000 was recorded in contributions during this time. Tracy reviewed the balance sheet, highlighting assets and liabilities and breaking down the equity portion to reflect the specific activities supported by the Foundation. She explained that the expense section shows how funds are allocated back to each respective program. Tracy also noted that at any given time, there may be a balance because the

finance department does not issue checks on a weekly basis. Finally, she reported on the Foundation's income statement, which showed a net income of $392,000, largely supported by the CAPK agency contribution.

A Motion was made and seconded to approve the Financial Reports & In-Kind Donations. Carried by unanimous vote (Roberts/Joven).

b. Transition from Brown Act Governance to Private Nonprofit Governance – Alex Dominguez, Klein DeNatale Goldner & Pritika Ram, Chief Business Development Officer – ***Info Item***

Pritika Ram provided information about the Foundation's structure in relation to CAPK's governing board and the Brown Act. With board approval, staff consulted CAPK's legal team to determine whether the Brown Act should still apply.

Pritika introduced Alex Dominguez from Klein DeNatale Goldner to provide insight on the current and potential new structure. Alex explained that while the Foundation Bylaws are currently subject to the Brown Act, this was originally done as a precaution. He clarified that the Brown Act typically applies to local agencies or nonprofits receiving local agency funding with agency representatives on their boards. Alex noted that the Foundation does not receive local agency funding, nor does it have government representatives on its board, so it is not subject to the Brown Act. He added that government funding could still be accepted as long as no government representatives serve on the board. Alex and Pritika presented a revised version of the Bylaws with Brown Act references removed.

Kevin Burton asked why this item was informational rather than an action item. Pritika responded that this was meant to begin the conversation, with the next step being the formation of an Ad Hoc Committee to continue the bylaw review and revisions. A final version will be presented for board approval in September.

Alex emphasized that this change is not about avoiding transparency but will allow more flexibility in meetings, recruitment, and fundraising for the Foundation.

Janea Roberts asked whether CAPK's contributions raised any concerns. Alex confirmed there was no issue since the Foundation is a separate nonprofit agency. Janea also asked about local representatives appointing someone to the board, Alex advised against it, suggesting individuals serve in a personal, not official, capacity.

Chase Nunneley asked if an elected official like the District Attorney could serve. Alex responded yes, as long as the official is not part of the governing body of a funding local agency. Kevin added that fundraising boards should prioritize community members over government officials.

Jeremy Tobias added that the purpose of this review is to allow more meeting flexibility and potentially allow us to expand board membership beyond Bakersfield and Kern County area.

Pritika closed by stating that staff will work with the Foundation Chair to establish the Ad Hoc Committee, and invited interested members to contact her. These meetings will not need to follow the Brown Act.

c. 2025 Gourmet for Good Program Allocation – Catherine Anspach, Director of Development– ***Info Item***

Catherine Anspach reported that the event is just a week away and expressed her gratitude to Lara Popkin for all her hard work. She also mentioned Elaine Solan, a new event coordinator who will be helping with volunteer coordination and the silent auction. Catherine mentioned Elaine is doing a great job so far.

Catherine then discussed how the event proceeds will be distributed across CAPK programs. She explained that allocations will be based on program needs and current campaigns, and while the numbers may shift, the event is projected to net about $100,000. The Food Bank is expected to receive the majority of the funds, with a portion also going to the CAPK Foundation for future use.

Kevin Burton asked whether the funds are intended for specific events or projects. Catherine responded that most programs already have plans for how to use their share of funds. She used the M Street Navigation Center buying hygiene kits as an example. She added that some programs not typically supported by the Foundation have requested additional funds for year-end events. Kevin followed up by asking if programs were actively reaching out for money. Catherine confirmed that it happened a few times last year, so this year she's trying to be more proactive by meeting with programs and planning at least six months in advance.

Catherine also noted that some external events have helped raise funds for CAPK programs without the Foundation needing to manage the event, which has been helpful.

Janea Roberts asked about the portion of funds going to the Foundation, wondering if it was meant as a buffer in case a program needed additional support. Catherine confirmed this but added that the funds may also be used to explore long-term opportunities like establishing an endowment. She acknowledged the challenge of raising funds for the Foundation rather than a specific program. Janea said she was surprised by the amount going to the Foundation, given that its budget is balanced. Tracy Webster explained that a small amount is set aside each year to serve as a cushion and future leverage, and those funds are placed in a Money Market Account to earn interest. Janea emphasized that the Foundation should spend its allocated budget before drawing from reserve funds and suggested that the parent agency should help more with costs like marketing and printing.

Michael Bowers asked whether the funds raised are restricted. Catherine responded that they are technically unrestricted but are allocated to specific programs. Tracy clarified that once funds are designated to a program, there is a legal obligation to use them accordingly. Michael noted that public perception is that all Foundation donations support CAPK programs, not the Foundation. Jeremy Tobias addressed this by saying that most donors give to specific programs, while a few contribute to the general fund with the understanding it will go toward the area or program with the greatest need. Tracy added that once a designated program receives its funds, it typically has flexibility in how the money is spent within that program.

d. Gourmet for Good Review – Catherine Anspach, Director of Development – ***Info Item***

Catherine Anspach provided an update on sponsorships for Gourmet for Good, noting that a table had just been sold that day, bringing the current total to $161,017, the same gross amount raised at last year’s event. She added that additional funds are expected on the day of the event from the bar, opportunity drawing, and auction. Catherine also shared that the Fund-A-Need portion of the event will support the Food Bank.

e. Fundraising Update – Catherine Anspach, Director of Development – ***Info Item***

Catherine Anspach provided an update on several Foundation initiatives and upcoming events. She shared that the Feed Kern Now campaign, a yearlong effort to support the Food Bank, is currently live and includes a text to give option. She also mentioned two fundraising runs: the Father's Day Run and the Hot Fudge Run, which will benefit the Oasis Family Resource Center and the M Street Navigation Center. In addition, the Foundation has applied for a grant from the new Hard Rock Casino to support homeless services. Catherine reported that Valley Strong's Huggy Heart Campaign recently concluded and raised $2,200. She also noted that Alta One Credit Union will run a campaign in July and August.

Catherine invited the board to attend the Covey Cottages ribbon cutting on Thursday, June 26 at 604 Covey Avenue. She shared that the Central Kitchen will soon celebrate a ribbon cutting at its new location. She highlighted the upcoming baby shower event hosted by the Oasis Family Resource Center, which provides essential items for low-income mothers, and noted that the Foundation is actively fundraising for it. Catherine concluded by mentioning that several programs will be holding back to school drives in the coming weeks.

Feeding Hope In Kern County

Imagine opening the refrigerator and finding nothing that could become a real meal. Imagine sitting at the table as a child, unsure if Thanksgiving will come. Many families in Kern County face food insecurity, uncertain where their next meal will come from. Hunger affects children, seniors, and working families, with lasting impacts on health, opportunity, and well-being. Every household deserves access to nutritious food and the dignity of a full table, especially during the holiday season.

The CAPK Food Bank works countywide to provide essential meals, reaching rural areas, seniors, and children in need. Last year, it distributed 22.5 million pounds of food through over 150 distribution sites and home deliveries. Every gift helps: **$25 feeds a family for a week, $100 supports home deliveries for 10 seniors, and $250 restocks a partner pantry for a month.** Turn gratitude into action this season and help ensure every family in Kern County enjoys a meal with dignity and hope.

3. **Committee Verbal Reports**

a. **Budget & Finance Committee – Gabriela Rangel**

The Budget & Finance Committee met on August 19, 2025 and reviewed all financial reports for the period from March 1, 2025 through June 30, 2025. Review of the Head Start and Early Head Start budget to actual reports noted expenditures of 33% and 32% respectively, which is on track for this fiscal year. The totals as indicated on the budget to actual reports were reflective of the program's entire grant award; it has been received in its entirety. The non-federal share (inkind) was at 54% which exceeds the expectation for this reporting period as only ¼ of the fiscal year has elapsed. It was shared that the Parent Activities and Parent Local Travel and Childcare Reimbursement reports were also reviewed with the committee and can all be found in the current Policy Council packet. The next Budget & Finance Committee meeting will take place on Tuesday, September 16, 2025 at 5:30 p.m.

b. **Bylaws Committee – Dominique Bassi**

The Bylaws Committee was scheduled to meet and continue its review of the Policy Council Bylaws. However, due to the recent loss of members resulting in several committee vacancies the meeting has been rescheduled to September with the hope to potentially acquire additional members. When the committee meets next, the balance of the bylaws document will be reviewed. This will support receiving any/all recommended changes made by the committee and in turn allow time for a draft version of the bylaws to be presented to the committee at their final meeting in October.

c. **Planning Committee – Christopher Cuzul**

The Planning Committee met on August 12, 2025 with an enrollment update provided to the committee. It was stated that the program is actively recruiting for all program options in order to reach full enrollment. Part year staff returned to work on August 11, 2025 and those children enrolled in part-year programs return, staff will have a better understanding of the actual enrollment numbers. The Division Program Activity Report was shared for the months of June and July. Head Start reported 100% enrollment for June and Early Head Start reported 98% enrollment during this reporting period. Early Head Start reported 91% enrollment while Head Start reported 85% enrollment for July. The Central Kitchen prepared a total of 40,296 meals and there were 46,918 meals delivered during the month of June. Additional information shared with the committee included the 2026-2027 Program Goals and Objectives as well as the final report for the Focus Area 1 review. The next Planning Committee Meeting will take place at 5:30 p.m. on September 9, 2025.

d. **School Readiness Committee – Kaylonie Howard**
The School Readiness Committee has concluded all of its scheduled meetings. However, school readiness is always taking place within the program. With the recent start of the new school year, all staff attended pre-service training covering a variety of topics as well as including team building activities. Teachers, Assistant Teachers, and Classroom Aides received STEM training and had the opportunity to participate in hands-on experiences and learned how they can incorporate STEM in their classrooms. Other areas in which staff received training included, Enrollment and Attendance, Family Engagement, Child and Adult Food Care Program, Program Governance and more. All these areas support and contribute to a child's overall school readiness.

4. <u>New Business</u>

a. **2026-2027 Head Start Program Goals and Objectives – Rosa Guerrero, Administrative Analyst – *Action Item***
In presenting the 2026-2027 Head Start Program Goals and Objectives, Rosa shared that this document will be submitted as a part of the program's Head Start and Early Head Start continued funding application for the third grant year. She shared that the goals and objectives provide a snapshot of the program's progress during the 2024-2025 program year as well as outlining future plans which will guide efforts in achieving all goals by the end of the five-year grant cycle. The document was reviewed in its entirety, including discussion of each goal, the objectives, action steps as well as progress of such. Rosa shared that this document was also presented earlier in the month to the Planning Committee at which time feedback was provided by Policy Council and Board member, Michelle Jara-Rangel. Rosa addressed in greater detail each of the areas for which feedback was provided. Upon conclusion there was an opportunity for questions as related to the document. With regard to Action Step 2 for Goal 4, Objective B which states, "*The Program will partner with families in the importance of maintaining their home language by year 2.*" It was expressed that it felt as though this action step, specifically what the program was going to do, was unclear. The lack of clarity stemmed from the fact that the program as a practice already gathers the home language of the family and conducts home visits with them in their primary language, and is also incorporated in the classroom environment as well, which makes it unclear as to how the purpose of this particular goal, the objective and action steps all correlate. Education Manager, Cynthia Rodriguez, thanked Michelle Jara-Rangel for sharing her comments, and concurred that while what was shared does occur, there are additional strategies that can be done as a support, such as labeling items in the classroom in all languages spoken by children in the classroom. Cynthia also spoke to bilingualism and noted previously there have been families that may not have disclosed that another language aside from English is spoken in the home. At times, this was because families may have thought their child would be deprived of opportunities if a language other than English was spoken. Cynthia stated that the program wants to ensure families know that is not the practice, and it knows the importance bilingualism brings and wants to encourage families to be sincere in sharing this information. An abundance of robust discussion as related to this topic ensued. Upon conclusion of all discussion, it was felt that revising this particular action step to say, "strengthening" as opposed to "*maintaining*" would provide more clarity and better fit the goal, objectives, and action step. A request was made for approval of the 2026-2027 Head Start Program Goals and Objectives. Rene Mayhorn Williams made a motion to approve; seconded by Jennifer Wilson. Motion carried unanimously. It was noted that this document without the revision had previously been presented to and approved by the Board of Directors and the Policy Council just approved an updated version. A question was posed as to how this would be approached. Jerry stated that as discussion has been taking place during this presentation, he has been keeping staff abreast of the matter, and they will ensure that the Board is aware of the change made to the document approved by the Policy Council.

b. **Policy Council Committee Vacancies – Lisa Gonzales, Program Governance Coordinator – *Information Item***
Lisa stated there are a number of vacancies on the Bylaws Committee, and currently only two members on this committee. Lisa shared the importance of this committee noting it has the responsibility of reviewing

the bylaws, which is the Policy Council's guiding force outlining the procedures to be followed and more. She urged members to consider serving on the Bylaws Committee for the remaining two months left of the 2025-2026 term, to which there was no interest expressed.

Lisa also shared that the position of Policy Council Representative to the CAPK Board of Directors is also vacant. She shared the role and responsibilities of this position, outlining Board meeting days and times, along with the requirement that this position would also be required to serve on a Board Committee. This is in addition to serving on the Board of Directors, and the Policy Council. There was an opportunity for member questions to which there were none. Additionally, there was no interest from the Council in serving in this capacity.

6. **Standing Reports**

a. **Program Governance – Lisa Gonzales, Program Governance Coordinator**

Lisa stated that there were a few events from the Policy Council packet that she would like to speak to. She shared information with members about Hunger Action Month and the various events and activities that will be taking place throughout September to support this cause. Lisa stated that it will kick off with a press conference and continue with a blood drive, the Feed the Need event at the Kern County Fair, and more.

Lisa also shared information about the upcoming annual Recruitment and Selection Plan Committee meeting and provided an overview on the purpose of the committee and its importance. She encouraged members to check their calendar and attend this meeting if their schedule allows.

Information as related to the annual Kern County Veteran's Stand Down event taking place in November at Stramler Park in Bakersfield was also provided. It was stated that this is the first year that CAPK will be facilitating the event as the local Kern County California Veterans Assistance Foundation is now a program under the umbrella of CAPK. Lisa also acknowledged Policy Council members Rene Williams and Kaylonie Howard as military veterans and thanked them for their service.

Lisa informed members that Parent Meetings for the current program year will begin in September and if they wish to potentially serve another term on the Council, there is a process that must be followed. In reminding members of the process, she stated that parents must attend their respective parent meeting and during that meeting is where Regional Parent Committee (RPC) Representatives are elected by the parent committee. Elected RPC members will then attend an additional meeting which will be held in person at the CAPK Administrative Office in October. During this meeting, among other things, elections will take place for the upcoming 2025-2026 Policy Council term which will begin in November. She encouraged members to participate if their schedule allowed and to share their experience with other parents to encourage even more participation.

Lisa shared that at next month's meeting the Council will be provided with a presentation on Family Engagement by our CAPK Head Start Family Engagement supervisor who in turn asked if members could provide a photo of their child that he will then use during the presentation.

Lisa was asked if members have served in the maximum capacity allowable per the Head Start Program Performance Standards, which is 5-years, would they be notified and what month would be the final meeting. Lisa stated that she does have a list of the number of terms members have served on the Council, adding the final meeting for the current term will be in October and in November newly elected members will begin their term. Lisa added that the term for Policy Council differs in start and end dates from that of the Board of Directors. She stated the Policy Council term runs from November through the following October while the Board term follows a calendar year. It was further clarified that the Board of Directors appointee to the Policy Council will remain serving in this capacity until the Board reappoints unless the number of term limits has been reached.

In concluding her report, Lisa asked members to mark their calendar for the final meeting of the term which will be in conjunction with an End of Term Recognition event scheduled for October 28, 2025. This will be a special event honoring members' time and their commitment to the Council and to the overall program. It will take place in the Board Room with dinner provided and members will have the opportunity to invite a guest to accompany them.

b. **Community Representative – Ian Anderson, Kern Adult Literacy Council**

No report was provided; Ian was not in attendance.

c. **Community Representative – Paula De La Riva, First 5 Kern**

No report was provided at this time.

d. **Board of Directors – Michelle Jara-Rangel, CAPK Board of Directors Representative**
Michelle stated the Board of Directors met on June 25, 2025. The consent agenda was approved with no items removed. Rocio Munoz was introduced as a new member to the Board of Directors, appointed by Mayor Karen Goh.

There were five action items presented to the Board under new business along with two informational items. Most noteworthy was the transition plan for the Shafter Youth Center and the CSBG fund reallocation. It was reported that due to recent funding cuts from the city of Shafter and the likelihood of reductions from the state and federal funds it was identified that there was a need to reallocate the CSBG funds from the Shafter Youth Center to the Food Bank. It was noted that CSBG funding is the sole funding source for the Shafter Youth Center. It was shared that this item was presented to the Board of Directors during a closed session in May. At that time, the Board directed staff to move forward with plans to sunset the program effective August 1, 2025. All items on the agenda were approved.

The reports for the CalVet's Assistance Foundation, the CAPK Foundation Board, and the Policy Council were presented and approved. Chief Executive Officer Jeremy Tobias provided an update on construction projects. He stated that the Central Kitchen is now complete, and staff are expected to move into the new kitchen in July with a ribbon cutting event to be held in August. Construction began on the Pioneer Drive Apartments with an expected 15-month completion date. An update on the state and federal budget was also provided. Additionally, it was reported that staff are requesting continued funding from the county to continue the safe camping area. There was also an Executive Committee meeting held in July.

e. **Head Start/State Child Development – Yolanda Gonzales, Head Start/State Child Development Director**
Jerry Meade, Assistant Director of Program, provided this report on behalf of Yolanda Gonzales and expressed gratitude for members' commitment to the Policy Council.

Jerry stated that as was previously shared, there was a recent ribbon cutting event held at the location of the new Central Kitchen which was extremely exciting. He added that staff had previously, for many years, been working out of an old Olive Garden restaurant so completion of this project is a fantastic accomplishment.

In continuing the report, Jerry stated that a lot of work happens during the summer. The program is in the midst of reviewing and evaluating policies, procedures, any changes or revisions per regulation changes or any new guidance coming from the Office of Head Start or the state of California.

In sharing what is taking place on the programmatic side, Jerry shared that part year services resumed in August, and the program continues to work on reaching full enrollment. He reminded the Council that due to the under-enrollment plan of action the program was previously placed on, it is expected to reach 97% or higher in our Head Start and Early Head Start programs with that count beginning in September. Jerry added that a lot of work has been happening to get back to full enrollment status. It was noted that many families have decided to move their children into Transitional Kindergarten (TK) over the summer. Even though they had accepted slots that were reserved for them, they did not return in August as expected and had moved on to TK thus resulting in those spaces becoming vacant.

Jerry pointed out that National Head Start Awareness month is coming up in October and during that month there will be many activities taking place across Kern and San Joaquin Counties as it relates to Head Start awareness. He added, as staff is working towards building those activities, information has been sent to all our programs in Head Start facilities talking about alumni that have some point in time been in a Head Start facility. He clarified that this includes parents who have had a child in a Head Start program, or anyone who has attended a Head Start program, not just the CAPK Head Start program, but <u>any</u> (Head Start) program. In encouraging participation, he addressed a flyer which contained a QR code to access a Head Start questionnaire, which will give our program some data that can be used to talk about the Head Start experience from the parent perspective or from the former student perspective. He encouraged members to complete the survey and to share with others as well. Jerry added that Head Start is 60-years old this year and our program has been providing services to Kern County since the inception of Head Start. Jerry continued to share

information about National Head Start month, including that he and Yolanda will be in Washington D.C. on Capitol Hill in September, sitting with representatives and advocating for Head Start, sharing specifically what our program has accomplished, and the impact is has had.

Jerry also mentioned that with regard to the educational component of the program, full year programs are collecting Desired Results Developmental Profile data with part year data coming later. The program looks forward to this initial snapshot of data collection of child outcomes. Staff will continue to work on other timelines that are critically important for Head Start data that happens in the first 30-days, 45-days, and first 90-days.

It was additionally reported that the beginning of the school year for full-year began in July and for part-year in August. Many staff trainings have been taking place as well, the pre-service event for all staff has been completed, and the program is looking forward to fall approaching.

In closing, Jerry again thanked members for their time and commitment to the program and wished them a wonderful and fantastic 2025-2026 school year!

7. Policy Council Chairperson Report

Vice Chairperson, Christopher Cuzul thanked all members for their attendance.

8. Policy Council Member Comments

Members had an opportunity to share a comment if they would like.

Jennifer Wilson stated when discussing earlier in the meeting the dual language piece in the 26-27 Goals and Objectives that as someone whose primary language is English, she desperately would like her child to be bilingual but doesn't know how to go about that. When her son is at school, at the Pete Parra Center, Jennifer was very happy that staff were teaching the children songs in English and also Spanish songs. She feels like her son is getting good exposure to the Spanish language and she feels like the goals that were being discussed earlier are really being served.

Ruby Cruz shared that her son is learning so much and she would never move him to TK. She shared a recent learning experience with the Council. Ruby said that her son made a heart at school, and he reached out to the teacher and told her, "Look, come, for mommy." This was such a special moment because Ruby stated that her son is nonverbal. She added that this was one more experience of all that he is learning at the center and how great he is doing there. Ruby stated that it means everything to her, and she loves the program and CAPK and would never leave.
