a. Financial Reports – Tracy Webster, Chief Financial Officer – **Action Item**

Tracy Webster presented the report from January 2026 to February 2026, reviewing contributions by purpose. She also explained that the Foundation brings in funds and then distributes them back to the programs. In addition, she highlighted the budget-to-actual report. Catherine Anspach informed the new board members that Tracy can provide valuable insight into how the Foundation works if they have any questions.

A Motion was made and seconded to approve the Financial Reports. Carried by unanimous vote (Whitmore/Roberts).

- b. CAPK Foundation 2026 Information Returns and Attorney General Report – Tracy Webster, Chief Financial Officer – **Info Item**

Tracy Webster presented the following informational item, noting that the Form 990 for 2025, as well as the state Form 199 and the Attorney General’s report for the Foundation, were filed on time and completed.

- c. Grant and Fund Development– Annelisa Corona, Community Development Supervisor – **Info Item**

Annelisa Corona noted the report in the agenda showcasing all philanthropic grants from the Community Development and Foundation team. The report highlights grants from January to March 2026.

Annelisa highlighted two grants applied for by the Foundation. One was the Community West Bank grant to support the VITA program’s day-to-day operations and professional development, which was awarded \$1,000. The other was the Elks Lodge Foundation grant, which had a unique application and was awarded \$10,000 in items. These items will be given to the Oasis Family Resource Center to support their upcoming baby shower event and food pantry. The Oasis Family Resource Center also received a \$3,000 grant to support the same event. Other grant applications are currently in progress or have been submitted.

Kevin Burton asked why CAPK was not awarded the Kern Community Foundation grant. Pritika Ram responded that it often depends on the funder’s area of focus, and the application may not have aligned with their mission. She added that CAPK has received this grant in the past.

- d. Gourmet for Good Committee Report – Catherine Anspach, Director of Development – **Info Item**

Catherine Anspach shared that the Oasis Baby Shower will take place on July 18, 2026, in Ridgecrest, CA. She added that all board members are welcome to attend and that she will send out an email with more information. Catherine also noted that she is happy to provide more grant-related updates to the CAPK Foundation Board to highlight how the Community Development and Foundation team works together.

Catherine reported that the current total for Gourmet for Good is \$98,900. She mentioned that she has been meeting with individuals one-on-one, using Celeste Porter and Rudy Salas as examples of board members who are emailing potential sponsors. June Nachor added that the Tejon Tribe should be reaching out to sponsor soon, and Chei Whitmore shared that Valley Strong will also purchase a table for the event.

Catherine noted that the event last year reached \$150,000 before the event, but she is unsure if it will reach that amount this year. She shared that reaching \$130,000 to \$140,000 would be a strong outcome. She also mentioned wanting to explore additional ways to generate revenue during the event. One idea discussed by the committee is a wine pull, where each board member would bring two bottles of wine or donate the equivalent. Catherine said she will send an email reminding the board of this.

Catherine explained that the purpose of the wine pull is to create another stream of income. She added that there will also be a live auction and bar ticket sales. Kevin Burton noted that the wine cannot sit out in the

heat, as it could spoil, and emphasized the need for a variety of bottles to make it a game of chance. Don Bynum added that at least one or two bottles should be valued at \$100 or more. Traco Matthews mentioned that he could donate a few higher-value bottles. Kevin Burton also suggested including a live auction item featuring several high-end bottles of wine.

Catherine shared that the event will include four to five live auction items. She noted that she is still seeking additional items and asked if anyone has resources to help put together an experience. Kevin Burton mentioned that he has a friend with a condo in New Orleans and that he could reach out to him. Catherine added that she has a few tentative sponsors for the event, which will help increase the overall total.

- e. Program Presentation: Housing & Supportive Services – Rebecca Moreno, Director of Housing & Supportive Services & Catherine Anspach, Director of Development – ***Info Item***

Catherine Anspach introduced Rebecca Moreno and Laurie Hughey. Rebecca thanked Catherine for the introduction and introduced herself and mentioned that she had Laurie Hughey presenting with her today.

Rebecca mentioned that Housing & Supportive Services has four main areas of focus: emergency shelter, client enhanced care management, Veterans Supportive Services, which is the newest chapter, and the scattered-site youth shelter. Kevin Burton asked about the scattered-site youth shelter. Rebecca explained that it is an emergency shelter for youth coming out of the foster care system. It focuses on transitional-aged youth ages 18–24, including those in foster care. She added that many of these young adults are dealing with significant trauma and that there are several sites where they can stay. Chei Whitmore asked whether the program serves only teens in the foster care system or also teens experiencing homelessness. Rebecca clarified that it serves youth in the foster care system.

Rebecca then introduced Laurie Hughey, the Program Administrator for the M Street Navigation Center, adding that the shelter provides hygiene services, meals, personal storage areas, and shelter for individuals experiencing homelessness. Laurie shared that they also offer mental health, physical health, and dental services for clients. She added that they work with Kern Medical Center to educate staff about symptoms of common diseases such as hypertension, diabetes, and heart disease. Rebecca added that this showcases how M Street is more than just a shelter, as staff invest time in supporting clients. Laurie also shared that M Street offers classes focused on domestic violence prevention, personal safety, and healthy relationships. In addition, clients can work toward taking classes at Bakersfield Adult School or Bakersfield College through Project Higher Up. Laurie shared several stories about former clients who are now pursuing different housing opportunities.

Rebecca mentioned that the Safe Camp program will be coming to an end on June 30. She explained that the program is running out of funds, as it was originally funded with COVID-19 relief money, and unfortunately CAPK has not been able to secure additional funding. She added that the partnership is with the County, which has also been unable to provide additional funding. Rebecca said there is no other program like this in Kern County and that it has evolved significantly since it began. She noted that each client is part of the Safe Camp community and that many amazing things have happened through the program. Rebecca added that she brought this up to raise awareness about the loss of funding because neither she nor her staff want to see the program end.

Kevin Burton asked what will happen when the program shuts down. Rebecca said that some clients are working toward obtaining housing and may be housed before the program ends. However, some clients are still working on themselves and are not yet focused on housing. Kevin also asked about the location, and Rebecca explained that M Street will still have access to the site. She added that the County stated that if CAPK is able to secure funding for the program, it can continue operating.

Catherine added that the meeting was running long and that the new Veterans department would be presented at a future CAPK Foundation meeting. She also asked if anyone from the board had any questions or comments regarding the work Rebecca and Laurie are doing. Traco Matthews thanked all of the staff at M Street for the work they do. Rebecca wanted to clarify a previous statement, explaining that when Safe Camp was created, the intention was to provide a safe place for individuals experiencing homelessness and to take a "light-touch" approach with clients who may be more resistant to shelter services. Rebecca clarified that, over time, additional case management services have been added to Safe Camp, which has greatly benefited clients. Kevin said that since joining the Foundation Board, he has witnessed all the hard work being done at M Street.

Catherine added that M Street is always looking for meal sponsors to help feed clients. She also mentioned that funding for hygiene items is greatly appreciated. She concluded by saying that she hoped the board members learned something from the presentation.

VII. Board Member & Staff Comments

Jan Roberts wanted to thank the leadership team for their investment in homelessness and housing efforts back in 2018.
